The attached information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Tunney requested a per capita staffing and overtime comparison to other large cities.

Upon review of publicly available information, the most recent and complete data available is from 2017. Please see below for a summary of the requested information.

City	Population	2017 OT Budget	2017 OT Actual Spend	Total Employees or FTEs in 2017	OT Actual Expenditure Per Capita
Chicago	2,705,994	\$ 30,984,200	\$ 42,149,257	5173	15.58

Re: Request for Information from Annual Budget Committee Hearing

ID#: 59-04 Salary

The information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Tunney requested the amount a firefighter is paid for working on a holiday.

Per Section 7.2.C of the labor contract for Chicago Fire Fighters Union Local 2, "Platoon employees who work as regularly scheduled on any of the thirteen (13) recognized holidays shall be paid double time for all hours worked (i.e. straight-time hourly rate of pay for all hours worked plus regular pay). For platoon employees, only such employees who work the shift beginning at 8:00am on the day the holiday is observed shall be considered as working on the holiday."

A firefighter is on a platoon schedule, and therefore one shift is 24-hours. If a firefighter worked on a holiday, then they would get paid for their regular salary plus one full shift at their regular hourly rate. An example of a holiday payment is outlined below.

Rank	Base Salary Annual Rate	Base Salary Hourly Rate	Base Pay for Regular Shift	Holiday Pay (One Shift x Hourly Rate)	Total Pay for Holiday (Base Pay + Holiday Pay)
Firefighter	\$56,304	\$26.56	\$637.44	\$637.44	\$1,274.88

Re: Request for Information from Annual Budget Committee Hearing

ID#: 59-09 Office of Public Safety Administration

The information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Reilly requested the potential savings as a result of Office of Public Safety Administration.

The Chicago Fire Department will see savings through the increased finance and information technology resources provided by the Office of Public Safety Administration. The Office of Public Safety Administration will augment CFD payroll/timekeeping processing to improve platoon members swiping, consolidate procurement processes and contracts to eliminate redundancy, and create efficient and uniformed methods of capital management to maximize the use of the City's assets. In addition, the Office of Public Safety Administration extends information technology resources to CFD that were previously compartmentalized in OEMC and CPD. For instance, additional civilian field support will be available to CFD as well as increased data analytics which will help consult CFD on overtime reduction strategies. While the exact dollar amount for savings is to be determined, these additional resources will create new efficiencies that will inevitably result in cost savings for the City.

The information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Reilly requested the breakdown of non-emergency calls by type and count.

The Chicago Fire Department does not have data on non-emergency calls. Through the Computer-Aided Dispatch (CAD) system, an OEMC Communication Operator will dispatch the appropriate resources, either Fire Suppression and/or EMS, if an incident is deemed an emergency. Once CFD members arrive on scene, they assess the situation and respond accordingly. However, if the incident is deescalated to a non-emergency, there is no mechanism to update the initial incident report.

Re: Request for Information from Annual Budget Committee Hearing

ID#: 59-12 Grants

The information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Austin requested information regarding all Chicago Fire Department grant programs.

The Chicago Fire Department (CFD) anticipates the following grants in 2020:

- Assistance to Firefighters (1 grants)
- Fire Academy Training and Improvement (2 grants)
- Port Security (3 grants)
- Securing the City (1 grant)
- Urban Area Security Initiative (4 grants)

Grant funds are used for several activities, including but not limited to the following:

- CFD and CPD members to develop joint operational plans and standard operating procedures;
- Training for Special Operations Teams to maintain state and federal certifications;
- Designing, scheduling, and conducting Homeland Security and Exercise and Evaluation (HSEEP)-compliant training curriculums and exercises with CPD and OEMC; and

- Purchasing specialized safety and detection equipment.

The following page provides a high-level overview of key CFD grant programs.

As always, please let me know if you have any further questions.

GRANT NAME: Urban Area Security Initiative (UASI)

GRANT OVERVIEW: The Urban Areas Security Initiative (UASI) Program assists high-threat, high-density Urban Areas in efforts to build and sustain the capabilities to prevent, protect against, mitigate, respond to, and recover from acts of terrorism. The UASI program addresses the unique multi-discipline planning, organization, equipment, training, and exercise needs of high-threat, high-density Urban Areas.

FUNDING YEAR, FUNDING AMOUNT AND PERIOD OF PERFORMANCE:

- 2017 UASI: (\$5,703,800) Current – 07/31/20
- 2018 UASI: (\$5,979,501) Current – 07/31/21
- 2019 UASI: (\$6,005,502) Current – 07/31/22

FUNDED INITIATIVES (Highlights):

1) **CFD ACTIVE THREAT PLANNING, TRAINING AND EXERCISE PROGRAM**

Since 2016, over 10,500 CFD /CPD members participated in the UASI-funded Active Threat Planning, Training, and Exercise Program. In 2019, the CFD Homeland Security Division:

- Initiated, developed, and vetted (3) new CFD/CPD standard operating procedures (SOPs): Active Threat Response; Unattended and Suspicious Package; and Post Blast Response.
- Designed, scheduled, and instructed (33) 6-hour Workshops training over 1,600 CFD, CPD, OEMC, CTA Command/Exempt members and 25 suburban fire and police members.
- Led the design, instruction, and conduct of multi-agency drills at City venues, providing an opportunity for CFD and CPD front line and command members to train side-by-side with their counterparts and with private sector venue security and medical teams.
- In 2020, grant funds will be used to support ongoing active threat drills throughout the City and CFD/CPD tactical training classes for front-line fire companies and police officers.

2) **CFD SPECIAL OPERATIONS TRAINING AND CERTIFICATION PROGRAM**

The CFD Homeland Security Division directly supports the CFD Bureau of Operations. In 2019 alone, ~1,800 special operations team members attended (19) grant-funded certification classes:

- CFD Squad Companies: certified to handle highly technical rescues such as building collapses, confined space entries, trench and high-angle rescues, tunnel incidents, extractions, etc.
- CFD Hazardous Materials Team: certified to handle Chemical, Biological, Radiological, Nuclear, and Explosive (CBRNE) materials, and/or Weapons of Mass Destruction related incidents
- CFD Air & Sea Rescue Unit: a FEMA Type II state deployable team, certified to

- handle all incidents within the waterway footprint
- Joint Hazards Assessment Team (JHAT): certified to deploy to high-threat venues in order to provide rapid on-scene assessments and immediate response intelligence for CBRNE releases

3) **KEY EQUIPMENT PURCHASES**

- Unified Command Van (\$1.2M)
- Hazmat detection equipment end-of-life replacement and upgrades (\$1.7M)

GRANT NAME: Securing the Cities (STC)-Chicago

GRANT OVERVIEW: The Securing the Cities (STC) – Chicago Cooperative Agreement is managed and led by the Chicago Fire Department (CFD) Homeland Security Division, in coordination with the Chicago Police Department, and other Principal Partners (the Chicago Office of Emergency Management and Communications, the Cook County Sheriff’s Office, Illinois State Police and Illinois Emergency Management Agency). The purpose of the Program is to build capabilities of front-line members to detect potential radiological and/or nuclear (R/N) materials along roadway, light and heavy rail, and maritime pathways. Specifically, the STC-Chicago Program funds the development of policy and standard operating procedures; purchase and inventory management of detection equipment, and tactical and operational training for Principal Partner front-line members.

FUNDING YEAR, FUNDING AMOUNT AND PERIOD OF PERFORMANCE:

- Year 1 STC: (\$3,500,000) Closed 09/30/19
- Year 2 STC: (\$6,675,000) Current – 09/30/20
- Year 3 STC: (\$8,000,000) Current – 09/30/20

FUNDED INITIATIVES (Highlights):

1) OPERATIONAL PLANNING

- Developed (6) operational plans: Regional Strategic Plan; Regional Equipment Inventory and Management Plan; CFD R/N Detection SOP; Regional R/N ConOps Plan; Regional Fusion Center Intel and Info Exchange Plan; and Program Sustainment Plan.

2) TACTICAL MULTI-AGENCY TRAINING

- Conducted (15) 5-hr R/N detection classes for 600 CFD, CPD, CCSO, ISP, IEMA members
- Surge training for approximately (4,000) CFD members; (12,000) front line CPD members; (5,600) CCSO members; (1,600) ISP members; and (25) IEMA members with expansion to Chicago’s collar county fire and law enforcement departments.

3) DETECTION EQUIPMENT

- Purchased, inventoried, and deployed 1,648 pieces of detection equipment for 5 agencies.
- Ongoing purchase of R/N detection equipment for all front-line members from 5 agencies.

GRANT NAME: Port Security Grant Program

GRANT OVERVIEW: The CFD serves as the primary agency for the Mass Search and Rescue Operations, Emergency Medical Services, Fire Suppression, and Threats and Hazard Identification and Underwater Recovery capabilities for any type of marine emergency - natural, accidental, or intentional, including immediate CBRNE terrorism incident response. To respond to threats to the water system and to restore waterways back to normal, the CFD, whether they are part of the Air and Sea Rescue Unit, Special Operations Team, Hazardous Materials Team, or Emergency Medical Services (EMS), members must maintain the highest level of preparedness and must be trained, certified, and equipped to perform specialized rescue operations, both in the Chicago River and Lake Michigan, to ensure that CFD's core mission of saving lives is fulfilled. The Port Security Grant Program focuses on building response capabilities by supporting effective planning, training, equipment and exercises for CFD's marine unit.

FUNDING YEAR, FUNDING AMOUNT AND PERIOD OF PERFORMANCE:

- 2017 Port: (\$ 275,339) Current – 09/30/20
- 2018 Port: (\$1,000,825) Current – 09/30/21
- 2019 Port: (\$1,105,000) Current – 09/30/22

FUNDED INITIATIVES (Highlights):

1) **FAST BOAT**

Funds will be used for the design and construct of a CBRN detection-equipped Rapid Response Fireboat to be used for a response incident within the Chicago River waterway – and specifically the portion of the Chicago River that runs through Chicago's Central Business District.

2) **PERSONAL PROTECTIVE EQUIPMENT**

Funds will be used to purchase and replace diver personal protective equipment for members of the CFD Air and Sea Rescue Unit.

3) **REFURBISHMENT OF ENGINE 2**

Funds will be used for the refurbishment and life extension of Engine 2, CFD's Air and Sea Fire and Rescue Vessel. Engine 2 was originally acquired in 2011 for \$8,551,742.54 under the 2007 Port Security Grant. (An estimated replacement cost is between \$9.6M and \$10.2M).

4) **AIR & SEA RESCUE UNIT TRAINING**

Funds will be used to train all CFD Air and Sea Rescue Unit divers in the following courses.

- *Enhanced Vessel Operator's Course:* provides students with the skills to operate vessel at high speeds, assess risks in the maritime domain, and protect vessel, crew, and citizens;
- *Boat Operator for Search and Rescue Course:* provides students with skills to be more proficient in search and rescue capabilities in a marine environment, to include boat characteristics, handling, piloting, navigation; rescue; and towing and salvage;

- *Tactical Operator Course*: provides students with skills to identify threats to high-value assets and critical infrastructure, react to threats in a maritime community, and properly use defensive and protective boat tactics; and
- *Fire Boat Small Coarse*: ensures students are proficient with tactics, techniques, and procedures from emergency operations from small fire boat.

GRANT NAME: Assistance to Firefighters Grant

GRANT OVERVIEW: The Assistance to Firefighters (AFG) Grant, the most complete fire service grant, provides funds directly to local fire departments and Emergency Medical Services (EMS) organizations to address a variety of equipment, training, and other firefighter-related and EMS needs.

FUNDING YEAR, FUNDING AMOUNT AND PERIOD OF PERFORMANCE:

- 2018 AFG: (\$277,242) Current - 09/30/20

FUNDED INITIATIVES (Highlights):

Funding will be used to replace nearly 20-year-old equipment for its 98 front-line apparatuses. CFD will purchase and equip each apparatus with new elbows (with bleeder valves) and monitors (multiversals) to achieve minimum operation standards for high-rise fire response.

GRANT NAME: Fire Academy Training and Improvement

GRANT OVERVIEW: The purpose of this grant is to reimburse the City of Chicago for the maintenance, expenses, facilities, and structures directly related to the Chicago Fire Department Training Program.

FUNDING YEAR, FUNDING AMOUNT, AND PERIOD OF PERFORMANCE:

- 2019-2020 Training Grant: (2,838,000) Current – 6/30/2020
- 2020-2021 Training Grant: (3,200,000) 7/1/2020 – 6/30/2021

The information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Waguespack requested a description of CFD's lay-up process and the protocol for employees to return to work.

Below is an excerpt from CFD's general order in reference to the lay-up process.

"An employee may be scheduled to report to the Medical Division on any weekday, excluding holidays, between the hours of 0800 and 1600. It is provided, however, that no employee will be required to report to the Medical Division more than six (6) times within each 30-day period or more than two (2) times in a calendar week within the first 90 days of medical status, and no more than four (4) times within each 30-day period or more than two (2) times in a calendar week after the first 90 days of medical status. Exceptions to this provision can be made in cases of unusual circumstances for medical reasons deemed necessary by the Chicago Fire Department Medical Division physician. However, if an employee is required to report to the Medical Division more frequently than stated above, that employee shall be paid at the overtime rate for the actual time spent at the Medical Division or for two (2) hours, whichever is greater."

ID#: 59-16 Special Events

The attached information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Lopez requested a list of all special events CFD attended.

In 2019, CFD attended 1,471 special events, including block parties, and 1,527 public education programs throughout the city. Below is a table illustrating the number of special events and public education programs CFD attended in each ward.

Due to the large number of events CFD attends, we are unable to list specific event names. If you have any additional questions regarding CFD event attendance, please contact me.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Budget Committee Hearing

ID#: 59-19 Contracts

The attached information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Raymond Lopez requested details about the smoke detector contract and the expiration date on that contract.

In 2019, CFD purchased smoke detectors from MSC Industrial (PO #28296). This contract expired in June 2019. Per an Alderman's request, CFD is currently working with the Department of Procurement Services (DPS) to create a small order contract for smoke detectors. This will ensure CFD is purchasing the most cost-effective smoke detectors.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Budget Committee Hearing

ID#: 59-20 Staffing

The attached information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Silverstein requested the number of wards with only one engine and no ambulances.

The Chicago Fire Department uses the term "single house" to refer to a firehouse that has one engine and no ambulances. Currently, there are twelve wards that have single houses. However, wards 30 and 50 are the only wards to have a single house as their only firehouse.

Below, please find the list of single houses, including their address, ward number, and phone number.

As always, please let me know if you have any further questions.

ID#: 59-21 Overtime

The information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Rodriguez requested a comparison between the 2018 budgeted and actual overtime to the 2019 budgeted and year to date overtime.

The 2018 budgeted amount for overtime was \$31 million (including Midway and O'Hare funds). The actual 2018 overtime was \$65.7 million. The 2019 budgeted amount for overtime is \$31 million and the actual overtime as of September 2019 was \$67.8 million. See the table below for exact overtime expenditure.

Year	Budgeted Overtime (All Funds)	Actual Overtime (All Funds)
2018	\$31,000,000	\$65,693,210
2019	\$31,000,000	\$67,785,181 (Through Sept.)

CHICAGO FIRE DEPARTMENT
CITY OF CHICAGO

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Richard C. Ford, II
Fire Commissioner
Chicago Fire Department

CC: Tiffany Sostrin
Mayor's Office of Intergovernmental Affairs

Date: November 20, 2019

Re: Request for Information from Annual Budget Committee Hearing

ID#: 59-27 Inspections

The attached information below is in response to the question posed at our department's hearing on October 30, 2019 to discuss the proposed 2020 budget.

Alderman Sigcho Lopez requested a report on gas station inspections as well as a list of gas stations that passed/failed the inspection.

In response to Alderman Sigcho Lopez's request, please see below for the following joint response from the Chicago Department of Public Health (CDPH) and the Chicago Fire Department (CFD).

In 2019, CDPH took over gas station inspections. CDPH designates a group of inspection staff to manage - in conjunction with the Office of the State Fire Marshall – the compliance investigations of Underground Storage Tank (UST) Systems in Chicago. CFD's only involvement in gas stations is inspecting fire extinguishers.

Based on the Illinois Administrative Code (41 Ill. Adm. Code Part 174-177) established by the OSFM Petroleum and Chemical Safety Division, these city inspectors carry out staggered, biennial Certification Audits of every UST system in Chicago. Successful outcomes of these Audits come in the form of Certificates of Compliance issued as Green Decals which are displayed either on marketer's front-facing windows, or on non-marketer's equipment.

In order to remain open and allowed to receive refueling shipments, all UST systems require that Green Decal. In the event a biennial Certification Audit reveals compliance issues, the UST System's owner is issued a Notice of Violation. The owner is then granted a 60-day window to conduct the required corrective actions to restore compliance. If the subsequent Certification Audit determines any previously-issued violations have not been corrected, the UST System is locked – or “Red Tagged” – and no refueling shipments are allowed. These “Red Tagged” systems are unlocked and certified compliant once all violations have been resolved.

To that end, this compliance audit process does not allow for UST Systems to “fail” long term and remain in business as a petroleum marketer. Any UST System currently operating in Chicago is therefore either certified compliant based on their biennial Audit or operating in a 60-day violation correction window.

As always, please let me know if you have any further questions.
