3. All applicable official reviews, approvals or permits are required to be obtained by the Applicant or its successors, assignees or grantees. Any dedication or vacation of streets or alleys or grants of easements or any adjustment of the right-of-way shall require a separate submittal to the Chicago Department of Transportation ("CDOT") on behalf of the Applicant or its successors, assigns or grantees.

Any areas to be dedicated shall be excluded and any area to be vacated shall be included in determining the Net Site Area (as said term is defined by the Chicago Zoning Ordinance) of this Planned Development.

- (e) Right of Way Adjustment Maps; and
- (f) Site plans, landscape plans, building elevations, other drawings and plans;

Full-sized copies of the Site Plan, Landscape Plan and Building Elevations are on file with the Department of Planning and Development. In any instance where a provision of this Planned Development conflicts with the Chicago Building Code, the Building Code shall control.

This Planned Development conforms to the intent and purpose of the Chicago Zoning Ordinance, and all requirements thereto, and satisfies the established criteria for approval as a Planned Development. In case of a conflict between the terms of this Planned Development Ordinance and the Chicago Zoning Ordinance, this Planned Development shall control.

5. 7. For purposes of height measurement, the definitions in the Chicago Zoning Ordinance shall apply. The height of any building shall also be subject to height limitations, if any, established by the Federal Aviation Administration.

8. The maximum permitted floor area ratio (FAR) for the Property shall be in accordance with the attached Bulk Regulations and Data Table. For the purpose of FAR calculations and measurements, the definitions in the Zoning Ordinance shall apply. The permitted FAR identified in the Bulk Regulations and Data Table has been determined using a net site area of 840,848 square feet and a base FAR of 1.0.
9. Upon review and determination, Part II Review, pursuant to Section 17-13-0610, a Part II Review Fee shall be assessed by DPD. The fee, as determined by staff at the time, is final and binding on the Applicant and must be paid to the Department of Revenue prior to the issuance of any Part II approval.
10. The Site and Landscape Plans shall be in substantial conformance with the Landscape Ordinance and any other corresponding regulations and guidelines, including Section 17-13-0800. Final landscape plan review and approval will be by DPD. Any interim reviews associated with site plan review or Part II reviews, are conditional until final Part II approval.
11. Prior to the Part II Approval (Section 17-13-0610 of the Chicago Zoning Ordinance), the Applicant shall submit a site plan, landscape plan and building elevations for review and approval by DPD. Review and approval by DPD is intended to assure that specific development components substantially conform with the Planned Development and to assist the City in monitoring ongoing development. Site Plan Approval Submittals (Section 17-13-0800) need only include that portion of the Property for which approval is being sought by the Applicant. If the Applicant is seeking approval for a portion of the Property that represents less than the total site area of the Property, the Applicant shall also include a site plan for that area of the Property which is bounded on all sides by either public Rights-of-Way or the boundary of the nearest adjacent property. The site plan provided shall include all dimensioned and planned street Rights-of-Way.

No Part II Approval for any portion of the Property shall be granted until Site Plan approval has been granted. Following approval by DPD, the approved Site Plan Approval Submittals, supporting data and materials shall be made part of the main file and shall be deemed to be an integral part of the PD.

After approval of the Site Plan, changes or modifications may be made pursuant to the provisions of Statements 13 and 18. In the event of any inconsistency between approved plans and the terms of the PD, the terms of the PD shall govern. Any Site Plan Approval Submittals shall, at a minimum, provide the following information:

- fully-dimensioned site plan (including a footprint of the proposed improvements);
- fully-dimensioned building elevations;
- fully-dimensioned landscape plan(s); and,
- statistical information applicable to the subject area, including floor area, the applicable floor area ratio, uses to be established, building heights and setbacks.

Site Plan Approval Submittals shall include all other information necessary to illustrate substantial conformance to the PD.

12. The Applicant shall comply with Rules and Regulations for the Maintenance of Stockpiles promulgated by the Commissioners of the Departments of Streets and Sanitation, Fleet and Facility Management and Buildings, under Section 13-32-085, or any other provision of the Municipal Code of Chicago.
13. The terms, conditions and exhibits of the Planned Development may be modified, administratively, by the Commissioner of the Department upon the application for such a modification by Applicant or legal titleholder of the Property and after a determination by the Commissioner of the Department that such a modification is minor, appropriate and consistent with the nature of the improvements contemplated by this Planned Development. Any such modification of the requirements of the Planned Development by the Commissioner of the Department shall be deemed to be a minor change in the Planned Development as contemplated by Section 17-13-0611 of the Chicago Zoning Ordinance.
14. The Applicant acknowledges that it is in the public interest to design, construct and maintain the project in a manner which promotes, enables and maximizes universal access throughout the Property. Plans for all buildings and improvements on the Property shall be reviewed and approved by the Mayor's Office for People with Disabilities to ensure compliance with all applicable laws and regulations related to access for persons with disabilities and to promote the highest standard of accessibility.
15. The Applicant acknowledges that it is in the public interest to design, construct, renovate and maintain all buildings in a manner that provides healthier indoor environments, reduces operating costs and conserves energy and natural resources. The Applicant shall obtain the number of points necessary to meet the requirements of the Chicago Sustainable Development Policy, in effect at the time the Part II review process is initiated for each improvement that is subject to the aforementioned Policy and must provide documentation verifying compliance.
16. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the city in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the city approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The city encourages goals of 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof,

the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

17. The project contemplated herein is under review by federal and state departments and agencies, among them, the United States Department of the Interior, the United States Department of Transportation, the United States Army Corps of Engineers, the Illinois Department of Transportation and the Illinois Historic Preservation Agency. In addition, comments will be received from the public during the review process. The project shall be subject to and limited by the terms of any state or federal regulation, permit, approval or memorandum of understanding that is more limited or restrictive than the project approved by this ordinance.
18. Any and all of the Applicant's development rights as contained in this Planned Development shall fully vest, and shall be enforceable upon the Applicant's commencement of any portion of the proposed improvements that are contemplated herein. Should this Planned Development ordinance lapse pursuant to the terms of Section 17-13-0612, the Commissioner of DPD shall initiate a Zoning Map Amendment to rezone the property to POS-1, Park and Open Space District.
