PHYSICALLY PRESENT:

Rafael Leon, Chairman
Jim Houlihan, Vice Chairman
David Reifman, Secretary,
Commissioner of the Department of Planning and Development
Gabriel Dziekiewicz
Juan Moreno
Ernest Wong

ABSENT:

Carmen Rossi
Mary Ann Smith
Richard Tolliver

ALSO PHYSICALLY PRESENT:

Dijana Cuvalo, Architect IV, Department of Planning and Development
Lisa Misher, Department of Law, Real Estate Division
Members of the Public
(The list of those in attendance is on file at the Commission office.)

A recording of this meeting is on file at the Department of Planning and Development/Planning, Design and Historic Preservation Division offices and is part of the public record of the regular meeting of the Commission on Chicago Landmarks.

Chairman Leon called the meeting to order.

1. Approval of the Minutes of Previous Meeting

Regular Meeting of May 4, 2017

Motioned by Wong, seconded by Dziekiewicz. Approved unanimously (6-0).

2. Preliminary Landmark Recommendation

QUINCY ELEVATED STATION

WARD 42

220 South Wells Street

Matt Crawford presented the report. Motion to adopt the preliminary landmark recommendation for the Quincy Elevated Station.

4. Demolition of a Building Pursuant to §2-120-740 through §2-120-825 of the Municipal Code

**VILLA DISTRICT
3646 North Harding Avenue**

WARD 30

David Trayte presented the staff's recommendation that the Commission: (A) Find that, pursuant to Article III, Section G.1. of the Rules and Regulations of the Commission on Chicago Landmarks (the "Rules and Regulations"), that the significant historical or architectural features of the district are all exterior elevations and rooflines; and (B) Preliminarily find that the subject building, a 2-story frame house constructed in 1907 contributes to the character of the Villa District, which includes excellent examples of the architectural styles that were popular in Chicago's residential neighborhoods during the early part of the twentieth century; and (C) Preliminarily find that the demolition of a contributing building or structure within a landmark district is a per se adverse effect on the significant historical and architectural features, pursuant to Article III, Section G.3.b., of the Rules and Regulations; and (D) Pursuant to Section 2-120-780 of the Landmarks Ordinance, preliminarily find that the demolition of the subject property will adversely affect and destroy significant historical and architectural features of the property and the district; and (E) Issue a preliminary decision disapproving the demolition application.

Dijana Cuvalo informed the Commission that a preliminary decision disapproving the demolition application would trigger an informal conference and, if the informal conference does not reach an accord, a public hearing on the permit application would be scheduled in accordance with the provisions of the Chicago Landmarks Ordinance.

Vote to approve staff recommendation.

Motioned by Dziekiewicz, seconded by Moreno. Approved unanimously (6-0).

5. Demolition of a Building Pursuant to §2-120-740 through §2-120-825 of the Municipal Code - Informational

PERMIT REVIEW COMMITTEE COMMISSION ON CHICAGO LANDMARKS

July 6, 2017

The Permit Review Committee (PRC) met on June 1, 2017, at 2:05 p.m. The meeting was held at 121 N. LaSalle St., in Room 201-A.

Present: Gabriel Ignacio Dziekiewicz
James Houlihan
Ernest Wong, Chair
Juan Moreno

Staff: Dijana Cuvalo
Kandalyn Hahn
Cindy Roubik
Larry Shure
David Trayte

The following projects were reviewed by the PRC:

1. 60 W. Walton **2nd Ward**
Washington Square District

Proposed exterior alterations including new ADA elevator entry, architectural lighting, 2 free-standing digital signs, and interior alterations to the main lobby

Action: Approved unanimously with the following conditions:

1. The new at-grade elevator door opening, located to the east of the main entry stair, is approved as proposed, as this will have minimal impact to the character of the front façade of the library. The new door finish/color should match the existing window frame finish/color;
2. The exterior architectural illumination scope of work is approved as proposed with white colored lighting only and the following conditions: a) staff shall review and approve a night-time mock-up; b) all fixtures should be primed and painted to match the color of the stone; and (c) permit plans should include all attachment details and all power connections;
3. Stone samples shall be submitted for review and approval of Historic Preservation staff prior to order and installation;
4. The two new free-standing signs with 55"-sized digital screens are approved as proposed: to display static still images for exhibits and events, changing no faster than 15 second increments; and,
5. For the main lobby, the non-historic pendant fixture at the center of the lobby may be replaced with new light fixtures shown as proposed. Enlarged details of the new light fixtures, stair rail, floor attachment details, and doors shall be included in the permit plans. Samples of the marble and acoustic material, which should match the color, finish,

and texture of the existing marble and plaster ceiling respectively, shall be provided to Historic Preservation staff prior to order and installation.

2. 1113-1115 W. Fulton Market **27th Ward**
Fulton-Randolph Market District

Proposed rehabilitation of 2-story and 3-story masonry buildings including installation of new storefronts, new windows, and a new rooftop deck

Action: Approved unanimously with the following conditions:

1. As proposed, the new storefronts shall have a dark, factory-applied finish, with dimensioned details to be submitted with the permit application;
2. Enlarged window details shall be submitted with the permit plans;
3. The permit plans shall include canopy repair details;
4. Roof top deck is approved as shown on drawings dated 2/23/16. Deck railing details shall be submitted with the permit plans; and,
5. Masonry cleaning specifications repair and replacement details shall be included in the permit application plans. Samples of any replacement stone, patching, and any new masonry and mortar shall match the historic in size, color, profile, texture and type and shall be reviewed and approved by Historic Preservation staff prior to order and installation.

6. 3634 N. Avers **30th Ward**
Villa District

Proposed rehabilitation of a single-family home including installation of five skylights

Action: Approved unanimously with the following condition:

1. The color of the skylight curbs shall match as closely as possible to the new asphalt shingles proposed in order to further minimize their visibility.

7. 1505 W. Adams **28th Ward**
Jackson Boulevard District Extension

Proposed construction of a new 3-story rear addition

Action: Approved unanimously with the following conditions:

1. The rear addition is approved as shown on drawings dated 4/27/17. Brick and mortar samples shall be submitted for Historic Preservation staff review and approval prior to order and installation. The mortar colors shall be compatible with the color of the brick; and,
2. Dimensioned window details shall be submitted with the permit application.

**8. 411 W. Eugenie
Old Town Triangle District**

2nd Ward

Violation: Installation of wood textured fiber-cement siding on the side and rear elevations of a single-family home

Action: The Committee voted on the staff recommendation and the motion did not pass. A follow-up motion was passed unanimously by the Committee to authorize Commissioner Dziekiewicz to act on behalf of the Commission, to meet with the applicant and Historic Preservation staff at the site, and to make a decision on the project or require that the project come back to the Committee for a decision at a future meeting.

A site visit was held on June 6, 2017. After reviewing the limited visibility of the wood textured fiber-cement siding from the public right-of-way, Commissioner Dziekiewicz determined that, with the following conditions, the project would not have an adverse effect on the significant historical and architectural features of the landmark property and district and approved the project with the following conditions:

1. The wood textured fiber cement siding installed on the home shall be replaced with smooth finish fiber cement siding to match the existing profile and lap exposure in the following locations (and as shown on attached diagram):
 - a. The east elevation of the 1-story porch addition;
 - b. The inset portion of the rear addition facing east;
 - c. The portion of the rear addition facing north.
