KEYNOTE SPEAKER:

ALEJANDRO CASTRO, PRESIDENT, LA GUADALUPANA

La Guadalupana is a family business that started as a bakery in 1945 and expanded into a Mexican food manufacturing company, best known for its traditional tamales and masa for tamales. Castro's leadership has taken the business into a new path of success with a focus exclusively on manufacturing, distribution, and a new frozen food line. His initiatives have led La Guadalupana to new levels of growth and hiring that contribute to the region's economy.
