BOOK A WAV TAXI IN ADVANCE

Curb, the City of Chicago's selected Centralized WAV Taxicab Dispatch Service, is here for you whenever you need a WAV Taxi. At Curb we offer two ways through which you can book a ride. One way is to use the Curb App to schedule a ride 24 hours in advance. The second way is to call our phone number to verbally schedule a ride with a live agent up to one month in advance.

Steps to schedule a taxi ride in advance:

1. Call **312-847-6650** or book through the **Curb App**
2. Get trip details over the phone or on the app for your scheduled ride
3. Receive updates on the day of your trip over the phone or on the app

Tip: Book overnight hour trips in advance to ensure we can assign a cab to be there when you need it.
