APPROVED WAV TAXI VOUCHER PROGRAM VENDORS
Updated JANUARY 16, 2019

To help increase and support the City of Chicago's wheelchair-accessible taxi fleet, the Department of Business Affairs and Consumer Protection (BACP) is providing incentive funding through the **Wheelchair-Accessible Taxi Voucher Program ("Program")**. The Program provides incentives toward the purchase of an eligible "factory-built" Wheelchair Accessible Vehicle ("WAV") or the cost of "conversion" of a conventional vehicle by a City-approved taxi conversion company.

- A factory-built (vehicle manufactured originally as a WAV) WAV is eligible for up to **\$25,000**.
- A converted (post-manufacture mechanical conversion/modification of a brand new vehicle) WAV is eligible for up to **\$20,000**.

The following is a list of approved WAV Taxi Voucher Program Vendors that are registered with the Department of Business Affairs and Consumer Protection.
