CHICAGO'S GUIDE TO LICENSING PUBLIC PASSENGER VEHICLES

chicago.gov/BACP
BACPPV@cityofchicago.org

Our goal is to ensure that visitors and Chicagoans have a **safe and enjoyable experience** when traveling in a public passenger vehicle. The **City of Chicago's Department of Business Affairs and Consumer Protection** issues licenses and enforces regulations and guidelines that govern all public passenger vehicles.

License Requirement

A license is required for each public passenger vehicle operating in the City of Chicago. Vehicles must meet minimum requirements to ensure that passengers are safe and have an enjoyable experience. This brochure will provide you with more information about what is required to operate a few different types of public passenger vehicles in the City of Chicago.

Driving a Public Passenger Vehicle

Individuals who drive specific public passenger vehicles such as a taxicab, limousine, or pedicab require a Public Chauffeur's License issued by the Department of Business Affairs and Consumer Protection. Applications for this license can be found online at www.chicago.gov/bacp. Individuals who drive transportation network provider (TNP), also known as ride-hail, vehicles require BACP issued TNP Chauffeur licenses secured by their affiliated TNP (Uber, Lyft, or Via).

State and Federal Compliance

Please note additional licenses may be required by state and/or federal regulatory agencies.

Data Portal

City of Chicago licenses are published at <https://data.cityofchicago.org>

Types of Public Vehicles

BACP

“Taxicab” means a vehicle licensed for hire at fare rates set by the City, which are recorded by a taximeter. A taxi may be hailed by customers on the street or prearranged. Taxis are driven by licensed public chauffeurs.

Taxicab License Fees & Taxes

- Taxicab Medallion License: \$500/2-year term
- Ground Transportation Tax: \$98/month
- Taxi Accessible Fund Fee: \$22/month
- Taxi Chauffeur License: \$5/2-year term

Vehicle Specifications

- Must meet federal motor vehicle safety standards and have 4 doors (2 on each side).
- Vehicle titles showing “salvage,” “rebuilt,” “junk,” “total loss,” or equivalent classifications are not eligible to operate as a taxicab.
- Age of vehicle ranges from seven to ten years depending on its fuel efficiency and wheelchair accessibility.
- Vehicles cannot have more than 125,000 miles at time of licensing.
- Prior to displaying exterior or interior advertising, required public vehicle advertising permits must be secured at the \$100 annual fee per vehicle.

License Plate Requirement

The Illinois Secretary of State issues license plates that are numbered 1 to 6999 and contain the suffix “TX”. The number on the license plate should match the taxicab number on the top light and on the exterior of the cab.

Insurance Requirements

Liability insurance is required and shall provide at least \$350,000 combined single limit coverage per occurrence per taxicab. Worker’s compensation insurance must be in compliance with state laws. Every insurance policy or contract for insurance must name the City of Chicago as an additional insured.

Licensing Information

- Refer to Municipal Code of Chicago Chapter 9-112 for taxicab licensing and regulatory framework.
- Refer to Municipal Code of Chicago Chapter 9-104 for taxi chauffeur licensing and regulatory framework.
- Information and documents available at www.Chicago.gov/BACP
