REGISTERED TAXIMETER TECHNICIANS
UPDATED March 13, 2014

Pursuant to Chapter 9-112 of the Municipal Code of Chicago and Rule TX 5.03 of the Taxicab Medallion License Holder Rules and Regulations, all work performed on a taximeter operated by a City of Chicago licensed taxicab must be performed by a taximeter technician registered with the City of Chicago's Department of Business Affairs and Consumer Protection (BACP).

RULE TX5.03 Taximeter Technician Requirements

- a. Any person and/or business that performs taximeter installations, calibrations, or any service on City licensed taxicab vehicles and taximeters must register with the Department.
- b. Any person and/or business that performs taximeter installations, calibrations, or service must meet all applicable Federal, State, or City laws, including licensing requirements.
- c. An unlicensed person and/or business shall not service or perform work on a taximeter. Medallion licensees must request and maintain documented invoices as to any work performed on taximeters by the taximeter shop which will state the date and type of service and the taximeter's make, model, and serial number. Medallion licensees shall upon Commissioner's request produce such invoices within three (3) days. Medallion licensees shall maintain such records for a minimum of one (1) year.

Contact BACPPV@CITYOFCHICAGO.ORG to apply to be a registered taxi meter technician.
