Use hand signals so that people know where you’re going. Signal all your turns and stops ahead of time. Also, before turning, look over your shoulder for any traffic. Check constantly move when it’s safe.

MAKE ÈVE CONTACT
Communicating eye contact with people driving helps them know that you’re on the road.

See. Be Seen. Be Heard.
Use lights at night and when visibility is poor, and the headlights and rear red reflector are required by law. Flashing lights are especially effective. Using the side mirror to make yourself visible when turning, or having a bell all make you more visible when riding.

NEVER USE EARPHONES
Using earphones is dangerous because you won’t be able to hear what’s going on around you.

COMMUNICATE
The Municipal Code of Chicago (1-03-010) requires people riding a bike to obey all the same traffic laws as people driving. The same applies to stop signs and traffic lights, and stopping for people walking in crosswalks.

- Make eye contact with drivers.
- Signal intention to stop.
- Always turn your head when stopping.
- Use your bike lights when it’s dark.
- Use a bell to alert people or animals in your path.

Never use your earphones when riding.

- Always use lights at night.
- Use lights when visibility is poor.
- Flashing lights are especially effective.
- Use a bell,

NEVER USE EARPHONES

REMEMBER TO USE THE BIKE RACKS
City of Chicago's Streets for Cycling map identifies on- & off-street bicycle facilities and is provided by the Chicago Department of Transportation. This map identifies over 300 miles of bike lanes, bike paths, and bike boxes throughout the city. A bike lane is a designated lane for bicyclists. A bike path is a shared-use path for bicyclists and pedestrians. A bike box is a dedicated space for bicyclists at intersections.

BIKE & MICROMOBILITY PARKING
You can lock your personal or shared bike, scooter, or electric scooter to any bike rack, lightpost, street sign, or micromobility parking space. Always lock your bike or micromobility device unlocked.

- Never leave your bike or micromobility device unlocked.
- Always use a high-quality U-lock or chain. For added security use both.
- Never lock your bike in a way that could block other users.
- Report any abandoned bikes at CHI311

AVOID DOORING CRASHES
Drivers, use your right hand, look for people before turning.

Using your right hand to open the car door will force your upper body to turn and look both for avoiding obstacles.
