

Funding to support community-driven research

2023 Seed Grants from the Alliance for Research in Chicagoland Communities ([ARCC](#)) at Northwestern University seek to improve health and equity through community research partnerships that honor, are driven by, and share power with communities as local, cultural, and lived experience experts.

Two types:

- **Community Research Capacity-Building Grants:** \$2.5K, 6 months to develop or strengthen organizational or community-level research capacity
- **Partnership Development Grants:** Up to \$7.5K, 12 months to develop new partnerships between communities/patients and Northwestern researchers
