- The Department identified numerous speakers at the August 18th Police Board meeting who expressed similar concerns in and around the 75th and 79th Street corridors.

In part, these locations intersect boundaries of Districts 006 and 003 and involve leadership of both Areas 1 and 2.

Commanders Ben (006) and Watson (003), along with Deputy Chiefs Melean (Area 1) and Snelling (Area 2), worked together to create a holistic approach to address the concerns of the speakers and the neighborhood in general.

Both Commanders are leveraging their CAPS and tactical personnel, as well as, District Coordination Officers to actively address their voiced concerns and are staying proactive in the described areas.

a food truck vendor who was operating without appropriate licenses.

To address the 75th Street corridor the 006th and 003rd districts have dedicated resources from each district to actively cite observed quality of life type violations and take enforcement actions when appropriate or necessary. POD cameras are being actively monitored and enforcement efforts are being coordinated between the tactical teams of both districts.
