PRESIDENT FOREMAN: Good evening. I'm Ghian Foreman, President of the Chicago Police Board and I have called the meeting to order.

Board members Eaddy and Simpson are unable to attend this meeting in person. Is there a motion to permit their remote attendance?

TRUSTEE WOLFF: So moved.

TRUSTEE DELGADO: Second.

PRESIDENT FOREMAN: All in favor?

(Ayes in unison.)

PRESIDENT FOREMAN: The motion passes.

The first item of business is approval of the minutes of the Board's regular public meeting held on November 15, 2018. Is there a motion to approve the minutes?

TRUSTEE SWEENEY: So moved.

TRUSTEE DELGADO: Second.

PRESIDENT FOREMAN: All in favor?

(Ayes in unison.)

PRESIDENT FOREMAN: Any opposed? The motion passes.

The schedule of the Board's regular public meetings for 2019 has been made available at this evening's meeting and will be posted on the
Board's website. Our next regular public meeting will be held Thursday, January 17, at 7:30 p.m. here at Chicago Public Safety Headquarters.

(Trustee O'Malley joins the meeting.)

PRESIDENT FOREMAN: At this time I ask for a motion to close a series of executive sessions for the purposes of considering personnel matters and litigation, as authorized by Sections 2(c)(1), (3), (4), and (11) of the Illinois Open Meetings Act. Is there such a motion?

TRUSTEE ZOPP: So moved.

PRESIDENT FOREMAN: Second?

TRUSTEE WOLFF: Second.

PRESIDENT FOREMAN: All in favor?

(Ayes in unison.)

PRESIDENT FOREMAN: Opposed? The motion passes.

Earlier this evening the Board, as required by the Illinois Open Meetings Act, met and considered the minutes and recordings of all past closed meetings to determine whether the need for confidentiality still exists. The Board members unanimously agreed that it continues to be
necessary to keep confidential the minutes and recordings of its past closed meetings.

A report of disciplinary actions taken by the Board during the previous month has been made available at this evening's meeting. This report and the Board's written Findings and Decisions are posed on the Board's website.

First we are going to take final action. The Police Board, as authorized by the Open Meetings Act, has considered in a closed meeting one disciplinary case. The Board will now take final action on this case.

Regarding case number 18 PB 2942, is there a motion to find Police Officer Wendy A. Williams guilty of generating false official police reports, and to discharge her from the Chicago Police Department?

TRUSTEE SWEENEY: So moved.

MR. FLORES: Second.

PRESIDENT FOREMAN: All in favor?

(Ayes in unison.)

PRESIDENT FOREMAN: None opposed.

Voting in favor are Board members Wolff, Delgado, Eaddy, Flores, O'Malley, Simpson, Sweeney,
Zopp and myself. The motion passes.

Findings and Decision that has been reviewed by all
Board members who participated in the case?

TRUSTEE WOLFF: So moved.

posted on the Board's website as required by the

The general orders and other directives
issued by the Superintendent of Police during the
previous month are listed in the books made
available at this evening's meeting and are posted
on the Police Department's website.

The next item is the Superintendent's
report to the Board.
CHIEF WALLER: Good evening. I apologize that the Superintendent could not be in attendance himself. I'm Chief Fred Waller from Patrol, and I appreciate the opportunity always to be in attendance and brief you all on just some of the small things that we are doing, especially during the holiday season.

We are a little bit in mourning. We have lost one of our officers, a sergeant had passed. But to uplift the community, the citizens during this time, we've been doing toy give-aways, we have had different holiday parties with the community and in the different districts that we are in.

We are now recognizing new programs, a DCO program in the 25th District which will concentrate completely on -- those officers will only concentrate on the problems of that community and sector those areas off, partner with the community and different communities within that district. So we are excited about that program. Excited about expanding that program.

So I do thank you, again, for allowing me to present to you tonight.

PRESIDENT FOREMAN: Thank you.
I will now call upon those members of the public who signed up in advance to speak. When your name is called, please step up to the microphone. We ask that you limit your comments to two minutes.

The first speaker is Dawn Vitrano.

MS. VITRANO: Good evening. My name is Dawn Vitrano and this is my mom, Connie Altman, and this is my daughter, Lauren Vitrano.

Lauren took her own life on October 9, 2017. She was 24 years old. She was set to graduate from the University of Chicago College of Pharmacy in May of 2018. Her sister accepted her hood and diploma.

I have an ongoing investigation pending with the Internal Affairs Division of the Chicago Police Department, case number 1087135. Lauren's boyfriend of seven years, Sean Brady, with whom she had been living with at the time was a cadet in the Police Academy. While attending the academy, Sean had a sexual affair with one of his instructors, Terra Richardson. Subsequently, Terra was kicked out of the Academy, but retained her job along with all of her benefits. Terra was also recently
promoted to sergeant within the last couple of
months. Sean was allowed to continue and graduate,
becoming a police officer.

After our Internal Affairs interview, an
affidavit was signed by my daughter Amanda and
myself, alleging two counts. Number one,
fraternization between cadet and instructor; and
two, Sean failing to alert anyone as to what Lauren
was telling him and texting him. She explicitly
told him on six or seven occasions how and when she
would end her life. He did nothing and told no
one.

Sean and Terra were both found guilty of
the sexual affair, but Sean was found not guilty on
the count of failure to notify anyone, myself
included.

Is the CPD's motto not to serve and
protect? Sean's vicarious victimization of Lauren
is something he will have to live with for the rest
of his life.

My question is, how is Terra Richardson
politically connected? Where is the clout and
priviliged treatment coming from? Why am I still
being told she is grieving this punishment that has
been handed down to her and is waiting to go to arbitration?

    This has been over a year now. I'm in the same spot I was last December. Terra should have been fired immediately. Sergeant, supervisor, and instructor are all titles she is not fit to own. Thank you very much.

    PRESIDENT FOREMAN: Thank you.

    Next speaker, Octavia Mitchell.

    Ms. Vitrano, Chief Waller, would you -- who would you like Ms. Vitrano to speak to?

    CHIEF WALLER: I think I saw Chief Washington here from Internal Affairs.

    PRESIDENT FOREMAN: Ms. Vitrano, in the back.

    The next speaker, Octavia Mitchell.

    MS. MITCHELL: Good evening. My name is Octavia Mitchell, I am the parent of the deceased Izeal Jackson. Izeal Jackson was murdered on April 24, 2010, by an officer, CPD officer, who shot him three times in the back.

    I did go to trial on this case but was misrepresented. However, during this trial when the police officer testified to things that I do not believe. Officer get on the stand and
testified, because I've been looking for his DNA.

He had three tests, it was three tests that was tooken as far as Izeal's body; DNA swabs, fingerprints, (inaudible) prints, which none of that could connect my son to the gun that they said he had.

There is a DNA -- the DNA swabs are missing. We did the fingerprints and the forensics was taken, but it could not connect my son to the gun that they're saying that he had. The officer got on the stand and stated that he had no idea where the DNA is and they sent it to the Illinois State Police Department, who I had contact and stated they never received it.

So it's DNA that's out here. This is important evidence to prove my son's innocence, although it will never bring him back. My son was a junior in high school, he was going to graduate out of Hyde Park, and he also played baseball for Hyde Park. During the -- our side and everything, he showed that my son did not drink, did not smoke. He had nothing in his system but greasy foods, like that.

So I've been asking and wondering, where
is his DNA. I see where it was taken, I see where it was supposed to have been held for investigation, I saw where it was logged. But it just fell off the face of the earth.

Now that, since I was misrepresented and my lawyer failed to ask for it, I'm being told it's too late. This is my child's life. It is never too late.

It seems as if it's a cover up. If my child did what they're saying he did, come up with his DNA. Because by law, when you take these type of samples of DNA, they are supposed to be tested. Where is this DNA? I have the right to my child's DNA, I need to know where it's at. It's just not logical that you're going to test two DNAs and not that third one. I would like to know where is my son's DNA swabs.

PRESIDENT FOREMAN: I'm not sure who to direct it to, but Connie, given some of your experience, I'm going to direct the question to you.

MS. ROBERTS: Sure.

Good afternoon, Ms. Mitchell. I believe you've been in contact with Director Eddy from my office as recently as the last couple of days and
we were working were you. It's my understanding
that you wanted us to consider re-opening the
closed up case. And I've got Mr. Patterson here
who can speak with you in a little bit more detail
this evening.

MS. MITCHELL: Okay. Because I'm quite sure,
just logically thinking, no one is going to test
two samples and then a third one disappear. I
would like to know where my son's DNA is at. And I
appreciate you, and I did speak with Eddy today.

MS. ROBERTS: All right. Thank you. And my
condolences.

MS. MITCHELL: Thank you.

PRESIDENT FOREMAN: Thank you.

Mr. John Perryman.

MR. PERRYMAN: Good evening. Last month I
asked for the Commanders of the 11th and 12th,
along with the head of the CAPS office, to be here
for public record, to speak on the record. Are
they here?

CHIEF WALLER: I don't think so, sir. We
didn't get any request of that nature.

MR. PERRYMAN: Well, I'm looking at transcript
right here.
So, Mr. Foreman, can you sort this out?

PRESIDENT FOREMAN: Yes. I can't answer for it. I mean --

MR. PERRYMAN: Because I'm looking at a transcript and I asked for these three people, and the Superintendent said, "I will ensure it."

PRESIDENT FOREMAN: Yeah, he did. He did.

MR. PERRYMAN: So I'm trying to figure out how we can make it right.

PRESIDENT FOREMAN: You did. So we will make the request to ensure they are here. You did make the request and the Superintendent did agree that they would be here. I remember that.

MR. PERRYMAN: Okay. I do think it hurts the credibility of our police when they don't stand by their word. And I think this might be kind of a bigger issue that we have that we're seeing here.

So once again, we bring up this issue that we're talking about is that the 11th and 12th are not working together. We have an open air drive market. We have had violence on Francisco, especially near Wilcox. We've asked for several buildings to be fast tracked through the building process. Is there any updates on that?
MS. ZOPP: I did communicate the addresses to the Department of Buildings, but I have to admit I did not follow up before today's meeting. But I will. I will follow-up.

MR. PERRYMAN: All right. I'm going to be honest, I'm a little disappointed. These months go by and we haven't had a shooting recently, but what we know is when there hasn't been a shooting in a month, there is about to be one. Because that's what happened, is they wait for us to take a little nap and then the violence starts again.

We also have a vacant lot that's a problem on that corner. I'm not quite sure where to go, because we talked about things last month and we don't have any updates at all.

PRESIDENT FOREMAN: So, Chief Waller, last month the Superintendent did agree that the commanders from 11th and 12th would be here. So I'm going to ask if you will attend and/or Superintendent of Structure meet with the commander of 11th and 12th and give us some kind of report back for next month so we can understand about the meeting, and of course --

MR. PERRYMAN: Well, he agreed to speak on
public record. And I think that's important
because what they say behind closed doors doesn't
line up with what they say out loud. And so I'm
asking that that question --

PRESIDENT FOREMAN: So do you not want the
meeting?

MR. PERRYMAN: I want them here at this meeting
to speak.

PRESIDENT FOREMAN: Okay. So for next month --

CHIEF WALLER: I will ensure -- you said the
commanders of 11th and 12th and CAPS?

MR. PERRYMAN: And the head of the CAPS.
Because this is a big problem is that they are not
listening to the community. So we come to them,
and I had a meeting with the commander of the 11th,
and he ended saying he'd call in 911.

And I think this is the issue, is we come
to them with concerns and they just say -- they
turned around and say call 911. And the beat
officers are chasing their tails getting a million
calls when we're giving them information about
concerns in an area that's very hot right now, yet
they say call 911.

And then the 12th is saying it's not our
problem because it's in the 11th, even though it's
a block from them and they have a troubled
business. So their police won't cross over Madison
because -- because they don't work together.

PRESIDENT FOREMAN: Okay. Max, will you please
send an email for next month, we want the
commanders of 11 and 12 and the head of CAPS,
please.

MR. PERRYMAN: And if we can talk to someone
very soon about the buildings, because that's one
of the biggest issues. A month goes by and we're
suffering. It's been a quiet month, but not for
long.

PRESIDENT FOREMAN: Right. So did you want to
set up a meeting before the public meeting?
Because the public meeting is in a month. Do you
want a meeting prior to that?

CHIEF WALLER: He can give me the addresses.
Troubled buildings is underneath me. He can give
me the addresses.

MR. PERRYMAN: We have already given them.
This is the problem. We give the information
again, again, again, and again, people get
discouraged and they stop working with the police.
That is a part of it. So you guys have that information. You've got --

TRUSTEE ZOPP: We are not these guys. I don't have them with me. I would encourage you to give them to Chief Waller. I don't have them with me. I apologize. I did forward them to the Department of Buildings, I just personally did not follow up. It's my fault.

But I would encourage you, Chief Waller, asked for them, to give them to him. You choose not to, that's up to you. I will get back to you on the information you gave me. I just did not follow up before I came here today, and that was my bad and I apologize.

PRESIDENT FOREMAN: The next speaker, Dariusz -- I'm going to try my hardest on this. Dariusz Dereszkiewicz. Mr. Dariusz is not available.

Anna Czatkowska.

MS. ALATORRE: That's my neighbor. We are all together. I also signed up to speak. Is it possible?

PRESIDENT FOREMAN: Well, if you signed up to speak, yes. What is your name?
MS. ALATORRE: My name is Vickie Alatorre.

PRESIDENT FOREMAN: Vickie Alatorre.

MS. ALATORRE: Yes. Hello. Thank you for giving me an opportunity to speak here. I just wanted to say I know police work is hard, and I don't come here not understanding that. And I know there are a lot of challenges.

But with that said, I just wanted to say I'm also representing the area around Francisco and Wilcox. My particular concern is the 2800 block of Wilcox, West Wilcox.

This area has been -- the problem my neighbor just mentioned, there has been a lot of violence, gun activity, shootings in this area this past year. This is due to a drug war that is going on, or a gang war for drug turf. This area, Francisco and Wilcox, has been a drug haven for decades. Decades.

I said police work is hard business, it's hard work. However, if you can't get something cleared up in decades, there is a problem, okay. I came to this area in 2004. This has been going on, like I said, for at least 30 years and it's not getting better.
We were instructed, as my neighbor says, to call 911. Calling 911 is not a long term solution, that is a reactive solution. Reactive, calling the police. We need a proactive plan from the Police Department.

I talked to the 12th District in the past. They tell me, why do you live here? If we clean up your block, it will just go to another one. I really don't care if it goes to another block. My concern is my area.

If you have citizens, such as myself and my neighbors, who are willing, who are willing to help clean up the neighborhood, those are the blocks that should take priority. And that is a large group of people there working on that block to try to make it better. All we ask is for assistance. And I feel like we are -- when we speak, it falls on deaf ears.

So what I'm asking for is a long term, proactive solution for this problem. Because it's just -- we have families, we live there. There is no reason why this has to go on for decades. Let's close up shops. Let's close up shop on Wilcox and Francisco. Let's show them that this is not open
for business anymore.

    I can't -- I'm not a police officer, I
don't know police work. But I can tell you, be --
there are tools that the City has at the Police
Department's disposal to take care of this. You
know, loitering, all these other open vacant lots,
troubled buildings, all that stuff.

    PRESIDENT FOREMAN: Thank you. So here -- I
know it's not an immediate solution, but we are
going to have a meeting with 11th and 12th with the
community group. We are going to get a report
back. We are going to ask that the commanders of
11, 12, and CAPS are here next month to make a
public statement. And, you know, we'll continue to
get regular reports on the progress. So we're
going to ask that you all continue to keep us
updated.

    MS. ALATORRE: We do, but this is the problem.
Nothing gets done. And this is proof. They didn't
show up.

    PRESIDENT FOREMAN: So we're going to try
something different, okay.

    MS. ALATORRE: Okay.

    PRESIDENT FOREMAN: We're the Chicago Police
Board. What we do is we handle discipline for the most part, okay. So what we're doing is we're saying we're going to take responsibility and ask the Superintendent's office to take some steps. Maybe some of the same steps, maybe some different steps, but to take some steps to make sure your issue is satisfied. We are going to ask them to report back to us, and we are going to ask them to come here publicly and say what it is. We're going to ask you to continue to come back.

MS. ALATORRE: I will, trust me.

PRESIDENT FOREMAN: To speak to us, to let us know, to put it on the record. And it might take more than one month. You might have to come back a few months.

MS. ALATORRE: That's fine. This has been going on for 30 years. It's not going to go away overnight, I understand that.

PRESIDENT FOREMAN: So continue to work with us, and we're going to continue to push to try to make sure you get some resolution. Is that fair?

MS. ALATORRE: It's not me, it's the citizens of our area, of that block. Thank you.

PRESIDENT FOREMAN: Yes. Thank you.
Next speaker, Darva Watkins.

Crista Noel.

MS. NOEL: Good evening, everyone. How are you this evening? Okay.

I just want to make a quick statement, and that is I do care about all of Chicago. Every single block. So whatever you do, you do it for all of Chicago. Don't push it to another block, you get all the blocks straight. That ain't what Chicago is about.

All right. Bettie Jones, Rialmo. Rule 14, deposition. Every time Joel Brodsky calls for a side bar, Rialmo got caught lying or contradicting his deposition testimony. Get the deposition of Rialmo. Forensic evidence, Dr. Judy Melinek, Harvard grad, cum laude, UCLA, and she was present at ground zero, says that what Rialmo describes did not and was not supported in any way by the forensic evidence.

Three, these three reports that they are asking you to get from the shooting specialists are based on Rialmo's statements and are not the forensic -- and the forensic evidence proves that what he says did not occur. So these three
shooting specialists are basing it on his testimony, not the forensic evidence.

Dr. Judy Melinek. We cannot have police officers on our force that believe that they can shoot innocents without repercussions. You do not get to shoot innocent people without repercussion. You shoot somebody innocent, you're a police officer, you lose your job. That's just the way it is.

We must rule morally as well as constitutionally. Rialmo had no constitutional right to kill Bettie Jones.

Six, peoples' lives are not collateral damage. You do not get to shoot bona fide people while you're aiming at one and claim collateral damage. That's not the way this world goes, okay. So when it comes to Bettie, Rialmo should be fired.

Additionally, one more thing. I got a complaint against him. So we will talk about that.

PRESIDENT FOREMAN: Thank you.

Eric Russell.

MR. RUSSELL: Good evening. My name is Eric Russell, president of the Tree of Life Justice League. We advocate for maybe a host of families,
maybe 50 or 60 nationwide, whose loved ones have
been murdered, brutalized, or tortured by police.

Here in Chicago for the last three years
I was the spokesman for Bettie Jones. And we will
not take salary of a racist killer cop that is
murdering our women and children. We are very
tired of playing the Mayor's alphabet soup game
with no accountability; OPS, IPRA, COPA.

I do not even bring people down here who
have been victimized for victim impact statements
because there is no accountability with this Board.
It is simply an exercise in futility.

For the last three words -- for the last
three years, never in the history of law
enforcement has a family like Bettie Jones been so
utterly disrespected. From the very beginning they
lied and said they wouldn't even tell the truth
that said Bettie Jones -- when they took her to the
medical examiner's office, they would not even say
that it was a police involved shooting. This
racist killer cop. Bettie Jones, the Good
Samaritan, Bettie Jones is the Rosa Parks of our
generation. The Good Samaritan.

Robert Rialmo, I have no more words in
the king's vernacular to express the pain that this
family has went through. So I would use a crude
vernacular in closing. Robert Rialmo is a rabid
dog. He is a rabid dog that has gotten off of
Superintendent Eddie Johnson's chain.

PRESIDENT FOREMAN: Mr. Russell --

MR. RUSSELL: Is that animal present today? He
deserves to be euthanized.

PRESIDENT FOREMAN: Thank you.

MR. RUSSELL: His soul is required in hell.

PRESIDENT FOREMAN: Mr. Russell, thank you.

MR. RUSSELL: He should be Vandyke's cell mate.

PRESIDENT FOREMAN: Thank you. Your time is
up, sir.

MR. RUSSELL: Now you know how we really feel.

PRESIDENT FOREMAN: Next speaker, Martin Preib.

MR. PREIB: Good evening, everybody. You know
who I am, from the FOP. I was hoping the
Superintendent was going to be here, sir, because
we believe that we need some clarification.

Earlier this year the Superintendent
issued a statement, I believe in the form of a
letter, articulating the opinion that the Robert
Rialmo shooting was justified. I believe that last
month that it was portrayed that the paperwork that was necessary for the statute for the case to proceed to the Police Board was misconstrued or mis-advertised as if it was -- indicated a change in the viewpoint of the Superintendent's office.

And we would very much like clarification that the Superintendent's office and opinion is still that that shooting was justified.

And I was here a couple months ago and I mentioned that we were deeply troubled by the media leaks from COPA in this case. We've been deeply troubled about media leaks from civilian oversight and IPRA and now COPA, and these media leaks are always against the police. I have not seen one media leak that helps our case.

And we feel very strongly that this needs to be addressed at COPA, and not just this case, but several others. So we would really appreciate a statement from the Superintendent's office reinforcing their earlier opinion that this shooting was justified.

Thank you very much for your time and have a merry Christmas.

PRESIDENT FOREMAN: Thank you.
Next speaker, John Catanzara.

MR. CATANZARA: Ms. Roberts, a couple months ago I asked you about COPA requisitioning some findings in regard to the Rialmo --

(Brief interruption.)

MR. CATANZARA: I asked you about COPA hiring some people to review the caseload. You said you were new to the case, you didn't have all the particulars. So did you look into it? Was there any independent people hired by COPA to review the file and that determined it was a good shooting?

MS. ROBERTS: The information we relied upon to reach our conclusion is often --

MR. CATANZARA: I didn't ask how you reached a conclusion. I asked simply was there two independent people commissioned by COPA to review the file that determined it was a good shooting. That's a simple yes or no question.

MS. ROBERTS: I cannot answer that with the level of specificity I think that you're asking for. That was a case that proceeded my tenure.

MR. CATANZARA: Well, you told me that last time. You said you would look into it. This is, again, just like the other guy. "We'll look into
"it," you don't look into it, months go by and then you just wait for people to give up and stop coming (inaudible). That's not going to happen. I hope you look into it and because I will be back, guaranteed.

MS. ROBERTS: Thank you.

MR. CATANZARA: Chief Waller, were you aware of the case report generated against the Superintendent for trespass to the expressway this summer?

CHIEF WALLER: I did not read it, but --

MR. CATANZARA: So you were aware of it, but the Superintendent last month said he had no idea about it. Pretty ironic, isn't it? You didn't bring it to his attention?

CHIEF WALLER: It was something that I heard in passing. I did not -- I never saw the case report, but I did hear something like that.

MR. CATANZARA: But you never thought to look into something that serious, where the Superintendent of Police is named as a defendant in a case report, but you just let it go in passing.

CHIEF WALLER: Like I said, I heard it in passing. No one brought it to my attention
directly. If that was the case, an issue with the Superintendent, I probably would have been informed.

MR. CATANZARA: But yet he sat here last month and said he had no idea what it was about at all.

CHIEF WALLER: Well, I don't know what --

MR. CATANZARA: Furthermore, Commander Pontecore -- and you're the Chief of Patrol. Commander Pontecore of the 8th District was transferred to the 17th District on the same rank level as commander, even though he has an open CR against him. He personally ordered that case report scrubbed from the error system. Here is the original screen shots that I took before I submitted it.

If that was a policeman that did it, you guys would make sure that he was stripped immediately at the very least. And that I know, because you know what? You guys tried to silence me by shelving my police powers pending a fitness for duty evaluation. I'm not going to be silent.

So explain to me how is it a police commander can do something that egregious and not face any repercussions immediately pending even the
outcome of an investigation.

CHIEF WALLER: We can talk after off line about that. I'm not familiar with the case. So we can talk off line about it, then follow-up on it later.

MR. CATANZARA: Everything is off line. I prefer it on line. Because the problem with this department, you guys sit here and preach accountability, you preach the whole consent decree nonsense, but the consent decree and accountability never travels in this building to anybody in a white shirt and never to the second floor of any police district in this city. Never.

CHIEF WALLER: Did I not talk to you out in the parking lot?

MR. CATANZARA: Yes, and you were --

CHIEF WALLER: Did I not know who you were when I spoke to you? So don't speak to me -- don't disrespect --

MR. CATANZARA: But what would be resolved?

CHIEF WALLER: Don't disrespect, don't disrespect me like that.

MR. CATANZARA: But I brought it to your attention --

CHIEF WALLER: And I brought it to you --
MR. CATANZARA: But what --

CHIEF WALLER: -- and then in the parking lot and I didn't know who you were. I had no idea who you were.

MR. CATANZARA: So per general order, when you're presented with an allegation of wrong doing, you're supposed to do something about it. So our conversation in the parking lot when I brought up to you about Pontecore, what did you do about it?

CHIEF WALLER: What did you tell me? You told me that --

MR. CATANZARA: I told you that he ordered the sergeant on the Second Watch to scrub the police report from the system.

CHIEF WALLER: Isn't that just a process that doesn't just involve me speaking to you haphazardly in the parking lot? Isn't there a process for that? And you seem very versed in that so you know what that process is. Don't come here and try to grandstand with this. You know if --

MR. CATANZARA: It's not grandstanding.

CHIEF WALLER: Follow the process and I will have someone speak to you afterwards.

MR. CATANZARA: Nothing was done. That's the
This man is still making command decisions.

PRESIDENT FOREMAN: Mr. Catanzara, thank you.

Next speaker, Robert More.

MR. MORE: It is December 13, 2018. Robert G. More speaking on behalf of the St. Michael the Archangel executive committee.

For the record, Robert G. More has attempted to attend every single meeting this year but has missed a number of them, but has come down here every single -- once a month.

All these disclaimers and postulations of setting heading into the or eight months away from first Republican primary debate and 25 months away from the next scheduled inauguration are incorporated from prior setting establishments. So I can try to get into the issues.

Lamentably, the Superintendent is not present. What is the basis, Assistant Superintendent Waller, of the absence of the Superintendent from this meeting?

CHIEF WALLER: He has another commitment that he could not miss.

MR. MORE: And what exactly is that commitment?
CHIEF WALLER: I cannot disclose that to you.

MR. MORE: And I understand that's got to be addressed in the foyer or some other means.

The next issue is the blaming of the Spencer (phonetic) murders, it makes no sense to me to interrogate other than the chief policy maker, so that issue is entered and continued. All of the issues that I don't get -- some of the issues, hopefully, that I don't get raised in this 120 second, which is rapidly expiring, will be posted at the website jr21-15protctr@tripod.com, because there is just a laundry list here of really important issues.

What was at the front burner was a tent and a number of positions valued over $700 I estimated of mine that was destroyed on the 28th of -- or 29th, rather, of the September of 2018. And that relates to a bounty which has been established in terms of a wrongful death/murder/plot to murder project against all people similarly to Robert G. More, similarly situated people. And the second project is specific to Robert G. More.

And the question I have to the Assistant
Superintendent, can the City Chicago of Police Department members collect bounties in regard to this matter? And I'll show you one aspect of the relevance of that.

These fires out in Northern California are obviously directed energy weapon fires. And they're obviously connected to the Rothschilds.

PRESIDENT FOREMAN: Mr. More, can you wrap it up, please.

MR. MORE: Can I just finish the last point? Because I have about ten more issues.

PRESIDENT FOREMAN: I know you do.

MR. MORE: Can I just have another two seconds?

PRESIDENT FOREMAN: Okay.

MR. MORE: Okay, go. The question is can the City of Chicago police officer members collect a bounty? Because if it was the Rothschilds that connect these fires out in Northern California, the estate of the victims is gigantic compared if it's some other cause of the fire.

So next time at the meeting, whoever is sitting here, I'm going to enter and continue to try to answer that question.

Thank you, Mr. Foreman, for giving me
that extra little bit of time.

PRESIDENT FOREMAN: Thank you.

At this time all those persons who signed up in advance to speak have been recognized. Is there a motion to adjourn?

MS. SISTER: I signed up to speak, Mr. President. I signed up to speak, Mr. President, and you know that process --

PRESIDENT FOREMAN: Well, okay.

MS. SISTER: -- should be.

PRESIDENT FOREMAN: Well, we don't have you signed up, but I'll allow you to speak.

MS. SISTER: Well, I left a message. Because I was out there doing CPD's job.

PRESIDENT FOREMAN: I'll allow you to speak.

MS. SISTER: And today is Thursday, it's the new Friday, you all. 'Tis the season, ho, ho, ho.

PRESIDENT FOREMAN: Come on.

MS. SISTER: It's prime time. I just want to make known that I did get the letter back from CPD showing that several people called when I called the police over at CHA, and we still cannot find that generated complaint. And I have a problem with that.
The other issue is we had several individuals go out, Chief Waller, to the stations. Last month I come and I brung in 25 bags of whistles to be distributed to the districts because I didn't bring them all the month before when I give them to you. And when we sent individuals in for the whistles at the station, they are not there.

Now, you all are not contributing a dime to this safety process. You all got a $2 billion budget. And nobody can tell me what's going on with the money. We don't get no money, you know. I'm on a wing and a prayer for real. I think we need a forensic audit. Especially when we got budgets coming out and there is nothing allocated for anti-violence prevention. I think something is wrong. I need to be compensated.

And more than that, my rep speaks for me. I need a letter of recommendation from each of you. Especially you, Zopp, okay, and Mr. President. And Paula Wolff, you know. I don't have to come by to see you because I do what needs to be done. Half the things I do we don't even talk about, but it takes funds. So maybe I got it, you know, a letter
saying we need somebody else in charge. Maybe we
can fairly allocate this money to meet the needs of
the people.

Because I don't see you all out here
plugging this for black blood flowing through the
urban streets of Chicago into my village. This is
ho-ho-ho season, you know, and it's desperate out
here. And they are coming at the elders as well as
each other.

PRESIDENT FOREMAN: Thank you.

MS. SISTER: My elders are being targeted.

PRESIDENT FOREMAN: Thank you.

MS. SISTER: They're not safe going from their
garage into the back doors of their homes. And
then they're holding them hostage in their house.

PRESIDENT FOREMAN: Queen Sister, thank you.

MS. SISTER: And they don't call the police. They don't call the police. They call me.

PRESIDENT FOREMAN: At this time all those
persons who signed up in advance to speak have been
recognized.

Is there a motion to adjourn?

TRUSTEE WOLFF: So moved.

TRUSTEE DELGADO: Second.
PRESIDENT FOREMAN: All in favor say aye.
   (Ayes in unison.)
PRESIDENT FOREMAN: Motion passes and the meeting is adjourned.
   (Meeting concluded at 8:11 o'clock p.m.)
