The mission of the Individual Artists Program is to support Chicago’s practicing artists in creating work that develops their craft and elevates their careers while adding to the cultural vitality of the City. We invest in artists because we believe the arts are an essential part of life.

Through this program, DCASE will award project grants to resident Chicago artists.

This program seeks to address the following goals, in support of its mission:

● To make grants in alignment with artists’ self-identified, unique and evolving needs.
● To address gaps in local and national individual artist funding infrastructures.
● To support a diverse group of artists reflective of the city of Chicago and its cultural landscape.

The application link is on our website at www.chicagoculturalgrants.org

**Artists Must Select Only ONE Primary Discipline for their project:**

- Film & Media Arts
- Literary Arts
- Music
- Performing Arts (Theater/Dance)
- Visual Arts/Design

The primary discipline selected will determine who reviews and scores your grant application. If your work is multi-disciplinary, you will be able to identify additional disciplines following the primary discipline selection.

Applicants will also select a PROJECT TYPE to best describes the project activities:

- **Project in Development:** Create or develop a new work
- **Publication/Distribution:** Promote and build audiences for an existing work
- **Public Event – Local:** Presentation of work within city of Chicago
- **Public Event – Touring:** Presentation of work outside city of Chicago
- **Research:** Research in preparation for a future work
- **Investment in Artistic Practice:** Funding to support general administrative costs associated with artistic practice, such as artistic or professional training, renting or purchasing equipment, materials, or services

GENERAL GUIDELINES

- **Grant Period**: The grant period will be January 1, 2024 – August 31, 2024, or January 1, 2024 – December 31, 2025 depending on the timing of your project. Grant periods have been extended to two years due to payments being projected to go out later in 2024, and to give grantees more time to execute their projects. If awarded, all grant funds must be expended by the grantee during the grant period. You will be notified of your grant period when grant decisions are made.

- **Grant Size and Amount**: We will accept requests up to $6,000. DCASE may award larger or smaller grants than those requested by applicants based on our available funds, the strength of the proposed work, and the clarity of the submitted budget. A majority of grants will be awarded at no less than 75% of request amounts. **Note**: If you are a City of Chicago employee or contractor, you are only eligible to receive up to $1,000.

- **Payment/Reimbursement**: Grants will be made in a single, one-time payment following the successful completion of the grant agreement. **IAP grants are likely to serve as reimbursements** for expenses incurred in 2024, or as advance payments for 2025 project expenditures. The payment timeline projected in this application is subject to change.

- **Previous IAP Grantees**: Beginning in 2024, artists must take one year off from applying after being selected for an IAP grant. 2023 IAP grantees are not eligible to apply. Artists receiving IAP grants in 2022 or prior are eligible to apply, if they do not have a current IAP project underway with an extension into 2024.

- **Supported Projects**: Artists working on long-term, large-scale projects may apply to receive additional support for a project previously supported by IAP. In this instance, be sure your 2024 application (1) clearly shows substantial progress of the work since the last application and (2) requests funding for distinct and unique aspects of the project not previously funded by DCASE. Preference will be given to unique projects that have not previously received funding. To see a list of past IAP grantees, please visit [www.chicagoculturalgrants.org](http://www.chicagoculturalgrants.org).
GENERAL GUIDELINES

- **Collaborative Projects:** Applications for collaborative projects are welcome. DCASE defines a "collaborator" as someone considered a co-owner of the project and a generative part of the team, with some level of artistic control over its outcome.

  - A collaborator is NOT someone who provides services on a work for hire or independent contractor basis.
  - If applying on behalf of a collaboration, applicants must select a Lead Artist to be responsible for all application and grantee requirements. This Lead Artist must meet all IAP eligibility requirements and play a principal role in the proposed project. If funded, this person will receive the grant funds in their name on behalf of the group and will be required to pay Federal taxes on any amount awarded.
  - If you are listed as a collaborator on an IAP application, you cannot apply for your own IAP grant. Resumes and statements of commitment from all collaborators must be supplied in the application.

- **Artists Affiliated with Organizations:** Artists affiliated with 501(c)(3) non-profit organizations currently funded by DCASE’s other grant programs, or other arts organizations, remain eligible to apply for IAP. However, applicants must ensure proposed projects are self-directed and independent from the work of the organization with which they are affiliated. The individual artist must be responsible for executing the proposed project and for raising a majority of the funds for the project.

- **Prohibition Against “Double Dipping”:** Recipients of Neighborhood Access Program or Together We Heal Creative Place Program direct grants are not eligible for support of the same project through IAP. If you are receiving or applying to receive support from DCASE for this work in another capacity (e.g., rehearsal space at the Chicago Cultural Center, performance opportunities, exhibition space), note that you may only seek grant support for project expenses not covered by another division of DCASE. Priority will be given to projects not receiving other DCASE support.

- **Mentorship:** DCASE is considering piloting a peer mentorship program as part of IAP in 2024. As part of the application process, you can indicate if you are interested in learning more about becoming a mentor or mentee.

Lodging stipends have been determined based on federal travel stipend standards.

- IAP grantees can use 25% of their grant to pay themselves for their work on the project and to purchase equipment with a total value of $5,000 or less.

Please note all IAP grant recipients will be taxed on the full grant amount awarded. The percentage will be based on the applicant's taxable income bracket. HOW TO APPLY

The link to apply to the 2024 Individual Artists Program (IAP) is posted on our website beginning on November 29, 2023: www.chicagoculturalgrants.org

All applicants must apply using our online grants application platform hosted by Bonterra. Please note that the CyberGrants brand is being phased out, but your application experience will remain generally familiar.

- Previous applicants can log in using their previously created login information and should be sure to update all contact information throughout their account. If you do not remember your login/password, please contact by clicking on the “Have a technical support question?” link at the bottom of the login page.

- New applicants will be required to register and create an account upon accessing the system. Since this is an individual artists program, please enter your legal Last Name, First Name when the registration system asks for your Organization Name. You will have an opportunity to list your name as you would like it to appear in public listings in a separate part of the application.

- Read and follow all directions and guidelines to ensure that your application is complete and accurate before submitting. You can save your work and return to complete the application at a later time.

- Even though you can type your responses to application questions directly into the online application, it is recommended that you draft your answers in a separate document, then copy and paste as plain text into the online application. This will prevent any loss of work due to internet connectivity or other technical issues encountered.

- To avoid errors, please do not use formatted text (such as italics or bold print) or special characters, such as quotation marks (“”) or asterisks (*) in your narrative. Please note that all character limits listed are for characters with spaces, and paragraph breaks will also count as characters.

- We recommend having someone review your narrative that does not do similar work to you, to ensure that your goals and project plans are clear and understandable.

- We strongly recommend that you begin and submit your application before the due date. Familiarize yourself with the online application and reach out to address anything about which you need further clarification well in advance. The DCASE Cultural Grants Team will answer questions and help you troubleshoot technical issues to the best of our ability.

- Please note that our office receives numerous troubleshooting inquiries within the hours prior to the final submission. Therefore, we strongly encourage you to contact us as early as possible to ensure our assistance before the deadline.

LATE OR INCOMPLETE APPLICATIONS WILL NOT BE ACCEPTED OR REVIEWED.
WHAT YOU NEED TO APPLY

The following information is required of all applicants:

  - **Project Information**: A description and timeline for your project and description of promotional and audience engagement plans if applicable.
  - **Explanation of how project will impact your career and benefit the city of Chicago. Your responses should make a case for why you believe the City should fund the project.**
  - If you prefer to describe your idea via a video or audio recording, you can provide abbreviated written responses and upload or provide a link to a video or audio recording of your responses to the narrative questions.

- **Demographic information** about yourself and your target audience

- **Proof of Chicago residency**: A current Driver’s License, State ID or Chicago CityKey showing Chicago address must be provided. **No other proof of Chicago residency will be accepted.**

- **Artistic resume**: current chronological summary of artistic achievements, activity, exhibitions, performances, awards, publications, etc.

- **Recent work sample** of your artistic practice with a description of this work and how it relates to the proposed project. (See Page 21 for more guidance)

- **A project budget** must be submitted using the template provided in the Attachments section of the CyberGrants application. **A complete budget for the entire project is required, not just the amount of the grant requested.**

Detailed instructions are included in the template, and a webinar is available on our website to walk you through the process of filling out this template. If you need assistance with the budget template, please contact Meghan Beals at meghan.beals@cityofchicago.org by January 10 to schedule a budget appointment.

  - All components/activities listed in your project description should be accounted for in the budget.
  - The total expenses cannot be greater than the total income. Please list all sources of revenue/funding, even if they are pending, not yet secured.
  - Please save a copy of your budget for your records.

Additional items will be required depending on your project type:

● If this is a collaborative project, **resumes for all collaborative artists** and a **statement of commitment to this project** from each collaborator.

● If applying for a touring project, provide a **contract**, **signed offer letter**, or **letter of interest** from venue(s).

● If applying for an **investment in artistic practice** project that involves training, provide a **brochure**, **website link**, or **letter** from the providing institution/individual outlining the opportunity.

● Optional **supplementary materials**. You are welcome to include a **2-3 minute video or audio recording describing your project**. Examples of helpful documents:
  
  o Resumes or credentials for artists you will be employing.

  o Cost estimates or invoices for equipment purchases.

  o Filmmakers are welcome to include a pitch deck, pitch video, look book, mood board, and/or proof of concept as supplementary materials.
WORK SAMPLES

Your artistic merit will be evaluated largely based on the work sample you provide, so be sure to select something that represents the best of what you do.

You will be asked to provide a work sample that demonstrates your past work and shows your completing or executing a project similar or closely related to that described in the application. **Work samples do not need to be professionally produced.**

Applicants may upload JPG images or PDFs OR provide URLs or web links to video or audio recordings or images. **Please note that links to account-based file sharing websites like Dropbox or Google cannot be accepted.**

Below are guidelines as to the size, length, and number of samples that are appropriate given your discipline:

- **Film & Media Arts, Performing Arts (Theater/Dance), Music**: Up to 5 minutes of video or sound recordings, combined
- **Literary Arts**: No more than 10 pages of literary samples
- **Visual Arts/Design**: 8-10 images

If your work is multi-disciplinary, you are welcome to submit a combination of work samples, being cognizant of these size, length and number restrictions. For example, you can submit a 2.5 minute video and 5 images, but cannot submit a maximum length (5 minute) video and the maximum number (10) of images.

**If you are a curator showing work from past exhibitions/performances that you’ve curated or produced, please be sure to credit all artists featured.**

You will also be asked to provide the following information with your work sample:

- **Work Sample Instructions**: Any instructions or information that is needed to access your work sample. For example, passwords to protected videos, or the exact time in a larger video that grant reviewers should begin viewing the sample.

- **Work Sample Description**: Explanation of the relationship of the work sample to the application. Include the title of the work, the date the work was produced/made/performed/published, any other creative professionals/artists/performers involved. For **visual arts applications**, provide an annotated image list that includes the title, media, year completed, dimensions, and location (if site-specific) for each corresponding image.
1. Eligibility Screening

The DCASE Cultural Grants team will review all submitted applications to ensure they have met the minimal eligibility criteria. Those which do not meet the minimal eligibility criteria will not be moved forward in the review process.

If more than 600 applications are received (as compared to 1063 in 2023, 852 in 2022, 534 in 2021, and 585 in 2020), DCASE staff will screen applications to select approximately 600 for external panel review, prioritizing applicants meeting the following criteria:

- Applicants that are residents of LMI (Low and Moderate Income) community areas.
- Applicants requesting support for projects that have not received previous DCASE support.
- Applicants that did not receive an IAP grant or other support from DCASE in 2021 or 2022.
- Applicants that have identified and secured locations, venues, collaborators, organizational partners, artists and/or vendors for their project.
- Applicants of underrepresented wards, neighborhoods, disciplines, genres, career levels, project dates and project types.

2. Peer Panel Grant Review

Applications selected for panel review will be reviewed by an external panel made up of artists, arts administrators, arts educators, and other experts.

Consideration is given to creating teams with demographics appropriate for each discipline and reflective of the city as a whole, including artistic expertise, race, gender, geographic knowledge of the city, and cultural understanding. A majority of the grant review panel will be BIPOC (Black, Indigenous and People of Color).

The panel is charged with reviewing eligible proposals, discussing projects’ merit and feasibility, making comments, and assigning numerical scores using the IAP review criteria.

Grant reviewers make funding recommendations to DCASE. The role of the DCASE staff is to facilitate panel review and to aid grant reviewers in finding consensus.
The following criteria will be used to evaluate all grant proposals:

- **Artistic Merit**: Reviewers will assess the following by reviewing all submitted materials, with a special emphasis on the work sample.
  - The artistic capabilities of the applicant as demonstrated by a history of work relative to the current stage of applicant’s career.
  - Work sample and application materials show artistic merit – i.e., demonstrating outstanding craftsmanship; advancing, preserving, or celebrating the art form.
  - Applicant’s work brings fresh perspective to artistic concepts or societal issues, fosters a sense of belonging, and has potential to engage audiences or creative communities.

- **Quality of Proposed Project**: Proposed project is clear and compelling. Reviewers will examine the feasibility of the project and how it will help the applicant progress towards self-identified goals, considering the project plan and goals, budget, and audience engagement plans as applicable.
