No further investigation is required, although the Hazardous Building Materials Survey is required.

III. BACKGROUND

The LaSalle Street Reimagined initiative was launched on September 26, 2022, to address the lack of affordable housing options in the Loop and the unprecedented levels of office and retail vacancies, the rates of which are higher compared to the other Chicago downtown submarkets.

The initiative was motivated by post-pandemic economic conditions, including data that showed:

- 50% fewer workers in Chicago's downtown, which was estimated to reduce spending in downtown by \$3 billion per year
- 50% decline in downtown office building values, estimated to cause a \$1.1B reduction in the property tax base

The LaSalle Street Corridor includes a highly intact historic character (59% of the buildings are pre-1940) that is a 100% Transit Served Location.

However, it is an office monoculture, with 85% of the real estate allocated to office use, and 26-36 office and retail vacancies, which is higher than other downtown submarkets.

To address these issues, DPD initiated a six-month planning process in Q3 2020, during which 150 participants identified 90 action items, including the drafting of a Technical Assistance Panel by the Urban Land Institute on Repositioning LaSalle Street.

A market analysis completed in Q3 2022 identified a market for multi-unit residential, dining/entertainment and tourism/cultural uses along the LaSalle Street corridor and identified and evaluated 15 underutilized office buildings for redevelopment.

Following these planning and data collection efforts, DPD issued an Invitation for Proposals on September 26, 2022, inviting proposals to convert office buildings to residential uses, with supporting retail/commercial uses.

The initiative uses public funding assistance to implement three interrelated components:

1. **Create affordable housing** - From 9 applications submitted in December 2022, 3 finalists (111 W Monroe; 208 S LaSalle; 135 S LaSalle) were selected in March 2023, followed in May by two additional finalists (30 N LaSalle; 105 W Adams) and in January 2024 by an additional finalist (79 W Monroe).

On April 3, 2024, Mayor Johnson announced that four of these adaptive reuse projects would move forward for the City Council's consideration, including 111 W Monroe, 208 S LaSalle, 30 N LaSalle and 79 W Monroe.

2. **Create an inviting and forward-thinking street:** Revitalization of LaSalle's streetscape and public realm with \$1M in initial funding for the engineering assessment and visioning work.
3. **Support locally owned cultural and dining businesses:** Up to \$5 million in Small Business Improvement Fund (SBIF) grants was approved by City Council in January 2023 for up to \$250,000 in grant funds for each awardee and an additional \$50,000 for businesses expanding from low- to medium-income communities. City assistance to support permanent improvements for seven restaurants, storefront and cultural enterprises are moving forward through the City's SBIF program. An additional SBIF funding round downtown will be opened in September 2024.

111 W Monroe

The original 20-story neoclassical west building was designed by Shepley, Ruttan and Coolidge and was built in 1911 by the Harris Trust & Savings Bank. In 1958, Skidmore, Owings & Merrill ('SOM ') designed the adjacent east building for Harris Bank in a postmodernist style prevalent after World War II. The two buildings are now commonly known as "111 West Monroe."

A third 37-story building was designed by SOM for Harris Bank in 1974 and was constructed adjacent to the original 1911 tower and is commonly known as "115 South LaSalle". The third building was sold to the State of Illinois for \$75 million and is not part of this project.

Architect: Stantec is an international architecture firm with a strong presence in the Chicago area. Stantec has designed multiple historic adaptive reuse projects including the Hyatt Centric in the Loop, Wrigley Field, and the Pullman Artspace Lofts.

General Contractor: For LaSalle Reimagined projects only, DOH's Construction and Compliance bureau has determined that developers may elect to work with one General Contractor (GC) with a demonstrated track record in aligning their construction costs with industry standards and in line with current costs of other downtown adaptive reuse projects. **However, the GC shall competitively bid for a minimum of three (3) subcontractors for the construction.** The developer has not selected a General Contractor yet.

Property Manager: TBD

V. PROPOSED PROJECT

Project Overview: This \$202.8 million project is an adaptive reuse and conversion of approximately 315,000 square feet of the building, located on partial ground floor, partial floor 11, and floors 12 to 23, will be converted into 345 residential units, of which 105 (30%) will be affordable units households earning no more than 80% of the Area Median Income (AMI), with an average income of under 60% of the AMI.

The project will also feature residential including a fitness center, lap pool, bike storage, a private dog run, storage space, and a private rooftop garden terrace with barbeque facilities.

Per-unit development cost is \$587,762. Annual operating costs start at \$10,827/unit.

30% of the 345 units – or 105 total units – will be affordable, with incomes averaging 60% AMI.

Zoning: The Project is zoned DC-16. No zoning change is necessary.

Parking: The project is a transit oriented development located near to the Quincy/Wells historic CTA station and numerous bus lines. Additionally, Union and LaSalle stations, Ogilvie station and Millennium Station are all within walking distance, providing train service to regional and national destinations.

A site plan, floor plans and elevation are provided as exhibits to this report.

Residential Unit Profile:

The following tables provide detailed descriptions of the market-rate and affordable components of the proposed project. The subject property will provide a total of **345** housing units of which **105** units or **30%** will be affordable for households earning no more than **80%** of the area median income. These units will satisfy the Chicago Affordable Requirements Ordinance, which requires 10% of the total units to be affordable in projects developed on land sold by the City or 20% of the units in projects receiving TIF assistance.

Rental Unit Profile

UNIT TYPE	STUDIO		1 BED		2 BEDS	
Number	97	45	113	46	30	14
Market/Affordable	Market	Affordable	Market	Affordable	Market	Affordable

*The price of each rental unit includes heat and water. Tenants pay for electric cooking and other electric.

The affordable rent paid by the tenant is based on the tenant's income, not on market comparables. The maximum rent for each defined "affordable" income level is published annually by the US Department of Housing and Urban Development and listed according to building construction type (i.e. apartment, townhouse, house), number of bedrooms and household size. Rent per square foot is not considered except that HUD housing quality standards and Chicago zoning and building codes set minimum room and unit sizes. Different federal funding development and operating support sources may have different maximum income and rent restrictions.

Environmental Features: The developer is proposing to meet the City’s sustainability requirements by reducing indoor water use; providing bike parking and CTA digital displays and diverting waste by 80%.

VI. FINANCIAL STRUCTURE

The project consists of mixed-income rental that is funded with various sources of equity, public financing, and private financing.

In addition to the \$40m in TIF assistance, 111 W Monroe will receive funds from the following sources:

2. Owner equity of \$31,457,357

VII. PUBLIC BENEFITS

The proposed project will provide the following public benefits.

Affordable Housing: The project will provide **105** new affordable housing units.

Environmental Features: The developer is proposing to meet the City's sustainability requirements by reducing indoor water use; providing bike parking and CTA digital displays and diverting waste by 80%.

Permanent Jobs: The project is estimated to generate **10** permanent jobs. The department's workforce development specialists will work with the developer on job training and placement.

Construction Jobs: The project will produce **200 TEMPORARY** construction jobs.

Affirmative Action: The developer will comply with the requirements of Chicago's affirmative action ordinance, which requires contract participation of 26% by minority-owned business enterprises (MBEs) and 6% by woman-owned business enterprises (WBEs). The developer has provided notification of the proposed project, by certified mail, to several associations of minority and women contractors. A sample version of the letter and copies of the post office receipts for the certified letters are presented as exhibits to this report.

City Residency: The developer will comply with the requirements of Chicago's city residency ordinance, which requires that at least half of all construction-worker hours be filled by Chicago residents. The developer will also comply with the requirement that all construction jobs are paid the prevailing wage.

VIII. COMMUNITY SUPPORT

Aldersperson **CONWAY** endorses the project and has provided a letter of support (see exhibits for copy). The project was presented to the community at a webinar meeting held on March 2, 2023. The following community organization(s) (has/have) endorsed the project: Chicago Loop Alliance, Building Owners and Managers Association, Urban Land Institute, Metropolitan Planning Council, Landmarks Illinois, Preservation Chicago, and SEIU Local 1 Union.

IX. CONFORMANCE WITH REDEVELOPMENT AREA PLAN

The proposed project is in the **LASALLE CENTRAL** Tax Increment Financing Redevelopment Project Area. The proposed project will satisfy the following goals of the area's redevelopment plan: Provide resources for the rehabilitation and modernization of existing structures, particularly historically and architecturally significant buildings. The implementation strategy for achieving the plan's goals envisions the need to provide TIF financial assistance for the development of **REHABILITATION OF OFFICE TO RESIDENTIAL CONVERSION**. The proposed project also conforms to the plan's land use map, which calls for **DOWNTOWN CORE MIXED-USE** development at the subject site.

X. CONDITIONS OF ASSISTANCE

If the proposed resolution is approved by the CDC, DPD will negotiate a redevelopment agreement with the developer. The redevelopment agreement will incorporate the parameters of the proposed project as described in this staff report.

It is DPD policy that no business will be conducted with a development entity whose any principal has outstanding municipal debts (such as unpaid parking tickets, unpaid water bills, unpaid business licenses, and others), is in arrears of child support payments, or who is a debtor in bankruptcy, a defendant in a legal action for deficient performance, a respondent in an administrative action for deficient performance, or a defendant in any criminal action.

Closing of the sale of the property will not occur before the City Council has approved the redevelopment agreement, the developer has obtained all necessary City approvals including zoning and building permits, and the developer has presented proof of financing. The documents will include a development timetable.

XI. RECOMMENDATION

The Department of Planning and Development has thoroughly reviewed the proposed project, the qualifications of the development team, the financial structure of the project, its need for public assistance, its public benefits, and the project's conformance with the redevelopment area plan, and DPD recommends that the CDC recommend to the City Council the designation of 111 W Monroe LLC as Developer for the development of converting office to residential at 111 W Monroe Street.

General Notes

(a) Each actual or estimated Public Investment reported here is, to the extent possible, comprised only of payments financed by tax increment revenue, and may include interest amounts paid to finance the Public Investment amount. In contrast, each actual or estimated Private Investment reported here is, to the extent possible, comprised of payments financed by revenues that are not tax increment revenues and, therefore, may include private equity, private lender financing, private grants, other public monies, or other local, state or federal grants or loans.

(b) Each amount reported here under Public Investment Undertaken, Total Estimated to Complete Project, is the maximum amount of payments financed by tax increment revenue that could be made pursuant to the corresponding Project's operating documents, but not including interest that may later be payable on developer notes, and may not necessarily reflect actual expenditures, if any, as reported in Section 3 herein. The total public investment amount ultimately made under each Project will depend upon the future occurrence of various conditions, including interest that may be payable on developer notes as set forth in the Project's operating documents.

Re: LaSalle Central Redevelopment Project Area
(the "Redevelopment Project Area")

Dear Addressees:

I am the Acting Corporation Counsel of the City of Chicago, Illinois (the "City") and, in such capacity, I am the head of the City's Law Department. In such capacity, I am providing the opinion required by Section 11-74.4-5(d)(4) of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq. (the "Act"), in connection with the submission of the report (the "Report") in accordance with, and containing the information required by, Section 11-74.4-5(d) of the Act for the Redevelopment Project Area.

Attorneys, past and present, in the Law Department of the City and familiar with the requirements of the Act, have had general involvement in the proceedings affecting the Redevelopment Project Area, including the preparation of ordinances adopted by the City Council of the City with respect to the following matters: approval of the redevelopment plan and project for the Redevelopment Project Area, designation of the Redevelopment Project Area as a redevelopment project area, and adoption of tax increment allocation financing for the Redevelopment Project Area, all in accordance with the then applicable provisions of the Act. Various departments of the City, including, if applicable, the Law Department, Department of Planning and Development, Department of Finance and Office of Budget and Management (collectively, the "City Departments"), have personnel responsible for and familiar with the activities in the Redevelopment Project Area affecting such City Departments and with the requirements of the Act in connection therewith. Such personnel are encouraged to seek and obtain, and do seek and obtain, the legal guidance of the Law Department with respect to issues that may arise from time to time regarding the requirements of, and compliance with, the Act.

In my capacity as Acting Corporation Counsel, I have relied on the factual certification of the Commissioner of the Department of Planning and Development attached hereto as Schedule 1, along with the general knowledge and actions of the appropriately designated and trained staff of the Law Department and other applicable City Departments involved with the activities affecting the Redevelopment Project Area. In addition, I have caused to be examined or reviewed by members of the Law Department of the City the certified audit report, to the extent required to be obtained by Section 11-74.4-5(d)(9) of the Act and submitted as part of the Report, which is required to review compliance with the Act in certain respects, to determine if such audit report contains information that might affect my opinion. I have also caused to be examined or reviewed such other documents and records as were deemed necessary to enable me to render this opinion. Nothing has come to my attention that would result in my need to qualify the opinion hereinafter expressed.

Based on the foregoing, it is my opinion that, in all material respects, the City is in compliance with the provisions and requirements of the Act in effect and then applicable at the time actions were taken from time to time with respect to the Redevelopment Project Area.

This opinion is given in an official capacity and not personally and no personal liability shall derive herefrom. Furthermore, the only opinion that is expressed is the opinion specifically set forth herein, and no opinion is implied or should be inferred as to any other matter. Further, this opinion may be relied upon only by the addressees hereof and the Mayor of the City in providing his required certification in connection with the Report, and not by any other party.

Very truly yours,

Mary B. Richardson-Lowry
Acting Corporation Counsel

INDEPENDENT AUDITOR'S REPORT

The Honorable Brandon Johnson, Mayor
Members of the City Council
City of Chicago, Illinois

Opinion

We have audited the accompanying financial statements of the LaSalle Central Redevelopment Project of the City of Chicago, Illinois, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Project's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the LaSalle Central Redevelopment Project of the City of Chicago, Illinois, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Chicago, Illinois, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As described in Note 1, the financial statements of the LaSalle Central Redevelopment Project, City of Chicago, Illinois, are intended to present the financial position and the changes in financial position, of only that portion of the special revenue funds of the City of Chicago, Illinois that is attributable to the transactions of the LaSalle Central Redevelopment Project. They do not purport to, and do not, present the financial position of the City of Chicago, Illinois, as of December 31, 2022 and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Chicago's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the LaSalle Central Redevelopment Project's basic financial statements. The Schedule of Expenditures by Statutory Code is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

LASALLE CENTRAL REDEVELOPMENT PROJECT
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

As management of the LaSalle Central Tax Increment Redevelopment Project Area (Project), we offer the readers of the Project's financial statements this narrative overview and analysis of the Project's financial performance for the year ended December 31, 2022. Please read it in conjunction with the Project's financial statements, which follow this section.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Project's basic financial statements. The Project's basic financial statements include three components: 1) government-wide financial statements, 2) governmental fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information concerning the Project's expenditures by statutory code.

Basic Financial Statements

The basic financial statements include two kinds of financial statements that present different views of the Project – the *Government-Wide Financial Statements* and the *Governmental Fund Financial Statements*. These financial statements also include the notes to the financial statements that explain some of the information in the financial statements and provide more detail.

Government-Wide Financial Statements

The government-wide financial statements provide both long-term and short-term information about the Project's financial status and use accounting methods similar to those used by private-sector companies. The statement of net position includes all of the project's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide statements report the Project's net position and how they have changed. Net position – the difference between the Project's assets and liabilities – is one way to measure the Project's financial health, or position.

Governmental Fund Financial Statements

The governmental fund financial statements provide more detailed information about the Project's significant funds – not the Project as a whole. Governmental funds focus on: 1) how cash and other financial assets can readily be converted to cash flows and 2) the year-end balances that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more financial resources that can be spent in the near future to finance the Project. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the statements to explain the relationship (or differences) between them.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and governmental fund financial statements. The notes to the financial statements follow the basic financial statements.

Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents a schedule of expenditures by statutory code. This supplementary information follows the notes to the financial statements.

Condensed Comparative Financial Statements

The condensed comparative financial statements are presented on the following page.

Analysis of Overall Financial Position and Results of Operations

Property tax revenue for the Project was \$170,606,965 for the year. This was a decrease of 9 percent over the prior year. The change in net position (including other financing uses) produced an increase in net position of \$39,182,400. The Project's net position increased by 12 percent from the prior year making available \$211,223,858 (net of surplus distribution) of funding to be provided for purposes of future redevelopment in the Project's designated area.

CITY OF CHICAGO, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies

(a) *Reporting Entity*

In November 2006, the City of Chicago (City) established the LaSalle Central Tax Increment Redevelopment Project Area (Project). The area has been established to finance improvements, leverage private investment and create and retain jobs. The Project is accounted for within the special revenue funds of the City.

The financial statements present only the activities of the LaSalle Central Tax Increment Redevelopment Project and do not purport to present the financial position and the changes in financial position of any other special revenue funds of the City of Chicago, Illinois, as of December 31, 2022 and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

(b) *Accounting Policies*

The accounting policies of the Project are based upon accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

(c) *Government-wide and Fund Financial Statements*

The government-wide financial statements (i.e., the statement of net position and the statement of activities) and the governmental fund financial statements (i.e., the balance sheet and the statement of governmental fund revenues, expenditures and changes in fund balance) report information on the Project. See Note 1(a).

(d) *Measurement Focus, Basis of Accounting and Financial Statements Presentation*

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting* with only current assets and liabilities included on the balance sheet. Under *the modified accrual basis of accounting*, revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property taxes are susceptible to accrual and recognized as a receivable in the year levied. Revenue recognition is deferred unless the taxes are received within 60 days subsequent to year-end. Expenditures are recorded when the liability is incurred.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The City has elected not to follow subsequent private-sector guidance.

NOTES TO FINANCIAL STATEMENTS
(Continued)

Note 1 – Summary of Significant Accounting Policies (Continued)

(d) *Measurement Focus, Basis of Accounting and Financial Statements Presentation (Concluded)*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

(e) *Assets, Liabilities and Net Position*

Cash and Investments

Cash being held by the City is generally deposited with the City Treasurer as required by the Municipal Code of Chicago. The City Comptroller issues warrants for authorized City expenditures which represent a claim for payment when presented to the City Treasurer. Payment for all City warrants clearing is made by checks drawn on the City's various operating bank accounts.

The City Treasurer and City Comptroller share responsibility for investing in authorized investments. Interest earned and fair market value adjustments on pooled investments are allocated to participating funds based on their average combined cash and investment balances. Since investment income is derived from pooled investments, the fair value measurement and fair value hierarchy disclosures of GASB 72 will not be separately presented in a note disclosure.

The City values its investments at fair value or amortized cost. U.S. Government securities purchased at a price other than par with a maturity of less than one year are recognized at amortized cost. In 2022, due to fair value adjustments, investment income is showing a loss.

Deferred Inflows

Deferred inflows represent deferred property tax revenue amounts to be recognized as revenue in future years in the governmental fund financial statements.

Capital Assets

Capital assets are not capitalized in the governmental fund but, instead, are charged as current expenditures when purchased. The Government-wide financial statements (i.e., the statement of net position and the statement of activities) of the City includes the capital assets and related depreciation, if any, of the Project in which ownership of the capital asset will remain with the City (i.e., infrastructure, or municipal building). All other construction will be expensed in both the government-wide financial statements and the governmental fund as the City nor Project will retain the right of ownership.

(f) *Stewardship, Compliance and Accountability*

Illinois Tax Increment Redevelopment Allocation Act Compliance

The Project's expenditures include reimbursements for various eligible costs as described in subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act and the Redevelopment Agreement relating specifically to the Project. Eligible costs include but are not limited to survey, property assembly, rehabilitation, public infrastructure, financing and relocation costs.

Reimbursements

Reimbursements, if any, are made to the developer for project costs, as public improvements are completed and pass City inspection. Refer to Note 3 for reimbursements paid to the developer.

Note 2 – Surplus Distribution

In December 2021, the City declared a surplus within the fund balance of the Project in the amount of \$60,000,000. In January 2022, the surplus funds were sent to the Cook County Treasurer's Office to be redistributed to the various taxing agencies.

In December 2021, the City declared a surplus within the fund balance of the Project in the amount of \$51,131,269. In October 2022, the surplus funds were sent to the Cook County Treasurer's Office to be redistributed to the various taxing agencies.

In December 2022, the City declared a surplus within the fund balance of the Project in the amount of \$155,071,461. In March 2023, the surplus funds were sent to the Cook County Treasurer's Office to be redistributed to the various taxing agencies.

Note 3 – Tax Abatement Payments

Under the terms of the redevelopment agreements, the Project paid the developers \$4,040,675 during the year ended December 31, 2022.

Note 4 – Commitments

The City has pledged certain amounts solely from available excess incremental taxes to provide financial assistance to a developer under the terms of a redevelopment agreement for the purpose of paying costs of certain eligible redevelopment project costs.

As of December 31, 2022, the Project has various outstanding service and construction projects with encumbrances for approximately \$854,908.

INDEPENDENT AUDITOR'S REPORT

The Honorable Brandon Johnson, Mayor
Members of the City Council
City of Chicago, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of LaSalle Central Redevelopment Project of the City of Chicago, Illinois, which comprise the statement of net position and governmental fund balance sheet as of December 31, 2022, and the related statement of activities and governmental fund revenues, expenditures and changes in fund balance for the year then ended, and the related notes to the financial statements, and we have issued our report thereon dated June 29, 2023.

In connection with our audit, nothing came to our attention that caused us to believe that the Project failed to comply with the regulatory provisions in Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Allocation Redevelopment Act and Subsection (o) of Section 11-74.6-10 of the Illinois Industrial Jobs Recovery Law as they relate to the eligibility for costs incurred incidental to the implementation of the LaSalle Central Redevelopment Project of the City of Chicago, Illinois.

However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Project's noncompliance with the above referenced regulatory provisions, insofar as they relate to accounting matters.

This report is intended for the information of the City of Chicago's management. However, this report is a matter of public record, and its distribution is not limited.

111 W Monroe, LLC, an affiliate of Prime/Capri Interests, LLC (“PCI”) is pleased to announce the redevelopment of the property located at 111 W. Monroe St., Chicago, Illinois (the “Project”). The property consists of an existing 676,000 SF historic office building that will be redeveloped into 345 mixed income apartments, 327 hotel rooms, approximately 6,000 square feet of retail space, and underground parking. The Project is required by the City of Chicago to meet or exceed minority business enterprise (MBE) participation of 26 percent and women business enterprise (WBE) participation of six percent on construction.

A general contractor has not yet been identified. Once a contractor is selected, a project budget and project schedule will be provided. The Project will require participation of trades such as masonry, carpentry, electrical, mechanical, plumbing, paving, roofing, and others. Since a general contractor has not yet been selected for the project, at this time please direct any questions to Neil Stempel, Executive Vice President, Development and Construction at The Prime Group, Inc., whose contact information is

nstempel@primegroupinc.com. A general contractor selection is expected to be announced in September 2024.

If you know of a company or companies interested in bidding on the project, please provide the contact person, organization name, and contact information, MBE or WBE certification, and trade or have the company directly provide that information to us. Once a general contractor is selected, the list will be provided to the general contractor who will then reach out to meet with representatives of interested companies to present the project budget, construction schedule, and share project bid documents.

PCI is requesting that you make your member companies aware of this exciting project so that they may submit bids for appropriate subcontracting opportunities.

Should you have any questions, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink, reading "Michael W. Reschke". The signature is fluid and cursive, with the first name "Michael" being the most prominent part.

Dear Chairperson Butler,

The Building Owners and Managers Association of Chicago (BOMA/Chicago), the trade association for the city's high-rise commercial office properties, supports the advancement of 111 W Monroe, 208 S LaSalle, 30 N LaSalle, and 79 W Monroe adaptive reuse projects to City Council for their consideration and approval. These important projects will convert vacant office floors into mixed-income housing, providing over 1,000 new residential units including over 300 affordable units for households with an average income of 60% AMI.

As of the date of this letter, 111 W Monroe anticipates utilizing tax-exempt bonds, TIF and Class L with Chicago landmark designation; 208 S LaSalle anticipates utilizing tax-exempt bonds and TIF funds; 30 North LaSalle anticipates utilizing TIF funds; and 79 W Monroe anticipates utilizing TIF funds and pursuing Chicago landmark designation.

BOMA/Chicago supports providing public financial assistance to support these four adaptive reuse projects. Chicago's office industry is experiencing a profound economic crisis, with record-breaking vacancy levels that continue to rise. Chicago has 16 Willis Towers worth of unleased office space downtown, and any investment to revitalize such space will bring returns to the public. Increasing downtown's vibrancy is important to helping stabilize the office industry and ensuring the city's overall economic recovery.

Please feel free to contact me at fparang@bomachicago.org with any questions.

Chairperson Gwendolyn Hatten Butler
Community Development Commission
121 N LaSalle St., Room 1000
Chicago, IL 60602

Dear Chairperson Hatten Butler,

Preservation Chicago wishes to express its enthusiastic support for the advancement of four housing-centered adaptive reuse projects within the Central Business District: 111 W. Monroe St.; 208 S. LaSalle St.; 30 N. LaSalle St.; and 79 W. Monroe St.. We applaud the effort to convert currently vacant office floors within these historic structures into much needed mixed-income housing, providing over 1,000 new residential units - 300 of which aim to offer affordable rents for households earning 60% Area Median Income (AMI).

As of this writing, we understand 111 W. Monroe anticipates utilizing tax-exempt bonds, Tax Increment Financing (via the LaSalle/Central TIF), and Class L property tax relief reserved for City of Chicago Landmarks; 208 S. LaSalle anticipates tax-exempt bonds and TIF funds; 30 N. LaSalle anticipates utilizing TIF funds exclusively; and 79 W. Monroe anticipates utilizing TIF funds and benefits associated with City of Chicago landmark designation. With the exception of 30 N. LaSalle (constructed in 1974), all are excellent candidates for City of Chicago Landmark and/or National Register of Historic Places consideration.

In particular, special attention should be given to 111 W. Monroe, including its bronze bas-relief panels depicting lions at the ground floor, bronze signage dating to the Harris Trust and Savings Bank, and the two-story interior lobby featuring Doric-order columns, which relate to the prominent stone columns on the building's exterior.

Preservation Chicago fully endorses the use of public financial assistance to support these four incredible projects. Bringing additional residents to the Loop - and responsibly stewarding our historic assets - is critical to an inclusive, vibrant, revitalized downtown. We again thank City Council for their consideration of these projects and look forward to future such proposals.

Sincerely,

Ward Miller
