## AUBURN GRESHAM: YOUR VOICE MATTERS

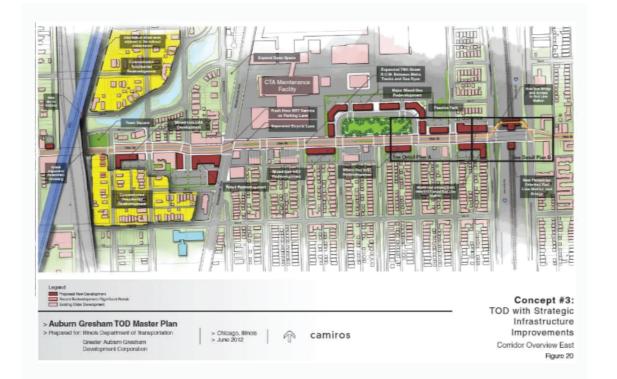

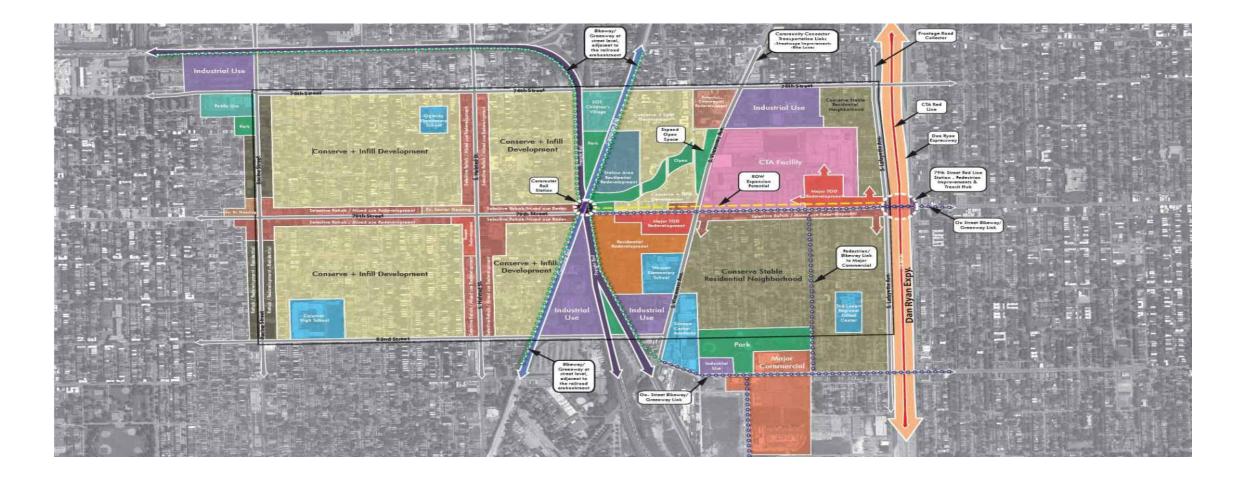

## Auburn Gresham Quality of Life Plan

Facilitated by LISC in partnership with Greater Auburn Gresham Development Corporation "We envision a self-sustaining community where all residents, especially youth, are supported holistically, empowered and challenged."

"Touted by the neighborhood as Chicago's next transit-oriented community, the corridor holds great potential for fostering transit-oriented development, given its concentration of transportation infrastructure, including the Dan Ryan Expressway, the 79th Street bus line (the highest ridership in Chicago), and a future Metra station at 79th Street and Fielding Avenue."

## Auburn Gresham TOD Master Plan

Facilitated by Illinois Department of Transportation in partnership with Greater Auburn Gresham Development Corporation
