February 23 & 24, 2021

Welcome!

Thank you for joining us as we continue the **Roosevelt & Kostner Request for Proposals (RFP)** process.

The 4300 W. Roosevelt Road RFP, which **reactivates a long-vacant industrial site**, is a key element of the **INVEST South/West initiative** – a groundbreaking effort to coordinate investment on the City’s South and West Sides.

The City needs your feedback on the proposals you’ll see today to **help us advance to selecting a winning entry**.

Roosevelt & Kostner Site

- Site has been vacant for decades
- Ald. Scott & DPD have received numerous proposals for the Site
- Use the ISW RFP to create competitive, transparent process

RFP Has Two Main Goals:

- 1) Job & Wealth Creation**
- 2) Be A Good Neighbor**

Urban Design Suggestions

TRANSITION FROM INDUSTRIAL TO NEIGHBORING RESIDENTIAL

Use landscaping, fencing, and smaller buildings, to the extent possible, to create. The Site is at the eastern end of the industrial corridor and must be a “good neighbor” for the residential communities to the north, east, and south.

FOCUS COMMUNITY AMENITIES ON ROOSEVELT ROAD

Non-industrial uses can be focused along Roosevelt Road in order to catalyze amenities along the area’s major commercial corridor.

CREATE SPACES FOR MULTIPLE USERS

Use multiple sizes of buildings and multi-tenant spaces in order to support a variety of businesses. Smaller spaces can increase the participation of local entrepreneurs and small businesses in the economic revitalization of the area.

CREATE OPEN SPACE NEAR POTENTIAL GREENWAY

The City and community are beginning initial analysis about the potential of a “rails with trails” greenway along the current CSX Altenheim line rail corridor. As a major potential greenspace and community amenity, the Site should create or reserve open space near the rail line
