# CHICAGO FIVE-YEAR HOUSING PLAN

Strengthening Neighborhoods — Increasing Affordability.

**2018 THIRD QUARTER  
PROGRESS REPORT  
JULY-SEPTEMBER**

City of Chicago  
Rahm Emanuel, Mayor

## LETTER FROM THE COMMISSIONER

We are pleased to submit the 2018 Third Quarter Progress Report, which presents the Department of Planning and Development's progress on the goals set forth in *Bouncing Back*, the City's fifth Five-Year Housing Plan covering the years 2014-2018. This year continues to be an eventful one, as we transition to a new, free-standing Department of Housing and oversee the collaborative process that will result in the creation of the next Five-Year Plan for the years 2019-23.

During the third quarter of 2018, the City solicited input into this planning process at a public hearing and collected additional public comments and ideas for the Five-Year Plan at DPD's website. We also helped launch a new \$30 million Opportunity Investment Fund to enhance affordability in high-cost neighborhoods, and authorized the latest expansion of our very popular Large Lots Program.

Since 2009, the Department of Planning and Development (DPD) has been the lead agency for the City's affordable housing, housing preservation and homebuyer assistance programs. DPD also promotes economic development by helping existing businesses grow and attracting new industry to the city, and it coordinates all of our zoning, land use planning, sustainability and historic preservation initiatives.

As we transition to the new Department of Housing, our staff will continue to work closely with neighborhood groups, elected officials, state and federal agencies, and other community stakeholders. We at DPD could not succeed in our efforts without the ongoing support and cooperation of these valued partners. It is only through these relationships that we can continue to move forward in creating and preserving affordable housing for all residents of Chicago.

David L. Reifman  
Commissioner  
Department of Planning and Development

## INTRODUCTION

This document is the 2018 Third Quarter Progress Report on the Chicago Department of Planning and Development's housing plan, *Bouncing Back: Five-Year Housing Plan 2014-18*.

For 2018, DPD is projecting commitments of more than \$321 million to assist over 8,500 units of housing.

Through the third quarter of 2018, the Department has committed nearly \$129 million in funds to support over 6,700 units, which represents 78% of the 2018 unit goal and 40% of the resource allocation goal.

## CREATION AND PRESERVATION OF AFFORDABLE RENTAL UNITS

In 2018, the Department of Planning and Development expects to commit almost \$283 million to support nearly 6,000 units of affordable rental housing. DPD initiatives support new construction, rehab of abandoned or deteriorated properties and direct rental subsidies.

Through the third quarter, DPD has committed almost \$90 million in resources to support 4,534 units. These numbers represent 77% of the 2018 multi-family unit goal and 33% of the multi-family resource allocation goal.

### Multi-family Rehab and New Construction

#### Montclare Senior Residences of Calumet Heights

A \$38.3 million, mixed-income senior apartment building will be constructed in Calumet Heights through a financial package approved on July 25 by the City Council. **Montclare Senior Residences of Calumet Heights** will be developed by MR Properties LLC on a five-acre site at 9401 South Stony Island Avenue in the 8th Ward.

City support will include a \$9.5 million Multi-family loan, \$3 million in TIF assistance, and a \$1.3 million loan from the Chicago Low Income Housing Trust Fund, which will also provide rental assistance for 26 units. An additional 34 units will qualify for project-based rental assistance from the CHA.

The seven-story structure will contain a total of 134 one- and two-bedroom apartments, of which 104 will be affordable for independent seniors at up to 60% of Area Median Income; the other thirty will have no income restrictions. Building amenities will include a community room, fitness center, library, media room, computer lab, beauty salon and laundry room.

*This mixed-income rental development to be constructed on an empty lot at the corner of 94th Street and Stony Island Avenue will feature upscale amenities designed to attract senior homeowners who are considering transitioning to an apartment.*

## Clark-Estes Apartments

Construction of an \$18.8 million affordable rental development in the Rogers Park community is now underway following City approval of \$1.7 million in Low Income Housing Tax Credits. The tax credits will generate \$15.8 million in equity for the 54-unit **Clark-Estes Apartments**, which is being developed by Ross Financial Services, Inc.

The four-story building, located at 1763 West Estes Avenue in the 49th Ward, will contain a mix of studio, one-bedroom and two-bedroom apartments, all affordable to households at or below 60% of AMI. Fifteen units will be set aside for persons below 15% of AMI, supported by project-based rental assistance from the CHA. Social services will be provided by Trilogy, Inc., a Rogers Park-based non-profit that specializes in helping persons recovering from mental illness.

The building's ground floor will contain twenty indoor parking spaces along with a community room, management offices, 3,400 square feet of commercial space and other amenities. Construction is expected to be completed in the fourth quarter of 2019.

*Clark-Estes Apartments, a mixed-use project rising on the southwest corner of Clark Street and Estes Avenue, has been designated as a Transit Oriented Development, thanks to its proximity to the Morse Avenue station on the CTA Red Line.*

## Other Multi-family Initiatives

### New Loan Fund Will Boost Affordable Rental Housing in High-Cost Neighborhoods

On July 25 the City Council approved a \$5 million City contribution to the **Opportunity Investment Fund** (OIF), which will expand housing affordability in high-cost neighborhoods. Developed by Community Investment Corporation in partnership with the City of Chicago, the OIF will provide low-cost loans to purchasers of multi-family buildings in targeted areas in exchange for the buyer's commitment to make at least 20 percent of the units affordable for a minimum of fifteen years.

Over the next five years, the \$30 million joint public/private initiative will fund an estimated 300 affordable units in designated target areas where less than 20 percent of residents live below the poverty level. These units will be leased to tenants making up to 50 percent of Area Median Income, which ranges from \$29,600 for one person to \$42,300 for a family of four. "When the public sector, private sector and non-profits work together, we can create stronger communities and make affordable choices available for Chicagoans in every neighborhood," Mayor Emanuel said.

The non-profit Community Investment Corporation (CIC) will administer the fund, with financing from the City's Affordable Housing Opportunity Fund, MB Financial Bank and other public and private sources. The initiative will be coordinated with the CHA's project-based voucher program, which provides rental subsidies to tenants in privately owned buildings.

# PROMOTION AND SUPPORT OF HOME OWNERSHIP

In 2018, the Department of Planning and Development expects to commit almost \$24 million to help over 500 households achieve or sustain homeownership. DPD initiatives support the construction of new homes, the acquisition and rehab of deteriorated and abandoned properties and financing programs for home purchase and rehabilitation.

Through the third quarter, the Department has committed more than \$24 million to support 356 units. These numbers represent 72% of the 2018 homeownership unit goal and 103% of the homeownership resource allocation goal.

## North Lawndale to Host Parade of Homes

Building on the success of a similar venture now underway in the Grand Boulevard community, the City has announced the **North Lawndale Parade of Homes**, targeting 43 City-owned vacant lots in the 24th Ward. Through a Request for Applications (RFA) issued on September 19, the Department of Planning and Development will select developers to design, build, market and sell affordable owner-occupied housing at these locations.

Like the Third Ward Parade of Homes, the North Lawndale sites are dispersed along several blocks to better integrate them into the existing neighborhood fabric and encourage further development. Unlike the earlier Parade, the new initiative's focus will be on affordability, targeting buyers with incomes at or below 140% of AMI.

The lots will be transferred to approved developers for as little as \$1 each under DPD's **City Lots for Working Families** program. To maintain affordability, sales prices will be capped at an estimated \$355,000 for a three-bedroom home and \$400,000 for four bedrooms.

Responses to the RFA are being accepted through December 5.

# IMPROVEMENT AND PRESERVATION OF HOMES

In 2018, the Department of Planning and Development expects to commit over \$21 million to assist nearly 2,200 households repair, modify or improve their homes. DPD initiatives support emergency repairs, energy efficiency improvements and financing programs to help existing homeowners keep their homes.

Through the third quarter, DPD has committed over \$14 million in resources to support 1,812 units. These numbers represent 82% of the 2018 improvement and preservation unit goal and 69% of the improvement and preservation resource allocation goal.

*Due to its success in delivering energy-efficiency upgrades to bungalows and other vintage homes, the Chicago Bungalow Association (CBA) has qualified for additional funding from Peoples Gas and Commonwealth Edison to serve an extra 250 households in 2018 through the **Energy Savers Program**. CBA, a DPD-funded delegate agency, provides these retrofits to 1,000 low- and moderate-income homeowners each year in neighborhoods across Chicago.*

# POLICY, LEGISLATIVE AFFAIRS AND OTHER ISSUES

## City Collects Ideas for Next Five-Year Plan

The Department of Planning and Development (DPD) invited Chicagoans' comments and ideas for the City's next five-year housing plan in a September 13 public hearing at the Harold Washington Library. The new plan, to be titled ***One Chicago: Housing Strategies for a Thriving City***, will establish priorities and objectives focused on the housing needs of Chicago's neighborhoods for the years 2019 through 2023. The public hearing was attended by members of the plan's Steering and Advisory Committees, along with Ald. Joe Moore (49), Chair of the Housing and Real Estate Committee, and key DPD staff.

*One Chicago* will be the City's sixth five-year plan since 1994. Collectively, these blueprints have led to the investment of \$8 billion in public resources and enabled the creation or preservation of more than 220,000 units across the city.

*Bouncing Back*, the 2014-18 Plan, responded to a housing market crash and recession that left a landscape of depressed home values and foreclosures in its wake. The 2019-23 Plan recognizes that the return of the housing market now presents a different set of challenges, including displacement and gentrification in some neighborhoods, while we still must address low property values, depopulation and the legacy of segregation in many other communities.

This year the City has made the planning process more inclusive than ever before, aided by a 120-member Advisory Committee that is twice the size as for previous plans. "Public input will ensure the plan addresses a wide range of community concerns about neighborhood housing markets and the needs of local residents, including families, seniors, veterans, people with special needs and other community stakeholders," said DPD Commissioner David Reifman.

A total of thirty persons offered testimony at the September 13 event, joining an additional seventy written comments that were submitted at DPD's website during a public comment period that closed on September 9. The new plan was introduced for adoption by the City Council in November.

## Large Lot Program Update

Nearly 2,200 applications to buy City-owned vacant lots for \$1 each are currently being reviewed by DPD in the seventh and latest round of the popular Large Lot Program. Since it began in 2014, the program has transferred more than 1,200 parcels to nearby residents and non-profit organizations for use as community gardens, side yards and other legally permitted purposes.

The most recent round, which closed on July 21, offered a total of 4,000 lots on the South and West Sides, representing more than two dozen of the city's 77 community areas. To qualify as a buyer, applicants were required to own property on the same block, be current on property taxes and have no outstanding debt to the City.

Preparations are already underway for the eighth program round, which is expected to be launched in December 2018. More information on this offering will be available at that time on the Large Lots website at <https://largelots.org>.

*Community gardens have proved to be a popular use for parcels acquired via the Large Lot Program. These two gardens in Woodlawn were among 322 lots sold through the program's initial offering in 2014.*

NOTE: Gross rent limits for 50% and 65% AMI, High HOME Rent and Fair Market Rent are published by HUD. All other rent limits are calculated assuming 1.5 occupants per bedroom and 1 occupant for an apartment with no bedrooms.

\* For HOME-funded developments, rents are the lesser of the Fair Market Rent or the High HOME Rent for the unit size. In HOME-funded developments with 5 or more units, 20% of the HOME-assisted units must be occupied by very low income families whose rents do not exceed 30% of the annual income of a family @ 50% of the area median. This is known as the "Low HOME Rent."

\*\* Low- or high-rise
