INDEPENDENT AUDITOR’S REPORT

To The Commissioners of
Special Service Area #28
Chicago, Illinois

We have audited the accompanying statement of financial position of
Special Service Area #28 (a taxing district authorized by the City of Chicago)
as of December 31, 2011, and the related statements of activities and cash
flows for the year then ended. These financial statements are the
responsibility of the organization’s management. Our responsibility is to
express an opinion on these financial statements based on our audit. We did
not audit the financial statements as of December 31, 2010, which are
included on the statement of activities. Those statements were audited by
other auditors whose unqualified report was issued April 21, 2011.

We conducted our audit in accordance with auditing standards generally
accepted in the United States of America. Those standards require that we
plan and perform the audit to obtain reasonable assurance about whether
the financial statements are free of material misstatement. An audit includes
examining, on a test basis, evidence supporting the amounts and disclosures
in the financial statements. An audit also includes assessing the accounting
principles used and significant estimates made by management, as well as
evaluating the overall financial statement presentation. We believe that our
audit provides a reasonable basis for our opinion.

In our opinion, the financial statements present fairly, in all material respects,
the financial position of the Special Service Area #28 as of December 31,
2011, and the changes in its net assets and its cash flows for the year then
ended in conformity with accounting principles generally accepted in the
United States of America.

See accompanying notes and auditor's report.
1. Nature of Activities and Significant Accounting Policies

Nature of Activities: Special Service Area #28 (the Taxing District) is a taxing district authorized by the City of Chicago located in Chicago, Illinois. It is managed by the Six Corners Association. Its scope of services is to coordinate and supervise various activities with regard to the area. These services include coordinating marketing and promotional activities, sidewalk maintenance, beautification activities, and other technical assistance activities to promote commercial and economic development in the area. The Taxing District is supported through property taxes levied on neighborhood residential and commercial properties which are collected by the City of Chicago.

Cash and Cash Equivalents: The Taxing District defines cash and cash equivalents as short term liquid investments such as cash in banks, money markets, and other financial instruments that can be reduced to cash in thirty days or less. The Taxing District maintains its cash in bank deposit accounts which, at times, may exceed the federally insured limits. The Taxing District has not experienced any losses in such accounts. The Taxing District believes it is not exposed to any significant credit risk on cash and cash equivalents.

Financial Statement Presentation: The Taxing District is required to present information regarding its financial position and activities according to Article 3.07 of the Agreement for Special Service Area #28 between the City of Chicago and Six Corners Association. As of December 31, 2011, the Taxing District had net unrestricted net assets of $157,068.

Contributions: Under the Statement of Financial Accounting Standards (SFAS) No. 116, “Accounting for Contributions Received and Contributions Made,” whereby contributions received are recorded as unrestricted, temporarily unrestricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or the purpose of restriction is accomplished), temporarily restricted net assets are reclassified to
unrestricted net assets and reported in the statement of activities as net assets released from restrictions. As of December 31, 2011, all net assets were unrestricted.

Revenue Recognition: The Taxing District’s financial statements are presented on the accrual basis of accounting. Revenues are recognized when the amount can be readily estimated or committed, and the payment is reasonably certain. Expenses are recorded when incurred.

Income Taxes: The Six Corners Association is the service provider for SSA #28, which is a not-for-profit organization that is exempt from federal income taxes under Section 501(c)(6) of the Internal Revenue Code and is not classified by the Internal Revenue Service as a private foundation.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Subsequent Events: Subsequent events have been evaluated through June 6, 2012, which is the date the financial statements were available to be issued.

2. Due from City of Chicago

This amount represents cash received for tax years 2010 and earlier from January 1, 2012 through February 29, 2012. Actual cash received by the SSA in 2011 was $550,011, which includes $34,234 of property tax collection accrued at 12/31/10, but actually received in 2011.
3. **Accounts Payable**

Accounts payable consists mainly of amounts due to five contractors and businesses for work performed in 2011.

4. **Related Party Transaction**

The Taxing District’s sole service provider is the Six Corners Association. Most shared expenses are paid separately by each Organization. However, the Taxing District is reimbursed for ongoing expenses including staff fringe benefits and grant funding. As of December 31, 2011, the Taxing District had been paid $34,890 from the Association and had $14,360 due from the Association.

5. **Prior Period Adjustment**

A prior period adjustment was made to the Statement of Activities – Budget and Actual. The 2010 Audit reported beginning Net Assets of $138,244 and ending Net Assets of $137,024, which is a decrease of $1,220. However, the 2010 Audit reported a $2,851 surplus for 2010 on the Statement of Activities. As a result, a prior period adjustment to decrease Net Assets in the amount of $4,071 was required to correct this computational difference.

6. **Commission Plans**

The Commission acknowledges the large amount of carry-over included in the 2011 budget. The Commission has taken the following actions to begin to spend down the excess cash on hand, and plans the following:

a) A public sculpture to be built in the Six Corners neighborhood.

b) Additional landscaping improvements in addition to those normally budgeted for to further enhance the beautification of the Six Corners Neighborhood.
c) A façade program has been put into place to enhance the aesthetic appeal of various local businesses within the Six Corners neighborhood.

d) Based on prior years’ carry-over, the Six Corners streetscape program was put into place. The bulk of the program was paid for in 2011; however it will be completed, with final payments being made, in 2012.

e) The above items should reduce the carry-over to a reasonable amount, which will then be maintained for cash flow and contingency purposes.
SUMMARY SCHEDULE OF FINDINGS

As part of our audit and request by the Special Service Area Annual Audited Financial Statement Guidelines prepared by the City of Chicago Department of Housing and Economic Development dated January 2005, we have read the requirements contained in the Agreement for Special Service Area #28 between the City of Chicago and Six Corners Association.

Per Article 5.03, the Contractor (SSA #28) established a separate bank and account at Bank of America in Chicago, Illinois. All service Tax Funds were automatically deposited into this bank account.

We noted unbudgeted income and expenses items amounting to $134,821 and $135,442, respectively, being deposited and disbursed from the SSA’s bank account. This activity was due to the 6 Corners BBQ Festival administered by Six Corners Association.

We also noted certain expenditures for which actual expenses exceeded budgeted amounts.

Based on our understanding of the agreement and the facts surrounding the performance under the agreement, we noted no other exceptions. Many contractual items are included in the agreement which dealt with non-accounting and non-financial matters of which we had no knowledge.
