

Citywide Adopt-a-Landmark Fund Application For Projects \$30,000 or More

In 2016, Mayor Rahm Emanuel implemented reforms to the City's Zoning Code that provide opportunity for downtown projects to achieve increases in floor area by paying into Neighborhood Opportunity Bonus Fund. Payments to this fund will be allocated into three areas; the Citywide Adopt-a-Landmark Fund will receive 10% of these funds.

Applicants may apply for Citywide Adopt-a-Landmark Fund grants:

- Uncompleted Projects \$30,000 or more (this application)
- Completed Projects up to \$30,000 (not available in 2019)

Project Eligibility

Properties that qualify for Adopt-a-Landmark Fund grants include (i) individually designated landmarks and (ii) contributing buildings in designated landmark districts (excluding single-family homes and residential buildings of 6 units or less).

Adopt-a-Landmark Fund projects must meet the following conditions:

- Restoration projects must be consistent with Commission standards and guidelines
- Scope of work must be substantial exterior renovation work that is visible from a public street or interior work within a portion of the interior that is open to the public. Such work must exceed normal maintenance work.
- The Commission on Chicago Landmarks (CCL) must approve the scope of work and associated budget for the restoration project pursuant to its standard review and approval process.

The Department of Planning and Development (DPD) will give priority to projects that meet the greatest number of funding priorities (see page 4 of this application for list of priorities).

Review Process

DPD will review all complete applications. Application(s) selected to receive Adopt-a-Landmark Fund grant(s) shall be presented to CCL for review and approval of the scope of work and associated budget. Projects needing Adopt-a-Landmark Fund grants over \$250,000 will require approval of the City Council. The property owner of the landmark receiving the funds must enter into an agreement with the City and the Commission on Chicago Landmarks regarding the manner in which the funds will be used. Any funds that have not been used upon completion of the restoration project shall be returned to the Citywide Adopt-a-Landmark Fund and applied to other eligible landmark restoration projects.
