SECTION IIITraining Proposal

SECTION IVBudget Summary

SECTION V Application Checklist

SECTION VIFrequently Asked Questions

Thank you for your interest in the TIFWorks program. This cover page offers a basic overview of the program and the application review process.

TIFWorks funds workforce training initiatives for companies located in designated Tax Increment Financing districts. To get started on an application, contact the Department of Planning and Development's Workforce Solutions Division at **312-744-0042** to determine if your business is eligible.

Download the full application at www.cityofchicago.org/TIFWorks, open the file in Adobe Reader, and review each of its six sections. Directions are listed at the top of each section.

Applications are accepted year-round and subject to funding availability.

For further information about the program and eligibility requirements, please reference the Frequently Asked Questions section.

DPD

David L. Reifman

Commissioner

Department of Planning & Development 121 N. LaSalle St. Room 1000 Chicago, Illinois 60602

TIFWORKS TIMELINE

Eligibility Review (1 week)

• DPD will offer technical assistance to discuss eligibility requirements, questions, and other additional concerns

Application Review (3-5 weeks)

- DPD will review the application, including all attachments listed in the Application Checklist section
- Applicant must submit all requested documents with the application in order for DPD to meet the outlined timeframe

Approval Process (4-5 weeks)

 DPD will provide its final recommendations and offer updates on the status of training proposals

Execution Process (4-5 weeks)

 DPD will send the award notification letter, which requests additional documents needed to execute the contract and secure funding

Project Term & Management (1 year)

- The project rolls out and training begins
- DPD will continue to monitor the approved project by processing invoices and finalizing the close-out report

Submission of a completed application with all supporting documents does not guarantee approval, and such application is subject to review, revision and/or rejection by DPD. Under certain circumstances, the approval process may exceed four months.

Directions:

Complete the Company Profile sheet by providing an answer to each item by entering the requested data or selecting an option from the drop-down menu, when applicable. Items with the red triangle will provide guidance; hover to review the comment.

Training Needs Assessment

The *Training Needs Assessment* is an analysis tool to identify the skill, knowledge and competency level of staff. This diagnosis will assist in determining what training(s) needs to take place by identifying the gaps between the employees' skills and the skills required to do the job. The assessment must be completed by key stakeholders of the company; the CEO, COO or CFO, the Human Resources Director or owner of the company.

Directions: In the spaces below, answer each question and demonstrate your responses in a quantitative format when possible. If a Training Needs Assessment was conducted by an outside entity (other than the Trainer), submit a copy as well. 1) List the current strategic goals for your company. 2) Describe in specific circumstances how the company's strategic goals have been affected by lack of training and/or external factors. (Provide quantitative data such as the impact on waste, incurred costs, or other losses the company has suffered). 3) Identify the tasks that trainees must perform but cannot due to lack of skill development. 4) What is the impact of the proposed training(s) on the specific jobs and/or positions? 5) How will the proposed training(s) close the gap between the current state of your company and your strategic goals? **Print Name, Title Signature**

Directions:

Complete a separate TRAINING PROPOSAL for each of the requested training(s) identified in question 14 on the Company Profile page.

If this Training Proposal includes On the Job Training (OJT) the requirements are as follows:

- 1) OJT is for new hires ONLY
- 2) Wages for each new hire must adhere to the City of Chicago minimum wage ordinance
- 3) Each new hire must reside in Chicago
- 4) TIFWorks will only pay up to six months of OJT
- 5) Each new hire must be retained for an additional six months after training is complete

Training for incumbent (existing) workers must be completed within nine months.

Attach a copy of the training CURRICULUM for each proposed training.

Complete the BUDGET for the training proposal itemizing the expenditure(s) associated with this requested training and provide a quote/cost estimate when possible.

For fu	orther instruction, hover over the red triangle(s).	g tiro experientare(e)	according with	ino roquosiou iraning and	provide a quelerese.	delimate when pecolole	•

What is TIF?

TIF stands for tax increment financing. A TIF district is a geographic location where tax increment financing can be used. A tax increment is the difference between the amount of property tax revenue generated before the creation of a TIF district and the amount of property tax revenue generated afterwards. For more information, visit www.cityofchicago. org/tif.

What is TIFWorks?

TIFWorks is an innovative program that utilizes TIF dollars to finance job training programs for small and mid-sized Chicago companies that commit to training new and/or incumbent workers. The program is available in TIF districts across the city, however, funding may be limited.

Who is eligible for TIFWorks?

- A company or business that is located within, expanding into or relocating to an eligible TIF district with available funding
- A group of employers with common training needs that will train and place trainees into a business or businesses located within an eligible TIF district
- A non-profit organization, such as an industrial council, community development corporation, business/trade association, labor organization or training provider that will train and place trainees into a business or businesses located within an eligible TIF district

The primary consideration for funding will be given to businesses that demonstrate training will make them more competitive and directly benefits Chicago residents.

What type of applicant is suited for TIFWorks?

Manufacturing firms are the most common, but truly any business that can demonstrate that workforce training will make them more competitive is eligible to apply. Nonprofit organizations can also apply on behalf of multiple organizations, and can even facilitate the training themselves.

What training activities are eligible under TIFWorks?

The proposed training activities must fulfill a specific job or skill related workforce need and benefit full-time and part-time, permanent employees (temporary employees are not included).

The skills acquired through the proposed training program are directly related to job or business performance and occupations.

Training can be aimed at any job classification or standardized industrial classification (SIC) code offering enhanced or new skills to incumbent or new workers, particularly in support of:

- New or additional product lines
- New machinery or equipment
- New or changing technology being introduced into the workplace
- Businesses expanding into new markets
- Occupationally- or industry-mandated training related to regulatory compliance
- Curriculum customized for a particular employer or group of employers
- Work-based basic and/or remedial training designed to improve specific job performance
- Work-based English-as-a Second Language (ESL) instruction to improve communication and performance of employees, and
- Workplace skills gap assessments and related activities (e.g., Work Keys), only when included with or followed by training resulting directly from those assessments or activities

Training types may include classroom training, on-the-job training, seminars, workshops, pre-packaged training courses, etc.

What training activities are not eligible under TIFWorks?

- Human Resource administration practices, including but not limited to compensation systems, administration, and benefits, employee discipline procedures, interviewing or diversity training
- Educational degree programs, including General Equivalency Degree (GED) programs
- Consulting services not related to workforce training under this Program

- Stand-alone basic and/or remedial skills training (i.e., without a vocational training/occupational focus)
- Reviews of internal company systems such as total quality management or continuous improvement activities (unless resulting from a workplace skills gap assessment to identify training needs) and
- Non-job related training

What are allowable costs under TIFWorks?

Allowable costs must be directly related to the implementation of the program and must be identified by the applicant and approved by the City. The City reserves the right to accept all or a portion of the funding application. The following costs are eligible for reimbursement through the TIFWorks Program:

- Administrative costs: tracking, reporting, documenting, processing and auditing funds or project costs related to the implementation of the TIFWorks Program
- Counselor and instructor costs (wages, hourly rate)
- Tuition and fees
- Training supplies and materials (manuals, workbooks, videotapes and other materials which are used for training purposes only)
- Training equipment rental (subject to approval)
- Costs of developing curriculum. The City will only pay for the costs of curriculum development when such curricula are judged by the City to be necessary for the proposed training program. If approved for funding, such curricula are considered to be in the public domain. If the City approves funding for curriculum development, the Department is free to distribute this material to any training provider it deems appropriate but will remove on a reasonable basis any information proprietary to the company
- Off-the-shelf curriculum

Administrative costs may not exceed 15 percent of total project costs.

How can a business or organization apply for TIFWorks?

Contact the Workforce Solutions Unit of the Department of Planning and development at 312-744-0042 to determine TIFWorks eligibility and receive technical support.
