Chicago, Illinois 60602

Dear Commissioner:

Enclosed is the annual report for the Stockyards Annex Redevelopment Project Area, which we compiled at the direction of the Department of Planning and Development pursuant to Section 5(d) of the Illinois Tax Increment Allocation Redevelopment Act (65 ILCS 5/11-74.4-1 et seq.), as amended. The contents are based on information provided to us by Chicago Departments of Planning and Development, Finance, and Law. We have not audited, verified, or applied agreed upon accounting and testing procedures to the data contained in this report. Therefore, we express no opinion on its accuracy or completeness.

It has been a pleasure to work with representatives from the Department of Planning and Development and other City Departments.

Very truly yours,

INDEPENDENT AUDITOR’S REPORT

The Honorable Richard M. Daley, Mayor
Members of the City Council
City of Chicago, Illinois

We have audited the accompanying financial statements of the Stockyards Annex Redevelopment Project of the City of Chicago, Illinois, as of and for the year ended December 31, 2005, as listed in the table of contents. These financial statements are the responsibility of the City of Chicago’s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Stockyards Annex Redevelopment Project and do not purport to, and do not present fairly the financial position of the City of Chicago, Illinois, as of December 31, 2005, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Stockyards Annex Redevelopment Project of the City of Chicago, Illinois, as of December 31, 2005, and the changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis on pages 3 and 4 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.
Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of expenditures by statutory code on page 9, which is also the responsibility of the City of Chicago's management, is presented for purposes of additional analysis and is not a required part of the financial statements of Stockyards Annex Redevelopment Project of the City of Chicago, Illinois. Such additional information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

As management of the Stockyards Annex Tax Increment Redevelopment Project Area (Project), we offer the readers of the Project's financial statements this narrative overview and analysis of the Project's financial performance for the year ended December 31, 2005. Please read it in conjunction with the Project's financial statements, which follow this section.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Project's basic financial statements. The Project's basic financial statements include three components: 1) government-wide financial statements, 2) governmental fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information concerning the Project's expenditures by statutory code.

Basic Financial Statements. The basic financial statements include two kinds of financial statements that present different views of the Project – the Government-Wide Financial Statements and the Governmental Fund Financial Statements. These financial statements also include the notes to the financial statements that explain some of the information in the financial statements and provide more detail.

Government-Wide Financial Statements provide both long-term and short-term information about the Project's financial status and use accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the project's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide statements report the Project's net assets and how they have changed. Net assets – the difference between the Project's assets and liabilities – is one way to measure the Project's financial health, or position.

Governmental Fund Financial Statements provide more detailed information about the Project's significant funds – not the Project as a whole. Governmental funds focus on: 1) how cash and other financial assets can readily be converted to cash flows and 2) the year-end balances that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more financial resources that can be spent in the near future to finance the Project. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the statements to explain the relationship (or differences) between them.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and governmental fund financial statements. The notes to the financial statements follow the basic financial statements.

Other Supplementary Information. In addition to the basic financial statements and accompanying notes, this report also presents a schedule of expenditures by statutory code. This supplementary information follows the notes to the financial statements.

### Analysis of Overall Financial Position and Results of Operations

Property tax revenue for the Project was $1,564,590 for the year. This was an increase of 64 percent over the prior year. The change in net assets produced an increase in net assets of $1,417,362. The Project's net assets increased by 22 percent from the prior year making available $7,991,754 of funding to be provided for purposes of future redevelopment in the Project's designated area. Revenues increased this year due to the Project's economic growth and accordingly increasing the total equalized assessed value of parcels and subsequent tax increment and related collections. Expenses decreased this year due to the Project's formulation of a redevelopment plan or necessary funding was not substantially complete or available.

Note 1 – Summary of Significant Accounting Policies

(a) Reporting Entity

In December 1996, the City of Chicago (City) established the Stockyards Annex Tax Increment Redevelopment Project Area (Project). The area has been established to finance improvements, leverage private investment and create and retain jobs. The Project is accounted for within the special revenue funds of the City.

(b) Government-Wide and Fund Financial Statements

The accompanying financial statements of the Project have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). In June 1999, the GASB unanimously approved Statement No. 34 (as amended by Statement No. 37), Basic Financial Statements - Management's Discussion and Analysis - for State and Local Governments and at a later date, Statement No. 38 Certain Financial Statements Disclosures, and include the following:

- A Management Discussion and Analysis (MD&A) section providing an analysis of the Project's overall financial position and results of operations.
- Government-wide financial statements prepared using the economic resources measurement focus and the accrual basis of accounting for all the Project's activities.
- Fund financial statements, which focus on the Project's governmental funds current financial resources measurement focus.

(c) Measurement Focus, Basis of Accounting, and Financial Statements Presentation

The government-wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The governmental fund financial statements are prepared on the modified accrual basis of accounting with only current assets and liabilities included on the balance sheet. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property taxes are susceptible to accrual and recognized as a receivable in the year levied. Revenue recognition is deferred unless the taxes are received within 60 days subsequent to year-end. Expenditures are recorded when the liability is incurred.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The City has elected not to follow subsequent private-sector guidance.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.
Note 1 – Summary of Significant Accounting Policies (Continued)

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

(d) Assets, Liabilities and Net Assets

Cash and Investments

Cash belonging to the City is generally deposited with the City Treasurer as required by the Municipal Code of Chicago. The City Comptroller issues warrants for authorized City expenditures which represent a claim for payment when presented to the City Treasurer. Payment for all City warrants clearing is made by checks drawn on the City's various operating bank accounts.

The City Treasurer and City Comptroller share responsibility for investing in authorized investments. Interest earned on pooled investments is allocated to participating funds based upon their average combined cash and investment balances.

The City values its investments at fair value or amortized cost. U.S. Government securities purchased at a price other than par with a maturity of less than one year are reported at amortized cost.

Capital Assets

Capital assets are not capitalized in the governmental fund but, instead, are charged as current expenditures when purchased. The Government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) of the City includes the capital assets and related depreciation, if any, of the Project in which ownership of the capital asset will remain with the City (i.e. infrastructure, or municipal building). All other construction will be expensed in both the government-wide financial statements and the governmental fund as the City nor Project will retain the right of ownership.

(e) Stewardship, Compliance, and Accountability

Illinois Tax Increment Redevelopment Allocation Act Compliance

The Project's expenditures include reimbursements for various eligible costs as described in subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act and the Redevelopment Agreement relating specifically to the Project. Eligible costs include but are not limited to survey, property assembly, rehabilitation, public infrastructure, financing and relocation costs.

Reimbursements

Reimbursements, if any, are made to the developer for project costs, as public improvements are completed and pass City inspection.

Re: Stockyards Annex  
Redevelopment Project Area (the “Redevelopment Project Area”)

Dear Addressees:

I am Corporation Counsel of the City of Chicago, Illinois (the “City”). In such capacity, I am providing the opinion required by Section 11-74.4-5(d)(4) of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq. (the “Act”), in connection with the submission of the report (the “Report”) in accordance with, and containing the information required by, Section 11-74.4-5(d) of the Act for the Redevelopment Project Area.
Attorneys, past and present, in the Law Department of the City familiar with the requirements of the Act have had general involvement in the proceedings affecting the Redevelopment Project Area, including the preparation of ordinances adopted by the City Council of the City with respect to the following matters: approval of the redevelopment plan and project for the Redevelopment Project Area, designation of the Redevelopment Project Area as a redevelopment project area and adoption of tax increment allocation financing for the Redevelopment Project Area, all in accordance with the then applicable provisions of the Act. Various departments of the City, including, if applicable, the Law Department, Department of Planning and Development, Department of Housing, Department of Finance and Office of Budget and Management, have personnel responsible for and familiar with the activities in the Redevelopment Project Area affecting such Department(s) and with the requirements of the Act in connection therewith. Such personnel are encouraged to seek and obtain, and do seek and obtain, the legal guidance of the Law Department with respect to issues that may arise from time to time regarding the requirements of, and compliance with, the Act.

In my capacity as Corporation Counsel, I have relied on the general knowledge and actions of the appropriately designated and trained staff of the Law Department and other applicable City Departments involved with the activities affecting the Redevelopment Project Area. In addition, I have caused to be examined or reviewed by members of the Law Department of the City the certified audit report, to the extent required to be obtained by Section 11-74.4-5(d)(9) of the Act and submitted as part of the Report, which is required to review compliance with the Act in certain respects, to determine if such audit report contains information that might affect my opinion. I have also caused to be examined or reviewed such other documents and records as were deemed necessary to enable me to render this opinion. Nothing has come to my attention that would result in my need to qualify the opinion hereinafter expressed, subject to the limitations hereinafter set forth, unless and except to the extent set forth in an Exception Schedule attached hereto as Schedule 1.

Based on the foregoing, I am of the opinion that, in all material respects, the City is in compliance with the provisions and requirements of the Act in effect and then applicable at the time actions were taken from time to time with respect to the Redevelopment Project Area.

This opinion is given in an official capacity and not personally and no personal liability shall derive herefrom. Furthermore, the only opinion that is expressed is the opinion specifically set forth herein, and no opinion is implied or should be inferred as to any other matter. Further, this opinion may be relied upon only by the addressees hereof and the Mayor of the City in providing his required certification in connection with the Report, and not by any other party.

Very truly yours,

Mara S. Georges
Corporation Counsel

2005 Annual Report

(7)(A) - 65 ILCS 5/11-74.4-5(d)(7)(A)

During 2005, no projects were implemented.

(7)(B) - 65 ILCS 5/11-74.4-5(d)(7)(B)

Redevelopment activities undertaken within this Project Area during the year 2005, if any, have been made pursuant to i) the Redevelopment Plan for the Project Area, and ii) any Redevelopment Agreements affecting the Project Area, and are set forth on Table 5 herein by TIF-eligible expenditure category.

(7)(C) - 65 ILCS 5/11-74.4-5(d)(7)(C)

During 2005, no agreements were entered into with regard to the disposition or redevelopment of any property within the Project Area.
(7)(D) - 65 ILCS 5/11-74.4-5(d)(7)(D)

The Project Area has received $7,623,244 of property tax and sales tax (if applicable) increment since the creation of the Project Area. These amounts have been used to pay for project costs within the Project Area and for debt service (if applicable). The Project Area’s fund balance as shown on Table 5 represents (on a modified accrual basis) financial resources (including increment) that have not been expended.

(7)(E) - 65 ILCS 5/11-74.4-5(d)(7)(E)

During 2005, no contracts were entered into by the City’s tax increment advisors or consultants with entities or persons that have received, or are receiving, payments financed by tax increment revenues produced by the Project Area.

Joint Review Board Reports were submitted to the City. See attached.

(7)(G) - 65 ILCS 5/11-74.4-5(d)(7)(G)

During 2005, no public investment was undertaken in the Project Area. As of December 31, 2005, no public investment is estimated to be undertaken for 2006.
CITY OF CHICAGO
JOINT REVIEW BOARD

Report of proceedings of a hearing before the City of Chicago, Joint Review Board held on June 3, 2005, at 10:10 a.m., City Hall, Room 1003, Conference Room, Chicago, Illinois, and presided over by Mr. Eric Reese.

PRESENT:

MR. ERIC REESE, CHAIRMAN
MR. JOHN McCORMICK
MS. SUSAN MAREK
MS. KAY KOSMAL
MS. GINA GRACGYK

REPORTED BY: Accurate Reporting Service
200 N. LaSalle Street
Chicago, Illinois

By: Jack Artstein, C.S.R.

ACCURATE REPORTING SERVICE (312) 263-0052
MR. REESE: Good morning, we'll start with the introduction of members.

MR. MCCORMICK: John McCormick, City of Chicago.

MR. REESE: Eric Reese, Park District.

MS. MAREK: Susan Marek, Board of Ed.

MS. KOSMAL: Kay Kosmal, Cook County.

MS. GRACGYK: Gina Gracgyk, resident.

MR. REESE: For the record, my name is Eric Reese. I'm the representative of the Chicago Park District, which under Section 11-74.4-5 of the Tax Increment Allocation Redevelopment Act, is one of the statutory designated members of the Joint Review Board. Until the election of a chairperson I will moderate the Joint Review Board meetings.

For the record, there will be a meeting of the Joint Review Board to review the proposed Amendment Number 1, the Stockyards Annex Tax Increment Financing District. The date of this meeting was...
announced at and set by the Community Development Commission of the City of Chicago meeting of May 10, 2005.

Notice of this meeting of the Joint Review Board was also provided by certified mail to each taxing district representative on the board which includes the Chicago Board of Ed., Chicago Community Colleges District 508, Chicago Park District, Cook County and the City of Chicago. Public Notice of this meeting was also posted as of Wednesday, June 1, 2005 in various locations throughout City Hall.

When a proposed redevelopment plan would result in displacement of residents of ten or more inhabited residential units or would include 75 or more inhabited residential units the TIF Act requires that a public member of the Joint Review Board must reside in the proposed redevelopment project area.

In addition, if a municipality housing impact study determines that the majority of residential units in the
proposed redevelopment project area are occupied by very low, low or moderate income households, as defined in Section 3 of the Illinois Affordable Housing Act, public member must be a person who resides in the very low, low or moderate income housing with the proposed redevelopment project area.

With us today is Gina Gracgyk. Area you familiar with the boundaries of the Amended Stockyards Annex Tax Increment Financing Redevelopment Project Area?

MS. GRACGYK: Yes.

MR. REESE: What is the address of your primary residence?

MS. GRACGYK: 436 West Brut Street.

MR. REESE: Is such address within the boundaries of the Amended Stockyards Annex Tax Increment Financing Redevelopment Project Area?

MS. GRACGYK: Yes.

MR. REESE: Ms. Gracgyk, are you willing to serve as the public member for the Joint Review Board for the Amended Stockyards Annex Tax Increment Financing
Redevelopment Project Area?

MS. GRACGYK: Yes.

MR. REESE: I will entertain a motion that Gina Gracgyk be selected as a public member. Is there a motion?

MS. MAREK: So moved.

MR. REESE: Is there a second?

MR. McCORMICK: Second.

MR. REESE: All in favor please vote aye.

(Chorus of ayes.)

MR. REESE: Let the record reflect that Gina Gracgyk has been selected as the public member of the Amended Stockyards Annex Tax Increment Financing Development Project Area.

Our next order of business is to select a chairperson for the Joint Review Board. Are there any nominations?

MS. MAREK: I nominate Eric Reese.

MR. McCORMICK: Second.

MR. REESE: Let the record reflect that I, Eric Reese, have been elected chairperson and will now serve as
chairperson for the remainder of the
meeting.

As I mentioned, as this meeting
we'll be reviewing a plan for the Amendment
Number 1 on the Stockyards Tax Annex Tax
Increment Financing District proposed by the
City of Chicago. Staff to the City's
Department of Planning and Development and
Law and other departments have reviewed this
plan amendment which was introduced to the
City's Community Development Commission on
May 10, 2005.

We will listen to a presentation
by a consultant on the plan. Following the
presentation we can address any questions
that the members might have for the
consultant or City staff.

Amendment to the TIF Act requires
us to base our recommendations to approve or
disapprove Amendment Number 1 into the
Stockyards Annex Tax Increment Financing
District on the basis of the area and the
plan satisfying the plan requirements, the
eligibility criteria defined in the TIF Act,
and the objectives of the TIF Act.

If the Board approves the plan amendment the Board will then issue an advisory non-binding recommendation by the vote of the majority of those members present and voting. Such recommendation shall be submitted to the City within 30 days after the board meeting. Failure to submit such recommendation shall be deemed to constitute approval by the Board.

If the Board disapproves the plan amendment the Board must issue a written report describing why the planned area failed to meet one or more of the TIF Act and both the plan requirements and the eligibility criteria of the TIF Act. The City will then have 30 days to resubmit a revised plan and the Board and City must also confer during this time to try and resolve the issues that led to the Board's disapproval. If such issues cannot be resolved the -- may proceed with the plan and the plan may be approved only with a three fifths vote of City Council excluding
positions of members that are vacant and
those members that are ineligible due to
conflicts of interest.

We will now have a presentation
for Stockyards Annex Amendment Number 1 by
Louik/Schneider & Associates.

MS. MARINO-RUFFOLO: Hi, my name is
Tricia Marino-Ruffolo. I am here on behalf
of Louik/Schneider & Associates. We were
asked by the Department to prepare the
amendment for the Stockyards Annex
Redevelopment Tax Increment Financing
Program and Redevelopment Plan and Project.

The Original plan was adopted by
City Council in December of 1996. At that
time the area was designated a Redevelopment
Project Area and adopted pursuant the Act.

Since then changes have been made
to the Act. Louik/Schneider was asked to
prepare this amendment to the original plan
to incorporate those changes.

The main purposes for this
amendment area three. The first one is to
add language to the original plan in light of
the recent amendments to the Act. The second one is to add portability language to the original plan which is consistent with the Act. And the third is to change the proposed land uses to reflect the changes as a result of a PMD designation that took place within the boundaries of the TIF District.

Not only were we supposed to present the eligibility findings, the eligibility study has not been redone. It's the original study that was done back in 1996. The changes that were, as I mentioned, made to the plan are primarily based on this, the PMD.

**MS. GRACGYK:** I'm not sure what that is.

**MS. MARINO-RUFFOLO:** What the PMD does, in June of 2004 in an effort to promote manufacturing and related industries in Chicago, the City designated part of the Stockyards Industrial Corridor as a Planned Manufacturing District. The entire west industrial sub-area of the redevelopment plan, the West sub-area, is located within
the Stockyards PMD. The section of the East sub-area is bounded by the Norfolk Railroad route, Wentworth and Halsted Avenues.

The PMD covers 1300 acres and it includes 200 companies. The goal of the PMD is to strengthen the existing industrial areas and encourage industrial development.

So as a result of the PMD designation what we did was we updated the proposed land uses to reflect the PMD. And so the PMD, which is, this is completely in there, is all proposed for industrial/commercial.

And on the right, the same, the categories are the same categories that were used in the original plan. Just where they are is different now. This area up here has been changed to industrial/commercial. And then also down here and on the eastern boundary. And there's two partials right here that have also been changed to commercial/industrial. That was in the original plan as always.

MS. MAREK: They were light
industrial before?

MS. MARINO-RUFFOLO: Well, these two right here were mixed use commercial/industrial. This part of the plan hasn't changed at all. It was this side. And this side before was just straight industrial and this part is not actually in the PMD. So we, this is going to be used for mixed industrial/commercial. So whatever use makes the most sense.

And then this area here before we had as mixed commercial/industrial, but the PMD only allows certain uses there. So we changed it to reflect the PMD, so they work together.

MR. MCCORMICK: So the boundaries weren't changed. It was just --

MS. MARINO-RUFFOLO: The boundaries weren't changed.

MR. MCCORMICK: --this was just to do the PMD.

MS. MARINO-RUFFOLO: It was just to reflect the changes of the PMD, to add portability language, to increase the
budget.

MR. MCCORMICK: Right. Is there houses there? There's housing in there too?

MS. MARINO-RUFFOLO: Yes, there is residential.

MR. MCCORMICK: But the PMD's separated out?

MS. MARINO-RUFFOLO: Right.

MR. MCCORMICK: Okay, good.

MS. MARINO-RUFFOLO: Any questions?

MS. KOSMAL: Very straightforward.

MS. MAREK: I think it makes a lot of sense.

MS. MARINO-RUFFOLO: Normally we would do the whole eligibility thing, but that was presented ten years ago.

MS. KOSMAL: And haven't changed?

MS. MARINO-RUFFOLO: Yes, the eligibility factors don't change.

MR. MCCORMICK: Yeah, I just didn't know you had to even go through this for a PMD.

MS. MARINO-RUFFOLO: It's separate. It's completely separate, but it's just so
that this plan --.

MR. McCORMICK: Because of the budget, yeah --

MS. MARINO-RUFFOLO: Well, this plan will complement the PMD.

MR. McCORMICK: Okay.

MS. MARINO-RUFFOLO: So that they're both on the same page. So that, you know, the uses that the PMD proposes now are the same uses that the TIF proposes. So they do, they are completely separate. But they, it, it's very nice to have them complement each other.

MR. McCORMICK: Sounds good.

MR. REESE: If there are no further questions I will entertain a motion that this Joint Review Board finds that the proposed Amendment Number 1 to the Stockyards Annex Tax Increment Finance and Redevelopment Project Area satisfies the Redevelopment Plan requirements under the TIF Act.

MR. McCORMICK: So moved.

MS. MAREK: Second.

MR. REESE: Let the record reflect
that the Joint Review Board's approval of
the, or I should go back. All in favor?
(Chorus of ayes.)
MR. REESE: Let the record reflect
the Joint Review Board approval of the
proposed Amendment Number 1 to the
Stockyards Annex Increment Financing
Redevelopment Project Area as under the TIF
Act. Is there a motion for adjournment?
MR. McCORMICK: So moved.
MS. MAREK: Second.
MR. REESE: The meeting is adjourned.
(Whereupon, the meeting
adjourned at 10:21 a.m.)

INDEPENDENT AUDITOR'S REPORT

The Honorable Richard M. Daley, Mayor
Members of the City Council
City of Chicago, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America, the statement of net assets and governmental fund balance sheet of Stockyards Annex Redevelopment Project of the City of Chicago, Illinois as of December 31, 2005, and the related statement of activities and governmental fund revenues, expenditures and changes in fund balance for the year then ended, and have issued our report thereon dated May 2, 2006.

In connection with our audit, nothing came to our attention that caused us to believe that the Project failed to comply with the regulatory provisions in Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Allocation Redevelopment Act and Subsection (o) of Section 11-74.6-10 of the Illinois Industrial Jobs Recovery Law as they relate to the eligibility for costs incurred incidental to the implementation of the Stockyards Annex Redevelopment Project of the City of Chicago, Illinois.

This report is intended for the information of the City of Chicago's management. However, this report is a matter of public record, and its distribution is not limited.
