General Notes

- (a) Each actual or estimated Public Investment reported here is, to the extent possible, comprised only of payments financed by tax increment revenue, and may include interest amounts paid to finance the Public Investment amount. In contrast, each actual or estimated Private Investment reported here is, to the extent possible, comprised of payments financed by revenues that are not tax increment revenues and, therefore, may include private equity, private lender financing, private grants, other public monies, or other local, state or federal grants or loans.
- (b) Each amount reported here under Public Investment Undertaken, Total Estimated to Complete Project, is the maximum amount of payments financed by tax increment revenue that could be made pursuant to the corresponding Project's operating documents, but not including interest that may later be payable on developer notes, and may not necessarily reflect actual expenditures, if any, as reported in Section 3 herein. The total public investment amount ultimately made under each Project will depend upon the future occurence of various conditions, including interest that may be payable on developer notes as set forth in the Project's operating documents.

Project/Program-Specific Notes

- ** Depending on the particular goals of this type of program, the City may: i) make an advance disbursement of the entire public investment amount to the City's program administrator, ii) disburse the amounts through an escrow account, or iii) pay the funds out piecemeal to the program administrator or to the ultimate grantee as each ultimate grantee's work is approved under the program.
- *** As of the last date of the reporting fiscal year, the construction of this Project was ongoing; the Private Investment Undertaken and Ratio figures for this Project will be reported on the Annual Report for the fiscal year in which the construction of the Project is completed and the total Private Investment figure is available.
- (1) This project straddles the Division/Homan Redevelopment Project Area and the Humboldt Park Commercial Redevelopment Project Area.
- (2) This line reports the amounts, if any, that have been or are anticipated to be funded from increment received from this Area only. In this case, no increment from this Area was invested in this Project. The aggregate amount of Public Investment Undertaken for this Project is the sum of these figures, if any, and the corresponding figures, if any, from the other Area or Areas that this Project straddles.

## Dear Addressees:

I am the Corporation Counsel of the City of Chicago, Illinois (the "City") and, in such capacity, I am the head of the City's Law Department. In such capacity, I am providing the opinion required by Section 11-74.4-5(d)(4) of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq. (the "Act"), in connection with the submission of the report (the "Report") in accordance with, and containing the information required by, Section 11-74.4-5(d) of the Act for the Redevelopment Project Area.

Attorneys, past and present, in the Law Department of the City and familiar with the requirements of the Act, have had general involvement in the proceedings affecting the Redevelopment Project Area, including the preparation of ordinances adopted by the City Council of the City with respect to the following matters: approval of the redevelopment plan and project for the Redevelopment Project Area, designation of the Redevelopment Project Area as a redevelopment project area, and adoption of tax increment allocation financing for the Redevelopment Project Area, all in accordance with the then applicable provisions of the Act. Various departments of the City, including, if applicable, the Law Department, Department of Planning and Development, Department of Finance and Office of Budget and Management (collectively, the "City Departments"), have personnel responsible for and familiar with the activities in the Redevelopment Project Area affecting such City Departments and with the requirements of the Act in connection therewith. Such personnel are encouraged to seek and obtain, and do seek and obtain, the legal guidance of the Law Department with respect to issues that may arise from time to time regarding the requirements of, and compliance with, the Act.

In my capacity as Corporation Counsel, I have relied on the factual certification of the Commissioner of the Department of Planning and Development attached hereto as Schedule 1, along with the general knowledge and actions of the appropriately designated and trained staff of the Law Department and other applicable City Departments involved with the activities affecting the Redevelopment Project Area. In addition, I have caused to be examined or reviewed by members of the Law Department of the City the certified audit report, to the extent required to be obtained by Section 11-74.4-5(d)(9) of the Act and submitted as part of the Report, which is required to review compliance with the Act in certain respects, to determine if such audit report contains information that might affect my opinion. I have also caused to be examined or reviewed such other documents and records as were deemed necessary to enable me to render this opinion. Nothing has come to my attention that would result in my need to qualify the opinion hereinafter expressed.

Based on the foregoing, I am of the opinion that, in all material respects, the City is in compliance with the provisions and requirements of the Act in effect and then applicable at the time actions were taken from time to time with respect to the Redevelopment Project Area.

This opinion is given in an official capacity and not personally and no personal liability shall derive herefrom. Furthermore, the only opinion that is expressed is the opinion specifically set forth herein, and no opinion is implied or should be inferred as to any other matter. Further, this opinion may be relied upon only by the addressees hereof and the Mayor of the City in providing her required certification in connection with the Report, and not by any other party.

Very truly yours,

Corporation Counsel

- 6.02 <u>Construction Contract</u>. Prior to the execution thereof, Developer must deliver to DPD a copy of the proposed Construction Contract with the General Contractor selected to work on the Project, for DPD's prior written approval. Following execution of such contract by Developer, the General Contractor and any other parties thereto, Developer must deliver to DPD and Corporation Counsel a certified copy of such contract together with any modifications, amendments or supplements thereto.
- 6.03 **Performance and Payment Bonds.** Prior to commencement of construction of any work in the public way, Developer will require that the General Contractor and any applicable subcontractor(s) be bonded (as to such work in the public way) for their respective payment and performance by sureties having an AA rating or better using the bond form attached as <a href="Exhibit I">Exhibit I</a> or other format acceptable to the City. The City will be named as obligee or co-obligee on such bond.
- 6.04 **Employment Opportunity.** Developer will contractually obligate and cause the General Contractor to agree and contractually obligate each subcontractor to agree to the provisions of Section 10; provided, however, that the contracting, hiring and testing requirements associated with the MBE/WBE and the City resident obligations in Section 10 shall be applied on an aggregate basis and the failure of the General Contractor to require each subcontractor to satisfy or the failure of any one subcontractor to satisfy, such obligation shall not result in a default or a termination of this Agreement or require payment of the City resident hiring shortfall amounts so long as such Section 10 obligations are satisfied on an aggregate basis.
- 6.05 <u>Other Provisions</u>. In addition to the requirements of this <u>Section 6</u>, the Construction Contract and each contract with any subcontractor must contain provisions required under <u>Section 3.04</u> (Change Orders), <u>Section 8.08</u> (Prevailing Wage), <u>Section 10.01(e)</u> (Employment Opportunity), <u>Section 10.02</u> (City Resident Construction Worker Employment Requirement), <u>Section 10.03</u> (Developer's MBE/WBE Commitment), <u>Section 12</u> (Insurance) and <u>Section 14.01</u> (Books and Records).

#### SECTION SEVEN: COMPLETION OF CONSTRUCTION

# 7.01 Certificate of Completion of Construction.

- (a) Upon completion of the construction of the Project in compliance with the terms and conditions of this Agreement, and upon Developer's written request, DPD will issue to Developer a recordable certificate of completion of construction (the "Certificate") certifying that Developer Parties have fulfilled their obligations to complete the Project in compliance with the terms and conditions of this Agreement. DPD will respond to Developer's written request for a Certificate within 45 days by issuing either a Certificate or a written statement detailing the ways in which the Project does not conform to this Agreement or has not been satisfactorily completed and the measures which must be taken by Developer Parties in order to obtain the Certificate. Developer may resubmit a written request for a Certificate upon completion of such measures, and the City will respond within 45 days in the same way as the procedure for the initial request. Such process may repeat until the City issues a Certificate.
- (b) Each Developer Party acknowledges and understands that the City will not issue a Certificate if there exists an Event of Default which is continuing or there exists a condition or event, which, with the giving of notice or the passage of time or both, would constitute an Event of Default. Each Developer Party further acknowledges and understands that the City will not issue the Certificate until (i) the City's Monitoring and Compliance unit has determined in writing that Developer is in complete compliance with all City requirements (M/WBE, City residency and prevailing wage) as required in this Agreement, (ii) the Project, including all 65 residential units and all related improvements, has been completed, and (iii) Developer Parties have received a

Certificate of Occupancy from the City or other evidence reasonably acceptable to DPD that the Developer Parties have complied with building permit requirements.

# 7.02 <u>Effect of Issuance of Certificate; Continuing Obligations.</u>

- (a) The Certificate relates only to the construction of the Project, and upon its issuance, the City will certify that the terms of the Agreement specifically related to Developer Parties' obligation to complete such activities have been satisfied. After the issuance of the Certificate, however, all executory terms and conditions of this Agreement and all representations and covenants contained herein will continue to remain in full force and effect throughout the Term of the Agreement as to the parties described in the following paragraph, and the issuance of the Certificate must not be construed as a waiver by the City of any of its rights and remedies under such executory terms.
- (b) Those covenants specifically described at <u>Sections 8.01(m)</u>, <u>8.01(n)</u>, <u>8.02</u> (Covenant to Redevelop), <u>8.18</u> (Real Estate Provisions), 8.24 (Annual Compliance Report) and <u>8.27</u> (Affordable Housing Covenant), as covenants that run with the land are the only covenants in this Agreement intended to be binding upon any transferee of the Property (including an assignee as described in the following sentence) throughout the Term of the Agreement; provided that upon the issuance of the Certificate, the covenants of <u>Section 8.02</u> (Covenant to Redevelop) shall be deemed fulfilled. The other executory terms of this Agreement that remain after the issuance of the Certificate will be binding only upon Developer or a permitted assignee of Developer who, as provided in <u>Section 18.14</u> (Assignment) of this Agreement, has contracted to take an assignment of Developer's rights under this Agreement and assume Developer's liabilities hereunder.
- 7.03 **Failure to Complete.** If Developer Parties fail to timely complete the Project in compliance with the terms of this Agreement, and Developer has not cured any failure within 90 days of receipt of written notice thereof, then the City will have, but will not be limited to, any of the following rights and remedies:
- (a) the right to terminate this Agreement and cease all disbursement of City Funds not yet disbursed under this Agreement;
- (b) the right (but not the obligation), upon not less than 30 days prior written notice to the Developer, to complete those TIF-Funded Improvements that are public improvements and to pay for the costs of such TIF-Funded Improvements (including interest costs) out of City Funds or other City monies. If the aggregate cost of completing the TIF-Funded Improvements exceeds the amount of City Funds available under <u>Section 4.01</u>, the Developer Parties will reimburse the City for all reasonable costs and expenses incurred by the City in completing such TIF-Funded Improvements in excess of the available City Funds; and
- (c) the right to seek reimbursement of the City Funds from the Developer Parties, provided that the City is entitled to rely on an opinion of counsel that such reimbursement will not jeopardize the tax-exempt status, if any, of any TIF Bonds.
- 7.04 <u>Notice of Expiration of Term of Agreement</u>. Upon the expiration of the Term of the Agreement, DPD will provide the Developer Parties, at their written request, with a written notice in recordable form stating that the Term of the Agreement has expired.

Upon the City's request, Developer will provide the City with copies of all such contracts entered into by Developer or the General Contractor to evidence compliance with this Section 8.08.
- 8.09 **Arms-Length Transactions.** Unless DPD has given its prior written consent with respect thereto, no Affiliate of a Developer Party may receive any portion of City Funds, directly or indirectly, in payment for work done, services provided or materials supplied in connection with any TIF-Funded Improvement.   - (ii) at DPD's sole option, to furnish a good and sufficient bond or other security satisfactory to DPD in such form and amounts as DPD will require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such transfer or forfeiture of the Property or any portion thereof or any fixtures that are or may be attached thereto, during the pendency of such contest, adequate to pay fully any such contested Non-Governmental Charges and all interest and penalties upon the adverse determination of such contest.
- 8.15 **Developer Parties' Liabilities.** The Developer Parties will not enter into any transaction that would materially and adversely affect its ability to perform its obligations under this Agreement. "Governmental Charge" means all Federal, State, county, the City, or other governmental (or any instrumentality, division, agency, body, or department thereof) taxes, levies, assessments, charges, liens, claims or encumbrances (except for those assessed by foreign nations, states other than the State of Illinois, counties of the State other than Cook County, and municipalities other than the City) relating to Developer, the Property, or the Project, including but not limited to real estate taxes.
- (ii) Right to Contest. Developer has the right before any delinquency occurs to contest or object in good faith to the amount or validity of any Governmental Charge by appropriate legal proceedings properly and diligently instituted and prosecuted in such manner as shall stay the collection of the contested Governmental Charge and prevent the imposition of a lien or the sale or transfer or forfeiture of the Property. No such contest or objection will be deemed or construed in any way as relieving, modifying or extending Developer's covenants to pay any such Governmental Charge at the time and in the manner provided in this Agreement unless Developer has given prior written notice to DPD of Developer's intent to contest or object to a Governmental Charge and, unless, at DPD's sole option:
  - (x) Developer will demonstrate to DPD's satisfaction that legal proceedings instituted by Developer contesting or objecting to a Governmental Charge will conclusively operate to prevent or remove a lien against, or the sale or transfer or forfeiture of, all or any part of the Property to satisfy such Governmental Charge prior to final determination of such proceedings, and/or;
  - (y) Developer will furnish a good and sufficient bond or other security satisfactory to DPD in such form and amounts as DPD may require, or a good and sufficient undertaking as may be required or permitted by law to accomplish a stay of any such sale or transfer or forfeiture of the Property during the pendency of

After delivery of the notification, the Developer shall forward a copy of the return receipt to DPD, with a copy to the City's Corporation Counsel's office.
- (b) <u>Developer's Failure To Pay Or Discharge Lien</u>. If Developer fails to pay or contest any Governmental Charge or to obtain discharge of the same as required by this <u>Section 8.18</u>, Developer will advise DPD thereof in writing, at which time DPD may, but will not be obligated to, and without waiving or releasing any obligation or liability of Developer under this Agreement, in DPD's sole discretion, make such payment, or any part thereof, or obtain such discharge and take any other action with respect thereto which DPD deems advisable. All sums so paid by DPD, if any, and any expenses, if any, including reasonable attorneys' fees, court costs, expenses and other charges relating thereto, will be promptly disbursed to DPD by Developer. Notwithstanding anything contained herein to the contrary, this paragraph must not be construed to obligate the City to pay any such Governmental Charge.   - 8.19 Intentionally omitted.

If the Developer Parties receive a request from the City to produce records within the scope of FOIA, then the Developer Parties covenant to comply with such request within 48 hours of the date of such request. Failure by the Developer Parties to timely comply with such request shall be an Event of Default.
- (b) Exempt Information. Documents that the Developer Parties submit to the City under Section 8.24, (Annual Compliance Report) or otherwise during the Term of the Agreement that contain trade secrets and commercial or financial information may be exempt if disclosure would result in competitive harm.   - (d) As used in this <u>Section 8.27</u>, the following terms has the following meanings:
  - (i) "Family" shall mean one or more individuals, whether or not related by blood or marriage; and
  - (ii) "Low Income Families" shall mean Families whose annual income does not exceed sixty percent (60%) of the Chicago-area median income, adjusted for Family size, as such annual income and Chicago-area median income are determined from time to time by the United States Department of Housing and Urban Development, and thereafter such income limits shall apply to this definition.
- (e) The covenants set forth in this <u>Section 8.27</u> shall run with the land and be binding upon any transferee.
- (f) The City and Developer Parties may enter into a separate agreement to implement the provisions of this Section 8.27.
- 8.28 <u>Survival of Covenants</u>. All warranties, representations, covenants and agreements of Developer contained in this <u>Section 8</u> and elsewhere in this Agreement are true, accurate and complete at the time of the Developer Parties' execution of this Agreement, and will survive the execution, delivery and acceptance by the parties and (except as provided in <u>Section 7</u> upon the issuance of the Certificate) will be in effect throughout the Term of the Agreement.

# SECTION NINE: REPRESENTATIONS, WARRANTIES AND COVENANTS OF CITY

- 9.01 <u>General Covenants</u>. The City represents that it has the authority as a home rule unit of local government to execute and deliver this Agreement and to perform its obligations hereunder.
- 9.02 **Survival of Covenants.** All warranties, representations, and covenants of the City contained in this <u>Section 9</u> or elsewhere in this Agreement shall be true, accurate, and complete at the time of the City's execution of this Agreement, and shall survive the execution, delivery and acceptance hereof by the parties hereto and be in effect throughout the Term of the Agreement.

#### SECTION TEN: DEVELOPER PARTIES' EMPLOYMENT OBLIGATIONS

- 10.01 **Employment Opportunity.** Developer, on behalf of itself and its successors and assigns, hereby agrees, and shall contractually obligate its various contractors, subcontractors or any Affiliate of Developer operating on the Project (collectively, with Developer, such parties are defined herein as the **"Employers,"** and individually defined herein as an **"Employer"**) to agree, that for the Term of this Agreement with respect to Developer and during the period of any other party's provision of services in connection with the construction of the Project or occupation of the Property:
- (a) No Employer shall discriminate against any employee or applicant for employment based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income as defined in the City of Chicago Human Rights Ordinance, Chapter 2-160, Section 2-160-010 et seq., Municipal Code, except as otherwise provided by said ordinance and as amended from time-to-time (the "Human Rights Ordinance"). Each Employer must take affirmative action to ensure that applicants are hired and employed without discrimination based upon race, religion. color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income and are treated in a nondiscriminatory manner with regard to all job-related matters, including without limitation: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Each Employer agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. In addition, the Employers, in all solicitations or advertisements for employees, must state that all qualified applicants shall receive consideration for employment without discrimination based upon race, religion, color, sex, national origin or ancestry, age, handicap or disability, sexual orientation, military discharge status, marital status, parental status or source of income.
- (b) To the greatest extent feasible, each Employer is required to present opportunities for training and employment of low- and moderate-income residents of the City and preferably of the Redevelopment Area; and to provide that contracts for work in connection with the construction of the Project be awarded to business concerns that are located in, or owned in substantial part by persons residing in, the City and preferably in the Redevelopment Area.
- (c) Each Employer will comply with all applicable Federal, State and local equal employment and affirmative action statutes, rules and regulations, including but not limited to the City's Human Rights Ordinance and the State Human Rights Act, 775 ILCS 5/1-101 et. seq. (2002 State Bar Edition, as amended), and any subsequent amendments and regulations promulgated thereto.
- (d) Each Employer, in order to demonstrate compliance with the terms of this Section, will cooperate with and promptly and accurately respond to inquiries by the City, which has the responsibility to observe and report compliance with equal employment opportunity regulations of Federal, State and municipal agencies.
- (e) Each Employer will include the foregoing provisions of subparagraphs (a) through (d) in every construction contract entered into in connection with the Project (other than for remediation and demolition entered into prior to the date of this Agreement), and will require inclusion of these provisions in every subcontract entered into by any subcontractors and every agreement with any Affiliate operating on the Property, so that each such provision will be binding upon each contractor, subcontractor or Affiliate, as the case may be.
  - (f) Failure to comply with the employment obligations described in this Section 10.01

will be a basis for the City to pursue remedies under the provisions of <u>Section 15.02</u> hereof, subject to the cure rights under <u>Section 15.03</u>.

# 10.02 <u>City Resident Construction Worker Employment Requirement.</u>

- (a) Developer agrees for itself and its successors and assigns, and will contractually obligate its General Contractor and will cause the General Contractor to contractually obligate its subcontractors, as applicable, to agree, that during the construction of the Project they will comply with the minimum percentage of total worker hours performed by actual residents of the City as specified in Section 2-92-330 of the Municipal Code of Chicago (at least 50 percent of the total worker hours worked by persons on the site of the Project will be performed by actual residents of the City); provided, however, that in addition to complying with this percentage, Developer, its General Contractor and each subcontractor will be required to make good faith efforts to utilize qualified residents of the City in both unskilled and skilled labor positions. Developer, the General Contractor and each subcontractor will use their respective best efforts to exceed the minimum percentage of hours stated above, and to employ neighborhood residents in connection with the Project.
- (b) Developer may request a reduction or waiver of this minimum percentage level of Chicagoans as provided for in Section 2-92-330 of the Municipal Code of Chicago in accordance with standards and procedures developed by the Chief Procurement Officer of the City.
- (c) "Actual residents of the City" means persons domiciled within the City. The domicile is an individual's one and only true, fixed and permanent home and principal establishment.
- (d) Developer, the General Contractor and each subcontractor will provide for the maintenance of adequate employee residency records to show that actual Chicago residents are employed on the Project. Each Employer will maintain copies of personal documents supportive of every Chicago employee's actual record of residence.
- (e) Weekly certified payroll reports (U.S. Department of Labor Form WH-347 or equivalent) will be submitted to the Commissioner of DPD in triplicate, which will identify clearly the actual residence of every employee on each submitted certified payroll. The first time that an employee's name appears on a payroll, the date that the Employer hired the employee should be written in after the employee's name.
- (f) Upon 5 Business Days prior written notice, Developer, the General Contractor and each subcontractor will provide full access to their employment records related to the Construction of the Project to the Chief Procurement Officer, the Commissioner of DPD, the Superintendent of the Chicago Police Department, the Inspector General or any duly authorized representative of any of them. Developer, the General Contractor and each subcontractor will maintain all relevant personnel data and records related to the Construction of the Project for a period of at least 3 years after final acceptance of the work constituting the Project.
- (g) At the direction of DPD, affidavits and other supporting documentation will be required of Developer, the General Contractor and each subcontractor to verify or clarify an employee's actual address when doubt or lack of clarity has arisen.
- (h) Good faith efforts on the part of Developer, the General Contractor and each subcontractor to provide utilization of actual Chicago residents (but not sufficient for the granting of a waiver request as provided for in the standards and procedures developed by the Chief Procurement Officer) will not suffice to replace the actual, verified achievement of the requirements of this Section concerning the worker hours performed by actual Chicago residents.

- When work at the Project is completed, in the event that the City has determined that Developer has failed to ensure the fulfillment of the requirement of this Section concerning the worker hours performed by actual residents of the City or failed to report in the manner as indicated above, the City will thereby be damaged in the failure to provide the benefit of demonstrable employment to Chicagoans to the degree stipulated in this Section. Therefore, in such a case of non-compliance, it is agreed that 1/20 of 1 percent (0.0005) of the aggregate hard construction costs set forth in the Project Budget undertaken by Developer (and specifically excluding any tenant improvements which are not undertaken by Developer) (the product of .0005 x such aggregate hard construction costs) (as the same will be evidenced by approved contract value for the actual contracts) will be surrendered by Developer to the City in payment for each percentage of shortfall toward the stipulated residency requirement. Failure to report the residency of employees entirely and correctly will result in the surrender of the entire liquidated damages as if no Chicago residents were employed in either of the categories. The willful falsification of statements and the certification of payroll data may subject Developer, the General Contractor and/or the subcontractors to prosecution. Any retainage to cover contract performance that may become due to Developer pursuant to Section 2-92-250 of the Municipal Code of Chicago may be withheld by the City pending the Chief Procurement Officer's determination as to whether Developer must surrender damages as provided in this paragraph.
- (j) Nothing herein provided will be construed to be a limitation upon the "Notice of Requirements for Affirmative Action to Ensure Equal Employment Opportunity, Executive Order 11246" and "Standard Federal Equal Employment Opportunity, Executive Order 11246," or other affirmative action required for equal opportunity under the provisions of this Agreement or related documents.
- (k) Developer will cause or require the provisions of this <u>Section 10.02</u> to be included in all construction contracts and subcontracts related to the Project (other than contracts for remediation and demolition entered into prior to the date of this Agreement).
- 10.03 <u>Developer's MBE/WBE Commitment</u>. The Developer agrees for itself and its successors and assigns, and, if necessary to meet the requirements set forth herein, shall contractually obligate the General Contractor to agree that during the Project:
- (a) Consistent with the findings which support, as applicable, (i) the Minority-Owned and Women-Owned Business Enterprise Procurement Program, Section 2-92-420 et seq., Municipal Code of Chicago (the "Procurement Program"), and (ii) the Minority- and Women-Owned Business Enterprise Construction Program, Section 2-92-650 et seq., Municipal Code of Chicago (the "Construction Program," and collectively with the Procurement Program, the "MBE/WBE Program"), and in reliance upon the provisions of the MBE/WBE Program to the extent contained in, and as qualified by, the provisions of this Section 10.03, during the course of the Project, at least the following percentages of the aggregate hard construction costs (as set forth in the Project Budget) shall be expended for contract participation by minority-owned businesses ("MBEs") and by women-owned businesses ("WBEs"):
  - (1) At least 26 percent by MBEs.
  - (2) At least six percent by WBEs.
  - (b) For purposes of this <u>Section 10.03</u> only:
- (i) The Developer (and any party to whom a contract is let by Developer in connection with the Project) shall be deemed a "contractor" and this Agreement (and any contract let by Developer in connection with the Project) shall be deemed a "contract" or a "construction contract" as such terms are defined in Sections 2-92-420 and 2-92-670, Municipal Code of Chicago, as

applicable.

- (ii) The term "minority-owned business" or "MBE" shall mean a business identified in the Directory of Certified Minority Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a minority-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.
- (iii) The term "women-owned business" or "WBE" shall mean a business identified in the Directory of Certified Women Business Enterprises published by the City's Department of Procurement Services, or otherwise certified by the City's Department of Procurement Services as a women-owned business enterprise, related to the Procurement Program or the Construction Program, as applicable.
- (c) Consistent with Sections 2-92-440 and 2-92-720, Municipal Code of Chicago, Developer's MBE/WBE commitment may be achieved in part by Developer's status as an MBE or WBE (but only to the extent of any actual work performed on the Project by Developer) or by a joint venture with one or more MBEs or WBEs (but only to the extent of the lesser of (i) the MBE or WBE participation in such joint venture or (ii) the amount of any actual work performed on the Project by the MBE or WBE), by Developer utilizing a MBE or a WBE as the General Contractor (but only to the extent of any actual work performed on the Project by the General Contractor), by subcontracting or causing the General Contractor to subcontract a portion of the Project to one or more MBEs or WBEs, or by the purchase of materials or services used in the Project from one or more MBEs or WBEs, or by any combination of the foregoing. Those entities which constitute both a MBE and a WBE shall not be credited more than once with regard to Developer's MBE/WBE commitment as described in this Section 10.03. In accordance with Section 2-92-730, Municipal Code of Chicago, Developer shall not substitute any MBE or WBE General Contractor or subcontractor without the prior written approval of DPD.
- (d) The Developer shall deliver quarterly reports to the City's monitoring staff during the Project describing its efforts to achieve compliance with this MBE/WBE commitment. Such reports shall include, <u>inter alia</u>, the name and business address of each MBE and WBE solicited by Developer or the General Contractor to work on the Project, and the responses received from such solicitation, the name and business address of each MBE or WBE actually involved in the Project, a description of the work performed or products or services supplied, the date and amount of such work, product or service, and such other information as may assist the City's monitoring staff in determining Developer's compliance with this MBE/WBE commitment. The Developer shall maintain records of all relevant data with respect to the utilization of MBEs and WBEs in connection with the Project for at least five years after completion of the Project, and the City's monitoring staff shall have access to all such records maintained by Developer, on five Business Days' notice, to allow the City to review Developer's compliance with its commitment to MBE/WBE participation and the status of any MBE or WBE performing any portion of the Project.
- (e) Upon the disqualification of any MBE or WBE General Contractor or subcontractor, if such status was misrepresented by the disqualified party, Developer shall be obligated to discharge or cause to be discharged the disqualified General Contractor or subcontractor, and, if possible, identify and engage a qualified MBE or WBE as a replacement. For purposes of this subsection (e), the disqualification procedures are further described in Sections 2-92-540 and 2-92-730, Municipal Code of Chicago, as applicable.
- (f) Any reduction or waiver of Developer's MBE/WBE commitment as described in this <u>Section 10.03</u> shall be undertaken in accordance with Sections 2-92-450 and 2-92-730, Municipal Code of Chicago, as applicable.

(g) Prior to the commencement of the Project, Developer shall be required to meet with the City's monitoring staff with regard to Developer's compliance with its obligations under this Section 10.03. The General Contractor and all major subcontractors shall be required to attend this preconstruction meeting. During said meeting, Developer shall demonstrate to the City's monitoring staff its plan to achieve its obligations under this Section 10.03, the sufficiency of which shall be approved by the City's monitoring staff. During the Project, Developer shall submit the documentation required by this Section 10.03 to the City's monitoring staff, including the following: (i) subcontractor's activity report; (ii) contractor's certification concerning labor standards and prevailing wage requirements; (iii) contractor letter of understanding; (iv) monthly utilization report; (v) authorization for payroll agent; (vi) certified payroll; (vii) evidence that MBE/WBE contractor associations have been informed of the Project via written notice and hearings; and (viii) evidence of compliance with job creation/job retention requirements. Failure to submit such documentation on a timely basis, or a determination by the City's monitoring staff, upon analysis of the documentation, that Developer is not complying with its obligations under this Section 10.03, shall, upon the delivery of written notice to Developer, be deemed an Event of Default. Upon the occurrence of any such Event of Default, in addition to any other remedies provided in this Agreement, the City may: (1) issue a written demand to Developer to halt the Project, (2) withhold any further payment of any City Funds to Developer or the General Contractor, or (3) seek any other remedies against Developer available at law or in equity.

#### SECTION ELEVEN. ENVIRONMENTAL MATTERS

Developer hereby represents and warrants to the City that Developer has conducted environmental studies sufficient to conclude that the Project may be constructed, completed and operated in accordance with all Environmental Laws and this Agreement and all Exhibits attached hereto, the Scope Drawings, Plans and Specifications and all amendments thereto, and the Redevelopment Plan.

Without limiting any other provisions hereof, Developer agrees to indemnify, defend and hold the City harmless from and against any and all losses, liabilities, damages, injuries, costs, expenses or claims of any kind whatsoever including, without limitation, any losses, liabilities, damages, injuries, costs, expenses or claims asserted or arising under any Environmental Laws incurred, suffered by or asserted against the City as a direct or indirect result of any of the following, regardless of whether or not caused by, or within the control of Developer: (i) the presence of any Hazardous Materials on or under, or the escape, seepage, leakage, spillage, emission, discharge or release of any Hazardous Materials from (A) all or any portion of the Property or (B) any other real property in which Developer, or any person directly or indirectly controlling, controlled by or under common control with Developer, holds any estate or interest whatsoever (including, without limitation, any property owned by a land trust in which the beneficial interest is owned, in whole or in part, by Developer), or (ii) any liens against the Property permitted or imposed by any Environmental Laws, or any actual or asserted liability or obligation of the City or Developer or any of its Affiliates under any Environmental Laws relating to the Property.

- (a) the failure of the Developer and, prior to issuance of the Certificate, the other Developer Parties, to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations of such party under this Agreement or any related agreement;
- (b) the failure of the Developer Parties to perform, keep or observe any of the covenants, conditions, promises, agreements or obligations under any other agreement with any person or entity if such failure may have a material adverse effect on the Developer Parties' business, property (including the Property or the Project), assets (including the Property or the Project), operations or condition, financial or otherwise;

Upon the occurrence of an uncured Event of Default, the City may terminate this Agreement and any other agreements to which the City and the Developer Parties are or shall be parties and/or suspend disbursement of City Funds. The City may, in any court of competent jurisdiction by any action or proceeding at law or in equity, pursue and secure any available remedy, including but not limited to injunctive relief or the specific performance of the agreements contained herein. To the extent permitted by law, the City may also lien the Property. Without limiting the generality of the foregoing, with respect to Events of Defaults by the Developer Parties prior to the issuance of a Final Certificate, the City shall be entitled to seek reimbursement of City Funds from the Developer Parties.

#### 15.03 **Curative Period**.

- (a) In the event the Developer Parties fail to perform a monetary covenant which it is required to perform under this Agreement, notwithstanding any other provision of this Agreement to the contrary, an Event of Default will not be deemed to have occurred unless the applicable party has failed to perform such monetary covenant within 10 business days of its receipt of a written notice from the City specifying that it has failed to perform such monetary covenant.
- (b) In the event the Developer Parties fail to perform a non-monetary covenant which it is required to perform under this Agreement, an Event of Default will not be deemed to have occurred unless the applicable party has failed to cure such default within 30 days of its receipt of a written notice from the City specifying the nature of the default; provided, however, with

respect to those non-monetary defaults which are not capable of being cured within such 30 day period, the applicable party will not be deemed to have committed an Event of Default under this Agreement if it has commenced to cure the alleged default within such 30 day period and thereafter diligently and continuously prosecutes the cure of such default until the same has been cured.

- 15.04 Right to Cure by the Limited Partner and/or BMO Harris. If an uncured default occurs under this Agreement and as a result thereof, the City intends to exercise any right or remedy available to it that could result in termination of this Agreement, or the suspension, cancellation, reduction or reimbursement of City Funds disbursed hereunder, or any other remedy under this Agreement, the City shall prior to exercising such right or remedy, send notice of such intended exercise to the Limited Partner and BMO Harris, and the Limited Partner (including, without limitation, by exercise of management take over rights of the Owner under its Partnership Agreement) and BMO Harris shall have the right (but not the obligation) to cure such default as follows:
- (a) if a monetary default exists, the Limited Partner may cause to be cured such monetary default within 90 days after the later of (and the City shall take no action during such 90 day period): (i) the expiration of the cure period, if any, granted under Section 15.03 to Developer Parties with respect to such monetary default; or (ii) receipt by the Limited Partner and BMO Harris of notice of default from the City. If the Limited Partner does not cause such monetary default to be cured within such 90-day time period set forth in the preceding sentence, then BMO Harris may cure such monetary default in the manner set forth in Section 15.04(c); and
- (b) if a non-monetary default exists (except for a Personal Developer Default, as later defined), the Limited Partner may cause to be cured such non-monetary default within 90 days after the later of (and the City shall take no action during such 90 day period): (i) the expiration of the cure period, if any, granted under Section 15.03 to Developer with respect to such non-monetary default; or (ii) receipt by the Limited Partner and BMO Harris of notice of default from the City. If the Limited Partner does not cause such non-monetary default to be cured within such 90-day time period set forth in the preceding sentence, then BMO Harris may cure such monetary default in the manner set forth in Section 15.04(d); and
- (c) if a monetary default exists, BMO Harris may cure such monetary default within 60 days after the later of (and the non-electing party and the City shall take no action during such 60-day period): (i) the expiration of the Limited Partner's 90-day cure period; or (ii) receipt by BMO Harris of notice from the City that the Limited Partner has failed to cure the default within the timeframe set forth in Section 15.04(a) above; and
- (d) if a non-monetary default exists (except for a Personal Developer Default), BMO Harris may cure such non-monetary default within 90 days after the later of (and the non-electing party and the City shall take no action during such 90-day period): (i) the expiration of the Limited Partner's 90-day cure period; or (ii) receipt by BMO Harris of notice from the City that the Limited Partner has failed to cure the default within the timeframe set forth in Section 15.04(b) above; provided, however, if such non-monetary default is of a nature that is not subject to cure in 90 days, the cure period will be extended for the time period needed to cure such default (including any time period required by BMO Harris to take control of the Project by initiating foreclosure of its mortgage and/or appointing a receiver) and the City shall forbear from exercising its remedies hereunder so long as diligent and continuous efforts are being pursued to cure such default; and
- (e)(1) If such non-monetary default would be an Event of Default set forth in Section 15.01(b), (e), (f), (g), (i) or (j) hereof (each such default being a "Personal Developer Default"), the Limited Partner or BMO Harris (as applicable and in that strict order as more fully provided in this Section 15.04(e) below and not otherwise, the "Electing Party"), may provide written notice (the

"Assumption Notice") to the City and the Limited Partner or BMO Harris (as applicable, the "Non-Electing Parties") within 30 days of receipt of notice from the City of such Personal Developer Default, as more fully provided in Section 15.04(e)(2) below. If notice is delivered within said 30-day period, the Electing Party shall, in accordance with Section 15.04(e)(2) below, either cure or cause to be cured such Personal Developer Default by the assignment pursuant to Section 18.14 hereof of all of the Developer Parties' rights, obligations and interests in this Agreement to the Electing Party or any other party agreed to in writing by BMO Harris and the City, which assumption shall be deemed to cure the Personal Developer Default.

- Upon receipt by the City and BMO Harris of an Assumption Notice from the Limited Partner pursuant to subsection (e)(1) above, the cure period shall be extended for such reasonable period of time as may be necessary to complete such assignment and assumption of the Developer Parties' rights, obligations and interests in this Agreement (but in no event longer than 90 days without the written consent of the City and BMO Harris). If the Limited Partner does not (i) provide such Assumption Notice within the 30-day period specified in subsection (e)(1), or (ii) identify to the City and the Non-Electing Parties any other party (which may be an affiliate of the Limited Partner other than any of the Developer Parties) to assume the Developer Parties' rights, obligations and interests in this Agreement within 30 days from the date of the Assumption Notice, then BMO Harris shall have 30 days to cure such Personal Developer Default by the assignment, in accordance with the provisions of Section 18.14 hereof, of all of the Developer Parties' rights, obligations and interests in this Agreement to BMO Harris, or an affiliate thereof, or any other party agreed to in writing by BMO Harris and the City.
- (f) If such Personal Developer Default is not cured by the Limited Partner or BMO Harris within the timeframes set forth in Section 15.04(e), then the City shall have available all remedies set forth in this Agreement, including those in Sections 15.02.
- (g) During all such times as a Personal Developer Default exists and remains uncured after the expiration of all cure periods, no payments of City Funds shall occur until such time as such Personal Developer Default is thereafter cured.
- (h) The City agrees that at any time during which an Event of Default has occurred under the Lender Financing Documents, during the period that BMO Harris is diligently and continuously pursuing actions or remedies under the Lender Financing, with or without the Developer Parties, which are intended to cause substantial completion of the Project, and, as part of such actions or remedies, continues to fund or make advances to pay Project costs, the City shall likewise forbear from exercising its remedies under Section 15.02.
- (i) Notwithstanding anything to the contrary contained in this Agreement, including, without limitation, the continuation of any cure periods under Section 15.03 and Section 15.04, in the event the Limited Partner and BMO Harris provide a joint notice of discontinuance of actions or remedies intending to achieve substantial completion, the City may immediately commence to exercise any and all of the remedies specified in Section 15.02 above.

#### SECTION SIXTEEN: MORTGAGING OF THE PROJECT

- Mortgaging of the Project. All mortgages or deeds of trust in place as of the date hereof with respect to the Property or any portion thereof are listed on Exhibit G (including but not limited to mortgages made prior to or on the date hereof in connection with Lender Financing) and are referred to herein as the "Existing Mortgages." Any mortgage or deed of trust that Developer may hereafter elect to record or permit to be recorded against the Property or any portion thereof without obtaining the prior written consent of the City is referred to herein as a "New Mortgage." Any mortgage or deed of trust that Developer may hereafter elect to record or permit to be recorded against the Property or any portion thereof with the prior written consent of the City is referred to herein as a "Permitted Mortgage." It is hereby agreed by and between the City and the Developer as follows:
- (a) If a mortgagee or any other party shall succeed to Developer's interest in the Property or any portion thereof by the exercise of remedies under a mortgage or deed of trust (other than an Existing Mortgage or a Permitted Mortgage) whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.14 hereof, the City may, but will not be obligated to, attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement and, unless so recognized by the City as the successor in interest, such party will be entitled to no rights or benefits under this Agreement, but such party will be bound by those provisions of this Agreement that are covenants expressly running with the land specified in Section 7.02.
- (b) If any mortgagee or any other party shall succeed to Developer's interest in the Property or any portion thereof by the exercise of remedies under an Existing Mortgage or a Permitted Mortgage, whether by foreclosure or deed in lieu of foreclosure, and in conjunction therewith accepts an assignment of Developer's interest hereunder in accordance with Section 18.14 hereof, then the City hereby agrees to attorn to and recognize such party as the successor in interest to Developer for all purposes under this Agreement so long as such party accepts all of the executory obligations and liabilities of a "Developer" hereunder. Notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed that if such party accepts an assignment of Developer's interest under this Agreement, such party will have no liability under this Agreement for any Event of Default of Developer or other claim of the City against the Developer based on events which occurred prior to the time such party succeeded to the interest of Developer under this Agreement, nor shall the City have the right to record a lien against or otherwise enforce any remedies hereunder against the Project, in which case Developer will be solely responsible. If the City placed a lien on the Project pursuant to Section 15.02 hereof in connection with an Event of Default of Developer or other claim of the City against the Developer based on events which accrued prior to the time such party succeeded to the interest of the Developer under this Agreement, the City shall release such lien upon written request to do so by such succeeding mortgagee. However, if such mortgagee under a Permitted Mortgage or an Existing Mortgage does not expressly accept an assignment of Developer's interest hereunder, such party will be entitled to no rights and benefits under this Agreement, and such party will be bound only by those provisions of this Agreement, if any, which are covenants expressly running with the land specified in Section 7.02.
- (c) Prior to the issuance by the City to Developer of a Certificate under Section 7 hereof, no New Mortgage will be executed with respect to the Property or the Project or any portion thereof without the prior written consent of the Commissioner of DPD. A feature of such consent will be that any New Mortgage will subordinate its mortgage lien to the covenants in favor of the City that run with the land. After the issuance of a Certificate, consent of the Commissioner of DPD is not required for any such New Mortgage.

# **INDEPENDENT AUDITOR'S REPORT**

The Honorable Lori E. Lightfoot, Mayor Members of the City Council City of Chicago, Illinois

We have audited the accompanying financial statements of the Division/Homan Redevelopment Project of the City of Chicago, Illinois, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Project's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Division/Homan Redevelopment Project of the City of Chicago, Illinois, as of December 31, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Emphasis of Matter**

As described in Note 1, the financial statements present only the activities of the Division/Homan Redevelopment Project and do not purport to present the financial position and the changes in financial position of any other special revenue funds of the City of Chicago, Illinois, as of December 31, 2020 and for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### **Other Matters**

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The Schedule of Expenditures by Statutory Code is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

As management of the Division/Homan Tax Increment Redevelopment Project Area (Project), we offer the readers of the Project's financial statements this narrative overview and analysis of the Project's financial performance for the year ended December 31, 2020. Please read it in conjunction with the Project's financial statements, which follow this section.

#### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Project's basic financial statements. The Project's basic financial statements include three components: 1) government-wide financial statements, 2) governmental fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information concerning the Project's expenditures by statutory code.

#### Basic Financial Statements

The basic financial statements include two kinds of financial statements that present different views of the Project – the *Government-Wide Financial Statements* and the *Governmental Fund Financial Statements*. These financial statements also include the notes to the financial statements that explain some of the information in the financial statements and provide more detail.

## Government-Wide Financial Statements

The government-wide financial statements provide both long-term and short-term information about the Project's financial status and use accounting methods similar to those used by private-sector companies. The statement of net position includes all of the project's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide statements report the Project's net position and how they have changed. Net position – the difference between the Project's assets and liabilities – is one way to measure the Project's financial health, or position.

### Governmental Fund Financial Statements

The governmental fund financial statements provide more detailed information about the Project's significant funds – not the Project as a whole. Governmental funds focus on: 1) how cash and other financial assets can readily be converted to cash flows and 2) the year-end balances that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more financial resources that can be spent in the near future to finance the Project. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the statements to explain the relationship (or differences) between them.

# MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (Continued)

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and governmental fund financial statements. The notes to the financial statements follow the basic financial statements.

#### Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents a schedule of expenditures by statutory code. This supplementary information follows the notes to the financial statements.

#### Condensed Comparative Financial Statements

The condensed comparative financial statements are presented on the following page.

## Analysis of Overall Financial Position and Results of Operations

Property tax revenue for the Project was \$2,228,430 for the year. This was a decrease of 5 percent over the prior year. The change in net position produced an increase in net position of \$2,308,863. The Project's net position increased by 24 percent from the prior year making available \$11,681,875 (net of surplus distribution) of funding to be provided for purposes of future redevelopment in the Project's designated area. Expenses decreased this year due to the Project's formulation of a redevelopment plan or necessary funding was not substantially complete or available.

In June 2001, the City of Chicago (City) established the Division/Homan Tax Increment Redevelopment Project Area (Project). The area has been established to finance improvements, leverage private investment and create and retain jobs. The Project is accounted for within the special revenue funds of the City.

The financial statements present only the activities of the Division/Homan Tax Increment Redevelopment Project and do not purport to present the financial position and the changes in financial position of any other special revenue funds of the City of Chicago, Illinois, as of December 31, 2020 and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## (b) Accounting Policies

The accounting policies of the Project are based upon accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

#### (c) Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) and the governmental fund financial statements (i.e., the balance sheet and the statement of governmental fund revenues, expenditures and changes in fund balance) report information on the Project. See Note 1(a).

## (d) Measurement Focus, Basis of Accounting and Financial Statements Presentation

The government-wide financial statements are reported using the *economic resources measurement* focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting with only current assets and liabilities included on the balance sheet. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property taxes are susceptible to accrual and recognized as a receivable in the year levied. Revenue recognition is deferred unless the taxes are received within 60 days subsequent to year-end. Expenditures are recorded when the liability is incurred.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The City has elected not to follow subsequent private-sector guidance.

#### Note 1 – Summary of Significant Accounting Policies (Continued)

(d) Measurement Focus, Basis of Accounting and Financial Statements Presentation (Concluded)

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

#### (e) Assets, Liabilities and Net Position

#### Cash and Investments

Cash being held by the City is generally deposited with the City Treasurer as required by the Municipal Code of Chicago. The City Comptroller issues warrants for authorized City expenditures which represent a claim for payment when presented to the City Treasurer. Payment for all City warrants clearing is made by checks drawn on the City's various operating bank accounts.

The City Treasurer and City Comptroller share responsibility for investing in authorized investments. Interest earned and fair market value adjustments on pooled investments are allocated to participating funds based on their average combined cash and investment balances. Since investment income is derived from pooled investments, the fair value measurement and fair value hierarchy disclosures of GASB 72 will not be separately presented in a note disclosure.

The City values its investments at fair value or amortized cost. U.S. Government securities purchased at a price other than par with a maturity of less than one year are recognized at amortized cost.

#### Deferred Inflows

Deferred inflows represent deferred property tax revenue amounts to be recognized as revenue in future years in the governmental fund financial statements.

#### Capital Assets

Capital assets are not capitalized in the governmental fund but, instead, are charged as current expenditures when purchased. The Government-wide financial statements (i.e., the statement of net position and the statement of changes in net position) of the City includes the capital assets and related depreciation, if any, of the Project in which ownership of the capital asset will remain with the City (i.e. infrastructure, or municipal building). All other construction will be expensed in both the government-wide financial statements and the governmental fund as the City nor Project will retain the right of ownership.

# INDEPENDENT AUDITOR'S REPORT

The Honorable Lori E. Lightfoot, Mayor Members of the City Council City of Chicago, Illinois

Hado of Renteria

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of Division/Homan Redevelopment Project of the City of Chicago, Illinois, which comprise the statement of net position and governmental fund balance sheet as of December 31, 2020, and the related statement of activities and governmental fund revenues, expenditures and changes in fund balance for the year then ended, and the related notes to the financial statements, and we have issued our report thereon dated June 25, 2021.

In connection with our audit, nothing came to our attention that caused us to believe that the Project failed to comply with the regulatory provisions in Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Allocation Redevelopment Act and Subsection (o) of Section 11-74.6-10 of the Illinois Industrial Jobs Recovery Law as they relate to the eligibility for costs incurred incidental to the implementation of the Division/Homan Redevelopment Project of the City of Chicago, Illinois.

However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Project's noncompliance with the above referenced regulatory provisions, insofar as they relate to accounting matters.

This report is intended for the information of the City of Chicago's management. However, this report is a matter of public record, and its distribution is not limited.
