Name of Redevelopment Project Area:

Chicago/Central Park

General Notes

(a) Each actual or estimated Public Investment reported here is, to the extent possible, comprised only of payments financed by tax increment revenue, and may include interest amounts paid to finance the Public Investment amount. In contrast, each actual or estimated Private Investment reported here is, to the extent possible, comprised of payments financed by revenues that are not tax increment revenues and, therefore, may include private equity, private lender financing, private grants, other public monies, or other local, state or federal grants or loans.

(b) Each amount reported here under Public Investment Undertaken, Total Estimated to Complete Project, is the maximum amount of payments financed by tax increment revenue that could be made pursuant to the corresponding Project's operating documents, but not including interest that may later be payable on developer notes, and may not necessarily reflect actual expenditures, if any, as reported in Section 3 herein. The total public investment amount ultimately made under each Project will depend upon the future occurrence of various conditions, including interest that may be payable on developer notes as set forth in the Project's operating documents.

Project/Program-Specific Notes

** Depending on the particular goals of this type of program, the City may: i) make an advance disbursement of the entire public investment amount to the City's program administrator, ii) disburse the amounts through an escrow account, or iii) pay the funds out piecemeal to the program administrator or to the ultimate grantee as each ultimate grantee's work is approved under the program.

*** As of the last date of the reporting fiscal year, the construction of this Project was ongoing; the Private Investment Undertaken and Ratio figures for this Project will be reported on the Annual Report for the fiscal year in which the construction of the Project is completed and the total Private Investment figure is available.

(1) This project straddles the Kinzie Industrial Corridor Redevelopment Project Area and the Chicago/Central Park Redevelopment Project Area.

(2) The Public Investment Undertaken for this project has been funded from increment received from this Area only. The aggregate amount of Public Investment Undertaken for this Project is the sum of these figures, if any, and the corresponding figures from the other Area or Areas that this Project straddles.

General Notes

Section 6.2

* All RDAs shown were entered into during or after FY 2022. "Permanent" jobs are defined as permanent, full-time, or full-time-equivalent jobs that are anticipated to be created or retained at some time during the term of the RDA. "Temporary" jobs are defined as part-time, construction, temporary or seasonal jobs listed as required or aspirational in the RDA that are anticipated to be created during construction of the project. RDAs with no jobs covenant are not shown. An RDA will be removed from this Section once the job covenant ends, or the RDA terminates. TIFWorks and similar job training programs are not shown.

** "Permanent" jobs shown are those that are affirmed by the Developer on the first anniversary date of the completion of the project and throughout the term of the RDA. "Temporary" jobs shown are those that are affirmed by the Developer after project construction is completed.

Section 6.3

^ All RDAs shown were entered into during or after FY 2022. The amount of increment increase projected is the cumulative amount that is projected to be created for all PINs in the RDA from the anticipated project stabilization year through the term of the TIF Redevelopment Area. RDAs are removed once the RDA is terminated or expired. RDAs involving tax-exempt properties and those with no increment increase projected by the City over the term of the respective RDA, are not shown.

^^ The amount shown is the increase in cumulative PIN increment collected from the actual project stabilization year through the TIF Redevelopment Area expiration year, to the extent the information is available from tax records.

Re: Chicago/Central Park Redevelopment Project Area
(the "Redevelopment Project Area")

Dear Addressees:

I am the Corporation Counsel of the City of Chicago, Illinois (the "City") and, in such capacity, I am the head of the City's Law Department. In such capacity, I am providing the opinion required by Section 11-74.4-5(d)(4) of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq. (the "Act"), in connection with the submission of the report (the "Report") in accordance with, and containing the information required by, Section 11-74.4-5(d) of the Act for the Redevelopment Project Area.

Attorneys, past and present, in the Law Department of the City and familiar with the requirements of the Act, have had general involvement in the proceedings affecting the Redevelopment Project Area, including the preparation of ordinances adopted by the City Council of the City with respect to the following matters: approval of the redevelopment plan and project for the Redevelopment Project Area, designation of the Redevelopment Project Area as a redevelopment project area, and adoption of tax increment allocation financing for the Redevelopment Project Area, all in accordance with the then applicable provisions of the Act. Various departments of the City, including, if applicable, the Law Department, Department of Planning and Development, Department of Finance and Office of Budget and Management (collectively, the "City Departments"), have personnel responsible for and familiar with the activities in the Redevelopment Project Area affecting such City Departments and with the requirements of the Act in connection therewith. Such personnel are encouraged to seek and obtain, and do seek and obtain, the legal guidance of the Law Department with respect to issues that may arise from time to time regarding the requirements of, and compliance with, the Act.

In my capacity as Corporation Counsel, I have relied on the factual certification of the Commissioner of the Department of Planning and Development attached hereto as Schedule 1, along with the general knowledge and actions of the appropriately designated and trained staff of the Law Department and other applicable City Departments involved with the activities affecting the Redevelopment Project Area. In addition, I have caused to be examined or reviewed by members of the Law Department of the City the certified audit report, to the extent required to be obtained by Section 11-74.4-5(d)(9) of the Act and submitted as part of the Report, which is required to review compliance with the Act in certain respects, to determine if such audit report contains information that might affect my opinion. I have also caused to be examined or reviewed such other documents and records as were deemed necessary to enable me to render this opinion. Nothing has come to my attention that would result in my need to qualify the opinion hereinafter expressed.

Based on the foregoing, it is my opinion that, in all material respects, the City is in compliance with the provisions and requirements of the Act in effect and then applicable at the time actions were taken from time to time with respect to the Redevelopment Project Area.

This opinion is given in an official capacity and not personally and no personal liability shall derive herefrom. Furthermore, the only opinion that is expressed is the opinion specifically set forth herein, and no opinion is implied or should be inferred as to any other matter. Further, this opinion may be relied upon only by the addressees hereof and the Mayor of the City in providing his required certification in connection with the Report, and not by any other party.

Very truly yours,

Mary Richardson-Lowry
Corporation Counsel

CERTIFICATION

Commissioner
Department of Planning and Development
City of Chicago

I, Ciere Boatright, am the Commissioner of the Department of Planning and Development ("DPD") of the City of Chicago, Illinois (the "City") and, in such capacity, I am the head of DPD. I am also the TIF Administrator for the City for purposes of the Report (defined below). In such capacity, I am providing this Certification for the Corporation Counsel of the City to rely upon in connection with the opinion required by either Section 11-74.4-5(d)(4) of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq. (the "Act"), or by Section 11-74.6-22(d)(4) of the Industrial Jobs Recovery Law, 65 ILCS 5/11-74.6-1 et seq. (the "Law"), as the case may be, in connection with the submission of an annual report for calendar year 2024 (the "Report") containing the information required by Section 11-74.4-5(d) of the Act or Section 11-74.6-22(d) of the Law for each of the Redevelopment Project Areas listed in Section 1 of the Report and hereby incorporated into this Certification (the "Redevelopment Project Areas").

I hereby certify the following to the Corporation Counsel of the City:

1. DPD has overall responsibility for and is familiar with the activities in each of the Redevelopment Project Areas. DPD personnel are familiar with the requirements of the Act and the Law and are encouraged to seek and obtain, and do seek and obtain, the legal guidance of the City's Department of Law with respect to legal issues that may arise from time to time regarding the requirements of, and compliance with, the Act and the Law.
2. DPD personnel have monitored compliance with the requirements of the Act and the Law during the previous fiscal year under my supervision and to my reasonable satisfaction in connection with each of the Redevelopment Project Areas.

Based on the foregoing, I hereby certify to the Corporation Counsel of the City that, in all material respects, DPD has taken the appropriate actions to ensure that the City is in compliance with the provisions and requirements of the Act and the Law in effect and then applicable at the time actions were taken from time to time with respect to each of the Redevelopment Project Areas.

This Certification is given in an official capacity and not personally and no personal liability shall derive herefrom. Further, this Certification may be relied upon only by the Corporation Counsel of the City in providing the required legal opinion in connection with the Report, and not by any other party.

Very truly yours,

Ciere Boatright

INDEPENDENT AUDITOR'S REPORT

The Honorable Brandon Johnson, Mayor
Members of the City Council
City of Chicago, Illinois

Opinion

We have audited the accompanying financial statements of the Chicago/Central Park Redevelopment Project of the City of Chicago, Illinois, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Project's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Chicago/Central Park Redevelopment Project of the City of Chicago, Illinois, as of December 31, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Chicago, Illinois, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As described in Note 1, the financial statements of the Chicago/Central Park Redevelopment Project, City of Chicago, Illinois, are intended to present the financial position and the changes in financial position, of only that portion of the capital project, debt service and special revenue funds of the City of Chicago, Illinois that is attributable to the transactions of the Chicago/Central Park Redevelopment Project. They do not purport to, and do not, present the financial position of the City of Chicago, Illinois, as of December 31, 2024 and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,

intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Chicago's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Chicago/Central Park Redevelopment Project's basic financial statements. The Schedule of Expenditures by Statutory Code is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

CITY OF CHICAGO, ILLINOIS
CHICAGO/CENTRAL PARK REDEVELOPMENT PROJECT
MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)

As management of the Chicago/Central Park Tax Increment Redevelopment Project Area (Project), we offer the readers of the Project's financial statements this narrative overview and analysis of the Project's financial performance for the year ended December 31, 2024. Please read it in conjunction with the Project's financial statements, which follow this section.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Project's basic financial statements. The Project's basic financial statements include three components: 1) government-wide financial statements, 2) governmental fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information concerning the Project's expenditures by statutory code.

Basic Financial Statements

The basic financial statements include two kinds of financial statements that present different views of the Project – the *Government-Wide Financial Statements* and the *Governmental Fund Financial Statements*. These financial statements also include the notes to the financial statements that explain some of the information in the financial statements and provide more detail.

Government-Wide Financial Statements

The government-wide financial statements provide both long-term and short-term information about the Project's financial status and use accounting methods similar to those used by private-sector companies. The statement of net position includes all of the project's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid. The two government-wide statements report the Project's net position and how they have changed. Net position – the difference between the Project's assets and liabilities – is one way to measure the Project's financial health, or position.

Governmental Fund Financial Statements

The governmental fund financial statements provide more detailed information about the Project's significant funds – not the Project as a whole. Governmental funds focus on: 1) how cash and other financial assets can readily be converted to cash flows and 2) the year-end balances that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more financial resources that can be spent in the near future to finance the Project. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the statements to explain the relationship (or differences) between them.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(UNAUDITED)
(Continued)

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and governmental funds financial statements. The notes to the financial statements follow the basic financial statements.

Other Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents a schedule of expenditures by statutory code. This supplementary information follows the notes to the financial statements.

Condensed Comparative Financial Statements

The condensed comparative financial statements are presented on the following page.

Analysis of Overall Financial Position and Results of Operations

Property tax revenue for the Project was \$10,433,057 for the year. This was a decrease of 21 percent over the prior year. The change in net position (including other financing sources) produced an increase in net position of \$26,792,628. The Project's net position increased by 55 percent from the prior year making available \$75,467,150 of funding to be provided for the purpose of debt service and future redevelopment in the Project's designated area.

Debt Administration

General Obligation Bonds (Modern Schools Across Chicago Program) outstanding at December 31, 2024 amounted to \$7,315,000. More detailed information about the Project's long-term liabilities is presented in Note 3 of the financial statements.

CITY OF CHICAGO, ILLINOIS
CHICAGO/CENTRAL PARK REDEVELOPMENT PROJECT

NOTES TO FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies

(a) *Reporting Entity*

In February 2002, the City of Chicago (City) established the Chicago/Central Park Tax Increment Redevelopment Project Area (Project). The area has been established to finance improvements, leverage private investment and create and retain jobs. The Project is accounted for within the capital project, debt service and special revenue funds of the City.

The financial statements present only the activities of the Chicago/Central Park Tax Increment Redevelopment Project and do not purport to present the financial position and the changes in financial position of any other capital project, debt service and special revenue funds of the City of Chicago, Illinois, as of December 31, 2024 and for the year then ended in accordance with accounting principles generally accepted in the United States of America.

(b) *Accounting Policies*

The accounting policies of the Project are based upon accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

(c) *Government-wide and Fund Financial Statements*

The government-wide financial statements (i.e., the statement of net position and the statement of activities) and the governmental fund financial statements (i.e., the balance sheet and the statement of governmental fund revenues, expenditures and changes in fund balance) report information on the Project. See Note 1(a).

(d) *Measurement Focus, Basis of Accounting and Financial Statements Presentation*

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The governmental funds financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting* with only current assets and liabilities included on the balance sheet. Under the *modified accrual basis of accounting*, revenues are recorded when susceptible to accrual, i.e., both measurable and available to finance expenditures of the current period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property taxes are susceptible to accrual and recognized as a receivable in the year levied. Revenue recognition is deferred unless the taxes are received within 60 days subsequent to year-end. Expenditures are recorded when the liability is incurred.

(d) *Measurement Focus, Basis of Accounting and Financial Statements Presentation (Concluded)*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from these estimates.

(e) *Assets, Liabilities and Net Position*

Cash and Investments

Cash being held by the City is generally deposited with the City Treasurer as required by the Municipal Code of Chicago. The City Comptroller issues warrants for authorized City expenditures which represent a claim for payment when presented to the City Treasurer. Payment for all City warrants clearing is made by checks drawn on the City's various operating bank accounts.

The City Treasurer and City Comptroller share responsibility for investing in authorized investments. Interest earned and fair market value adjustments on pooled investments are allocated to participating funds based on their average combined cash and investment balances. Since investment income is derived from pooled investments, the fair value measurement and fair value hierarchy disclosures of GASB 72 will not be separately presented in a note disclosure.

The City values its investments at fair value or amortized cost. U.S. Government securities purchased at a price other than par with a maturity of less than one year are recognized at amortized cost.

Deferred Inflows

Deferred inflows represent deferred property tax revenue amounts to be recognized as revenue in future years in the governmental funds financial statements.

Capital Assets

Capital assets are not capitalized in the governmental funds but, instead, are charged as current expenditures when purchased. The Government-wide financial statements (i.e., the statement of net position and the statement of activities) of the City includes the capital assets and related depreciation, if any, of the Project in which ownership of the capital asset will remain with the City (i.e., infrastructure, or municipal building). All other construction will be expensed in both the government-wide financial statements and the governmental funds as the City nor Project will retain the right of ownership.

(f) *Stewardship, Compliance and Accountability*

Illinois Tax Increment Redevelopment Allocation Act Compliance

The Project's expenditures include reimbursements for various eligible costs as described in subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act and the Redevelopment Agreement relating specifically to the Project. Eligible costs include but are not limited to survey, property assembly, rehabilitation, public infrastructure, financing and relocation costs.

The maximum reimbursable amount is set forth in each agreement. If the total project cost is lower than the project budget established in the agreement, the reimbursable amount will be prorated.

The semi-annual principal and interest payments are made solely from incremental real property taxes, which are paid in the redevelopment district and other contiguous redevelopment districts needed to fulfill the debt service requirements.

Note 2 – Investments and Fair Value Measurements

The City measures and categorizes its investments using fair value measurement guidelines established by generally accepted accounting principles. At December 31, 2024, all non-pooled investments held by the Project are exclusively short-term money market funds and commercial paper valued at fair value that approximates cost and can be redeemed on a daily basis.

Note 3 – Bonds Payable

In August 2010, the City issued \$51,745,000 of General Obligation Bonds (Modern Schools Across Chicago Program), Series 2010A and B at a premium. Series B bonds (\$23,465,000) are Build America Bonds. The bonds have interest rates ranging from 3.00 percent to 5.364 percent and maturity dates ranging from December 1, 2011, to December 1, 2026. Net proceeds of \$54,920,000 will be used to pay for a portion of the costs for construction, renovation, design and acquisition of elementary and high schools that are part of the school system operated by the Board. The bonds fund Phase II of the Modern Schools Across Chicago Program.

As of December 1, 2020, the Modern Schools Across Chicago Program General Obligation Bonds, Series 2010A originally issued at a premium for the Chicago/Central Park Redevelopment Project were fully redeemed (\$8,925,000) early because the balance in the principal and interest account held with the trustee was sufficient to cover the remaining debt service.

INDEPENDENT AUDITOR'S REPORT

The Honorable Brandon Johnson, Mayor
Members of the City Council
City of Chicago, Illinois

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of Chicago/Central Park Redevelopment Project of the City of Chicago, Illinois, which comprise the statement of net position and governmental funds balance sheet as of December 31, 2024, and the related statement of activities and governmental funds revenues, expenditures and changes in fund balance for the year then ended, and the related notes to the financial statements, and we have issued our report thereon dated June 27, 2025.

In connection with our audit, nothing came to our attention that caused us to believe that the Project failed to comply with the regulatory provisions in Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Allocation Redevelopment Act and Subsection (o) of Section 11-74.6-10 of the Illinois Industrial Jobs Recovery Law as they relate to the eligibility for costs incurred incidental to the implementation of the Chicago/Central Park Redevelopment Project of the City of Chicago, Illinois.

However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Project's noncompliance with the above referenced regulatory provisions, insofar as they relate to accounting matters.

This report is intended for the information of the City of Chicago's management. However, this report is a matter of public record, and its distribution is not limited.
