*Planned Development application is currently under review by DPD and is slated for Plan Commission in January 2020.

III. BACKGROUND

The Ramova Theater opened in 1929 and served as a movie theater until it closed in 1985. It has sat vacant since then. The City acquired the Ramova Theater through eminent domain in 2001 for $285,000 and acquired 3520 S. Halsted via warranty deed in 2006 for $300,000. After the City acquired the Theater, it spent $65,000 for emergency roof and drainage work and spends $7,380 per year to secure the doors and windows. In 2013, the Public Building Commission spent $333,000 to stabilize the masonry of the building.

DPD has been working to revitalize the commercial corridor on Halsted Street. DPD sold 12 lots on the NWC of 35th and Halsted through an RFP in 2004 for a mixed-use retail and residential condominium project. The Department is also soon to close on a negotiated sale of two lots at
31st and Halsted slated for commercial use. This project would significantly improve the commercial retail offerings of the neighborhood and serve as a catalyst for future development in the area.

The Bridgeport neighborhood has a total population of 33,637 with 12,734 households. The neighborhood is primarily a mix between White non-hispanic (33.6%), Hispanic or Latino (24%), and Asian non-hispanic (39%). Bridgeport’s median household income is $45,671, less than Chicago’s median income which is $52,497. The neighborhood is primarily residential while Halsted contains more commercial, retail and office space.

IV. PROPOSED DEVELOPMENT TEAM

Our Revival Chicago, LLC is a single purpose entity created for the redevelopment of the Ramova Theater. It is wholly owned by Our Revival, LLC, an entity created by Tyler Nevius. Tyler Nevius is a senior vice president at Endeavor entertainment, a large event and talent agency. The Developer is working with Kevin Hickey of the Duck Inn as the restaurant operator.

The Developer has also retained McHugh Construction for the rehabilitation of the Theater, who has completed other projects such as the 275,000 square foot renovation of the Civic Opera House and the 171,000 square foot rebuilt Goodman Theater.

V. PROPOSED PROJECT

The Developer intends to purchase the historic Ramova Theater and adjacent side lot from the City of Chicago and the adjacent vacant commercial building to the north, the adjacent Bridgeport News property to the north, and a parking lot to the southeast from private parties.

The Developer is proposing to redevelop the Ramova Theater and commercial properties into a 38,671 square foot mixed use complex that consists of a live music venue with 1,800 person capacity, a 4,000 square foot restaurant and a 5,000 square foot brewery. In addition to live music, the theater will also offer comedy shows and community focused programming. In
addition, performances will be scheduled by an independent booking agency. The Developer intends use the parking lot across the street as accessory parking.

In order to fit the various uses for the Project, the Developer has to purchase the neighboring commercial buildings to the north. As the Ramova Theater was only designed as a movie theater, there is no room behind the screen for back of the house or backstage functions, so the adjacent commercial building is necessary for those functions and for the restaurant and brewery. The Bridgeport News property is key to the overall project as it allows for load-in/load-out to take place behind the Theater instead of on Halsted Street and more room for the restaurant, brewery, and other functions.

VI. LAND ACQUISITION

Our Revival LLC plans to purchase the Ramova Theater and side lot from the City of Chicago for $1, the neighboring vacant commercial building from a private seller for $1,350,000, the Bridgeport News property from a private seller for $1,300,000, and a parking lot to the southeast from a private seller for $1,400,000.

VII. FINANCIAL STRUCTURE

The project will be financed with a mix of investor equity and debt and State funds. The City intends to reimburse the Developer for a portion of its TIF-eligible costs in an amount not to exceed $6,640,000. The TIF funds plus the $764,999 land write-down are approximately 32.37% of the Total Project Cost, currently estimated to be $22,876,893. The reimbursement will come from increment generated from the 35th/Halsted TIF District and will be provided as a lump sum through the issuance of a forgivable loan to the Developer at Certificate of Completion. The RDA will have a 10-year compliance period and the loan forgiveness will be based on that schedule. In the first three years of the compliance period, the Developer will make interest only payments and there will be no loan forgiveness. For the remaining years, so long as the Developer is not in default, DPD will forgive a portion of the principal balance and associated interest. More specifically, in years 4 and 5, $1 million will be forgiven annually and in years 6-10, $928,000 will be forgiven annually. If the Developer defaults on the RDA, it will have to repay the outstanding balance of the loan at that time.

**VIII. CITY PROTECTION**

The Developer will comply with an ongoing operations covenant to ensure that the development is continuously operated as a theater, restaurant, and brewery. Additionally, starting at Certificate of Completion, the Developer will comply with an ongoing occupancy covenant that requires a minimum number of performances per week and that the restaurant and brewery are open for business. If the Developer does not maintain the required occupancy or operations then it will be an Event of Default and the City will demand repayment of the remaining balance of the loan.
IV. PROJECT BENEFITS

The proposed Project will provide the following benefits:

**Activation of Vacant Property:** The project will revive the historic Ramova Theater which has sat vacant since April 1985.

**Neighborhood Catalyst:** The project will eliminate a large vacant commercial space in the neighborhood and will catalyze growth within the area.

**Historic Preservation:** The project will refurbish the façade of the Ramova Theater and the Developer has agreed to consent to landmark status for the Theater.

**Job Creation:** The project is estimated to generate 80 permanent full time jobs and 110 temporary construction jobs.

**Construction Compliance:** The Developer will comply with the requirements of Chicago’s affirmative action ordinance, which requires contract participation of 26% by minority-owned business enterprises (MBEs) and 6% by woman-owned business enterprises (WBEs). The developer has provided notification of the proposed project, by certified mail, to several associations of minority and women contractors. A sample version of the letter and copies of the post office receipts for the certified letters are presented as exhibits to this report. The Developer will also comply with the requirements of Chicago’s City residency ordinance, which requires that at least half of all construction-worker hours be filled by Chicago residents and will be required to pay prevailing wage.

X. COMMUNITY SUPPORT

The Developer and Alderman hosted a community meeting on November 19, 2019 to discuss the project and the City’s involvement. Nearly 200 people attended the meeting and were highly supportive of the project and the plan to restore the Ramova Theater.

Alderman Patrick Daley Thompson supports the use of TIF funds for the project.

XI. CONFORMANCE WITH REDEVELOPMENT AREA PLAN

The proposed project is located in the 35th/Halsted Tax Increment Financing Redevelopment Project Area. The proposed project will satisfy the following goals of the Redevelopment Plan:

- Reduce or eliminate those conditions which qualify the Area as a blighted area
- Enhance the tax base of the Area by encouraging private investment in new development and by facilitating the development of underutilized property
- Strengthen the economic well-being of the Area and the City by increasing business activity, taxable values, and job opportunities
• Provide needed incentives to encourage a broad range of improvements for both new development and the rehabilitation of existing buildings

The implementation strategy for achieving the goals of the Plan includes the need to provide TIF financial assistance to create jobs and spur development in the Project Area.

The proposed project also conforms to the plan's land use map, which calls for commercial development at the subject site.

XII. CONDITIONS OF ASSISTANCE

If the proposed resolution is approved by the CDC, DPD will release a public notice announcing the proposed sale seeking alternative development proposals. The public notice will be published in one of Chicago’s metropolitan newspapers at least once for each of three consecutive weeks. If no responsive alternative proposals are received within 30 days of the publishing of the first notice, the department will accept a good faith deposit from the proposed developer, and a redevelopment agreement will be negotiated. The redevelopment agreement will incorporate the parameters of the proposed project as described in this staff report.

It is DPD policy that no business will be conducted with a development entity whose any principal has outstanding municipal debts (such as unpaid parking tickets, unpaid water bills, unpaid business licenses, and others), is in arrears of child support payments, or who is a debtor in bankruptcy, a defendant in a legal action for deficient performance, a respondent in an administrative action for deficient performance, or a defendant in any criminal action. Before today’s action is presented to the City Council for approval, the Department will conduct a thorough background check of all principals having an ownership interest of 7.5 percent or greater, and of the boards of directors and trustees of non-profit organizations. Similar background checks will be conducted on the development entity itself.

Closing of the redevelopment agreement will not occur before the City Council has approved the agreement, the developer has obtained all necessary City approvals including zoning and building permits, and the developer has presented proof of financing. The redevelopment agreement will include a development timetable.

XIII. RECOMMENDATION

The Department of Planning and Development has thoroughly reviewed the proposed project, the qualifications of the development team, the financial structure of the project, its need for public assistance, and DPD requests that the CDC recommend to the City Council the sale of 3518 and 3520 S. Halsted to Our Revival Chicago, LLC, recommend the designation of Our Revival Chicago, LLC as the Developer for the Ramova Theater, and authorize DPD to negotiate, execute, and deliver a redevelopment agreement with Our Revival Chicago, LLC.
