RECITALS

A. Constitutional Authority: As a home rule unit of government under Section 6(a), Article VII of the 1970 Constitution of the State of Illinois (the “**State**”), the City has the power to regulate for the protection of the public health, safety, morals and welfare of its inhabitants, and pursuant thereto, has the power to encourage private development in order to enhance the local tax base, create employment opportunities and to enter into contractual agreements with private parties in order to achieve these goals.

B. Statutory Authority: The City is authorized under the provisions of the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended from time to time (the “**Act**”), to finance projects that eradicate blighted conditions and conservation area factors through the use of tax increment allocation financing for redevelopment projects.

C. City Council Authority: To induce redevelopment pursuant to the Act, the City Council of the City (the “**City Council**”) adopted ordinances on July 21, 1999: (1) approving a redevelopment plan (the “**Redevelopment Plan**”) for the 24th/Michigan Redevelopment Project Area (the “**Area**”); (2) designating the Area as a Redevelopment Project Area pursuant to the Act; and (3) adopting tax increment allocation financing for the Area (the “**TIF Adoption Ordinance**”) (items (1)-(3) collectively referred to herein as the “**TIF Ordinances**”). The redevelopment project area referred to above (the “**Redevelopment Area**”) is legally described in **Exhibit A** hereto.

To induce redevelopment pursuant to the Act, the City Council adopted the following ordinances on July 30, 1997: (1) “An Ordinance of the City of Chicago, Illinois Approving a Tax Increment Redevelopment Plan for the River South Redevelopment Project Area;” (2) “An Ordinance of the City of Chicago, Illinois Designating the River South Redevelopment Project Area as a Tax Increment Financing District;” and (3) “An Ordinance of the City of Chicago, Illinois Adopting Tax Increment Allocation Financing for the River South Redevelopment Project Area”

(the “**River South TIF Adoption Ordinance**”) (items (1)-(3) collectively referred to herein as the “**River South TIF Ordinances**,” the redevelopment plan approved by the River South TIF Ordinances, as amended by the City Council through an ordinance adopted on June 12, 2019, is referred to herein as the “**River South Redevelopment Plan**” and the redevelopment project area created by the River South Ordinances is referred to herein as the “**River South Redevelopment Area**”).

D. The Project: The first phase of Southbridge will provide approximately two hundred six (206) residential housing units in twin mid-rise buildings which buildings are financed separately but concurrently. This Agreement relates to the financing of a sub-phase of that first phase, which sub-phase relates to that certain property ground leased by the Developer and located within the Redevelopment Area commonly known at 2310 South State Street, Chicago, Illinois and legally described on **Exhibit B** hereto (the “**Property**”), and, within the time frames set forth in **Section 3.01** hereof, the Developer shall commence and complete the construction of one (1) mixed-use building on the Property which will consist of approximately one hundred three (103) residential housing units of which fifty-one (51) units shall be for low-and-moderate-income families, fifty-two (52) shall be market-rate units, approximately ten thousand (10,000) square feet, ground-floor commercial retail space constructed as a cold dark shell without tenant improvements, parking spaces, and related common areas (the “**Facility**”). The Facility and related improvements (including but not limited to those TIF-Funded Improvements as defined below and set forth on **Exhibit C** hereto) are collectively referred to herein as the “**Project**.” The completion of the Project would not reasonably be anticipated without the financing contemplated in this Agreement.

The Property will be ground leased from the CHA (defined below) to TCB, or such other entity deemed acceptable to DPD’s Commissioner, pursuant to the Ground Lease (defined below) and TCB will assign its interest as lessee under the Ground Lease to the Developer. The Developer will sub-lease the fifty-one (51) affordable units to Southbridge 1-4 as the “Master Tenant,” pursuant to the Master Sub-Lease (defined below). For this Project, a condominium ownership structure will be used, and a condominium declaration will be executed and recorded once the units are constructed. It is anticipated that there will be seven (7) separate condominium units: one (1) unit consisting of the commercial space on the ground floor, one (1) unit consisting of all the market rate units in the Facility, and five (5) affordable condominium units (each affordable unit will consist of all the affordable units on a floor of the Facility).

E. Redevelopment Plan: The Project will be carried out in accordance with this Agreement and the Redevelopment Plan attached hereto as **Exhibit D** hereto.

F. City Financing: The City agrees to use, in the amounts set forth in **Section 4.03** hereof, Available Incremental Taxes (as defined below), to pay for or reimburse any of the Developer Parties for the costs of TIF-Funded Improvements pursuant to the terms and conditions of this Agreement.

In addition, as described in **Section 8.05** hereof, the City may, in its discretion, issue tax increment allocation bonds (“**TIF Bonds**”) secured by Incremental Taxes (as defined herein) pursuant to a TIF bond ordinance (the “**TIF Bond Ordinance**”), the proceeds of which (the “**TIF Bond Proceeds**”) may be used to pay for the costs of the TIF-Funded Improvements not previously paid for from Available Incremental Taxes, or in order to reimburse the City for the

costs of TIF-Funded Improvements; provided, however, that any such amendments shall not have a material adverse effect on the Developer Parties or the Project; provided, further, that the proceeds of TIF Bonds issued on a tax-exempt basis cannot be used as a source of City Funds or to repay the City Funds.

G. Transfer Rights: Pursuant to 65 ILCS 5/11-74.4-4(q) of the Act, the City can use incremental taxes (as hereinafter defined) from one redevelopment project area for eligible redevelopment project costs in another redevelopment project area that is either contiguous to, or is separated only by a public right of way from, the redevelopment project area from which those incremental taxes are received (the "**Transfer Rights**").

During the time period when the Redevelopment Area was contiguous with the River South Redevelopment Area, the City exercised its Transfer Rights pursuant to the Act and transferred a portion of the incremental taxes from the River South Redevelopment Area (the "**River South Incremental Taxes**") into the TIF Fund (as hereinafter defined) in order to make such incremental taxes available to fund certain TIF-Funded Improvements related to the Project, to the extent and in the manner hereinafter provided.

Now, therefore, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:
