EXHIBIT A

River South Tax Increment Financing Redevelopment Project and Plan

Amendment No. 2

To induce redevelopment pursuant to the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq., as amended from time to time (the “Act”), the City Council (“City Council”) of the City of Chicago (the “City”) adopted three ordinances on July 30, 1997, approving the River South Tax Increment Financing Redevelopment Project and Plan (the “Original Plan”), designating the River South Tax Increment Financing Redevelopment Project Area (the “Original RPA”) as a redevelopment project area under the Act, and adopting tax increment allocation financing for the Original RPA.

The Original Plan was revised by adoption of an ordinance on July 25, 2018 and entitled Amendment Number 1 to the River South Redevelopment Project and Plan (the "Amended Plan Number 1"). Changes in the Amended Plan Number 1 included language to conform the estimated dates of completion of the redevelopment project and of the retirement of obligations issued to finance redevelopment project costs set forth in the Redevelopment Plan, to the provisions of Section 11-74.4-3(n)(3).

The Original Plan, Amendment No. 1 and Amendment No. 2 are collectively referred to herein as the “Amended Plan,” and the Original Project Area, as amended by Amendments No. 1 and No. 2, is referred to herein as the “Amended Project Area.”

The Amended Plan is being amended to remove 376 real estate tax parcels from the Amended Project Area. Removing these parcels will encourage redevelopment of these parcels beyond the goals and objectives of the Amended Plan. Section 11-74.4-5(c) of the Act provides that:

Changes which do not (1) add additional parcels of property to the proposed redevelopment project area, (2) substantially affect the general land uses proposed in the redevelopment plan, (3) substantially change the nature of the redevelopment project, (4) increase the total estimated redevelopment project cost set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted, (5) add additional redevelopment project costs to the itemized list of redevelopment project costs set out in the redevelopment plan, or (6) increase the number of inhabited residential units to be displaced from the redevelopment project area, as measured from the time of creation of the redevelopment project area, to a total of more than 10, may be made without further public hearing and related notices and procedures including the convening of a joint review board as set forth in Section 11-74.4-6 of this Act, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested parties registry, provided for under Section 11-74.4-4.2, and by publication in a newspaper of general circulation within the affected taxing district. Such notice by mail and by publication shall each occur not later than 10 days following the adoption by ordinance of such changes.

The areas to be removed from the Amended Plan are described as follows:
1. The area generally bounded by Roosevelt Road to the north, Clark Street to the east, Cullerton Street to the south, and the South Branch of the Chicago River to the west. The following PINs are removed from the Amended Plan:

The Amended Plan is further amended as follows, each change following the format of the Original Plan.

Section I: Introduction

In Section I, the following is inserted after paragraph four:

The Original Project Area was established by the City of Chicago in 1997, and included 285.8 acres. In 2018, the City amended the River South Tax Increment Financing Redevelopment Project and Plan to included language to conform the estimated dates of completion of the redevelopment project and of the retirement of obligations issued to finance redevelopment project costs set forth in the Redevelopment Plan to the provisions of Section 11-74.4-3(n)(3) of the Act (as hereinafter defined). In 2019, the City amended the River South Tax Increment Financing Redevelopment Project and Plan again to exclude 204.8 acres of vacant and improved land in order to encourage redevelopment of these parcels beyond the goals and objectives of the Original Plan. With this River South Tax Increment Financing Redevelopment Project and Plan, all reference to the “Project Area” shall be understood to mean the area excluding the 204.8 acres of improved and vacant land. All references to the “Original Project Area” shall be understood to mean the 285.8 acres originally designated in 1997.

In Section I, the following is inserted after paragraph five:

The Department of Planning and Development finds that the Eligibility Study that is part of the Redevelopment Plan is not affected adversely by the removal of the 204.8 acres, all the qualifying factors necessary for the approval of the Redevelopment Plan were found to be reasonably distributed throughout the improved and vacant portions of the Original Project Area, and all areas within the Original Project Area showed the presence of Conservation or Blighted Area factors as defined in the Act.

In Section I, Subsection A, the first paragraph is deleted and replaced with the following:

The Project Area is generally bounded on the north by Van Buren Street; on the south by Roosevelt Road; on the east by Clark Street; and on the west by Wells Street and the South Branch of the Chicago River. For a map depicting the boundaries and legal description of the Project Area, see Section II, Legal Description.
