## ***Introduction***

To induce redevelopment pursuant to the Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 *et seq.*, as amended from time to time (the “Act”), the City Council of the City of Chicago (the “City”) adopted three ordinances on February 16, 2000, approving the Central West Redevelopment Project Area Tax Increment Finance Program Redevelopment Plan and Project, designating the Central West Redevelopment Project Area (the “Original Project Area”) as a redevelopment project area under the Act, and adopting tax increment allocation financing for the Original Project Area.

The Central West Tax Increment Finance Redevelopment Area Project and Plan, dated October 26, 1999, adopted by the City of Chicago on February 16, 2000, will herein be referred to as the “Original Plan.” The Original Plan, as amended, shall be referred to herein as the “Redevelopment Plan” or the Central West Redevelopment Plan.” The Original Project Area as amended shall be referred to herein as the “Central West RPA” or the “Central West RPA as Amended.”

The Original Plan is being amended to:

- 1) Expand the Project Area to include an additional 144 tax parcels;
- 2) Update plan language and budget line items to incorporate recent amendments to the Act;
- 3) Update the budget for the Central West RPA; and
- 4) Change the future land use of one block from institutional to mixed-use.

## ***Modifications to Original Plan***

Each change to the Original Plan is detailed below following the format of the Original Plan.

### **I. EXECUTIVE SUMMARY**

The last sentence in the first paragraph is replaced with the following:

This area shall be referred to as the “Original Central West RPA,” or the “Original RPA.”  
This report contains the Redevelopment Plan and Project for the Original Central West RPA.

In the second paragraph, the phrase “Central West RPA” is replaced with the following:

“Original Central West RPA.”

The following paragraph is inserted after the second paragraph of this section:

In 2006, *S. B. Friedman & Company* was engaged by the City to conduct a study of certain properties south of the Original Central West RPA to determine whether these properties

would qualify as a “blighted area” and/or “conservation area” under the Act, in order to be incorporated into the Central West RPA. This report details the eligibility factors found within the Central West RPA Expansion Area (the “Expansion Area”) in support of its designation as a “conservation area” as defined above, and in support of its addition into the Central West RPA. This report also contains the Redevelopment Plan and Project for the Central West RPA Expansion Area.

The Expansion Area contains 144 tax parcels on seven blocks and contains approximately 76 acres of land.

The combined Original Central West RPA and Central West RPA Expansion Area shall be referred to as the “Central West RPA,” or the “RPA.”

### **Determination of Eligibility**

In the first paragraph, the phrase “Central West RPA” is replaced with the following:

“Original Central West RPA”.

In the second paragraph, the phrase “Central West RPA” is replaced with the following:

“Original Central West RPA”.

The following is inserted at the end of this section:

This report also concludes that the Central West RPA Expansion Area is eligible for TIF designation as a “conservation area” because 50% or more of the structures in the area have an age of 35 years or more and because the following eligibility factors have been found to be present to a major extent:

- Deterioration;
- Presence of Structures Below Minimum Code Standards;
- Excessive Land Coverage and Overcrowding of Structures;
- Inadequate Utilities; and
- Obsolescence.

Additionally, three other eligibility factors are present to a minor extent and demonstrate that the Central West RPA Expansion Area is in a state of gradual decline through disinvestment. These factors are:

- Deleterious Land Use and Layout;
- Excessive Vacancy; and
- Lack of Growth in EAV.

**Redevelopment Plan Goal, Objective and Strategies**

The second paragraph starting with “Objectives” and the associated bullet points are replaced with the following:

**Objectives.** Eleven (11) broad objectives support the overall goal of area-wide revitalization of the Central West RPA. These include:

1. Facilitate the assembly, preparation, and marketing of vacant and underutilized sites for new retail, commercial, residential and public/institutional development, as well as off-street parking areas;
2. Remediate environmental problems to provide additional land for new retail, commercial, residential and public/institutional development and redevelopment, as appropriate;
3. Facilitate the preservation and/or rehabilitation of residential, commercial, industrial, public/institutional and architecturally or historically significant buildings and encourage the adaptive re-use of vacant, underutilized, and obsolete buildings, where appropriate;
4. Promote the expansion of the Illinois Medical District as a center of employment, research and medical care for the Chicago area;
5. Support the development of a variety of housing types to meet the needs of households with a wide range of income levels;
6. Replace or repair infrastructure, including sidewalks, streets, curbs, gutters, and underground water and sanitary systems, to improve the overall image of the neighborhood and support new retail, commercial, and residential redevelopment;
7. Provide resources for streetscaping, landscaping, and screening/buffering elements to visually link the area’s diverse land uses and create a distinct identity for the area;
8. Facilitate the improvement and expansion of existing public facilities as needed, such as schools and parks, and facilitate the development of new public facilities in appropriate locations throughout the RPA as needed and in accordance with the Redevelopment Plan;
9. Support and complement the goals and objectives of other underlying redevelopment plans and planning studies, including the Central West Redevelopment Area, Madison-Western Redevelopment Area, the Madison-Racine Redevelopment Area, Enterprise Zone 4, West Side Empowerment Zone, the Near West SNAP, and the Near West Side Area Land Use Plan, and coordinate available federal, state, and local resources to further the goals of this redevelopment plan;

10. Provide opportunities for women-owned, minority-owned, and locally-owned businesses to share in the job and construction opportunities associated with the redevelopment of the Central West RPA; and
11. Support job training programs and increase employment opportunities for area residents.

The third and fourth items associated with the third paragraph starting with Strategies, are replaced with the following:

3. **Encourage Private Sector Activities and Support New Development.** The City may provide financial and other assistance to encourage the private and non-profit sectors to undertake redevelopment and rehabilitation projects within the RPA. In order to facilitate private investment, the City may enter into agreements within the limits of the Act to facilitate and support projects that support the goals, objectives, and strategies of this Redevelopment Plan.
4. **Facilitate Property Assembly, Demolition, and Site Preparation.** Assistance may be provided to private developers in order to undertake projects supportive of this Redevelopment Plan.

### **Required Findings**

In the second and third paragraphs, the phrase “Central West RPA” is replaced with the following:

“Original Central West RPA”

and the word “RPA” is replaced with the following:

“Original RPA”.

The following is inserted after the third paragraph:

In addition, the Central West RPA Expansion Area has seen minimal private investment during between the years 2001 and 2005. The Equalized Assessed Value (EAV) of taxable properties within the Central West RPA Expansion Area have not kept pace with that of the balance of the City of Chicago for four of the previous five years. During the period from 2000-2005, the EAV of the RPA Expansion Area grew at a compound annual growth rate of 7.21 percent. This rate of growth is 10 percent lower than the compound annual growth rate for the balance of the City, which was 7.94 percent. It is also 20 percent lower than the compound annual growth rate for the balance of West Chicago Township, in which the RPA Expansion Area is located. This indicates that private investment in the RPA Expansion Area has been low relative to the rest of the City of Chicago.

Construction activity within the RPA expansion area has also largely been limited to the remediation of code violations and deficiencies. According to records obtained from the

Department of Buildings, the total value of building permits issued for projects within the RPA Expansion Area was \$46.5 million during the five-year period between December 2001 and December 2006. During this period, Rush University Medical Center spent approximately \$22.6 million to correct code violations and deficiencies identified during an audit conducted by the Center for Medicare and Medicaid Services. In addition, Cook County spent approximately \$3.6 million to correct life safety and issues relating to life safety and accessibility for persons with disabilities. The remaining construction activity (\$20.3 million) represents renovations and minor expansions of RUMC facilities, as well as maintenance on privately-owned buildings within the Amendment RPA. This level of investment is insignificant relative to the redevelopment needs of the area, and does not allow for a substantive expansion of medical services or other economic activity within the area.

In the fourth paragraph the last sentence is replaced with the following:

But for creation of the Original Central West RPA and its amendment to include the Central West RPA Expansion Area, these types of projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur.

## 2. INTRODUCTION

In the first, second, third, fourth and fifth paragraphs the phrases “Central West Redevelopment Project Area” and “Central West RPA” are replaced with the following:

“Original Central West RPA”

and the word “RPA” is replaced with the following:

“Original RPA”.

The following is inserted after the fifth paragraph:

In 2006, *S. B. Friedman & Company* was engaged by the City to conduct a study of certain properties south of the Original Central West RPA to determine whether these properties would qualify as a “blighted area” and/or “conservation area” under the Act, in order to be incorporated into the original Central West RPA. This area, referred to as the “Central West RPA Expansion Area,” is composed of 144 tax parcels on seven blocks. The Central West RPA Expansion Area is irregularly shaped and is roughly bounded by W. Van Buren Street on the north; S. Ashland Avenue on the east; W. Polk Street on the south; and Hoyne Avenue on the west.

The community context of the Central West RPA Expansion Area is also detailed on Map 1.

Map 2 details the boundary of the Central West RPA Expansion Area which includes only those contiguous parcels of real property that are expected to substantially benefit from the

Redevelopment Plan improvements discussed herein. The boundaries encompass the historic core of the Illinois Medical District, and include institutional and residential uses. The area as a whole suffers from deteriorated buildings and infrastructure, the presence of multiple buildings which are below minimum code standards, and inadequate utilities. In addition, multiple buildings in the Central West RPA Expansion Area are obsolescent or excessively vacant, and a number of incompatible land use relationships exist within the area. Given these conditions, the Expansion Area has a negative impact on surrounding neighborhoods, and is becoming an ill-suited for modern medical research and patient care. Without a comprehensive redevelopment plan to address these issues, the area is at risk for falling further into disrepair.

In the seventh paragraph, the phrase “Eligibility Study” is replaced with the following:

“Eligibility Study: Original Central West RPA”.

The following is inserted after the seventh paragraph:

The “Eligibility Study: Central West RPA Expansion Area” covers events and conditions that exist and that were determined to support the designation of the Central West RPA Expansion Area as a “conservation area” under the Act at the completion of our research on February 21, 2007 and not thereafter. These events or conditions include, without limitation, governmental actions and additional developments.

The last paragraph of this section is replaced with the following:

The Eligibility Study and Redevelopment Plan summarize the analyses and findings of the *S. B. Friedman & Company’s* work, which, unless otherwise noted, is the responsibility of *S. B. Friedman & Company*. The City is entitled to rely on the findings and conclusions of this Plan in designating the Redevelopment Project Area as a redevelopment project area under the Act. *S. B. Friedman & Company* has prepared this Plan and the related eligibility study with the understanding that the City would rely: 1) on the findings and conclusions of the Plan and the related eligibility study in proceeding with the designation of the Original RPA, the amendment of the Original RPA to include the Expansion Area, and the adoption and implementation of the Plan, and 2) on the fact that the Consultant has obtained the necessary information so that the Plan and the related eligibility studies will comply with the Act.

Maps 1 and 2 of the original plan are replaced with Maps 1 and 2 shown on the next two pages of this amendment document.

**History of Area**

In the seventh paragraph the phrase “Central West RPA” is replaced with the following:

“Original Central West RPA.”

**Existing Land Use**

The title of this section is changed to “Existing Land Use: Original Central West RPA.”

In this section, the phrases “Central West Redevelopment Project Area” and “Central West RPA” are replaced with the following:

“Original Central West RPA”

and the word “RPA” is replaced with the following:

“Original RPA”.

**Existing Land Use: Amendment Area**

A new section is inserted after the section entitled “Existing Land Use: Original Central West RPA,” but before Chapter 3. This section is entitled “Existing Land Use: Central West RPA Expansion Area.” The following is inserted in this new section:

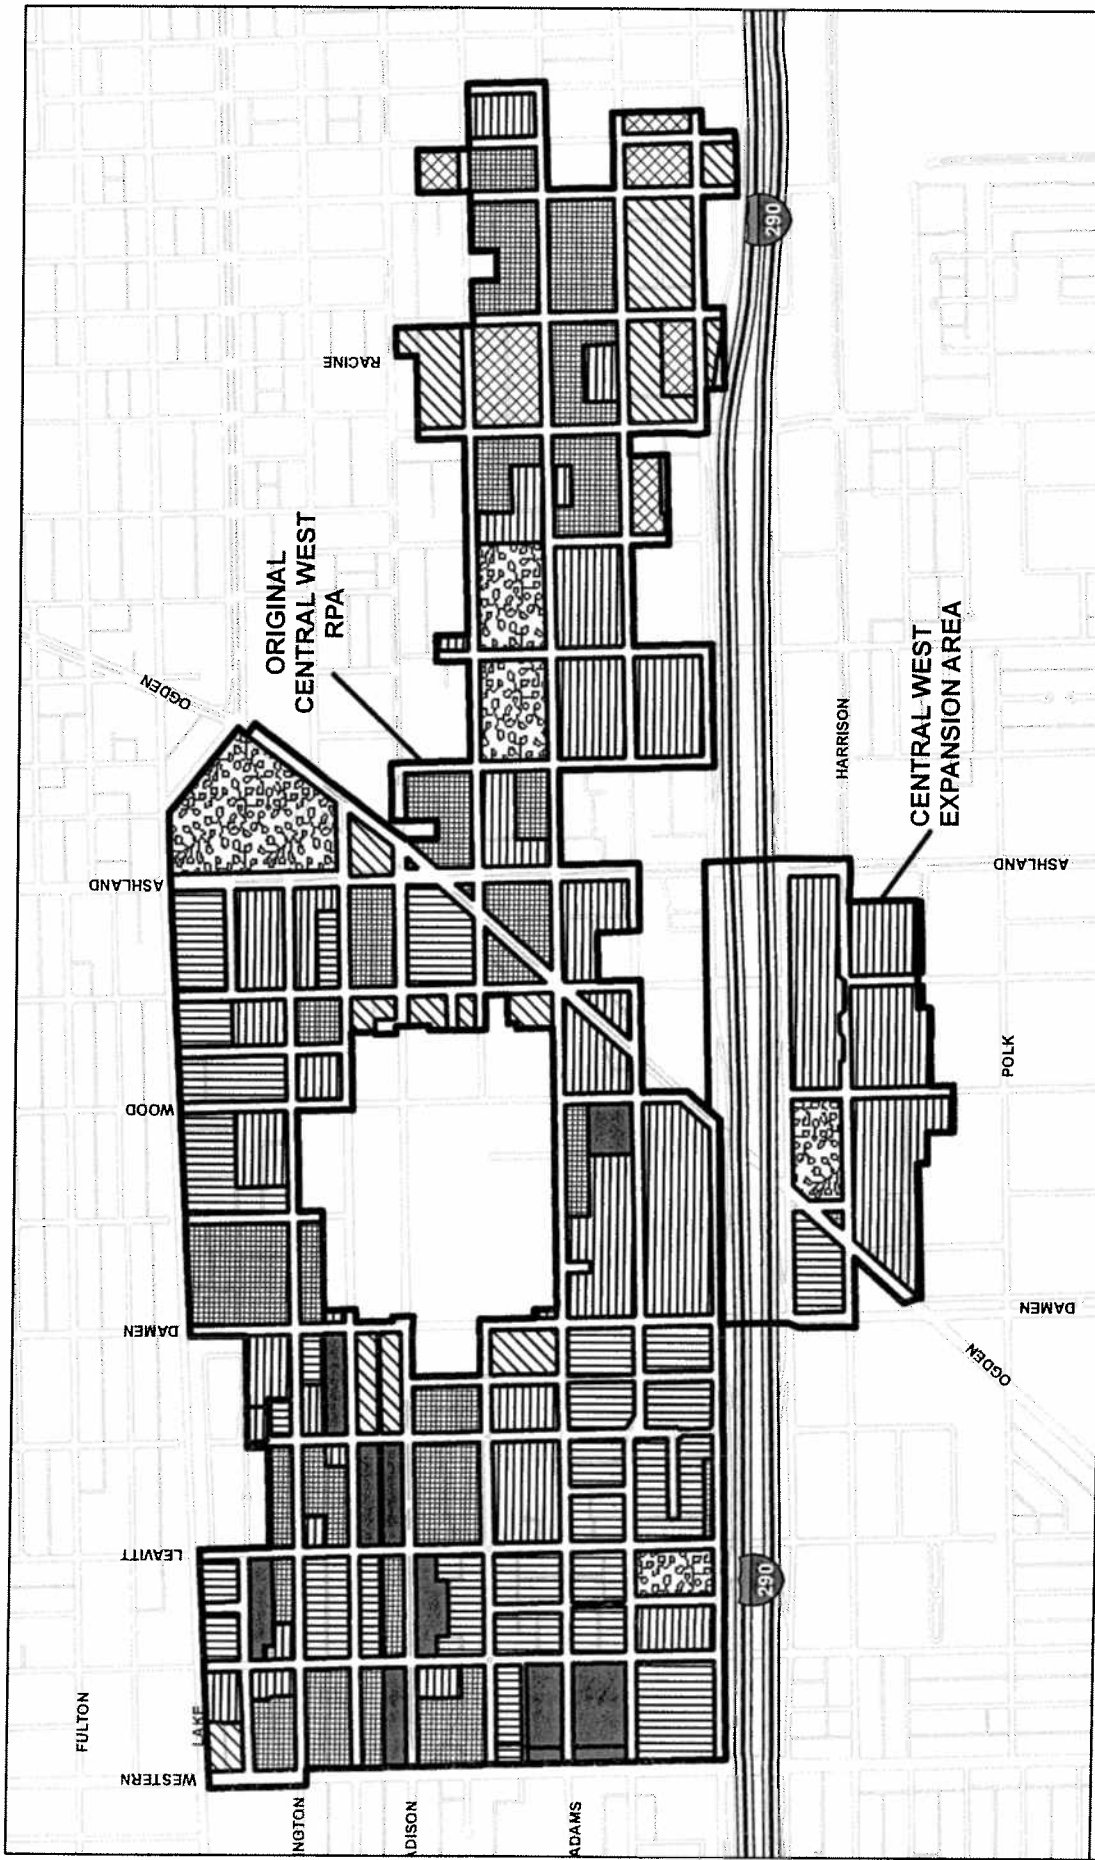

Based upon *S. B. Friedman & Company’s* research, two (2) land use patterns have been identified within the Central West RPA Expansion Area:

- Residential; and
- Public/Institutional.

The existing land use pattern in the Central West RPA Expansion Area is shown in Map 3. This map represents the predominant land use in the area on a block-by-block basis.

The Central West RPA Expansion Area is primarily composed of public/institutional uses. Interstate 290 stretches across the northern portion of the RPA, between Van Buren and Congress Streets. The southeast portion of the RPA Expansion Area, between Ashland Avenue and Wood Street, is composed of Rush University Medical Center facilities. The historic core of the Rush campus, known as the “Superblock,” is located north of Harrison Street. Cook County Hospital is located west of the Rush University campus, and occupies the entire block between Wood Street and Ogden Avenue. The remainder of the RPA Expansion Area is composed of a small public park (Pasteur Park), the Stroger Hospital Helipad, and two residential apartment buildings along Ogden Avenue.

Map 3 in the Original Plan is replaced with Map 3 shown on the next page of this document.

### **Historically Significant Structures**

A new section is inserted after the section entitled “Existing Land Use: Amendment Area,” but before Chapter 3. This section is entitled “Historically Significant Structures.” The following is inserted in this new section:

The portion of the Near West Side covered by the Central West RPA contains many buildings which are significant to the City's architectural and cultural history. To identify architecturally and/or historically significant buildings located within the LaSalle Central RPA, *S. B. Friedman & Company* obtained data from the Chicago Historic Resources Survey (the “CHRS”). The CHRS identifies over 17,000 Chicago properties and contains information on buildings that may possess architectural and/or historical significance. Structures are classified according to a color-based coding system. Designation as “red” indicates that a structure is architecturally or historically significant in the context of the City of Chicago, State of Illinois, or the United States of America; designation as “orange” indicates that a structure is potentially significant in the context of the community in which it is located. Approximately 300 structures were designated as red by CHRS, and 9,600 were designated as orange.

*S. B. Friedman & Company* identified 142 buildings within the Original Central West RPA and Central West RPA Amendment Area which were designated as red or orange by CHRS. These buildings are identified in Appendix 2 of this document.

In addition, *S. B. Friedman & Company* also identified buildings within the Central West RPA which have been designated Chicago Landmarks by the Commission on Chicago Landmarks. A total of 217 buildings in the City of Chicago have been individually designated as Chicago Landmarks. The following two buildings within the Central West RPA have been individually designated as Chicago Landmarks:

- Union Park Congregational Church, 60 N Ashland Avenue; and
- Third Church of Christ Scientist, 2149 W Washington Boulevard

### **3. ELIGIBILITY ANALYSIS**

The title of this chapter is changed to “3A. Eligibility Analysis: Original Central West RPA.”

In this section the phrases “Central West Redevelopment Project Area” and “Central West RPA” are replaced with the following:

“Original Central West RPA”

and the word “RPA” is replaced with the following:

“Original RPA”.

A new chapter is inserted after chapter 3 and before chapter 4. This chapter is entitled “3B. Eligibility Analysis: Central West RPA Expansion Area.” The following is inserted in this new chapter:

### **3B. ELIGIBILITY ANALYSIS: CENTRAL WEST RPA EXPANSION AREA**

#### ***Provisions of the Illinois Tax Increment Allocation Redevelopment Act***

Based upon the conditions found within the Central West RPA Expansion Area at the completion of *S. B. Friedman & Company’s* research, it has been determined that the Central West RPA Expansion Area meets the eligibility requirements of the Act, as amended in 1999, as a conservation area. The following text outlines the provisions of the Act to establish eligibility.

Under the Act, two primary avenues exist to establish eligibility for an area to permit the use of tax increment financing for area redevelopment: declaring an area as a “blighted area” and/or a “conservation area.”

“Blighted areas” are those improved or vacant areas with blighting influences that are impacting the public safety, health, morals, or welfare of the community, and are substantially impairing the growth of the tax base in the area. “Conservation areas” are those improved areas which are deteriorating and declining and may become blighted if the deterioration is not abated.

The statutory provisions of the Act specify how a district can be designated as a “conservation” and/or “blighted area” district based upon an evidentiary finding of certain eligibility factors listed in the Act. The eligibility factors for each designation are identical for improved property. A separate set of factors exists for the designation of vacant land as a “blighted area.” There is no provision for designating vacant land as a conservation area.

#### ***Factors for Improved Property***

For improved property to constitute a “blighted area,” a combination of five or more of the following thirteen eligibility factors listed at 65 ILCS 5/11-74.4-3 (a) and (b) must meaningfully exist and be reasonably distributed throughout the RPA Expansion Area. “Conservation areas” must have a minimum of fifty percent (50%) of the total structures within the area aged 35 years or older, plus a combination of three or more of the 13 eligibility factors which are detrimental to the public safety, health, morals, or welfare and which could result in such an area becoming a blighted area.

**Dilapidation.** An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

**Obsolescence.** The condition or process of falling into disuse. Structures have become ill-suited for the original use.

**Deterioration.** With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration including but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

**Presence of Structures Below Minimum Code Standards.** All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

**Illegal Use of Individual Structures.** The use of structures in violation of the applicable Federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

**Excessive Vacancies.** The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

**Lack of Ventilation, Light or Sanitary Facilities.** The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

**Inadequate Utilities.** Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

**Excessive Land Coverage and Overcrowding of Structures and Community Facilities.** The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision

for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

**Deleterious Land Use or Layout.** The existence of incompatible land use relationships, buildings occupied by inappropriate mixed uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

**Environmental Contamination.** The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or Federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

**Lack of Community Planning.** The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

**Lack of Growth in Equalized Assessed Value.** The total equalized assessed value of the proposed redevelopment project area has declined for three of the last five calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for three of the last five calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for three of the last five calendar years prior to the year in which the redevelopment project area is designated.

### ***Methodology Overview and Determination of Eligibility***

Analysis of eligibility factors was done through research involving an extensive field survey of all property within the Central West RPA Expansion Area, and a review of building and property records and real estate industry data. Building and property records include building code violation citations, building permit data, assessor information, and information on the age and condition of sewer and water lines within the study area. Our survey of the area established that there are 24 primary structures and 144 tax parcels within the Central West RPA Expansion Area. Ancillary structures are excluded from this total. Ancillary structures include a single story building which houses electrical

switchgear for Cook County Hospital, and the Chicago Transit Authority's Illinois Medical District Rapid Transit station.

The Central West RPA Expansion Area was examined for qualification factors consistent with either the "blighted area" or "conservation area" requirements of the Act. Based upon these criteria, the property within the Central West RPA Expansion Area qualifies for designation as a "conservation area" as defined by the Act.

To arrive at this designation, *S. B. Friedman & Company* calculated the number of eligibility factors present, and analyzed the distribution of the eligibility factors on a building-by-building and/or parcel-by-parcel basis and analyzed the distribution of the eligibility factors on a block-by-block basis. When appropriate, we calculated the presence of eligibility factors on infrastructure and ancillary properties associated with the structures. The eligibility factors were correlated to buildings and/or parcels using structure-base maps, property files created from field observations, record searches, and field surveys. This information was then graphically plotted on a parcel map of the Central West RPA Expansion Area by block to establish the distribution of eligibility factors, and to determine which factors were present to a major extent.

Major factors are used to establish eligibility. These factors are present to a meaningful extent and reasonably distributed throughout the RPA Expansion Area. Minor factors are supporting factors present to a meaningful extent on some of the parcels or on a scattered basis. Their presence suggests that the area is at risk of experiencing more extensive deterioration and disinvestment.

To reasonably arrive at this designation, *S. B. Friedman & Company* documented the existence of qualifying eligibility factors and confirmed that a sufficient number of factors were present within the Central West RPA Expansion Area and reasonably distributed.

Although it may be concluded under the Act that the mere presence of the minimum number of the stated factors may be sufficient to make a finding of the RPA Expansion Area as a conservation area, this evaluation was made on the basis that the conservation area factors must be present to an extent that indicates that public intervention is appropriate or necessary.

### ***Conservation Area Findings***

As required by the Act, within a conservation area, at least fifty percent (50%) of the buildings must be 35 years of age or older, and at least three of the 13 eligibility factors must be found present to a major extent within the Central West RPA Expansion Area.

Establishing that at least 50 percent of the Central West RPA Expansion Area buildings are 35 years of age or older is a condition precedent to establishing the area as a conservation area under the Act. Based on information provided by the Cook County Assessor's office,

we have established that of the 24 buildings located within the Central West RPA Expansion Area, 16 (67 percent) are 35 years of age or older.

In addition to establishing that Central West RPA Expansion Area meets the age requirement, our research has revealed that the following five factors are present to a major extent:

1. Deterioration;
2. Presence of Structures Below Minimum Code Standards;
3. Excessive Land Coverage and Overcrowding of Structures;
4. Inadequate Utilities; and
5. Obsolescence.

The following three factors are also present to a minor extent:

6. Deleterious Land Use and Layout;
7. Excessive Vacancy;
8. Lack of Growth in EAV.

Based on the presence of these factors, the RPA Expansion Area exceeds the minimum requirements of a “conservation area” under the Act.

Nearly half of buildings within the Expansion Area are deteriorated or served by deteriorated infrastructure, including cracked sidewalks and crumbling curbs. Nearly three quarters of buildings within the Expansion Area are below minimum code standards, including standards defined by the Chicago Building Code, Chicago Zoning Ordinance, the Americans with Disabilities Act and regulatory agencies governing hospitals and patient care facilities. Excessive overcrowding is also evidenced in 63 percent of buildings, further limiting the usefulness of these facilities for medical purposes. Obsolescence also affects a number of buildings within the Expansion Area, as many of the hospital facilities in the area date to the late-19<sup>th</sup> and early-20<sup>th</sup> centuries, and are difficult to adapt to meet modern standards for patient treatment. The Expansion Area is also serviced by inadequate utilities, particularly sewer lines which are overdue for repair/replacement, and deleterious land use and layout impact nearly 40 percent of buildings in the area, owing to the presence of major transportation infrastructure. Excessive vacancy affects a number of buildings within the Expansion Area, especially the former Cook County Hospital complex. Finally, while the Expansion Area is overwhelmingly composed of tax-exempt parcels, the growth in equalized assessed value of those parcels which are taxable has fallen behind that of the balance of the City for each of the previous five years. Together, the presence of these factors is an indication that facilities within the Expansion Area are obsolete and are consequently falling into disuse and disrepair. Without intervention, the Expansion Area is at risk for becoming a blighting influence on surrounding neighborhoods, and may negatively impact the ability of the Illinois Medical District to remain a center for cutting-edge medical research and patient care.

Maps 4G through 4O illustrate the presence and distribution of these eligibility factors on a

block-by-block basis within the Expansion Area. The following sections summarize our field research as it pertains to each of the identified eligibility factors found within the Central West RPA Expansion Area.

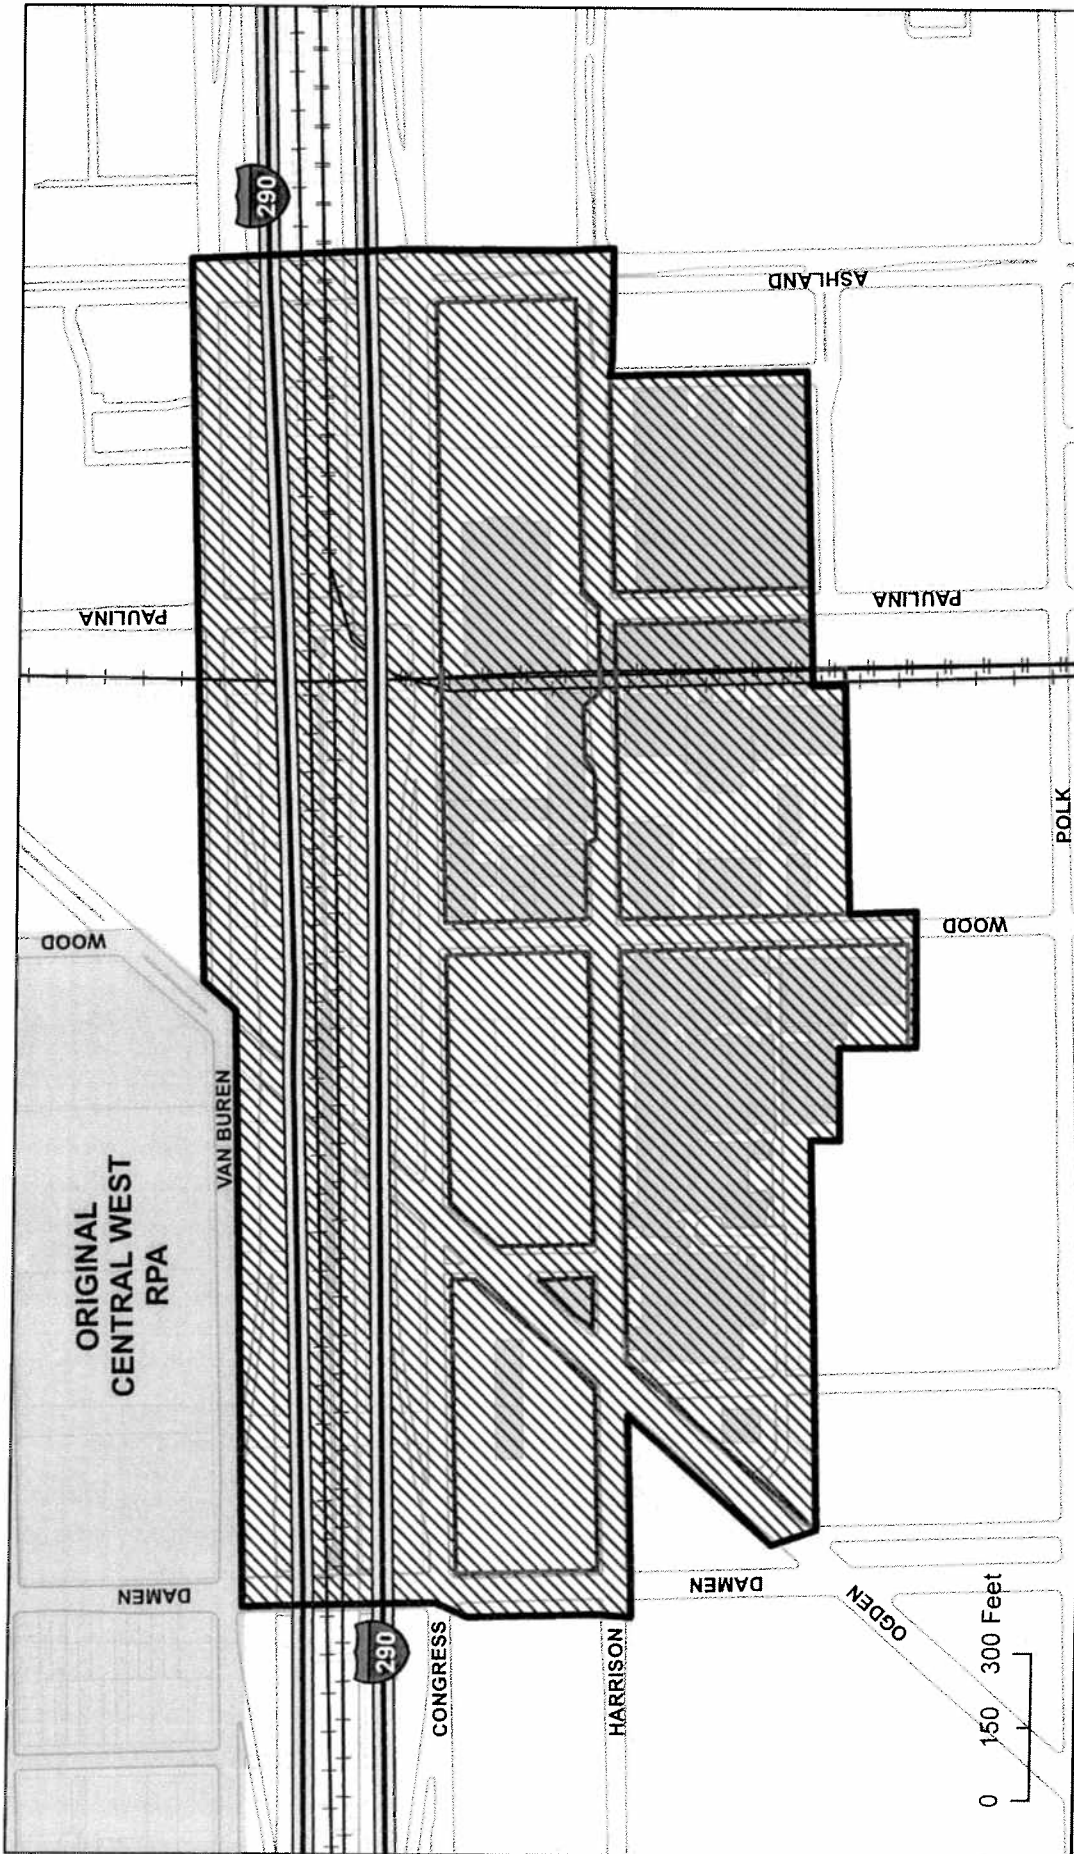

## **MAJOR FACTORS**

### **1. Deterioration**

Deterioration of building components is evident throughout the Central West RPA Expansion Area. The façades of several older structures within the RPA Expansion Area, including Cook County Hospital, Cook County Children's Hospital and buildings within the Rush Superblock, are composed of terra cotta or limestone which has become loose, worn, cracked or crumbling. This poses a safety hazard and has in some cases necessitated the use of metal brackets and netting to protect pedestrians from falling stone. In addition, the façades and structural components of several newer concrete structures within the area, including the Rush University Medical Center Parking Garage, exhibit spalling. This also poses a safety hazard, necessitating the erection of canopies to protect pedestrians, as well as the expenditure of several million dollars in recent years on concrete slab re-construction and repair of post-tensioning structural elements.

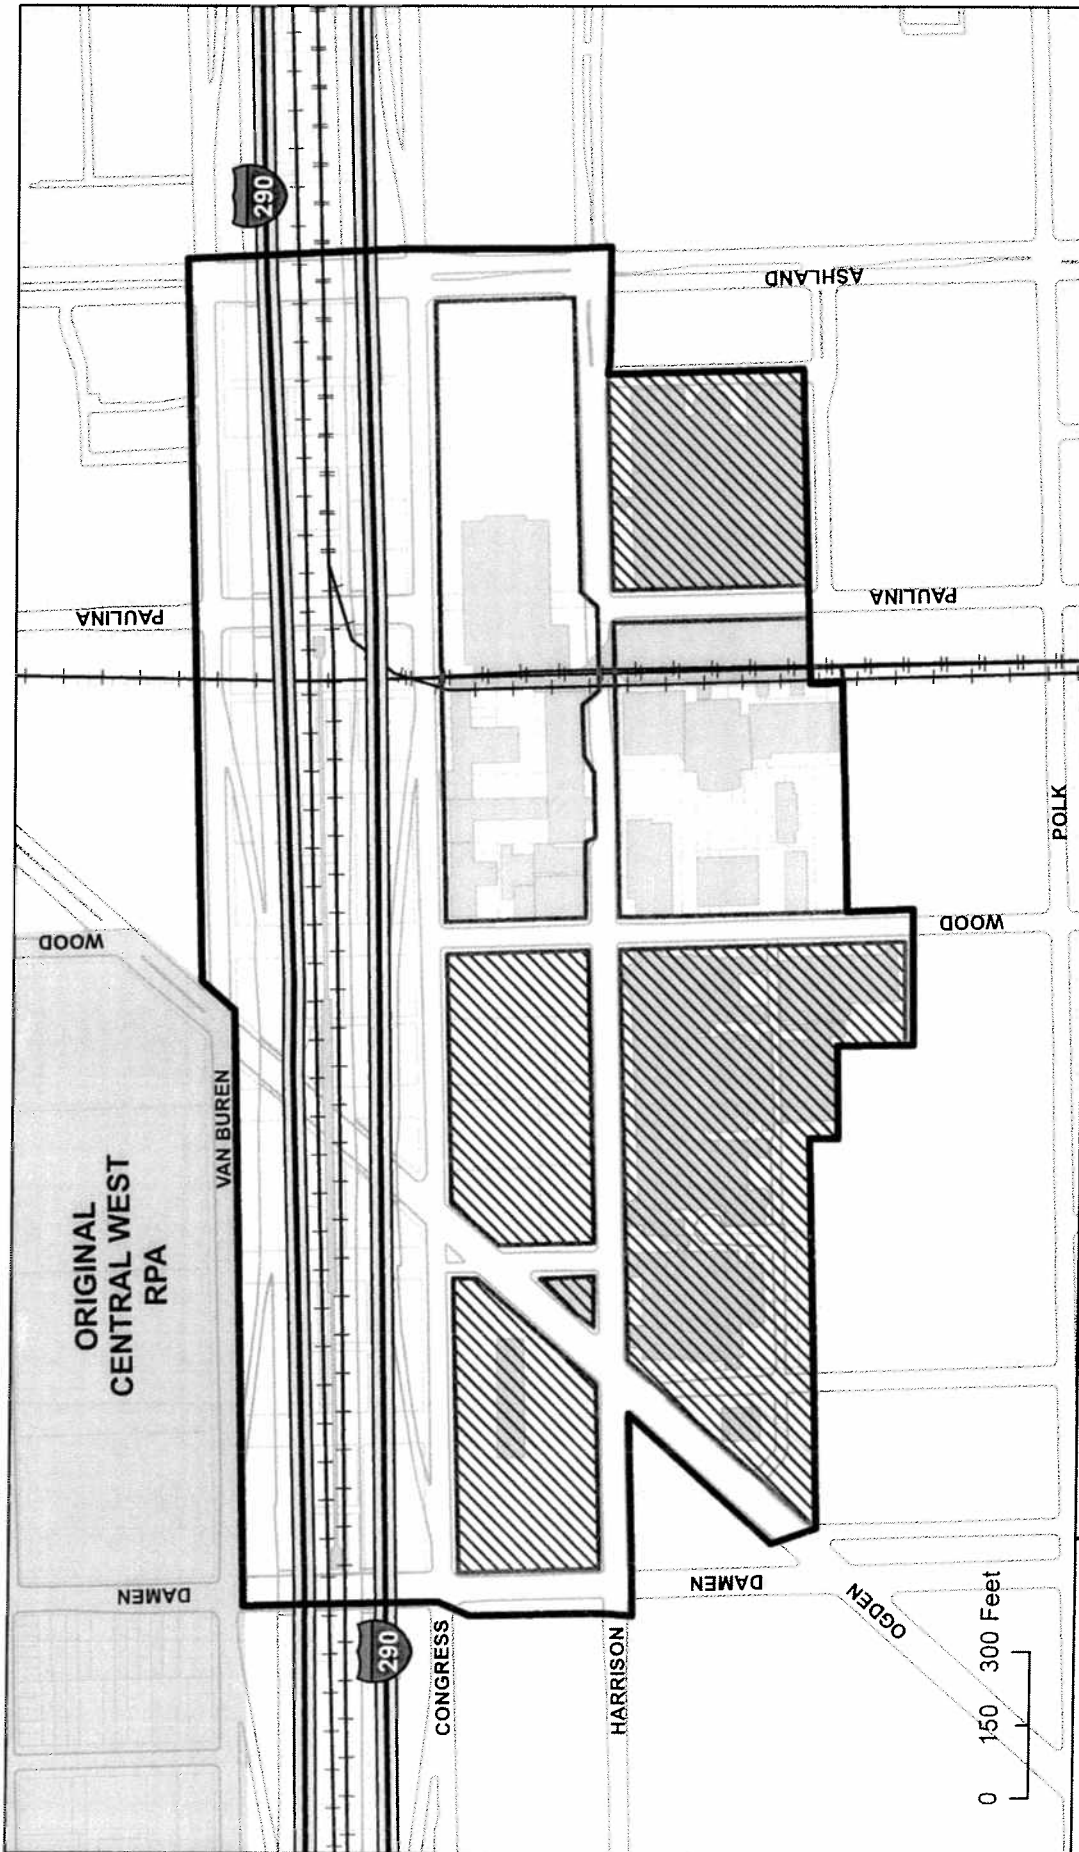

In addition, deterioration of infrastructure is a problem within the Expansion Area, and is evidenced in cracked sidewalks, crumbling curbs and potholes. This is particularly problematic on the bridges which cross Interstate 290 and link the Expansion Area with Chicago Transit Authority Rapid Transit stations. It is also evidenced in the sidewalks and curbs surrounding Pasteur Park.

Of the 24 buildings within the Central West RPA Expansion Area, 11 buildings (or 46 percent) are affected by deterioration of building components or public infrastructure. Deterioration of public infrastructure also impacts Pasteur Park and the public right-of-way adjacent to and crossing over Interstate 290.

## 2. Presence of Structures below Minimum Code Standards

Structures below minimum code standards are those which do not meet applicable standards of zoning, subdivision, building, fire, and other governmental codes. The principal purpose of such codes is to protect the health and safety of the public. While such codes may not mandate corrective action for buildings constructed prior to the adoption of the code, these buildings may still pose a health or safety hazard to the public, or may become disused due to changes in market expectations which are prompted by the new code.

In order to determine whether structures within the Expansion Area are below minimum code standards, *S. B. Friedman & Company* analyzed data provided by the City's Department of Buildings regarding building code violation citations for structures within the Expansion Area. Where available, Plans for Compliance with the City's Life Safety and High Rise Sprinkler Ordinance were also reviewed to determine if structures meet contemporary standards for fire safety. Compliance with the Americans with Disabilities Act and the Chicago Zoning Ordinance was assessed through fieldwork and interviews with facilities maintenance staff at institutions within the Expansion Area. Finally, various planning documents were reviewed to determine whether facilities meet the minimum standards set by the Joint Council on Accreditation of Healthcare Organizations and Center for Medicare and Medicaid Services for hospital facilities.

Based on the research described above, it was determined that eight buildings within the RPA Expansion Area failed to meet the minimum standards of the Life Safety and High Rise Sprinkler Ordinance, and eleven buildings received citations from the City of Chicago Department of Buildings. In addition, ten buildings were identified as deficient according to the standards of the Joint Council on Accreditation of Healthcare Organizations and the Center for Medicare and Medicaid Services. Issues identified in these facilities included:

- Insufficient fire suppression systems, including sprinklers and rolling shutters;
- Improper firestopping between floors and around floor penetrations;
- Corridors lacking proper egress (i.e., "dead-end" corridors);
- Failure to provide areas of rescue assistance and proper emergency lighting;
- Missing handrails in staircases;
- Defective safety valves in HVAC systems;
- Defective elevator equipment;
- Holes and cracks in interior walls and ceilings; and
- Leaking water.

Altogether, 17 of 24 buildings within the Expansion Area (71 percent) qualify as being below minimum code standards. This factor was found to be prevalent on five of seven blocks (71 percent of blocks) within the Expansion Area.

### **3. Excessive Land Coverage and Overcrowding of Structures**

Excessive land coverage and overcrowding of structures refers to the over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Excessive overcrowding of structures may result in a lack of natural light and ventilation for building users or increased threat of spread of fire. It may also result in inadequate provision for loading and service, and may exacerbate parking difficulties in an area.

Within the Expansion Area, excessive overcrowding is evidenced primarily in the Rush University Medical Center's Superblock. Buildings in this area are separated by narrow light wells despite heights in excess of sixty feet, and several buildings share load-bearing walls. The current emergency room driveway, which is located along Wood Street, requires emergency vehicles to exit by driving backwards into the public right-of-way, disrupting traffic and blocking access for other emergency vehicles. In addition, the loading dock for these facilities (i.e., "the Wood Street Dock") is too small for modern delivery vehicles, with the result that the dock is largely disused. Finally, access to off-street parking is limited for these facilities. The Rush University Medical Center Parking Garage, which is located at the corner of Harrison and Paulina Streets, is the primary source of off-street parking for the Superblock complex. This facility is nearly 1,200 feet (or nearly two blocks) from certain buildings in the Superblock. Excessive overcrowding of facilities is also exhibited in other portions of the Expansion Area, particularly the Cook County Hospital building and attendant facilities, due to the failure to provide adequate loading facilities and off-street parking.

Of the 24 buildings within the RPA Expansion Area, 15 buildings (63 percent) were determined to suffer from excessive overcrowding of structures. The factor was found to be present to a meaningful extent on three of the seven blocks (43 percent of blocks) within the RPA Expansion Area.

### **4. Inadequate Utilities**

A review of the City's water and sewer atlases found that inadequate underground utilities affect 23 (or 96 percent) of the 24 buildings in the Central West RPA Expansion Area. This is due primarily to the number of antiquated sewer lines in the RPA Expansion Area, many of which have surpassed their 100-year service lives and are in need of replacement.<sup>1</sup>

Due to the age and condition of the sewer and water lines, inadequate utilities was found to be present to a meaningful extent on all seven blocks within the Central West RPA Expansion Area.

### **5. Obsolescence**

Obsolescence refers to the condition or process of falling into disuse, and occurs when structures have become ill-suited to their original use. Obsolescence is often the result of

---

<sup>1</sup> The City of Chicago Department of Water Management defines the projected service life as 100 years.

building design. Features such as low ceiling heights, impenetrable floors or interior load-bearing walls and columns can inhibit attempts to rehabilitate or modernize a property. Obsolescence is most often evidenced by excessively high or increasing vacancy rates. It may also be evidenced by declining rents or use of space for marginal purposes, such as storage.

Within the Rush University Medical Center Superblock, several facilities exhibit obsolescence. Reviews conducted by the Joint Council on Accreditation of Healthcare Organizations and the Center for Medicare and Medicaid Services identify a number of deficiencies which suggest that these buildings are becoming ill-suited for modern medical use. These deficiencies include insufficient life safety systems and a lack of accessibility for persons with disabilities. Other building features, such as narrow hallways, internal staircases and antiquated HVAC systems, limit the ability to transport patients and provide a comfortable patient care environment within these buildings. However, the presence of clay tile floors and interior load-bearing columns in these buildings inhibits the reconfiguration of these facilities to improve internal circulation, and low ceiling heights make the installation of modern HVAC systems impossible. As a result, significant portions of these former patient care facilities are now dedicated to storage.

In addition, the Cook County Department of Public Health vacated Cook County Hospital and attendant facilities in 2002, due to the condition of the facilities and the high cost of rehabilitating them. The specialized configuration of the facility, including its narrow pavilions and large ground floorplate, make the facility difficult to adapt to non-hospital uses, and have contributed to the persistent vacancy of the building.

Of the 24 buildings within the Expansion Area, nine buildings (38 percent) were determined to exhibit obsolescence. Obsolescence was found to be present a meaningful extent on three of the seven blocks (43 percent of blocks) within the Expansion Area.

## **MINOR SUPPORTING FACTORS**

### **6. Deleterious Land Use and Layout**

Deleterious land use and layout refers to the existence of incompatible land use relationships within an area. The presence of incompatible land uses in close proximity to one another can detract from the marketability or usability of properties, and can lead to the disuse or abandonment of facilities in the long-run.

The Expansion Area contains within it several pieces of transportation infrastructure which are incompatible with surrounding uses. The Chicago Transit Authority's Elevated Pink Line traverses the area just west of Paulina Avenue. Several Rush University Medical Center facilities have been built over or in very close proximity to this rapid transit line, which generates a great deal of noise pollution and negatively impacts the patient care environment. In addition, the Stroger Hospital Heliport is located at the intersection of Harrison and Wolcott Streets, adjacent to two buildings containing residential units. Such infrastructure is also a major source of noise pollution, and creates an adverse impact on

neighboring properties.

Overall, deleterious land use and layout affects nine of the 24 buildings (38 percent of buildings) within the Expansion Area. This factor was found to be present to a meaningful extent on three of the seven blocks (43 percent of blocks) within the Expansion Area.

### 7. Excessive Vacancies

Excessive vacancies are evidenced in the Cook County Hospital, Children's Hospital and Power Station buildings. These buildings are completely unoccupied, and have been vacant since Cook County relocated hospital operations to Stroger Hospital in 2002. Together, the properties total nearly one million square feet of space, reach 110 feet in height, and occupy nearly two City blocks. The persistent vacancy of such large facilities has a substantially adverse impact on surrounding properties.

Overall, excessive vacancies were found to be exhibited on three of the 24 buildings within the RPA Expansion Area (13 percent). This factor was found to be present to a meaningful extent on one of seven blocks within the Expansion Area.

### 8. Lack of Growth in Equalized Assessed Value (EAV)

Because the Expansion Area is composed primarily of hospital and educational facilities, the majority of parcels within the area are tax-exempt. As a result, in 2005 only nine of the 144 parcels in the Expansion Area had a non-zero EAV. These nine parcels are concentrated on the three blocks containing the Medical Center Apartments, the Rush University Professional Building and a small mixed-use building at 1911 W Ogden. During four of the previous five years, the total growth in EAV of these taxable parcels has not kept pace with that of the balance of the City of Chicago. This lack of growth in EAV is an indication that the Expansion Area suffers from a lack of private investment as compared to the balance of the City of Chicago.

	Percent Change in EAV 2000/2001	Percent Change in EAV 2001/2002	Percent Change in EAV 2002/2003	Percent Change in EAV 2003/2004	Percent Change in EAV 2004/2005
Central West Amendment RPA	3.48%	6.89%	15.56%	4.49%	6.07%
City of Chicago (Balance of)	3.71%	7.98%	17.29%	3.97%	7.29%
West Chicago Township (Balance of)	6.33%	8.46%	18.63%	4.54%	7.52%

#### 4. REDEVELOPMENT PROJECT AND PLAN

The last sentence of the second paragraph is replaced with the following:

Currently, the Central West RPA is characterized by deteriorated infrastructure, conflicting land uses, vacant and underutilized parcels, depreciated and deteriorated buildings, and obsolete structures.

#### Goals, Objectives and Strategies

The third paragraph starting with “Objectives” and the associated bullet points are replaced with the following:

**Objectives.** Eleven (11) broad objectives support the overall goal of area-wide revitalization of the Central West RPA. These include:

1. Facilitate the assembly, preparation, and marketing of vacant and underutilized sites for new retail, commercial, residential and public/institutional development, as well as off-street parking areas;
2. Remediate environmental problems to provide additional land for new retail, commercial, residential and public/institutional development and redevelopment, as appropriate;
3. Facilitate the preservation and/or rehabilitation of residential, commercial, industrial, public/institutional and architecturally or historically significant buildings and encourage the adaptive re-use of vacant, underutilized, and obsolete buildings, where appropriate;
4. Promote the expansion of the Illinois Medical District as a center of employment, research and medical care for the Chicago area;
5. Support the development of a variety of housing types to meet the needs of households with a wide range of income levels;
6. Replace or repair infrastructure, including sidewalks, streets, curbs, gutters, and underground water and sanitary systems, to improve the overall image of the neighborhood and support new retail, commercial, and residential redevelopment;
7. Provide resources for streetscaping, landscaping, and screening/buffering elements to visually link the area’s diverse land uses and create a distinct identity for the area;
8. Facilitate the improvement and expansion of existing public facilities as needed, such as schools and parks, and facilitate the development of new public facilities in appropriate locations throughout the RPA as needed and in accordance with the Redevelopment Plan;

9. Support and complement the goals and objectives of other underlying redevelopment plans and planning studies, including the Central West Redevelopment Area, Madison-Western Redevelopment Area, the Madison-Racine Redevelopment Area, Enterprise Zone 4, West Side Empowerment Zone, the Near West SNAP, and the Near West Side Area Land Use Plan, and coordinate available federal, state, and local resources to further the goals of this redevelopment plan;
10. Provide opportunities for women-owned, minority-owned, and locally-owned businesses to share in the job and construction opportunities associated with the redevelopment of the Central West RPA; and
11. Support job training programs and increase employment opportunities for area residents.

The third and fourth items associated with the fourth paragraph starting with “Strategies” through the end of this section are replaced with the following:

3. **Encourage Private Sector Activities and Support New Development.** The City may provide financial and other assistance to encourage the private and non-profit sectors to undertake redevelopment and rehabilitation projects within the RPA. In order to facilitate private investment, the City may enter into agreements within the limits of the Act to facilitate and support projects that support the goals, objectives, and strategies of this Redevelopment Plan.
4. **Facilitate Property Assembly, Demolition, and Site Preparation.** Assistance may be provided to private developers in order to undertake projects supportive of this Redevelopment Plan.

To meet the goals and objectives of this Plan, the City may acquire and assemble property throughout the RPA. Land assemblage by the City may be by purchase, exchange, donation, lease, eminent domain or through the Tax Reactivation Program and may be for the purpose of (a) sale, lease or conveyance to private developers, or (b) sale, lease, conveyance or dedication for the construction of public improvements or facilities. Furthermore, the City may require written redevelopment agreements with developers before acquiring any properties. As appropriate, the City may devote acquired property to temporary uses until such property is scheduled for disposition and development.

In connection with the City exercising its power to acquire real property, including the exercise of the power of eminent domain, under the Act in implementing the Plan, the City will follow its customary procedures of having each such acquisition recommended by the Community Development Commission (or any successor commission) and authorized by the City Council of the City. Acquisition of such real property as may be authorized by the City Council does not constitute a change in the nature of this Plan.

Map 5 is deleted.

### **Redevelopment Plan Elements**

In the first sentence of the first sub-paragraph entitled “Site Assembly, Demolition, and Preparation” of the second paragraph, the following words are deleted:

“on page 31”.

In the third sub-paragraph entitled “Public Improvements” of the second paragraph, the following is inserted after the third bullet point:

- Highway on-ramp and off-ramp improvements;

The last paragraph of this section is replaced with the following:

The City may enter into redevelopment agreements or intergovernmental agreements with private entities or public entities to construct, rehabilitate, renovate or restore private or public improvements on one or several parcels (collectively referred to as “Redevelopment Projects”).

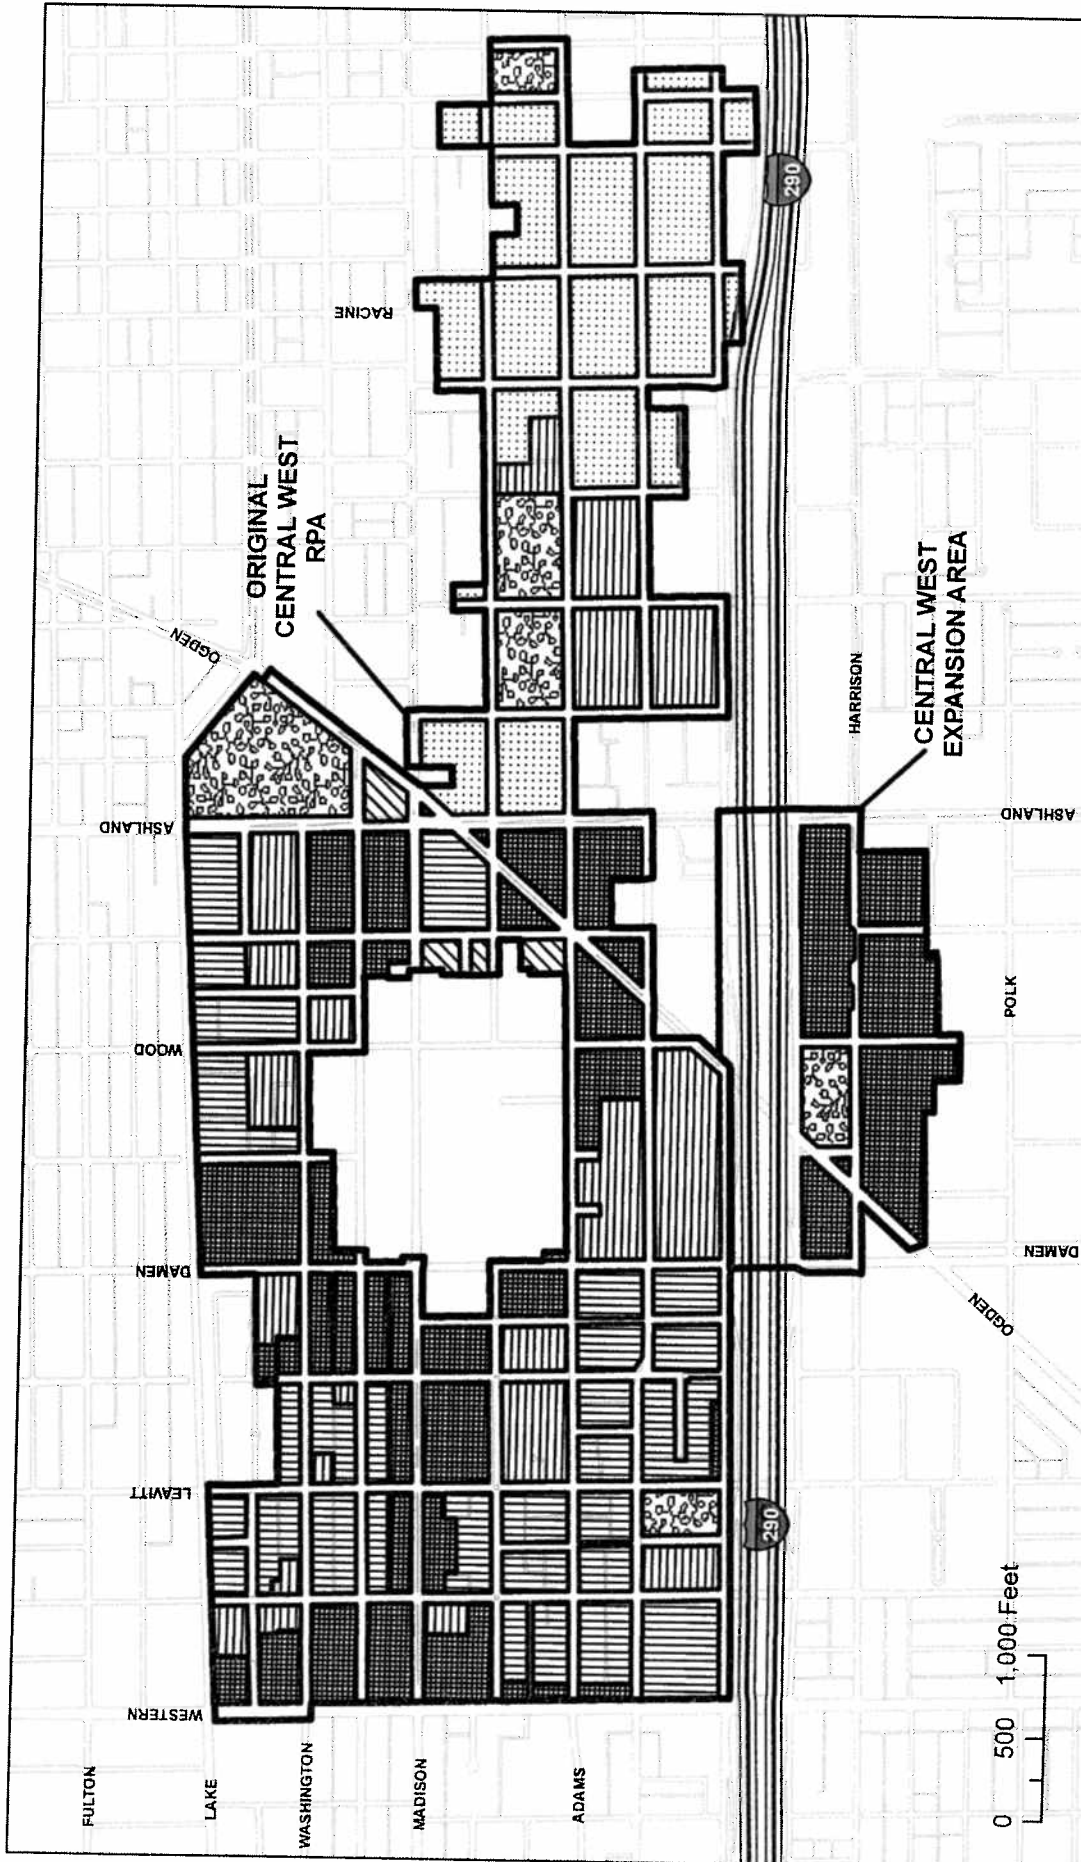

The City requires that developers who receive TIF assistance for market rate housing set aside 20 percent of the units to meet affordability criteria established by the City’s Department of Housing or any successor agency. Generally, this means the affordable for-sale units should be priced at a level that is affordable to persons earning no more than 100 percent of the area median income, and affordable rental units should be affordable to persons earning no more than 60 percent of the area median income.

### **Proposed Future Land Use**

The second paragraph of this section is deleted and replaced with the following:

These proposed future land uses are detailed on Map 5.

Map 6 is replaced with the map on the next page of this amendment document (Map 5).

**Housing Impact and Related Matters**

This section is deleted in its entirety and replaced with a new section entitled “Analysis of Housing Impact.” The following is inserted as part of this new section.

As set forth in the Act, if the redevelopment plan for a redevelopment project area would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and a municipality is unable to certify that no displacement will occur, the municipality must prepare a housing impact study and incorporated the study in the redevelopment project plan.

The Project Area contains 5,444 inhabited residential units. The Plan provides for the development or redevelopment of several portions of the RPA that may contain occupied residential units. As a result, it is possible that by implementation of this Plan, the displacement of residents from 10 or more inhabited residential units could occur.

The results of the housing impact study section are described in a separate report which presents certain factual information required by the Act. The report, prepared by the Consultant, is entitled *Central West Redevelopment Project Area Tax Increment Financing Housing Impact Study*, and is attached as Appendix 3 to this amendment document.

**5. FINANCIAL PLAN****Eligible Costs**

All paragraphs in this section are deleted and replaced with the following:

The various redevelopment expenditures that are eligible for payment or reimbursement under the Act are reviewed below. Following this review is a list of estimated redevelopment project costs that are deemed to be necessary to implement this Plan (the “Redevelopment Project Costs.”)

In the event the Act is amended after the date of the approval of this Plan by the City Council of Chicago to (a) include new eligible redevelopment project costs, or (b) expand the scope or increase the amount of existing eligible redevelopment project costs (such as, for example, by increasing the amount of incurred interest costs that may be paid under 65 ILCS 5/11-74.4-3(q)(11)), this Plan shall be deemed to incorporate such additional, expanded or increased eligible costs as Redevelopment Project Costs under the Plan, to the extent permitted by the Act. In the event of such amendment(s) to the Act, the City may add any new eligible redevelopment project costs as a line item in Table 1 or otherwise adjust the line items in Table 1 without amendment to this Plan, to the extent permitted by the Act. In no instance, however, shall such additions or adjustments result in any increase in the total Redevelopment Project Costs without a further amendment to this Plan.

Redevelopment project costs include the sum total of all reasonable or necessary costs

incurred, estimated to be incurred, or incidental to this Plan pursuant to the Act. Such costs may include, without limitation, the following:

- 1) Costs of studies, surveys, development of plans and specifications, implementation and administration of the Plan including but not limited to, staff and professional service costs for architectural, engineering, legal, financial, planning or other services (excluding lobbying expenses), provided that no charges for professional services are based on a percentage of the tax increment collected;
- 2) The costs of marketing sites within the Project Area to prospective businesses, developers and investors;
- 3) Property assembly costs, including but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;
- 4) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the costs of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;
- 5) Costs of the construction of public works or improvements subject to the limitations in Section 11-74.4-3(q)(4) of the Act;
- 6) Costs of job training and retraining projects including the cost of “welfare to work” programs implemented by businesses located within the Project Area and such proposals feature a community-based training program which ensures maximum reasonable opportunities for residents of the Near West Side Community Area with particular attention to the needs of those residents who have previously experienced inadequate employment opportunities and development of job-related skills including residents of public and other subsidized housing and people with disabilities;
- 7) Financing costs including, but not limited to, all necessary and incidental expenses related to the issuance of obligations and which may include payment of interest on any obligations issued thereunder including interest accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for a period not exceeding 36 months following completion and including reasonable reserves related thereto;
- 8) To the extent the City by written agreement accepts and approves the same, all or a portion of a taxing district’s capital costs resulting from the redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Plan.

- 9) Relocation costs to the extent that the City determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law or by Section 74.4-3(n)(7) of the Act (see Relocation section);
- 10) Payment in lieu of taxes, as defined in the Act;
- 11) Costs of job training, retraining, advanced vocational education or career education, including but not limited to, courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs; (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in the Project Area; and (ii) when incurred by a taxing district or taxing districts other than the City, are set forth in a written agreement by or among the City and the taxing district or taxing districts, which agreement describes the program to be undertaken including but not limited to, the number of employees to be trained, a description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40, and 3-40.1 of the Public Community College Act, 110 ILCS 805/3-37, 805/3-38, 805/3-40 and 805/3-40.1, and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of the School Code, 105 ILCS 5/10-22.20a and 5/10-23.3a;
- 12) Interest costs incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:
  - a) such costs are to be paid directly from the special tax allocation fund established pursuant to the Act;
  - b) such payments in any one year may not exceed 30 percent of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;
  - c) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this provision, then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;
  - d) the total of such interest payments paid pursuant to the Act may not exceed 30 percent of the total: (i) cost paid or incurred by the redeveloper for such redevelopment project; (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by the City pursuant to the Act; and
  - e) up to 75 percent of the interest cost incurred by a redeveloper for the financing of

rehabilitated or new housing for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act.

- 13) Unless explicitly provided in the Act, the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost;
- 14) An elementary, secondary, or unit school district's increased costs attributable to assisted housing units will be reimbursed as provided in the Act;
- 15) Instead of the eligible costs provided for in (12) b, d and e above, the City may pay up to 50 percent of the cost of construction, renovation and/or rehabilitation of all low- and very low-income housing units (for ownership or rental) as defined in Section 3 of the Illinois Affordable Housing Act. If the units are part of a residential redevelopment project that includes units not affordable to low- and very low-income households, only the low- and very low-income units shall be eligible for benefits under the Act; and
- 16) The costs of daycare services for children of employees from low-income families working for businesses located within the Project Area and all or a portion of the cost of operation of day care centers established by Project Area businesses to serve employees from low-income families working in businesses located in the Project Area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80 percent of the City, county or regional median income as determined from time to time by the United States Department of Housing and Urban Development.

If a special service area has been established pursuant to the Special Service Area Tax Act, 35 ILCS 235/0.01 et seq., then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act may be used within the redevelopment project area for the purposes permitted by the Special Service Area Tax Act as well as the purposes permitted by the Act.

### **Estimated Redevelopment Project Costs**

Table 1 is replaced with the following:

ORIGINAL		AMENDED	
Project/Improvements	Estimated Project Costs	Project/Improvements	Estimated Project Costs
Professional Services (Analysis, Administration, Studies, Surveys, Legal, Marketing, etc.)	\$ 3,000,000	Professional Services (Analysis, Administration, Studies, Surveys, Legal, Marketing, etc.)	\$ 7,600,000
Property Assembly including Acquisition, Site Prep and Demolition, Environmental Remediation	\$ 17,000,000	Property Assembly including Acquisition, Site Prep and Demolition, Environmental Remediation	\$ 43,400,000
Eligible Construction Costs (3)	\$ 5,000,000	Eligible Construction Costs	\$ 12,800,000
Rehabilitation of Existing Buildings, Fixtures and Leasehold Improvements, Affordable Housing Construction and Rehabilitation Costs	\$ 18,000,000	Rehabilitation of Existing Buildings, Fixtures and Leasehold Improvements, Affordable Housing Construction and Rehabilitation Costs	\$ 45,900,000
Public Works & Improvements, including streets and utilities, parks and open space, public facilities (schools & other public facilities) (1)	\$ 32,000,000	Public Works & Improvements, including streets and utilities, parks and open space, public facilities (schools & other public facilities) [1]	\$ 81,600,000
Relocation Costs	\$ 2,000,000	Relocation Costs	\$ 5,100,000
Job Training, Retraining, Welfare-to-Work (3)	\$ 4,000,000	Job Training, Retraining, Welfare-to-Work	\$ 10,200,000
Day Care Services	\$ 5,000,000	Day Care Services	\$ 12,800,000
Interest Costs (3)	\$ 12,000,000	Interest Subsidy	\$ 30,600,000
Total Redevelopment Project Costs (2)	\$ 98,000,000	Total Redevelopment Project Costs [2] [3]	\$ 250,000,000 [4]

The Notes to Table 1, as shown in the Original Plan, are as follows:

Notes:

(1) This category also may include the reimbursement of capital costs of taxing districts including schools resulting from the redevelopment project necessarily incurred in the furtherance of the objectives of the Redevelopment Project Area Plan and Project to the extent the City by written agreement accepts and approves such costs.

(2) All costs are in 1999 dollars and may be increased by the rate of inflation reflected in the National Consumer Price Index. In addition to the above stated costs, each issue of obligations issued to finance a phase of the Redevelopment Project may include an amount of proceeds sufficient to pay customary and reasonable charges associated with the issuance of such obligations, including interest costs.

(3) Certain costs included in this line item will be eligible costs as of November 1, 1999 pursuant to an amendment to the Act.

These above Notes are replaced with the following Amended Notes for Amended Table 1:

Amended Notes:

[1] This category may also include paying for or reimbursing (i) an elementary, secondary or unit school district's increased costs attributed to assisted housing units, and (ii) capital costs of taxing districts impacted by the redevelopment of the Project Area. As permitted by the Act, to the extent the City by written agreement accepts and approves the same, the City may pay, or reimburse all, or a portion of a taxing district's capital costs resulting from a redevelopment project necessarily incurred or to be incurred within a taxing district in furtherance of the objectives of the Redevelopment Plan.

[2] Total Redevelopment Project Costs exclude any additional financing costs, including any interest expense, capitalized interest and costs associated with optional redemptions. These costs are subject to prevailing market conditions and are in addition to Total Redevelopment Project Costs.

[3] The amount of the Total Redevelopment Costs that can be incurred in the Project Area will be reduced by the amount of redevelopment project costs incurred in contiguous redevelopment project areas, or those separated from the Project Area only by a public right-of-way, that are permitted under the Act to be paid, and are paid, from incremental property taxes generated in the Project Area, but will not be reduced by the amount of redevelopment project costs incurred in the Project Area which are paid from incremental property taxes generated in contiguous redevelopment project areas or those separated from the Project Area only by a public right-of-way.

[4] Increases in estimated Total Redevelopment Project Costs of more than five percent, after adjustment for inflation from the date of the Redevelopment Plan adoption, are subject to the Redevelopment Plan amendment procedures as provided under the Act.

Additional funding from other sources such as federal, state, county, or local grant funds may be utilized to supplement the City's ability to finance the Redevelopment Project Costs identified above.

### **Phasing and Scheduling of the Redevelopment**

There are no changes to this section.

### **Sources of Funds to Pay Costs**

This section is deleted in its entirety and is replaced with the following:

Funds necessary to pay for Redevelopment Project Costs and secure municipal obligations issued for such costs are to be derived primarily from Incremental Property Taxes. Other sources of funds which may be used to pay for Redevelopment Project Costs or secure municipal obligations are land disposition proceeds, state and federal grants, investment income, private financing and other legally permissible funds the City may deem appropriate. The City may incur redevelopment project costs which are paid for from funds of the City other than incremental taxes, and the City may then be reimbursed from such costs from incremental taxes. Also, the City may permit the utilization of guarantees, deposits and other forms of security made available by private sector developers. Additionally, the City may utilize revenues, other than State sales tax increment revenues, received under the Act from one redevelopment project area for eligible costs in another redevelopment project area that is either contiguous to, or is separated only by a public right-of-way from, the redevelopment project area from which the revenues are received.

The Central West RPA as Amended is contiguous to the Midwest, Near West and Kinzie Industrial Redevelopment Project Areas and may become contiguous to or separated by only a public right-of-way from other redevelopment project areas created under the Act. The City may utilize net incremental property taxes received from the RPA to pay eligible redevelopment project costs, or obligations issued to pay such costs, in other contiguous redevelopment project areas or project areas separated only by a public right-of-way, and vice versa. The amount of revenue from the RPA, made available to support such contiguous redevelopment project areas, or those separated only by a public right-of-way, when added to all amounts used to pay eligible Redevelopment Project Costs within the

RPA, shall not at any time exceed the total Redevelopment Project Costs described in this Plan.

The Central West RPA may be or become contiguous to, or be separated only by a public right-of-way from, redevelopment project areas created under the Industrial Jobs Recovery Law (65 ILCS 5/11-74.6-1, et seq.). If the City finds that the goals, objectives and financial success of such contiguous redevelopment project areas or those separated only by a public right-of-way are interdependent with those of the RPA, the City may determine that it is in the best interests of the City and the furtherance of the purposes of the Plan that net revenues from the RPA be made available to support any such redevelopment project areas, and vice versa. The City therefore proposes to utilize net incremental revenues received from the RPA to pay eligible redevelopment project costs (which are eligible under the Industrial Jobs Recovery Law referred to above) in any such areas and vice versa. Such revenues may be transferred or loaned between the RPA and such areas. The amount of revenue from the RPA so made available, when added to all amounts used to pay eligible Redevelopment Project Costs within the RPA or other areas as described in the preceding paragraph, shall not at any time exceed the total Redevelopment Project Costs described in Table 1 of this Plan.

### **Issuance of Obligations**

This section is deleted in its entirety and is replaced with the following:

The City may issue obligations secured by Incremental Property Taxes pursuant to Section 11-74.4-7 of the Act. To enhance the security of a municipal obligation, the City may pledge its full faith and credit through the issuance of general obligations bonds. Additionally, the City may provide other legally permissible credit enhancements to any obligations issued pursuant to the Act.

The redevelopment project shall be completed, and all obligations issued to finance redevelopment costs shall be retired, no later than December 31, 2024. Also, the final maturity date of any such obligations which are issued may not be later than 20 years from their respective dates of issue. One or more series of obligations may be sold at one or more times in order to implement this Plan. Obligations may be issued on a parity or subordinated basis.

In addition to paying Redevelopment Project Costs, Incremental Property Taxes may be used for the scheduled retirement of obligations, mandatory or optional redemptions, establishment of debt service reserves and bond sinking funds. To the extent that Incremental Property Taxes are not needed for these purposes, and are not otherwise required, pledged, earmarked or otherwise designated for the payment of Redevelopment Project Costs, any excess Incremental Property Taxes shall then become available for distribution annually to taxing districts having jurisdiction over the RPA in the manner provided by the Act.

**Most Recent Equalized Assessed Valuation of Properties in the Original RPA and Expansion Area**

In the first sentence of this paragraph, the phrase “Central West RPA” is replaced with the phrase “Central West RPA Expansion Area.”

The second sentence through the end of the paragraph is replaced with the following:

The base EAV as certified by the Cook County Clerk of the Original Central West RPA is \$62,116,168. The 2005 EAV of all taxable parcels in the Central West RPA Expansion Area is approximately \$22,668,700. This total EAV amount by PIN is summarized in Appendix 4. The estimated base EAV of the Central West RPA as Amended is therefore estimated to be \$84,784,900. The EAV is subject to verification by the Cook County Clerk. After verification, the final figure shall be certified by the Cook County Clerk, and shall become the Certified Initial EAV from which all incremental property taxes in the Redevelopment Project Area will be calculated by Cook County. If the 2006 EAV shall become available prior to the date of adoption of Amendment No. 1 by the City Council, the City may update the Redevelopment Plan by replacing the 2005 EAV with the 2006 EAV without further City Council action.

**Anticipated Equalized Assessed Valuation**

This section is deleted in its entirety and is replaced with the following:

By 2023, the EAV for the Central West RPA will be approximately \$345,000,000. This estimate is based on several key assumptions, including: 1) the 2005 EAV of parcels in the Original RPA and Expansion Area; 2) an inflation factor of 2.50% per year on the EAV of all properties within the Central West RPA, with its cumulative impact occurring in each triennial reassessment year; and 3) an equalization factor of 2.7320.

**6. REQUIRED FINDINGS AND TESTS****Lack of Growth and Private Investment**

The title of this section is changed to “Lack of Growth and Private Investment: Original Central West RPA.”

In this section the phrase “Central West RPA” is replaced with the following:

“Original Central West RPA”

and the word “RPA” is replaced with the following:

“Original RPA”.

In the fifth paragraph the phrase “Redevelopment Project Area (Central West RPA)” is replaced

with the following:

“Original Redevelopment Project Area”.

A new section entitled “Lack of Growth and Private Investment: Central West RPA Expansion Area” is inserted after the section entitled “Lack of Growth and Private Investment: Original Area.” The following is inserted in this new section:

**Lack of Growth and Private Investment: Central West RPA Expansion Area**

In order to assess the level of private investment within the Central West RPA Expansion Area, *S. B. Friedman & Company* analyzed data obtained from a number of sources. This data includes the assessed values of taxable properties within the RPA Expansion Area, building permit records obtained from the City of Chicago Department of Buildings for projects within the RPA Expansion Area, and financial and planning documents obtained from Cook County and Rush University Medical Center.

As discussed in the Eligibility Study above, the Equalized Assessed Value (EAV) of taxable properties within the Central West RPA Expansion Area have not kept pace with that of the balance of the City of Chicago for four of the previous five years. During this time period, the EAV of the RPA Expansion Area grew at a compound annual growth rate of 7.21 percent. This rate of growth is 10 percent lower than the compound annual growth rate for the balance of the City, which was 7.94 percent. It is also 20 percent lower than the compound annual growth rate for the balance of West Chicago Township, in which the RPA Expansion Area is located. This indicates that private investment in the RPA Expansion Area has been low relative to the rest of the City of Chicago.

In addition, construction activity within the RPA expansion area has largely been limited to the remediation of code violations and deficiencies. According to records obtained from the Department of Buildings, the total value of building permits issued for projects within the RPA Expansion Area was \$46.5 million during the five-year period between December 2001 and December 2006. Approximately \$42.1 million (90.6 percent) was attributable to projects undertaken by Rush University Medical Center (“RUMC”), and \$4.2 million (9 percent) was attributable to projects undertaken by Cook County. During this period, RUMC spent approximately \$22.6 million to correct code violations and deficiencies identified during an audit conducted by the Center for Medicare and Medicaid Services. In addition, Cook County spent approximately \$3.6 million to correct life safety and issues relating to life safety and accessibility for persons with disabilities. The remaining construction activity (\$20.3 million) represents renovations and minor expansions of RUMC facilities, as well as maintenance on privately-owned buildings within the Amendment RPA. This level of investment is insignificant relative to the redevelopment needs of the area, and does not allow for a substantive expansion of medical services or other economic activity within the area.

A review of audited financials for the Rush University Medical Center Obligated Group (“RUMCOG”), which includes Rush University Medical Center, Rush North Shore

Medical Center and Rush-Copley Medical Center, supports this conclusion. Capital expenditures made by RUMCOG in recent years have been insufficient to keep pace with normal depreciation of building value. Between 2002 and 2005, RUMCOG incurred capital expenses totaling \$258 million, as compared to incurred depreciation of approximately \$290 million. This investment represents only 88.8 percent of replacement value for Rush's hospital facilities, and is an indication of underinvestment by area institutions.

The redevelopment needs of the RPA Expansion Area are significant. According to a Certificate of Need Application filed by Rush University Medical Center in February 2006, the total cost of correcting outstanding deficiencies at RUMC and modernizing existing facilities is \$460 million. This estimate does not allow for any expansion of services. Similarly, in 2003 the total cost of rehabilitating the Cook County Hospital building and adapting it for private use was estimated to be \$85 million by the Landmarks Preservation Council of Illinois. The cost of conducting this work is likely to have increased since 2003. In addition, there are significant infrastructure needs within the area, such as sidewalk, curb and bridge repairs, which are not currently being addressed.

Based on recent financial performance, it is not likely that RUMCOG or Cook County will have the financial capacity to make the required investments in the RPA Expansion Area. RUMCOG has a history of negative operating margins, having experienced net operating losses during each year between 2000 and 2004. In addition, Cook County has faced budget shortfalls during each of the previous three years, including a budget shortfall of approximately \$500 million in 2007. Given these financial constraints, as well as the high cost of rehabilitating the area's obsolescent facilities, it is unlikely that the conditions which qualify the Central West RPA Expansion Area as a conservation area will be remedied without public intervention like that envisioned in this Redevelopment Plan and Project.

### **But For...**

In the second paragraph the last sentence is replaced with the following:

Accordingly, but for creation of the Original Central West RPA and its expansion to include the Central West RPA Expansion Area, these projects, which would contribute substantially to area-wide redevelopment, are unlikely to occur without TIF designation and expansion of the Original Central West RPA.

### **Conformance to the Plans of the City**

There are no changes to this section.

### **Dates of Completion**

There are no changes to this section.

**Financial Impact of the Redevelopment Project**

There are no changes to this section.

**Demand on Taxing District Services and Program to Address Financial and Service Impact**

The first, second and third paragraphs of this section, and all attendant bullet points, are replaced with the following:

The Act requires an assessment of any financial impact of the RPA on, or any increased demand for services from, any taxing district affected by the Plan and a description of any program to address such financial impacts or increased demand. The City intends to monitor development in the Project Area and with the cooperation of the other affected taxing districts will attempt to ensure that any increased needs are addressed in connection with any particular development. The following major taxing districts presently levy taxes on properties located within the Central West RPA and maintain the listed facilities within the boundaries of the RPA, or within close proximity (three to four blocks) to the RPA boundaries:

- = those facilities located within the boundaries of the RPA
- = those facilities located within close proximity (but outside the boundaries) of the RPA

**LEGEND**

NORTH

**S. B. Friedman & Company**  
 Real Estate, Valuations and Development Consultants

The eighth paragraph of this section (after “Chicago Board of Education and Associated Agencies”) is replaced with the following.

It is likely that some families who purchase housing or rent new apartments in the Central West RPA will send their children to public schools, putting increased demand on area school districts. However, it is unlikely that the scope of new residential construction would exhaust existing capacity. Many of the new home owners or renters may come from the immediate neighborhood or may send their children to private schools, which would not impact the public school system. Existing absorption capacity was verified through data provided by the Department of School Demographics and Planning at the Chicago Public Schools (CPS). These data reveal that for all the public schools that serve the area immediately surrounding the Central West RPA for which capacity data was available, existing enrollment is at approximately 56% of existing capacity. The range of enrollment levels is wide, ranging from 27% to 91%. Overall, enrollment at area elementary and middle schools is approximately 47% of total design capacity, while enrollment at area high schools is approximately 73% of total design capacity. This means that an increase in the number of students in the area can be supported. The City intends to monitor development in the Central West RPA and, with the cooperation of the Board of Education, will attempt to ensure that any increased demands for the services and capital improvements provided by the Board of Education are addressed in connection with each new residential project.

## **7. PROVISIONS FOR AMENDING ACTION PLAN**

There are no changes to this chapter.

## **8. COMMITMENT TO FAIR EMPLOYMENT PRACTICES AND AFFIRMATIVE ACTION PLAN**

This chapter is replaced with the following:

The City is committed to and will affirmatively implement the following principles with respect to this Plan:

- A. The assurance of equal opportunity in all personnel and employment actions, with respect to the Redevelopment Project, including, but not limited to hiring, training, transfer, promotion, discipline, fringe benefits, salary, employment working conditions, termination, etc., without regard to race, color, sex, age, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, military discharge status, source of income, or housing status.
- B. Redevelopers must meet the City’s standards for participation of 24 percent Minority Business Enterprises and 4 percent Woman Business Enterprises and the City Resident Construction Worker Employment Requirement as required in redevelopment agreements.

- C. This commitment to affirmative action and nondiscrimination will ensure that all members of the protected groups are sought out to compete for all job openings and promotional opportunities.
- D. Redevelopers will meet City standards for any applicable prevailing wage rate as ascertained by the Illinois Department of Labor to all project employees.

The City shall have the right in its sole discretion to exempt certain small businesses, residential property owners and developers from the above.

#### **APPENDIX 1: LEGAL DESCRIPTION (CHICAGO GUARANTEE SURVEY COMPANY)**

This legal description is replaced with the legal description provided in Appendix 1 of this amendment document.

#### **APPENDIX 2: ELIGIBILITY FACTORS BY BLOCK TABLE**

The title of this appendix is changed to “Appendix 2: Historically Significant Properties.” The table in this chapter is deleted and replaced with the list of historically significant properties provided in Appendix 2 of this amendment document.

#### **APPENDIX 3: PREVIOUSLY APPROVED ACQUISITION PARCELS**

The title of this appendix is changed to “Appendix 3: Assessment of Housing Impact.” The table in this chapter is deleted and replaced with the housing impact study provided in Appendix 3 of this amendment document.

#### **APPENDIX 4: SUMMARY OF EAV (BY PIN)**

The table in this appendix is deleted and replaced with the summary of EAV (By PIN) table provided in Appendix 4 of this amendment document.

*Appendix 1:*  
*Central West RPA as Amended*  
*Legal Description (Chicago Guarantee Survey Company)*

ALL THAT PART OF THE EAST HALF OF THE SOUTHEAST QUARTER OF SECTION 12, TOWNSHIP 39 NORTH, RANGE 13 EAST OF THE THIRD PRINCIPAL MERIDIAN AND THAT PART OF SECTIONS 7, 8, 17 AND 18, ALL IN TOWNSHIP 39 NORTH, RANGE 14 EAST OF THE THIRD PRINCIPAL MERIDIAN BOUNDED AND DESCRIBED AS FOLLOWS:

BEGINNING AT THE POINT OF INTERSECTION OF THE SOUTH LINE OF W. ADAMS WITH THE EAST LINE OF S. MORGAN STREET;

THENCE SOUTH ALONG SAID EAST LINE OF S. MORGAN STREET TO THE NORTH LINE OF W. JACKSON AVENUE;

THENCE EAST ALONG SAID NORTH LINE OF W. JACKSON AVENUE TO THE NORTHERLY EXTENSION OF THE EAST LINE OF LOT 16 IN BLOCK 18 IN DUNCAN'S ADDITION TO CHICAGO, A SUBDIVISION OF THE EAST HALF OF THE NORTHEAST QUARTER OF SECTION 17, TOWNSHIP 39 NORTH, RANGE 14 EAST OF THE THIRD PRINCIPAL MERIDIAN;

THENCE SOUTH ALONG SAID NORTHERLY EXTENSION AND THE EAST LINE OF LOTS 16, 15, 14, 13, 12, 11, 10, AND 9, IN SAID BLOCK 18 IN DUNCAN'S ADDITION TO CHICAGO, AND ALONG THE SOUTHERLY EXTENSION OF SAID LOT 9 TO THE SOUTH LINE OF W. VAN BUREN STREET;

THENCE WEST ALONG SAID SOUTH LINE OF W. VAN BUREN STREET TO THE EAST LINE OF S. SANGAMON STREET;

*Appendix 3:  
Central West RPA as Amended  
Assessment of Housing Impact*

The purpose of this section is to conduct a housing impact study for the Central West RPA and Central West Amendment RPA as set forth in the Tax Increment Allocation Redevelopment Act (the "Act"). The Act, as amended in 1999, states that, if the redevelopment plan for a redevelopment project area would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and the City is unable to certify that no displacement of residents will occur, the municipality shall prepare a housing impact study and incorporate the study in the separate feasibility report required by the subsection (a) of Section 11-74.4-5 (sic) [Section 11.74-4-4.1], which for the purposes hereof shall also be the "Central West Tax Increment Financing Redevelopment Project and Plan."

Because the Central West RPA was established prior to the amendment of the Tax Increment Allocation Redevelopment Act in 1999, a Housing Impact Study was not prepared as part of the original Redevelopment Project and Plan. The primary goals of the Redevelopment Plan include the creation of new retail, commercial, public/institutional and residential development on vacant and underutilized sites, the rehabilitation of existing residential buildings, and the development of a variety of housing types to meet the needs of households with a wide range of income levels. It is not the City's intent to displace existing residential units, and it is unlikely that any inhabited residential units will be removed. However, the City has elected to prepare a Housing Impact Study in order to assess the potential impact of the Amended Redevelopment Plan on residents of the Central West RPA and Central West Amendment RPA.

As set forth in the Act, Part I of the housing impact study shall include:

- (i) Data as to whether the residential units are single family or multi-family units;
- (ii) The number and type of rooms within the units, if that information is available;
- (iii) Whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 of the Act is passed; and
- (iv) Data as to the racial and ethnic composition of the residents in the inhabited residential units, which data requirement shall be deemed to be fully satisfied if based on data from the most recent federal census.

Part II of the housing impact study identifies the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify:

- i. The number and location of those units that will be or may be removed;

- ii. The municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residencies are to be removed;
- iii. The availability of replacement housing for those residents whose residences are to be removed, and identification of the type, location, and cost of the replacement housing; and
- iv. The type and extent of relocation assistance to be provided.

This information is presented below.

## PART I

### (i) Number and Type of Residential Units

The number and type of residential buildings in the area was identified during the building condition and land use survey conducted as part of the eligibility analysis for the area. This survey, completed on February 21, 2007, revealed that the Central West RPA as amended contain 902 residential or mixed-use residential buildings containing a total of 5,757 units. The number of residential units by building type is illustrated in the table below.

	# of Buildings	# of Units
Single Family	458	458
Two-, Three- and Four-Unit Buildings	370	1,057
Multi-Unit Buildings (5+ Units)	72	4,042
Single-Room Occupancy Hotels	2	200
Total	902	5,757

### (ii) Number and Type of Rooms within Units

In order to describe the distribution of residential units by number and type of rooms within the Central West RPA as amended, *S. B. Friedman & Company* analyzed 2000 Census data. These data show the distribution of units by the number of rooms within each unit and by bedroom type. The distribution of apartment sizes and bedroom types from the 2000 Census was then applied to the total number of units identified by the survey. The estimated distribution of units by bedroom type and number of rooms is summarized in the tables below.

Units by Number of Rooms	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
1 room	9.7%	557
2 rooms	21.4%	1,230
3 rooms	21.5%	1,238
4 rooms	19.2%	1,103
5 rooms	13.3%	765
6 rooms	8.4%	482
7 rooms	2.5%	146
8 rooms	1.1%	66
9 or more rooms	3.0%	170
<b>Total</b>	<b>100.0%</b>	<b>5,757</b>

Units by Number of Bedrooms	Percent, 2000 Census	Current Estimate for Central West RPA as Amended
No bedroom	12.6%	723
1 bedroom	38.3%	2,205
2 bedrooms	27.0%	1,552
3 bedrooms	16.2%	935
4 bedrooms	3.9%	223
5 or more bedrooms	2.1%	119
<b>Total</b>	<b>100.0%</b>	<b>5,757</b>

**(iii) Number of Inhabited Units**

According to data compiled from the survey completed by *S. B. Friedman & Company* on February 21, 2007, the Central West RPA as amended contain an estimated 5,757 residential units of which 313 (5.4%) are believed to be vacant. Therefore, there are approximately 5,444 total inhabited units within the redevelopment area. As required by the Act, this information was ascertained as of February 21, 2007, which is a date not less than 45 days prior to the date that the resolution required by subsection (a) of Section 11-74.4-5 of the Act was or will be passed (the resolution setting the public hearing and Joint Review Board meeting dates).

**(iv) Race and Ethnicity of Residents**

According to ESRI, a national provider of demographic data, there were an estimated 9,278 residents living within the boundaries of the Central West RPA in 2006. The race and ethnic composition of these residents is described below, per ESRI estimates.

Race	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
Black or African-American Alone	83.2%	7,716
White Alone	6.9%	636
Asian Alone	7.4%	686
American Indian or Alaskan Native Alone	0.2%	15
Some Other Race Alone	1.5%	137
Two or More Races	0.9%	88
<b>Total</b>	<b>100.0%</b>	<b>9,278</b>

Hispanic Origin	Percent, 2000 Census	Current Estimate for Central West RPA & Amendment RPA
Hispanic	3.3%	303
Non-Hispanic	96.7%	8,975
<b>Total</b>	<b>100.0%</b>	<b>9,278</b>

In addition, the distribution of moderate-, low-, very low-, and very, very low-income households residing in the Central West RPA as amended was estimated using data provided by ESRI. As determined by HUD, the definitions of the above-mentioned income categories, adjusted for family size, are as follows:

- i. A very, very low-income household has an adjusted income of less than 30% of the area median income;
- ii. A very low-income household earns between 30% and 50% of the area median income;
- iii. A low-income household earns between 50% and 80% of the area median; and
- iv. A moderate-income household earns between 80% and 120% of the area median.

The estimated distribution of households by income category is summarized below.

Income Range	Percent of Households (ESRI)	Number of Households	Household Income Range (3-Person Households)
Very, very low (up to 30% AMI)	51%	2,788	\$0 - \$20,350
Very low (30% to 50% AMI)	14%	758	\$20,351 - \$33,350
Low (50% to 80% AMI)	11%	602	\$33,351 - \$53,650
Moderate (80% to 120% AMI)	10%	523	\$53,651 - \$81,480
Over 120% AMI	14%	773	\$81,481+
<b>Total</b>	<b>100%</b>	<b>5,444</b>	

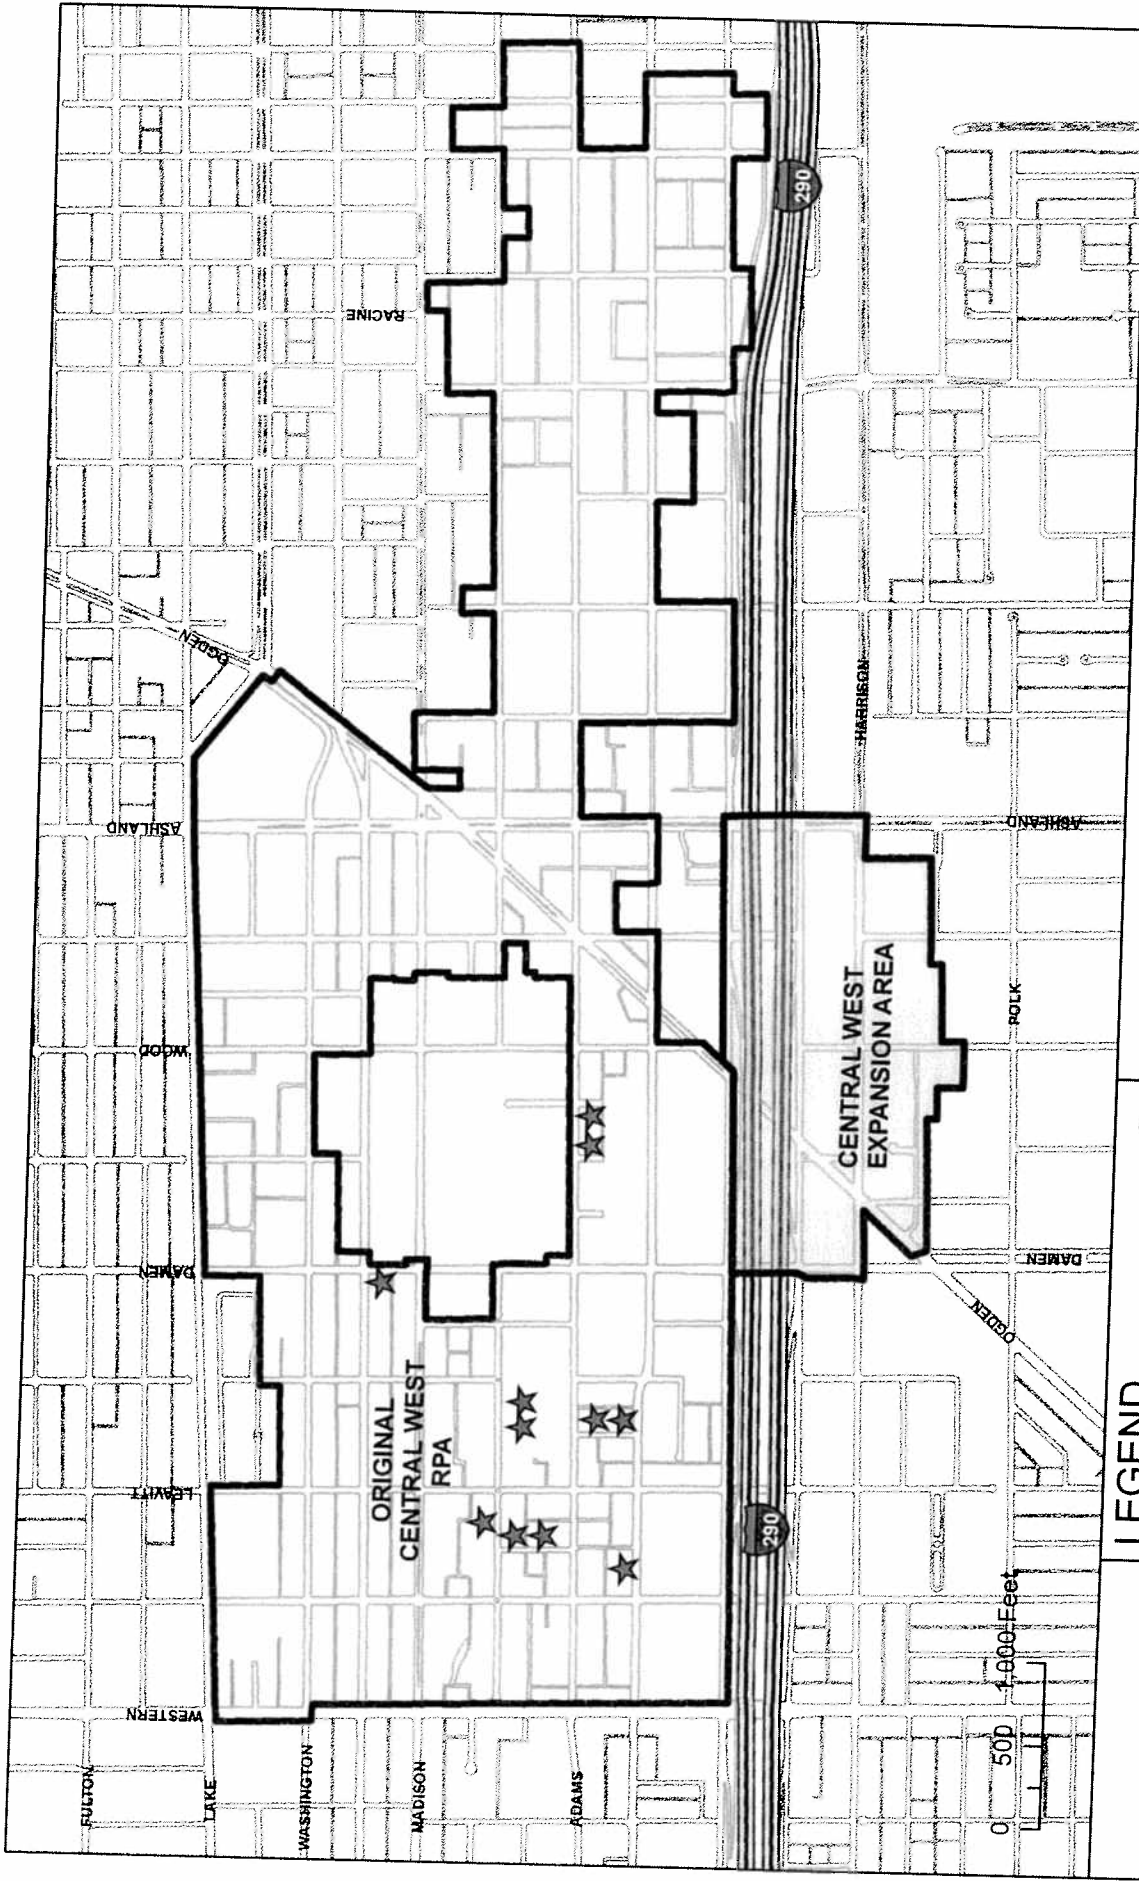

**PART II****(i) Number and Location of Units to be Removed**

The primary goals of the Redevelopment Plan include the creation of new development on vacant and underutilized sites, the rehabilitation of existing residential buildings, and the development of new housing for households with a wide range of incomes. Because of this, it is unlikely that displacement of inhabited residential units will take place. However, it is conceivable that during the remaining 16-year life of the RPA, some displacement may occur that is not anticipated at this time. Therefore, *S. B. Friedman & Company* employed the following three-step methodology to estimate the number of inhabited units that could potentially be removed due to redevelopment or new development over the remaining 16-year life of the Central West RPA as amended.

- i. Step one counts all inhabited residential units identified on any acquisition lists or maps included in the Central West Redevelopment Plan. No active acquisition list was identified within the Central West RPA. Therefore, it was assumed that no inhabited residential units are likely to be removed due to City acquisitions.
- ii. Step two counts the number of inhabited residential units located in buildings that are dilapidated or seriously deteriorated as defined by the Act. A survey of the Central West RPA completed in February 2007 identified nine inhabited buildings which were dilapidated or seriously deteriorated. These buildings contained a total of 17 residential units. Therefore it is possible that 17 residential units may be removed due to demolition or rehabilitation of dilapidated or seriously deteriorated buildings.
- iii. Step three counts the number of inhabited residential units that exist where the future land use indicated by the Redevelopment Plan will not include residential uses. After reviewing the Proposed Future Land Use for the Central West RPA as amended, we determined that no units will be impacted by changes to existing land uses. Therefore, the number of inhabited residential units that may be removed due to future land use change is zero.

Based on the methodology described above, *S. B. Friedman & Company* estimates that up to 17 inhabited residential units may be removed as a result of redevelopment projects that are undertaken in accordance with the Redevelopment Plan. The location of these units is illustrated in Map A-1 on the following page.

Based on the income distributions in and around the RPA, it is reasonable to assume that approximately 86% of households that may be displaced during the remaining life of the RPA are of moderate, low, very low, or very, very low income (i.e., 15 households). However, it is possible that up to 100% of potentially displaced households lie within these income brackets. Part II, subpart (iii) of this section discusses in detail the availability of replacement housing for households of low income or lower.

**(ii) Relocation Plan**

The City's plan for relocation assistance for those qualified residents in the Central West RPA and Central West Amendment RPA whose residences may be removed shall be consistent with the requirements set forth in Section 11-74.4-3(n)(7) of the Act. The terms and conditions of such assistance are described in subpart (iv) below. No specific relocation plan has been prepared by the City as of the date of this report.

**(iii) Replacement Housing**

In accordance with Subsection 11-74.4-3(n)(7) of the Act, the City shall make a good faith effort to ensure that affordable replacement housing located in or near the Central West RPA as amended is available for any qualified displaced residents.

To promote development of affordable housing, the Redevelopment Plan requires that developers who receive tax increment financing assistance for market-rate housing are to set aside at least 20 percent of the units to meet affordability criteria established by the City's Department of Housing. Generally, this means that income-restricted rental units should be affordable to households earning no more than 60 percent of the area median income (adjusted for family size) and for-sale units should be affordable to households earning no more than 100 percent of area median income. If, during the remaining 16-year life of the Central West RPA and Central West Amendment RPA, the acquisition plans change, the City shall make every effort to ensure that appropriate replacement housing will be found in the Redevelopment Project Area or the surrounding Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

In order to determine the availability of replacement housing for those residents who may potentially be displaced by redevelopment activity, *S. B. Friedman & Company* examined several data sources, including vacancy data from the 2000 U.S. Census, apartment listings from local newspapers, and housing sales data from Multiple Listing Service.

**Vacancy Data**

According to the 2000 Census, the 29 Block Groups surrounding and encompassing the Central West RPA as amended contained 5,320 housing units, of which 529 (9.9%) were vacant. Of these, approximately 228 were for-sale or for-rent, and 168 were rented or sold but unoccupied. For the purposes of this analysis, the term "RPA Vicinity" refers to these Block Groups. The following table shows the distribution of vacant residential units in the RPA by vacancy status, as compared to the City of Chicago as a whole.

Vacancy Status	Share of All Housing Units (RPA Vicinity)	Citywide Percentage
For rent	3.8%	3.4%
For sale	0.5%	0.8%
Rented/sold, not occupied	3.2%	0.9%
Seasonal/recreational/occasional/migrant	0.0%	0.5%
Other	2.5%	3.0%
<b>TOTAL VACANT UNITS</b>	<b>9.9%</b>	<b>8.6%</b>

The percentage of residential units that are vacant and awaiting rental in the RPA Vicinity is slightly more than that of the City of Chicago (3.8% vs. 3.4%), suggesting that a reasonable supply of replacement rental housing exists in the RPA Vicinity. The percentage of ownership housing units that are vacant and awaiting sale in the RPA Vicinity is comparable to that of the City as a whole, while the overall rate of residential vacancy in the RPA is slightly more than that of the City.

### Replacement Rental Housing

According to information obtained from the City of Chicago by *S. B. Friedman & Company*, there are no current projects located within the Central West RPA as amended that will result in a loss of housing units. However, the possibility remains that some existing units may be removed in the future as a result of redevelopment activity over the remaining 16-year life of the RPA. Therefore, our firm has defined a sample of possible replacement rental housing units located within the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

The location, type, and cost of this sample were determined through the examination of classified advertisements from the *Chicago Tribune*, *Chicago Sun Times* and *Chicago Reader* during late February and early March 2007. It is important to note that the Chicago metro-area has a rental cycle where apartments turn over at a greater rate on May 1 and October 1 of each year. These higher turnover times would likely reflect a wider variety of rental rates, unit sizes, and locations than those available in the months surveyed for this study.

The range of maximum affordable monthly rents, according to HUD standards, is shown in the following table in comparison with the advertised rents found in the above-mentioned newspaper listings.

Number of Bedrooms	Implied Family Size*	Maximum Monthly Rent (Including Utilities) Affordable to Income Bracket				Observed Range**	Units in Sample
		Very, Very Low	Very Low	Low	Moderate		
Studio	1	\$396	\$660	\$1,043	\$1,583	\$430 - \$1,163	11
1	1.5	\$424	\$707	\$1,118	\$1,697	\$417 - \$1,912	37
2	3	\$509	\$848	\$1,341	\$2,036	\$397 - \$2,547	101
3	4.5	\$588	\$980	\$1,550	\$2,352	\$706 - \$2,856	38
4	6	\$655	\$1,093	\$1,728	\$2,624	\$1,069 - \$10,559	7
5	7.5	\$723	\$1,206	\$1,907	\$2,895	N/A	0
6	9	\$791	\$1,320	\$2,086	\$3,167	N/A	0
<b>Total</b>							<b>194</b>

Source: HUD, *Chicago Tribune*, *Chicago Sun-Times*, *Chicago Reader*, S. B. Friedman & Company

\*Derived from the number of bedrooms using HUD formulas.

\*\*Based on a random sample of apartments located in the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas and advertised in the *Chicago Tribune*, *Sun Times* and *Reader* during late February and early March, 2007.

The table on the following page provides a detailed summary of the apartment listings found in the *Chicago Tribune*, *Chicago Sun Times* and *Chicago Reader* during late February and early March 2007. Since HUD affordability standards state that monthly rent, including utilities, should equal no more than 30% of gross household income, S.B. Friedman & Company has adjusted the monthly rents listed below to include utility payments using Section 8 utility cost estimates for various apartment unit sizes developed by the Chicago Housing Authority.

The sample collected by S. B. Friedman & Company contains a greater proportion of two-bedroom apartments than expected based on 2000 Census data. Approximately 53% of apartments in the sample above contain two bedrooms, as compared to 27% in the RPA Vicinity in 2000. The sample also contains fewer studios and one-bedroom apartments (29%) than expected based on the 2000 Census (51%). Overall, the sample indicates that many of these units are not affordable to very, very low-income households.

*S. B. Friedman & Company* has also researched the availability of subsidized and income-restricted housing in and near the Central West RPA as amended. According to data provided by the Illinois Housing Development Authority (IHDA), there are at least 1,668 units of income-restricted housing in the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas.

### Replacement For-Sale Housing

In order to determine the availability of replacement for-sale housing for those home owners who may potentially be displaced, *S. B. Friedman & Company* reviewed data available from the Multiple Listing Service (MLS) of Northern Illinois which lists most of the currently active for-sale properties in the Northern Illinois region, as well as historical data listing housing sales within the region over the past three years. The following table summarizes housing sales for detached and attached (condominium and town home) residential units within the Near West Side, West Town, Lower West Side and East Garfield Park Community Areas since January 1, 2005. As the table illustrates, the number of units recently sold in or near the Central West RPA as Amended far exceeds the number of potentially displaced units calculated above.

Year	Completed Sales	
	Detached	Attached
2005	270	3,481
2006	246	3,792
2007	53	902
<b>Total</b>	<b>569</b>	<b>8,175</b>

In addition, *S. B. Friedman & Company* researched those properties which are currently listed for sale through the MLS of Northern Illinois in the same Community Areas identified above. Detail regarding the asking price for these units is provided in the table below:

Price Range	Currently Active Properties (as of May 8, 2007)	
	Detached	Attached
\$50,000-\$99,999	1	2
\$100,000-\$149,999	3	9
\$150,000-\$199,999	3	61
\$200,000-\$249,999	7	236
\$250,000-\$299,999	23	385
\$300,000-\$349,999	16	355
\$350,000-\$399,999	18	351
\$400,000-\$449,999	15	256
\$450,000-\$499,999	16	169
\$500,000+	143	334
<b>Total</b>	<b>245</b>	<b>2,158</b>

Based on the available data, it appears that there are a wide range of for-sale housing options available at a variety of price points in the immediate vicinity of the Central West RPA as Amended. Therefore, it can be reasonably assumed that the rental and for-sale residential markets

for the Community Areas in and around the Central West RPA as amended should be adequate to furnish needed replacement housing for those residents that may potentially be displaced because of redevelopment activity within the RPA. There are no planned redevelopment projects that will reduce the number of residential units within the RPA, and those types of mixed-use projects which might be proposed in accordance with the Redevelopment Plan may include new residential units. Therefore, it is assumed that any displacement caused by activities as part of the Redevelopment Plan could potentially occur simultaneously with the development of new housing, either rental or for-sale. As a result, there could potentially be a net gain of residential units within the RPA. Furthermore, it is likely that any displacement of units would occur incrementally over the remaining 16-year life of the RPA as individual development projects are initiated.

**(iv) Relocation Assistance**

In the event that the implementation of the Plan results in the removal of residential housing units in the Project Area occupied by low-income households or very low-income households, or the displacement of low-income households or very low-income households from such residential housing units, such households shall be provided affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations hereunder, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. The City shall make a good faith effort to ensure that this affordable housing is located in or near the Project Area.

As used in the above paragraph, "low-income households," "very low-income households," and "affordable housing" have the meanings set forth in Section 3 of the Illinois Affordable Housing Act, 310 ILCS 65/3 et seq., as amended. As of the date of this study, these statutory terms are defined as follows:

- (i) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than 50% but less than 80% of the median income of the area of residence, adjusted for family size, as such adjusted income and median income are determined from time to time by the United States Department of Housing and Urban Development ("HUD") for purposes of Section 8 of the United States Housing Act of 1937;
- (ii) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is not more than 50% of the median income of the area of residence, adjusted for family size, as so determined by HUD; and
- (iii) "Affordable housing" means residential housing that, so long as the same is occupied by low-income households or very low-income households, requires payment of monthly housing costs, including utilities other than telephone, of no more than 30% of the maximum allowable income for such households, as applicable.

The City of Chicago will make a good faith effort to relocate these households to affordable

housing located in or near the Central West RPA as amended, and will provide relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Policies Act of 1970.

**FIRST AMENDMENT TO THE CENTRAL WEST TAX INCREMENT FINANCING  
REDEVELOPMENT PLAN AND PROJECT**

**“Notice of Change of the Redevelopment Plan and Project”**

NOTICE is hereby given by the City of Chicago of changes to the First Amendment to the Central West Tax Increment Financing District Eligibility Study, Redevelopment Plan and Project (the “Plan”). The Plan was approved pursuant to an ordinance introduced to the City Council on March 12, 2008, pursuant to Section 5/11-74.4 of the Illinois Tax Increment Allocation Redevelopment Act, as amended, 65 ILCS Section 5/11-74.4-1 et seq. (The “Act”) and the Plan contemplates that if the 2006 EAV should become available prior to the date of adoption of the Plan by the City Council, the City may update the Plan by replacing the 2005 EAV with the 2006 EAV without further City Council action. The Plan is hereby changed as follows:

1. Added at the bottom of the cover and cover page under the date reference is the following language:

Dated 28, 2007.

2. Redevelopment Plan, Page 4, Required Findings, first paragraph amended by deleting the compound annual growth rate of (7.21%) and replacing it with 7.13 %. The rate of growth for the area is hereby amended by deleting (10%) and replacing it with 33 %.

3. Redevelopment Plan, Page 30, Lack of Growth in Equalized Assessed Value (EAV) table, Percent Change in Annual Equalized Assessed Value (EAV) , is hereby amended by deleting the following column:

(Percent Change in EAV 2000/2001; Central West Amendment RPA, 6.89%, City of Chicago (Balance of) 7.98%)

and replacing it with following column:

Percent Change in EAV2005/2006; Central West Amendment RPA, 3.07%, City of Chicago (Balance of) 17.22%

4. Redevelopment Plan, Page 42, Most Recent Equalized Assessed Valuation of Properties in the Original RPA and Expansion Area, is hereby amended by deleting the amount (\$22,668,740) and replacing it with \$23,365,400; and deleting the tax year (2005) and replacing it with 2006; and deleting the (2005) total EAV amount and replacing it with 2006.

5. Redevelopment Plan, Page 42, Base EAV for the expanded area is hereby amended by deleting the amount of (\$84,784,900) and replacing it with \$85,481,600; and deleting tax year (2005) and replacing it with tax year 2006.

6. Redevelopment Plan, Page 42, Anticipated Equalized Assessed Valuation, is hereby amended by deleting the amount of (\$345,000,000) and replacing it with \$471,000,000; and deleting tax year (2005) and replacing it with 2006; and deleting the equalization factor of (2.732) and replacing it with 2.7076.

7. Appendix 4, Summary of Estimated EAV by PIN is hereby amended by deleting the year (2005) and replacing with the year 2006, throughout. All (2005) Assessed Values and (2005) Equalized Assessed Values have been replaced with the 2006 Assessed Values and the 2006 Equalized Assessed Values. See the Plan, Appendix 4, for the figures.

8. Redevelopment Plan, Page 43, Lack of Growth in and Private Investment, second paragraph is hereby amended by deleting the Compound Annual Growth Rate of (7.21%) and replacing it with 7.13%. The Rate of Growth is amended by deleting (10%) and replacing it with 33%. The Compound Annual Growth Rate of the balance of the City is amended by deleting (7.94%) and replacing it with 10.61%.

The changed Plan has been available for public inspection and review since December 2007 at the Office of the City Clerk, Room 107, 121 N. LaSalle Street, Chicago, Illinois, or the Department of Planning and Development, Room 703, 7<sup>th</sup> Floor, 121 N. LaSalle Street, Chicago, Illinois. If you wish to review the Plan, or obtain further information concerning the Plan or the changes to the Plan, please contact Robin Broman, at the Department of Planning and Development, Room 703, 7<sup>th</sup> floor, 121 N. LaSalle Street, Chicago, Illinois, (312) 744-2780 during the hours of 9:00 AM to 4:00 PM, Monday through Friday.
