CLASS TITLE: CITY PLANNER IV

CHARACTERISTICS OF THE CLASS

Under general supervision, performs professional urban planning work at the senior level, working independently on complex assignments relating to the development and revitalization of residential, commercial, and industrial communities, and performs related duties as required

ESSENTIAL DUTIES

• Designs, conducts, and maintains complex studies, surveys, and databases for urban planning and land use projects
• Accesses geographic information systems (GIS) and departmental databases to map land areas, create maps, and prepare charts illustrating data by region
• Reviews and evaluates development project proposals submitted by private consultants and public agencies for conformity with City development goals and objectives, governmental regulations, and funding eligibility
• Works with other City departments, governmental agencies, and private consultants on major planning and policy studies
• Prepares and/or reviews documents (e.g., grant applications, proposals, preliminary budgets, building permits, departmental reports) related to project planning and implementation
• Reviews and interprets state and federal legislation pertaining to planning programs and prepares position papers
• Consults with public and private agencies, community groups, and business communities on present and future planning and development needs
• Represents the Department at community forums, civic and business organization meetings, and conferences to discuss planning activities and projects
• Provides technical assistance to community organizations, delegate agencies, and developers pertaining to planning and development projects and work plans
• Conducts site inspections of work in progress to ensure adherence to development plans, as required

NOTE: The list of essential duties is not intended to be inclusive; there may be other duties that are essential to particular positions within the class.
