General Description of Work

The work for which proposals are invited consists of furnishing all labor, equipment, tools, transportation, materials, and services for this Term Agreement at various locations throughout the City of Chicago, in accordance with all the terms and conditions of this specification.

Plumbing contractors qualified to perform work in the City of Chicago are requested to submit proposals to perform lead service line replacement.

The work for which proposals are invited includes but is not limited to replacement of lead service lines for single-family or duplex residences, from the water main in the street to the point of connection located inside each residence. The work includes excavation, removal or abandonment of the existing lead service line, installation of a new corporation stop, installation of a copper service line (1-inch diameter minimum or match existing diameter if larger) and curb stop, installation of new meter, removal and replacement of residential sanitary sewer at those locations where the requirements of the Chicago Plumbing Code (latest edition) are not met, testing and flushing, backfill and full restoration of roads and sidewalks, and additional restoration as defined in Book 3. This includes but is not limited to all permits, pre-construction meeting, site mobilization, providing traffic control and protection for the duration of the work, trenching, grading, backfilling, compaction of excavations, protection of trees, and removal of all construction debris as described in the detailed specifications. The Contractor will be responsible for having a minimum of three (3) crews per day, per area. The work also includes all associated work and accessories to the complete satisfaction of, approval, and acceptance by the City.

The workflow for this project shall be as follows:

1. Property Owner qualifies as ‘high-priority’ based on lead testing overseen by the Department of Water Management (DWM). The Property Owner receives an application to document that they are low-income as defined by the Community Development Block Grants (CDBG) eligibility requirements.
2. Commissioner’s staff reviews application and finalizes Property Owner eligibility. The Property Owner signs a Right of Entry form granting access to their property.
3. The Commissioner issues a Sub-Order for the property to the Contractor.
4. The Contractor, Property Owner, and Commissioner representative meet at the Property Owner’s property to define the scope of work, including extent of restoration within the limitations included in Book 3. Property Owner agrees to the work.
5. The Contractor submits a shop drawing showing construction technique and quantities of the proposed work.
6. The Contractor applies for all applicable permits and pays for all applicable permit fees.
7. Commissioner representative approves the shop drawing.
8. Contractor receives permits for performing the work.
9. The Contractor performs the work, including meter installation. The Commissioner reserves the right to have an inspector on-site for any or all of the work.
10. A City inspector inspects the Contractor’s work. The Commissioner taps the new water service into the water main and disconnects the existing water service. The payment for the water main tap is included in the permit fee paid by the Contractor. The Commissioner will verify meter installation and meter serial number.
11. The Contractor tests water service line and restores the site per the agreed upon restoration.
12. The Commissioner and Property Owner sign-off on work completion.
13. The Contractor submits Record Drawings upon completion. The Contractor submits pay application monthly including all completed work.

City of Chicago will secure Right-of-Entry and Release forms from each resident in advance of the Work to allow the Contractor and the Department of Water Management City Representative perform work on and inside of each residence.

This Contract is comprised of three (3) Groups. Each group is a separate geographic area of the City per the map shown below. It is estimated that 200 or up to 250 services will be replaced in each group under this contract per calendar year. This estimate represents the amount of funding that is available, but because the participation is voluntary, quantities cannot be guaranteed. The number of services replaced will also depend on budget limitations.
Figure 1 Group A, South/ Group B, North / Group C, West
Figure 0-2 Boundaries for the three contract areas for this Project. Community Areas are labeled by their Community Area Number.

This description of work is intended to be general in nature and is neither a complete description nor a limitation on the work to be performed. Contractor shall perform all Work described in the Contract Documents or reasonably inferable as necessary to produce the results specified therein, except to the extent specifically indicated in the Contract Documents to be the responsibility of others. The work shall be done to the complete satisfaction of, approval and acceptance by the City.

When required by the City, the Contractor will perform Work under this Contract on a sub-order basis. The terms and conditions of the contract, and specifically Book 1 of the Contract Documents, must be read consistent with this intent.

When required by the Chief Procurement Officer the successful bidder or bidders shall, within seven (7) calendar days of receipt of notice from the City, furnish a performance bond valued at 100% of the full amount of the contract on Form P.W.O. 62, a specimen of which is bound herein.

**Award of Contract**

This bid solicitation consists of three (3) Groups. Each Group is a separate geographic area of the City; **South is Group A, North is Group B** and **West is Group C**. In the event that a contract(s) is awarded pursuant to this specification, the Chief Procurement Officer will award such contract in to the lowest responsive and responsible bidder per Group, as determined by the Award Criteria Figure, in the amount of the Total Base Bid. The City reserves the right to check all calculations and to correct all extensions in case of error.

**Sub-Orders:**
A “Sub-Order” is a project within this Term Agreement, with a set of plans, specifications, details and other supporting documentation that defines the location(s) and limits for new water service installation and replacement within the City of Chicago. This will include all Work described in the section “General Description of Work” page 3 within this Book 2.

Since a “Sub-Order” is a defined “Project” with project limits where a majority of the project limits fall within the boundaries described in “General Description of Work” page 3 within this Book 2, all terms, conditions, requirements and responsibilities outlined in Books 1, 2, 3 of the Contract Documents for the term “Project” shall apply to each “Sub-Order” issued by the Department of Water Management.

The Contractor will execute the Work under each Sub-Order, as an individual project complete, to include, but is not limited to project start date, mobilization, submittals, material procurement, project schedule and milestones, substantial completion and final completion, along with the additional requirements listed below and defined elsewhere in the Contract Documents.

All Sub-Order Work will be completed at the Sub-Order Work Site (also known as “Project Site”, “Work Site”, “Jobsite”, “Site” or other similar wording outlined in Books 1, 2, 3) per Sub-Order set of plans, specifications and details as defined above.

The Chicago Department of Water Management (DWM) will prepare Sub-Order(s) for the work to be performed under this contract. DWM will issue to the Contractor a Sub-Order in accordance with procedures outlined in Paragraph A below, “Procedures for Initiating Sub-Orders”. Payment will be based on actual quantities installed.

The Commissioner retains the right, at his sole discretion, to add or delete Work from any Sub-Order.

Irrespective of the Contractor’s Cost Estimate, payment will be made based upon actual quantities installed. All clauses of this Contract are applicable to any Sub-Order Releases issued.

The Sub-Order NTP shall be signed by the Commissioner, and is a written authorization and directive to the Contractor to begin Sub-Order work by the Start Date specified.

**Term of Contract**

This Contract will be in effect for a period of twelve (12) months. The City will have the option to renew the Contract for an additional twelve (12) months. The City will establish the actual start and expiration dates subsequent to the formal award and release of this Contract unless negotiated prior to the release of this Contract. The expiration date will be the last day of the 12th full calendar month after the established start date. The start date for this Contract will be no earlier than thirty (30) days after the bid opening. Work may be made only as authorized by Sub-Orders issued in accordance with paragraph above entitled “Sub-Orders”. The Contractor must furnish to the City the supplies or services specified under all Sub-Order up to the maximum contract value.

Any quantities shown on the Proposal Pages are estimated quantities for the initial twelve month Term of the Contract and as such are for bid canvassing purposes only. The City reserves the right to increase or decrease quantities. The City will be obligated to pay for only quantities of Work that are performed and accepted under Sub-Orders issued by the Department.

**Price Escalation**

The unit bid prices in the original proposal are to be valid for the first twelve month Contract Term and will not be subject for an increase. The unit prices will hold for each Sub-Order in its entirety based on the executed NTP date.

If the Contract Term is renewed for an additional twelve (12) months, for this period thereafter where work is issued in accordance with the following formula the New Unit Price is increased or decreased based on the Current Unit Price:

\[
\text{New Unit Price} = \text{Current Unit Price} \times \left[1 + \frac{\text{CCI} - \text{BCCI}}{\text{BCCI}}\right]
\]

“Base Construction Cost Index (BCC)” is defined as the annual average Construction Cost Index for the full twelve months prior to the month in which the Contract Term is renewed. The “Comparison Construction Cost Index (CCI)” is defined as the Construction Cost Index for the calendar month prior to the month in which the price escalation begins. Construction Cost Index numbers are defined by the 20 City Average Construction Cost Index (base index year of 1913) as published by Engineering News Record (ENR), a division of the McGraw-Hill Companies.

If during the term of the contract, the manner in which the Construction Cost Index is determined by ENR is substantially revised, including a change in the base index year, the City will make adjustments in the revised index that would produce results equivalent, as nearly possible, to those that would have been obtained if the Construction Cost Index had not been so revised. IF the Construction Cost Index becomes unavailable to the public because publication is discontinued, or otherwise, or if equivalent data is not readily available to enable the City to make the adjustment, then the City will substitute for it a comparable index based upon changes in the cost of construction published by a governmental agency, or, if no such index is available, then a comparable index published by a university or a recognized trade publication.

**TIME OF COMPLETION**

It is understood and agreed that TIME IS OF THE ESSENCE IN THIS CONTRACT, and the Contractor agrees to begin actual work covered by each Sub-Order on the date specified in the Notice to Proceed (NTP) for the Sub-Order and to prosecute the same with all due diligence so as to complete the work of the Sub-Order within the number of calendar days issued with each sub-order. The date for the commencement of Work will not be counted as a calendar day but each subsequent day thereafter from midnight to midnight will be counted as one (1) calendar day and the last day counted will be the day on which the Contractor must have completed and the Commissioner has accepted the substantial completion of the Work under the Sub-Order.

The Contractor may prosecute the work through two shifts each day if he deems such action necessary in order to complete the work within the specified time period. However, no work will be permitted between the hours of 9:00 p.m. and 8:00 a.m. Any variation from these restricted working hours to include extended shift hours and daytime work, if any, can only be permitted with the written approval of the Commissioner.

In the event that progress falls behind the approved schedule, work shall proceed on a twenty-four (24) hour per day basis without additional compensation, if so ordered by the Commissioner, to comply with the requirements of this Section.

Table A “Sub-Order Production Rates” will be used to determine the maximum amount of time to complete the sub-order. Table A sets forth the maximum amount of time allowed for the Contractor to complete the project as shown on the design drawings, which includes, but is not limited to, multiple items of work required to create a complete assembly, such as installation a new water service line. The work includes excavation, removal or abandonment of the existing lead service line, installation of a new corporation stop, installation of copper service line (minimum 1-inch) and curb stop, installation of new meter, removal and replacement of residential sanitary sewer at those locations where the requirements of the Chicago Plumbing Code (latest edition) are not met, testing and flushing, backfill, full restoration of roads and sidewalks, and additional restoration described in Book 3. This includes but is not limited to all permits, pre-construction meeting, site mobilization, providing traffic control and protection for the duration of the work, trenching, grading, backfilling, compaction of excavations, protection of trees, and removal of all construction debris as described in the detailed specifications. The work also includes all associated work and accessories to the complete satisfaction of, approval, and acceptance by the City.

</table>

1 Property Owner coordination is defined as, but not limited to, holding a pre-construction meeting with the Property Owner, establishing a timeline for completing the work, and submitting permits and shop drawings.

2 Water Service construction is defined as, but not limited to, installation of all pipe, connection of services, completion of flushing and testing, final connection, and refilling soil (outside of roadway) and concrete base (in roadway).

3 Restoration is defined as, but not limited to, the completion of pavement restoration (concrete or asphalt), seeding, and pavement markings.

**Property Owner Coordination:** The Property Owner coordination work completion time begins on the specified start date in the Sub-Order Notice to Proceed and ends when the Contractor has submitted all relevant shop drawings and permit applications and permit fees for the proposed work -or- has documented that the Property Owner is no longer interested in participating in the program. This may be documented by the Property Owner signing a ‘Right-of-Entry not granted’ -or- the Contractor documenting ‘Access Not Provided’ through five documented outreach attempts via at least two of the following four methods: phone calls, email, mail, and in-person visits and has been unable to contact the Property Owner.

**Water Service Construction:** The water service construction work completion begins on the Commissioner’s notice of approval of the Contractor’s shop drawing(s) and Contractor receiving the required Permits (whichever is later) and ends on the date when the concrete cap with broom finish (concrete base course) is completed in the road to the satisfaction of the commissioner, the sidewalk is replaced, and the ground outside of the roadway is restored to grade.

**Restoration:** Restoration work completion time begins on the calendar day after the date of water service completion and ends when all Restoration work is completed to the satisfaction of the Commissioner. This is the date of Substantial Completion.

**PUNCH LIST TIME OF COMPLETION**

It is also understood and agreed that TIME IS OF THE ESSENCE IN CLOSING OUT THE JOB SITE WORK OF THIS CONTRACT, and the Contractor agrees to begin work immediately after receipt of formal comprehensive list of minor miscellaneous or finishing work also known as “Punch List” work.

Further, upon physical completion of the Work and final inspection of same, a final “Punch List” will be transmitted to the Contractor from the Commissioner. This final “Punch List” will consist of not only physical work items requiring corrective action, but will also include all applicable Contractor submittals as may be required by the Contract. It is understood and agreed that all final “Punch List” work will be prosecuted expeditiously and completed, in total, within...
thirty (30) calendar days of the date of the transmittal to the Contractor. Failure to complete all final “Punch List” items within the thirty (30) calendar day time limit shall be construed as failure to prosecute work of the contract and, as such, will subject the Contractor to the assessment of project liquidated damages in the amount(s) specified under the “Liquidated Damages” section of this proposal. These damages will be assessed continuously from the time of the expiration of the thirty (30) calendar day time limit until such time as all final “Punch List” items are completed to the satisfaction of the Commissioner.

LIQUIDATED DAMAGES

Failure of the Contractor to complete the Work of each Sub-Order under this Contract within the specified completion time will result in the incurring by the City of additional construction and engineering costs, including but not limited to supervision and inspection, together with other tangible and intangible losses. Therefore, if any work shall remain uncompleted after the time specified for the completion of the work of the Sub-Order, or after any authorized extension of the Sub-Order or after any authorized extension such stipulated time, the Contractor shall pay to the City the sum listed below for each and every day that such work remains uncompleted, and such moneys shall be paid as liquidated damages, not a penalty, to partially cover costs and losses by the City.

For failure to complete the Work within the specified time, for each Sub-Order as directed by the Commissioner, the liquidated damages will be in accordance with the following schedule:

Property Owner Coordination Work: $25 per calendar day
Water Service Construction Work: $250 per calendar day
Water Service Interruption to Property: $20 per hour that temporary water service is not provided
Restoration Work: $50 per calendar day
Completion of "Punch List" Work: $100 per calendar day
Record drawing Submittal (1): $50 per calendar day

(1) Record drawings to be submitted within 30 days of final connection completion

In addition to the schedule-based liquidated damages, the following performance standards must also be maintained or the Contractor will be subject to the following liquidated damages:

**AWARD CRITERIA DETERMINATION**

**Group A, Area Description: South**

In accordance with Chapter 2-92 of the Municipal Code of Chicago, and in order to promote equality of opportunity for minority and female personnel on this project, the City of Chicago has established the following canvassing formula for the purpose of evaluating proposals and awarding the contract.

Each bidder is invited to propose the minority and female employee utilization goals for the project, as percentages of the journeyworker and apprentice and laborer hours to be expended in the construction of the project. Lines 2, 4, and 6 in the formula shall not be greater than 70 percent in each category, for the purpose of canvassing only. The 70 percent limit shall not deter or restrict the fuller utilization of minority employees for the project, but shall only serve as a limiting figure for use in the formula. Similarly, lines 8, 10, and 12 shall not be greater than 15 percent in each category, for the purpose of canvassing only. Actual amounts of minority and female work will be measured for the total hours of construction workers employed on the projects within each of the categories of journeyworkers, apprentice, and laborers by the contractor and all of the worksite subcontractors.
Canvassing Formula

Line 1. **Base Bid, in figures**

Line 2. Percentage of the total journeyworker hours that the Contractor proposes to be worked by minority Journeyworkers during construction of the Project.

(Maximum figure .70)

Line 3. **Multiply Line 2 by Line 1 by 0.04**

Line 4. Percentage of the total Apprentice hours that the Contractor proposes to be worked by minority Apprentices during construction of the project.

(Maximum figure .70)

Line 5. **Multiply Line 4 by Line 1 by 0.03**

Line 6. Percentage of the total Laborer hours that the Contractor proposes to be worked by minority Laborers during construction of the project.

(Maximum figure .70)

Line 7. **Multiply Line 6 by Line 1 by .01**

Line 8. Percentage of the total Journeyworker hours that the Contractor proposes to be worked by female Journeyworkers during construction of the project.

(Maximum figure .15)

Line 9. **Multiply Line 8 by Line 1 by 0.04**

Line 10. Percentage of the total Apprentice hours that the Contractor proposes to be worked by female Apprentices during construction of the project.

(Maximum figure .15)

Line 11. **Multiply Line 10 by Line 1 by 0.03**

**AWARD CRITERIA TOTAL – GROUP A**
Schedule of Prices

The bidder shall complete the Canvassing Formula and transfer the final Award Criteria Figure, Line 15, to the space provided on the itemized Proposal Sheet. A contract in the amount of the Total Base Bid will be awarded to the responsible bidder with the lowest Award Criteria Figure. The City reserves the right to revise all arithmetic calculations for correctness.

The Contractor is obliged during the construction of the Project to fulfill every numerical commitment made under the Canvassing Formula categories. Therefore, every limiting condition of circumstance which may affect referral, hiring, or deployment of construction trades employees must be taken into account by the bidder before the commitment is proposed. Limits imposed by the policies or circumstances of labor organizations or other referral resources, for example, should be anticipated by the bidder, since relief from the contractor’s obligations as established under the Canvassing Formula is not available due to such circumstances found to exist during Construction. Also, if Journeyworkers will not be employed in the project, or Apprentices, or Laborers, then the proposal made in the appropriate Lines, Lines 2 and 8, or Lines 4 and 10, or 6 and 12, should be entered as “0 percent” since no Journeyworker or Apprentice or Laborer hours are reported after construction, this will be computed by the City as “0 percent,” minority/female hours achieved.

If commitments are made in the Apprentice category, Lines 4 and 10, the total apprentice hours to be employed on the projects should be anticipated to be a substantial number of hours; since it is the intention of the City that where a commitment for a percentage of minority or female Apprentices has been made, the percentage may be counted as fulfilled only as long as there were provided at least 40 actual hours of minority or female employment as Apprentices. For this reason, where a minority or female percentage commitment has been made, if in the final audit of the performance of the Contract there are less than 40 actual hours of minority or female Apprentice work performed, then the number of minority or female apprentice hours will be counted by the City as “0” for the purpose of measuring the achievement towards the apprentice canvassing formula goal.

Therefore, notice that when the Contractor is performing at a level under a minority or female Apprentice goal, Line 4 or Line 10 above, the Contractor will be subject to the full amount of liquidated damages, see Lines 5 and 11, if at least 40 actual hours of minority or female Apprenticeship work are not achieved. When the bidder foresees that this minimum amount of apprenticeship is not available to the project, then “0” should be put in Lines 4 and 10 as the percentage commitment for apprentices.

The Contractor is obligated to meet the total commitment made in each category, subject to liquidated damages as described below for noncompliance. The Contractor hereby consents and agrees that, in the event of failure to comply with each of the minimum commitments submitted with the proposal on Lines 2, 4, 6, 8, 10, and 12 of the canvassing formula, covering Journeyworkers, Apprentices, and Laborers, respectively, the following shall apply to determine a monetary sum to be withheld from the final payment to the Contractor.

In calculating the aggregated work hours toward the utilization goal for construction Journeyworkers, Apprentices, or Laborers under this Canvassing Formula, the Contractor shall be given 150% credit for every work hour performed by a minority or woman worker residing within a socio-economically disadvantaged area. The criteria for designation of an area as socio-economically disadvantaged will be set forth in rules promulgated by the Commissioner of
Schedule of Prices

Planning and Development. Such criteria shall include, but not be limited to, the median family income of an area.

Liquidated Damages

For each one percent (1%) deficiency of minority journeyworkers not utilized toward the goal (Line 2), four cents for each hundred dollars of the base bid, calculated as follows:

\[
\begin{array}{c|c|c}
\text{Line 1} & x & .04 \\
& 100 \\
\end{array}
\]

Each one percent (1%) deficiency of shortfall toward the goal line (Line 8) for female Journeyworkers shall be computed in the same way.

For each one percent (1%) deficiency of minority Apprentices not utilized toward the goal (Line 4), three cents per each hundred dollars on the base bid, calculated as follows:

\[
\begin{array}{c|c|c}
\text{Line 1} & x & .03 \\
& 100 \\
\end{array}
\]

Each one percent (1%) of shortfall toward the goal (Line 10) for female Apprentices shall be computed in the same way.

For each one percent (1%) deficiency of minority Laborers not utilized towards the goal (Line 6), one cent per each hundred dollars of the Base Bid, calculated as follows:

\[
\begin{array}{c|c|c}
\text{Line 1} & x & .01 \\
& 100 \\
\end{array}
\]

Each one percent shortfall toward the goal (Line 12) for female Laborers shall be computed in the same way.

Reporting

The Contractor shall submit to the City on a timely basis a completed weekly certified payroll, (U.S. Department of Labor Form WH-347, Illinois Department of Transportation Form RE-48, or equivalent) with race and gender of employees clearly named or coded each week. The Contractor is responsible for forwarding every worksite Subcontractor’s weekly certified payroll. Supportive information regarding an employee’s race, gender or work classification of such is required by the City. Failure to report fully all required workforce information will subject the contractor to liquidated damages in the total amount listed in Line 14 above.

In the weekly payroll reports, the following ethnic categories should be used to indicate minority personnel for purposes of the canvassing formula:

| Black       | Persons having origins in any of the Black racial groups of Africa. |

Included in the canvassing formula as “Journeyworkers” are the construction site Journeyworkers from the major trades including, without limitation, truck drivers, electrical groundsmen, and elevator construction helpers. Other “Helpers,” watchmen, custodial workers, clerical workers, and salaried superintendents are not creditable in the formula. Hourly wage “Foremen” and “General Foremen” will be counted as journeyworkers for purposes of the canvassing formula.

Included in the canvassing formula as “Apprentices” are only bona fide Apprentices currently in a training program certified by the U.S. Department of Labor — Bureau of Apprenticeship and Training, and for the hours employed at the construction site. Other categories of trainees are not creditable in the formula. Individual workers who are both minority and female will have their hours counted towards both a minority goal and any female goal.

**Other Regulations**

The adherence to the canvassing formula does not abrogate other responsibilities of the contractor to comply with equal employment opportunity requirements under federal or state law, municipal ordinance, prevailing government regulations or terms contained elsewhere in this contract.

**AWARD CRITERIA DETERMINATION**

**Group B, Area Description: North**

In accordance with Chapter 2-92 of the Municipal Code of Chicago, and in order to promote equality of opportunity for minority and female personnel on this project, the City of Chicago has established the following canvassing formula for the purpose of evaluating proposals and awarding the contract.

Each bidder is invited to propose the minority and female employee utilization goals for the project, as percentages of the journeyworker and apprentice and laborer hours to be expended in the construction of the project. Lines 2, 4, and 6 in the formula shall not be greater than 70 percent in each category, for the purpose of canvassing only. The 70 percent limit shall not deter or restrict the fuller utilization of minority employees for the project, but shall only serve as a limiting figure for use in the formula. Similarly, lines 8, 10, and 12 shall not be greater than 15 percent in each category, for the purpose of canvassing only. Actual amounts of minority and female work will be measured for the total hours of construction workers employed on the projects within each of the categories of journeyworkers, apprentice, and laborers by the contractor and all of the worksite subcontractors.

Canvassing Formula
Schedule of Prices

Line 1.  **Base Bid, in figures**  

Line 2.  Percentage of the total journeyworker hours that the Contractor proposes to be worked by minority Journeyworkers during construction of the Project.  

(Maximum figure .70)  

Line 3.  **Multiply Line 2 by Line 1 by 0.04**  

Line 4.  Percentage of the total Apprentice hours that the Contractor proposes to be worked by minority Apprentices during construction of the project.  

(Maximum figure .70)  

Line 5.  **Multiply Line 4 by Line 1 by 0.03**  

Line 6.  Percentage of the total Laborer hours that the Contractor proposes to be worked by minority Laborers during construction of the project.  

(Maximum figure .70)  

Line 7.  **Multiply Line 6 by Line 1 by .01**  

Line 8.  Percentage of the total Journeyworker hours that the Contractor proposes to be worked by female Journeyworkers during construction of the project.  

(Maximum figure .15)  

Line 9.  **Multiply Line 8 by Line 1 by 0.04**  

Line 10.  Percentage of the total Apprentice hours that the Contractor proposes to be worked by female Apprentices during construction of the project.  

(Maximum figure .15)  

Line 11.  **Multiply Line 10 by Line 1 by 0.03**  

Line 12.  Percentage of the total Laborer hours that the Contractor proposes to be worked by female Laborers during construction of the project.  

(Maximum figure .15)  

Line 13.  **Multiply Line 12 by Line 1 by 0.01**  

Line 14.  **Summation of Lines 3, 5, 7, 9, 11, and 13**  

Line 15.  **Subtract Line 14 from Line 1 = Award Criteria Figure**  

**AWARD CRITERIA TOTAL – GROUP B**  

______________________________
The bidder shall complete the Canvassing Formula and transfer the final Award Criteria Figure, Line 15, to the space provided on the itemized Proposal Sheet. A contract in the amount of the Total Base Bid will be awarded to the responsible bidder with the lowest Award Criteria Figure. The City reserves the right to revise all arithmetic calculations for correctness.

The Contractor is obliged during the construction of the Project to fulfill every numerical commitment made under the Canvassing Formula categories. Therefore, every limiting condition of circumstance which may affect referral, hiring, or deployment of construction trades employees must be taken into account by the bidder before the commitment is proposed. Limits imposed by the policies or circumstances of labor organizations or other referral resources, for example, should be anticipated by the bidder, since relief from the contractor’s obligations as established under the Canvassing Formula is not available due to such circumstances found to exist during Construction. Also, if Journeyworkers will not be employed in the project, or Apprentices, or Laborers, then the proposal made in the appropriate Lines, Lines 2 and 8, or Lines 4 and 10, or 6 and 12, should be entered as “0 percent” since no Journeyworker or Apprentice or Laborer hours are reported after construction, this will be computed by the City as “0 percent,” minority/female hours achieved.

If commitments are made in the Apprentice category, Lines 4 and 10, the total apprentice hours to be employed on the projects should be anticipated to be a substantial number of hours; since it is the intention of the City that where a commitment for a percentage of minority or female Apprentices has been made, the percentage may be counted as fulfilled only as long as there were provided at least 40 actual hours of minority or female employment as Apprentices. For this reason, where a minority or female percentage commitment has been made, if in the final audit of the performance of the Contract there are less than 40 actual hours of minority or female Apprentice work performed, then the number of minority or female apprentice hours will be counted by the City as “0” for the purpose of measuring the achievement towards the apprentice canvassing formula goal.

Therefore, notice that when the Contractor is performing at a level under a minority or female Apprentice goal, Line 4 or Line 10 above, the Contractor will be subject to the full amount of liquidated damages, see Lines 5 and 11, if at least 40 actual hours of minority or female Apprenticeship work are not achieved. When the bidder foresees that this minimum amount of apprenticeship is not available to the project, then “0" should be put in Lines 4 and 10 as the percentage commitment for apprentices.

The Contractor is obligated to meet the total commitment made in each category, subject to liquidated damages as described below for noncompliance. The Contractor hereby consents and agrees that, in the event of failure to comply with each of the minimum commitments submitted with the proposal on Lines 2, 4, 6, 8, 10, and 12 of the canvassing formula, covering Journeyworkers, Apprentices, and Laborers, respectively, the following shall apply to determine a monetary sum to be withheld from the final payment to the Contractor.

In calculating the aggregated work hours toward the utilization goal for construction Journeyworkers, Apprentices, or Laborers under this Canvassing Formula, the Contractor shall be given 150% credit for every work hour performed by a minority or woman worker residing within a socio-economically disadvantaged area. The criteria for designation of an area as socio-economically disadvantaged will be set forth in rules promulgated by the Commissioner of Planning and Development. Such criteria shall include, but not be limited to, the median family income of an area.

The Contractor shall submit to the City on a timely basis a completed weekly certified payroll, (U.S. Department of Labor Form WH-347, Illinois Department of Transportation Form RE-48, or equivalent) with race and gender of employees clearly named or coded each week. The Contractor is responsible for forwarding every worksite Subcontractor’s weekly certified payroll. Supportive information regarding an employee’s race, gender or work classification of such is required by the City. Failure to report fully all required workforce information will subject the contractor to liquidated damages in the total amount listed in Line 14 above.

AWARD CRITERIA DETERMINATION

Group C, Area Description: West

In accordance with Chapter 2-92 of the Municipal Code of Chicago, and in order to promote equality of opportunity for minority and female personnel on this project, the City of Chicago has established the following canvassing formula for the purpose of evaluating proposals and awarding the contract.

Each bidder is invited to propose the minority and female employee utilization goals for the project, as percentages of the journeyworker and apprentice and laborer hours to be expended in the construction of the project. Lines 2, 4, and 6 in the formula shall not be greater than 70 percent in each category, for the purpose of canvassing only. The 70 percent limit shall not deter or restrict the fuller utilization of minority employees for the project, but shall only serve as a limiting figure for use in the formula. Similarly, lines 8, 10, and 12 shall not be greater than 15 percent in each category, for the purpose of canvassing only. Actual amounts of minority and female work will be measured for the total hours of construction workers employed on the projects within each of the categories of journeyworkers, apprentice, and laborers by the contractor and all of the worksite subcontractors.

Canvassing Formula

Line 1. Base Bid, in figures

Line 2. Percentage of the total journeyworker hours that the Contractor proposes to be worked by minority Journeyworkers during construction of the Project. (Maximum figure .70)

Line 3. Multiply Line 2 by Line 1 by 0.04

Line 4. Percentage of the total Apprentice hours that the Contractor proposes to be worked by minority Apprentices during construction of the project. (Maximum figure .70)

Line 5. Multiply Line 4 by Line 1 by 0.03

Line 7. Multiply Line 6 by Line 1 by .01

Line 8. Percentage of the total Journeyworker hours that the Contractor proposes to be worked by female Journeyworkers during construction of the project.

(Maximum figure .15)

Line 9. Multiply Line 8 by Line 1 by 0.04

Line 10. Percentage of the total Apprentice hours that the Contractor proposes to be worked by female Apprentices during construction of the project.

Line 11. Multiply Line 10 by Line 1 by 0.03

Line 12. Percentage of the total Laborer hours that the Contractor proposes to be worked by female Laborers during construction of the project.

Line 13. Multiply Line 12 by Line 1 by 0.01

Line 14. Summation of Lines 3, 5, 7, 9, 11, and 13

AWARD CRITERIA TOTAL – GROUP C

The bidder shall complete the Canvassing Formula and transfer the final Award Criteria Figure, Line 15, to the space provided on the itemized Proposal Sheet. A contract in the amount of the Total Base Bid will be awarded to the responsible bidder with the lowest Award Criteria Figure. The City reserves the right to revise all arithmetic calculations for correctness.

The Contractor is obliged during the construction of the Project to fulfill every numerical commitment made under the Canvassing Formula categories. Therefore, every limiting condition of circumstance which may affect referral, hiring, or deployment of construction trades employees must be taken into account by the bidder before the commitment is proposed. Limits imposed by the policies or circumstances of labor organizations or other referral resources, for example, should be anticipated by the bidder, since relief from the contractor’s obligations as established under the Canvassing Formula is not available due to such circumstances found to exist during Construction. Also, if Journeyworkers will not be employed in the project, or Apprentices, or Laborers, then the proposal made in the appropriate Lines, Lines 2 and 8, or Lines 4 and 10, or 6 and 12, should be entered as “0 percent” since no Journeyworker or
Apprentice or Laborer hours are reported after construction, this will be computed by the City as “0 percent,” minority/female hours achieved.

If commitments are made in the Apprentice category, Lines 4 and 10, the total apprentice hours to be employed on the projects should be anticipated to be a substantial number of hours; since it is the intention of the City that where a commitment for a percentage of minority or female Apprentices has been made, the percentage may be counted as fulfilled only as long as there were provided at least 40 actual hours of minority or female employment as Apprentices. For this reason, where a minority or female percentage commitment has been made, if in the final audit of the performance of the Contract there are less than 40 actual hours of minority or female Apprentice work performed, then the number of minority or female apprentice hours will be counted by the City as “0” for the purpose of measuring the achievement towards the apprentice canvassing formula goal.

Therefore, notice that when the Contractor is performing at a level under a minority or female Apprentice goal, Line 4 or Line 10 above, the Contractor will be subject to the full amount of liquidated damages, see Lines 5 and 11, if at least 40 actual hours of minority or female Apprenticeship work are not achieved. When the bidder foresees that this minimum amount of apprenticeship is not available to the project, then “0” should be put in Lines 4 and 10 as the percentage commitment for apprentices.

The Contractor is obligated to meet the total commitment made in each category, subject to liquidated damages as described below for noncompliance. The Contractor hereby consents and agrees that, in the event of failure to comply with each of the minimum commitments submitted with the proposal on Lines 2, 4, 6, 8, 10, and 12 of the canvassing formula, covering Journeyworkers, Apprentices, and Laborers, respectively, the following shall apply to determine a monetary sum to be withheld from the final payment to the Contractor.

In calculating the aggregated work hours toward the utilization goal for construction Journeyworkers, Apprentices, or Laborers under this Canvassing Formula, the Contractor shall be given 150% credit for every work hour performed by a minority or woman worker residing within a socio-economically disadvantaged area. The criteria for designation of an area as socio-economically disadvantaged will be set forth in rules promulgated by the Commissioner of Planning and Development. Such criteria shall include, but not be limited to, the median family income of an area.

**Liquidated Damages**

For each one percent (1%) deficiency of minority journeyworkers not utilized toward the goal (Line 2), four cents for each hundred dollars of the base bid, calculated as follows:

\[
\text{Line 1} \times \frac{.04}{100}
\]

Each one percent (1%) deficiency of shortfall toward the goal line (Line 8) for female Journeyworkers shall be computed in the same way.

For each one percent (1%) deficiency of minority Apprentices not utilized toward the goal (Line 4), three cents per each hundred dollars on the base bid, calculated as follows:

Each one percent shortfall toward the goal (Line 12) for female Laborers shall be computed in the same way.

**Reporting**

The Contractor shall submit to the City on a timely basis a completed weekly certified payroll, (U.S. Department of Labor Form WH-347, Illinois Department of Transportation Form RE-48, or equivalent) with race and gender of employees clearly named or coded each week. The Contractor is responsible for forwarding every worksite Subcontractor’s weekly certified payroll. Supportive information regarding an employee’s race, gender or work classification of such is required by the City. Failure to report fully all required workforce information will subject the contractor to liquidated damages in the total amount listed in Line 14 above.

In the weekly payroll reports, the following ethnic categories should be used to indicate minority personnel for purposes of the canvassing formula:

</tbody>

Included in the canvassing formula as “Journeyworkers” are the construction site Journeyworkers from the major trades including, without limitation, truck drivers, electrical groundsmen, and elevator construction helpers. Other “Helpers,” watchmen, custodial workers, clerical workers, and salaried superintendents are not creditable in the formula. Hourly wage “Foremen” and “General Foremen” will be counted as journeyworkers for purposes of the canvassing formula.
Award Criteria Determination

Included in the canvassing formula as “Apprentices” are only bona fide Apprentices currently in a training program certified by the U.S. Department of Labor — Bureau of Apprenticeship and Training, and for the hours employed at the construction site. Other categories of trainees are not creditable in the formula. Individual workers who are both minority and female will have their hours counted towards both a minority goal and any female goal.

Other Regulations

The adherence to the canvassing formula does not abrogate other responsibilities of the contractor to comply with equal employment opportunity requirements under federal or state law, municipal ordinance, prevailing government regulations or terms contained elsewhere in this contract.

REQUIREMENTS FOR BIDDING AND INSTRUCTIONS FOR BIDDERS

Contract for Work

Proposals are received by the Chief Procurement Officer of the City of Chicago in accordance with Contract Documents as set forth herein.

1. Examination by Bidder

The bidder shall, before submitting its bid, carefully examine the proposal, plans, specifications, contract documents and bonds. The bidder shall inspect in detail the site of the proposed work and familiarize itself with all of the local conditions affecting the contract and the detailed requirements of construction. If at any time prior to the bid opening, the Bidder discovers any errors, discrepancies or omissions in the Contract Documents, or any discrepancy between the Contract Documents and the physical conditions at the site or in any subsequent drawings that may be provided thereafter, the Bidder must notify the Chief Procurement Officer immediately, in writing, for an interpretation through an Addendum. The Chief Procurement Officer reserves the right to establish a date by which any written request must be submitted before bid opening. No response will be given for inquiries beyond that date. If its bid is accepted, the bidder will be responsible for all errors in its proposal resulting from failure or neglect to comply with these instructions. The City will, in no case, be responsible for any change in anticipated profits resulting from such failure or neglect.

Unless otherwise provided in the Contract, when the plans or specifications include information pertaining to subsurface exploration, borings, test pits, and other preliminary investigation, such information represents only the opinion of the City as to the location, character, or quantity of the materials encountered and is only included for the convenience of the bidder. The City assumes no responsibility with respect to the sufficiency or accuracy of the information, and there is no guaranty, either expressed or implied, that the conditions indicated are representative of those existing throughout the work, or that unanticipated developments may not occur.

2. Bid Deposit

Bid deposit shall be required for all competitive sealed bidding for contracts when required in the legal advertisement. The bid deposit must be a bond, or the equivalent in cashier's check, money order or certified check. Any bond must be executed by a surety authorized to do business in the State of Illinois. And, it must be in the form provided by the Chief Procurement Officer, an example of which is bound herein. All certified checks must be drawn on a bank doing business in the United States, and shall be made payable to the order of the City of Chicago. CASH IS NOT AN ACCEPTABLE FORM OF BID DEPOSIT.

Bid deposits shall be in the amount shown in the advertisement or as may be prescribed herein, but not in excess of 10% of the bid. Should the amount of the bid deposit shown in the advertisement prove to be more than 10% of the bid, then the bidder may submit, in lieu of the foregoing, an amount equal to 10% of his bid. When the legal advertisement requires a deposit, noncompliance requires rejection of the bid. Compliance with the provisions
Requirements for Bidding and Instructions for Bidders

herewith shall be determined in all cases by the Chief Procurement Officer and his determination shall be final.

After bids are opened, deposits shall be irrevocable for the period specified herein. If a bidder is permitted to withdraw its bid before award, no action shall be taken against the bidder or the bid deposit.

3. **Preparation of Proposal**

The bidder shall prepare its proposal on the attached proposal forms. Unless otherwise stated, all blank spaces on the proposal page or pages, applicable to the subject specification, must be correctly filled in. Either a unit price or a lump sum price, as the case may be, must be stated for each and every item, either typed in or written in ink, in figures, and, if required, in words.

If bidder is a corporation, the President and Secretary must execute the bid and the corporate seal must be affixed. In the event that this bid is executed by other than the President, attach hereto a certified copy of that section of Corporate By-Laws or other authorization by the Corporation which permits the person to execute the offer for the corporation.

If bidder is a partnership, all partners must execute the bid, unless one partner has been authorized to sign for the partnership, in which case, evidence of such authority satisfactory to the Chief Procurement Officer shall be submitted.

If bidder is a sole proprietorship, the sole proprietorship must execute the bid. A “Partnership”, “Joint Venture” or “Sole Proprietorship” operating under an Assumed Name must be registered with the Illinois county in which located, as provided in 805ILCS 405 (1992).

4. **Submission of Proposals**

All prospective bidders shall submit sealed proposals with applicable bid deposit enclosed in envelopes provided for that purpose by the DEPARTMENT OF PROCUREMENT SERVICES, Room 301, City Hall. If proposals are submitted in envelopes other than those so provided for this purpose, then the sealed envelope submitted by the prospective bidder shall carry the following information on the face of the envelope: bidder’s name, address, subject matter of proposal, advertised date of bid opening and the hour designated for bid opening as shown on the legal advertisement.

Where proposals are sent by mail to the DEPARTMENT OF PROCUREMENT SERVICES, the bidders shall be responsible for their delivery to the Chief Procurement Officer before the advertised date and hour for the opening of bids. If the mail is delayed beyond the date and hour set for the bid opening, proposals thus delayed will not be accepted.

Proposals must be submitted with original signatures in the space provided on the appropriate Proposal Execution Page. Proposals not properly signed shall be rejected.

5. **Withdrawal of Proposals**

Bidders may withdraw their proposals at any time prior to the time specified in the advertisement as the closing time for the receipt of bids. However, no bidder shall withdraw or cancel his proposal for a period of 60 calendar days after said advertised closing time for the receipt of proposals nor shall the successful bidder withdraw or cancel or modify his
requirements for bidding and instructions for bidders

Proposal after having been notified by the Chief Procurement Officer that said proposal has been accepted by the City. The City reserves the right to withhold and deposit, as liquidated damages and not a penalty, the bid deposit of any bidder requesting withdrawal, cancellation or modification of its proposal prior to the stated period for acceptance of proposal.

Where this contract shall be approved by another agency, such as the Federal Government or State of Illinois, then the bidder shall not withdraw or cancel or modify his proposal for a period of 90 calendar days after said advertised closing time for the receipt of proposals.

6. Competency of Bidder

The Chief Procurement Officer reserves the right to refuse to award a Contract to any person, firm or corporation that is in arrears or is in default to the City of Chicago upon any debt or contract, or that is a defaulter, as surety or otherwise, upon any obligation to said City, or had failed to perform faithfully any previous contract with the City.

The bidder, if requested, must present within a reasonable time, as determined by the Chief Procurement Officer, evidence satisfactory to the Chief Procurement Officer of performance ability and possession of necessary facilities, pecuniary resources and adequate insurance to comply with the terms of these specifications and contract documents.

7. Schedule of Bid Opening

This specification number is one of three separate contracts for lead service line replacement work ("Lead Service Line Replacement Contracts") with bid openings scheduled on the same date; the City has been divided into three geographical areas ("Districts"), and there is a separate contractor for each District. All bids for each of the three contracts must be submitted by the Bid Submission Deadline as described in Section 4 above. The bids for these three contracts will be opened one at a time, approximately thirty minutes apart. The first opening shall occur at 11:15 am. The order in which the contracts will be selected for bid opening will be randomly determined by DEPARTMENT OF PROCUREMENT SERVICES staff, immediately prior to the first opening.

8. Consideration of Proposals

The Chief Procurement Officer represents and acts for the City in all matters pertaining to this proposal and contract in conjunction therewith. The Chief Procurement Officer reserves the right to reject any or all proposals and to disregard any informality in the bids and bidding, when in his opinion the best interest of the City will be served by such action. The proposal is contained in these contract documents and MUST NOT BE DETACHED HERE FROM by any bidder when submitting a proposal. Incomplete proposals are subject to rejection.

9. Balanced Bids

Bidder’s pricing for each line item should carry its share of the cost of work, plus its share of overhead and profit. Bidders should avoid nominal pricing for some lines and enhanced pricing for other lines. Bids that the Chief Procurement Officer considers in his sole opinion to be materially unbalanced will be rejected.

10. Acceptance of Proposals
The Chief Procurement Officer will accept in writing one of the proposals or reject all proposals, within 60 calendar days, or within 90 calendar days where approval by other agencies is required, from the date of opening of bids, unless the lowest responsible bidder, upon request of the City, extends the time of acceptance to the City.

11. **Performance Bond**

When required by the Chief Procurement Officer the successful bidder or bidders shall, within seven (7) calendar days of receipt of notice from the City, furnish a performance bond in the full amount of the contract on Form P.W.O. 62, a specimen of which is bound herein.

Receipt of written notice from the City to furnish a bond constitutes tentative notice of pending award and proposal acceptance. Release of the contract shall be withheld pending receipt and approval of a satisfactory bond.

Attention is called to the provisions of 30 ILCS 550/1, et. seq. and to the provisions of Section 2-92-030 of the Municipal Code of Chicago.

12. **Failure to Furnish Bond**

In the event that the bidder fails to furnish the performance bond in said period of seven (7) calendar days, then the bid deposit of the bidder shall be retained by the City as liquidated damages and not as a penalty.

13. **Interpretation of Contract Documents**

If any person contemplating submitting a proposal is in doubt as to the true meaning of any part of the specifications or other contract documents, a written request for an interpretation thereof may be submitted to the Chief Procurement Officer. The person submitting the request will be responsible for its prompt delivery. Any interpretation of the proposed documents will be made only by an addendum duly issued by the Chief Procurement Officer. A copy of such addendum will be mailed, faxed, electronically mailed or delivered to each person receiving a set of such contract documents and to such other prospective bidders as shall have requested that they be furnished with a copy of each addendum. Failure on the part of the prospective bidder to receive a written interpretation prior to the time of the opening of bids will not be grounds for withdrawal of proposal. Bidder will acknowledge receipt of each addendum issued in space provided on proposal page. Oral explanations will not be binding.

14. **Catalogs**

Each bidder must submit, where necessary, or when requested by the Chief Procurement Officer, catalogs, descriptive literature, and detailed drawings, fully detailing features, designs, construction, appointments, finishes and the like not covered in the specifications, necessary to fully describe the material or work he proposes to furnish.

15. **Substitution**

The Bidder must, if awarded the Contract, provide the items specified in the Contract Documents when those items are specified by manufacturer’s trade name in Book-Three, unless equivalent alternatives have been proposed as described below. Reference to a specific manufacturer, trade name, or catalog is intended to be descriptive but not restrictive and only to indicate to the prospective bidder items that will be satisfactory. The Bidder may
bid another product(s) provided that the alternative product is on a separate sheet of paper designated as such and is supported by the type of information listed in Section VII.D.1. and Section VII.D.2., of the Terms and Conditions for Construction, in order to facilitate the Chief Procurement Officer’s evaluation of such product. The Chief Procurement Officer may, in his sole discretion, accept an alternate bid for a specified item, provided the alternate item so bid is, in the Chief Procurement Officer’s sole opinion, the equivalent of the item specified in the Contract Documents. An alternate that is not equivalent to the specified item may render the bid non-responsive. Unless the alternate item is so identified, it is understood that the Bidder proposes, and will be required to provide, the specific item described in the Contract Documents. No substitution of specified items will be allowed thereafter except as provided in Section VII.D.2., of the Terms and Conditions for Construction.

16. **Return of Bid Deposit**

The bid deposit of all except the two lowest bidders on each contract will be returned shortly after the bid opening. The Chief Procurement Officer reserves the right to hold all bid deposits, if the intent is to award multiple contracts for a requirement and/or if the two lowest responsible bidders cannot be readily determined based on price until all proposals have been evaluated.

The remaining bid deposits on each contract will be returned with the exception of the accepted bidder, after the Chief Procurement Officer has awarded the contract. The bid deposit of the accepted bidder will be returned after the contract has been awarded and a satisfactory performance bond has been approved, where such bond is required.

17. **Taxes**

With few exceptions, Federal Excise Tax does not apply to materials purchased by the City of Chicago. The Illinois Retailers’ Occupation Tax, Use Tax, and Municipal Retailers’ Occupation Tax also do not apply to materials or services purchased by the City of Chicago. The price or prices quoted herein shall include all other Federal and/or State, direct and/or indirect taxes which apply. The prices quoted herein shall agree with all Federal Laws and Regulations.

18. **Contractor’s Financial Statement**

Each bidder must either (1) submit with the bid a current and valid Illinois Department of Transportation (IDOT) ‘Certificate of Eligibility’ issued by IDOT as a result of filing an application with IDOT for PREQUALIFICATION STATEMENT OF EXPERIENCE, EQUIPMENT AND FINANCIAL CONDITION showing prequalification in the required work categories, or (2) if the bidder has not been issued an applicable IDOT ‘Certificate of Eligibility,’ bidder must have on file in the office of the Chief Procurement Officer prior to bid opening a CONTRACTOR’S STATEMENT OF EXPERIENCE AND FINANCIAL CONDITION dated not earlier than the end of the Contractor’s last fiscal year period. This Statement shall be kept on file by the Chief Procurement Officer as a representative statement for a period of one year only. Forms are available at the office of the Bid and Bond Section, DEPARTMENT OF PROCUREMENT SERVICES, Room 103 City Hall, 121 North LaSalle Street, Chicago, Illinois, 60602, 312-744-9773 or may be obtained online:
Failure to submit an IDOT ‘Certificate of Eligibility’ or alternatively to have a current financial statement on file in the DEPARTMENT OF PROCUREMENT SERVICES at time of bid opening may be cause for the rejection of Contractor’s Proposal.

19. Notices

All communications and notices to the City herein provided for shall be faxed, delivered personally, electronically mailed or mailed first class, postage prepaid, to the Commissioner of the using department by name and address listed on the cover hereof, and to the Chief Procurement Officer, Room 806, City Hall, 121 N. LaSalle Street, Chicago, Illinois 60602. All communications and notices to the bidder, unless otherwise provided for, shall be faxed, delivered personally, electronically mailed or mailed first class, postage prepaid, to the bidder by name and address listed on the proposal hereof.

20. Acknowledgment of Receipt of Addenda

The bidder must acknowledge the receipt of all formally issued addenda in the space provided on the signature pages of the Proposal.

21. Economic Disclosure Statement and Affidavit (EDS)

The Contractor is required to complete an online Economic Disclosure Statement and Affidavit, (EDS), including the Disclosure of Retained Parties as required by Executive Order 97-1 prior to the bid due date. Refusal to execute such disclosure will result in the CPO declaring the bidder non-responsible and the City retaining the bid deposit. Moreover, if a bidder is deemed non-responsible under this provision, the bidder’s status as a non-responsible bidder may apply to the bidder’s subsequent bids. See the attached instructions for completing the on-line EDS: The web link for the on-line EDS is:

Appropriate Schedules must be completed and executed by the bidder in submitting a proposal. Refer to Book 1.

23. Protests

The bidder shall submit any protests or claims regarding this solicitation to the office of the City’s Chief Procurement Officer located at City Hall, 121 North LaSalle Street, Room 806, Chicago, Illinois 60602. A pre-bid protest must be filed no later than the five (5) working days before the bid opening date, a pre-award protest must be filed no later than 10 working days after the bid opening date, and a post-award protest must be filed no later than 10 working days after the award of the contract.

All protests or claims must set forth the name and address of the protester, the specification number, the grounds for the protest or claim, and the course of action that the protesting party desires that the Chief Procurement Officer take.

Copies of the Bid Protest Procedures are available at the Bid and Bond Room or on the Department of Procurement Services website.

24. Multi-Project Labor Agreement (PLA)

The City has entered into the PLA with various trades regarding projects as described in the PLA, which is hereby incorporated by reference. A copy of the PLA, with appendices, may be found on the City’s website at https://www.cityofchicago.org/city/en/depts/dps/_provdrs/comp/svcs/multi-project_laboragreementplaandplasignatoryunions.html.

Contractor acknowledges familiarity with the requirements of the PLA and its applicability to any work under this agreement, and shall comply in all respects with the PLA.

25. Prevailing Wage Rates

When engaged in construction of a “public work,” within the meaning of Illinois Prevailing Wage Act, 820 ILCS 130/.01 et seq. (“the Act”), the Act requires Contractors and Subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the “prevailing rate of wages” (hourly wages plus fringe benefits) in the county where the work is performed.

For information regarding current prevailing wage rates, please refer to the Illinois Department of Labor’s website at: www.state.il.us/agency/idol/rates/rates.HTM. All Contractors and Subcontractors rendering services under a Contract for the construction of a public work must comply with all requirements of the Act, including but not limited to, all wage, notice and record keeping duties.

The term general prevailing hourly rate, when used in this requirement will mean the hourly cash wages plus fringe benefits for health and welfare, insurance, vacations and pensions paid generally, in the locality in which the work is being performed, to employees engaged in work of a similar character on public works.
Requirements for Bidding and Instructions for Bidders

As a condition of making payment to the Contractor, the City may require the Contractor to submit an affidavit to the effect that not less than the prevailing hourly wage rate is being paid to laborers, mechanics and other workmen employed on this Contract in accordance with Illinois or federal law, as applicable.

26. Title VI Solicitation Notice

The City, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, business enterprises owned by disadvantaged individuals will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

27. Policy Prohibiting Sexual Harassment (Section 2-92-612 of the Chicago Municipal Code)

In accordance with Section 2-92-612, Bidder shall, as prescribed by the Chief Procurement Officer, attest by affidavit (in the form of the “Sexual Harassment Policy Affidavit” included in Book 2) that Bidder has a written policy prohibiting sexual harassment that shall include, at a minimum, the following information: (i) the illegality of sexual harassment; (ii) the definition of sexual harassment; and (iii) the legal recourse available for victims of sexual harassment. Bidder shall include its “Sexual Harassment Policy Affidavit” with its bid submission.

In accordance with Section 2-92-385 of the Municipal Code of Chicago, Bidder shall, as prescribed by the Chief Procurement Officer, attest by affidavit (in Appendix C to Bidder’s Economic Disclosure Statement) that Bidder has a written policy (i) against screening job applicants based on their wage or salary history and (ii) seeking an applicant’s wage or salary history.

AFFIDAVIT OF UNCOMPLETED WORK

4-36-130 Permit privileges – Suspension for failure to correct defects in work.

If the commissioner of buildings determines that a licensee or any person requiring a license under this chapter has failed to correct any substantial defect, error or deficiency, or has established a pattern of deviating from the drawings or plans approved by the appropriate department issuing the permit, in any work done under the authority of a permit issued pursuant to this Code, the commissioner shall notify the licensee or person that if the noncompliance is not corrected to the satisfaction of the department within ten business days after written notification thereof, the issuance to the general contractor of any new permit for any work at any location shall be prohibited until the noncompliance is cured. If the general contractor fails to correct the noncompliance within ten business days after written notification thereof, the commissioner shall, without further notice, stop the issuance of any new permit to the general contractor until such time that the noncompliance is corrected and the correction is inspected and approved by the department.

For purposes of this section:

“Substantial defect, error or deficiency” means any construction, alteration, installation, repair or razing of any building, structure, premises or part thereof which (i) is being done or has been done without any permit required by this Code; or (ii) creates a danger to the health or safety of workers on the site, to current or eventual users or occupants of the building, structure, premises or part thereof, or to the general public.

If the commissioner of buildings determines that a licensee is engaging in or has engaged in a pattern of substantial code violations, the commissioner may order the temporary suspension of any license issued pursuant to this chapter for a period not to exceed ten days. Notice of the temporary suspension and the grounds for that suspension shall be immediately sent or delivered to the licensee. The licensee shall have an opportunity for a hearing before the department of business affairs and consumer protection prior to the expiration of the ten day temporary suspension. If the department of business affairs and consumer protection determines by a preponderance of the evidence that a pattern of substantial code violations exists, nothing in this section shall prevent the department of business affairs and consumer protection from suspending the licensee's general contractor license for a longer period of time or from revoking the license in accordance with Section 4-4-280 of this Code.

For purposes of this subsection, the term “pattern of substantial code violations” means five or more violations of the building code which imperil the public health, safety or welfare, or two or more violations of any stop work order issued pursuant to this Code, or any combination thereof involving five or more violations of this Code, within any six-month period, at one or more construction sites within the city managed or controlled by the licensee.

If the commissioner has knowledge that a licensee under this chapter or any controlling person has been indicted or charged with any offense set forth in item (L) of Section 4-36-110 or with a similar offense under any State or Federal law and the commissioner determines that continued operation of the licensed business or activity may pose a threat to the public health, safety or welfare may threaten to impair public confidence in the licensed business or activity, the commissioner may suspend the general contractor license of such licensee, in accordance with the requirements of Section 4-4-280, until final adjudication is made with respect to such offense. The subject matter of any hearing conducted under Section 4-4-280 shall be limited to determining (1) whether the licensee or any controlling person has, in fact, been indicted or charged with any offense set forth in item (L) of Section 4-36-110 or with a similar offense under any State or Federal law; and (2) whether such offense is connected in any way with an act related to general contracting; and (3) whether continued operation of the licensed business or activity may pose a threat to the public health, safety or welfare or may threaten to impair public confidence in the licensed business or activity. The burden of proving that continued operation of the licensed business or activity does not pose a threat to the public health, safety or welfare and does not threaten to impair public confidence in the licensed business or activity shall be on the licensee.

(Added Coun. J. 7-30-08, p. 34713, § 9)

Controlling entities:

Whenever a Disclosing Party is a general partnership, limited partnership, limited liability company, limited liability partnership or joint venture that has a general partner, managing member, manager or other entity that can control the day-to-day management of the Disclosing Party, that entity must also file an EDS on its own behalf. Each entity with a beneficial interest of more than 7.5% in the controlling entity must also file an EDS on its own behalf.

Q: What information is needed to submit an EDS?
A: The information contained in the Preparation Checklist for EDS submission.

Q: I don’t have a user ID & password. Can I still submit an Online EDS?
A: No. You must register and create a user ID and password before submitting an Online EDS.

Q: What information is needed to request a user ID & password for Online EDS?
A: The information contained in the Preparation Checklist for Registration is needed to request a login for the Online EDS.

Q: I already have a username and password from another City web site (City Web Portal, Department of Construction and Permits, Department of Consumer Services, etc.). Can I log-in the Online EDS with that account?
A: Usually not. The Online EDS uses a user ID and password system that is shared by the Public Vehicle Advertising and Water Payment web sites. You may use a username and password from those sites by answering “Yes” to “Is this an existing City of Chicago user ID?” when registering. Other usernames and passwords will not be automatically recognized. However, you may choose to create an identical username for the Online EDS if it is not already taken.

Q: I don’t have an email address. How do I submit an Online EDS?
A: You cannot get an account to submit an online EDS without an email address. If you need an e-mail address, we suggest that you use a free internet email provider such as www.hotmail.com or www.yahoo.com or gmail.com to open an account. The City does not endorse any particular free internet email provider. Public computers are available at all Chicago Public Library branches.

Q: I forgot my user ID. Can I register again?
A: No. If you are the EDS Captain of your organization, please contact the Department of Procurement Services at 312-744-4900. If you are an EDS team member, contact your EDS Captain, who can look up your user ID.

Q: Who is the EDS Captain?
A: The EDS Captain is a person who performs certain administrative functions for an organization which files an EDS. Each organization registered with the Online EDS has at least one EDS Captain. There may be co-captains, who are all equal. EDS Captains approve new users, change contact information for an organization, and de-active accounts of employees who have left the organization. Please see the User Manual for more information.
Q: Why do we need EDS Captains?
A: The Online EDS is designed to be a self-service web application which allows those doing or seeking to do business with the City to perform as many routine functions as possible without City intervention. Because many organizations have multiple staff filing an EDS, the EDS Captain role allows those organizations to self-manage the contact information and users.

Q: Who is the EDS team?
A: The EDS team for an organization is everyone who is registered to file an EDS on behalf of the organization.

Q: I forgot my password. What should I do?
A: To retrieve a temporary password, click the “Forgot your password?” link on the login page. Enter your user ID that you provided when you registered your account. The system will automatically generate a temporary password and send it to you. When you log-in with your temporary password, you will be asked to create a new password.

Q: How do I complete an Online EDS?
A: Click on “Create New” after logging in. The Online EDS system will walk you through the EDS questions. Please see the User Manual for details.

Q: How do I fill out a Disclosure of Retained Parties?
A: There is no longer a separate Disclosure of Retained Parties filing. After logging in, click on “Create New”. Answer (click) “Contract” to “Is this EDS for a contract or an EDS information update?” Click “Fill out EDS”, and click on the “Retained Parties” tab. When finished, click on “Ready to Submit.”

Q: How do I attach documents?
A: Attachments are discouraged. If at all possible, please provide a concise explanation in the space provided in the online form. Attachments with pages of officers are not acceptable. Names of officers must be typed into the system. If you must provide an attachment for another reason, please send it to your City of Chicago contact (contract administrator or negotiator for procurements) and they will attach it for you. Documents can be sent in PDF (preferred), Word, or paper format.

Q: Who can complete an Economic Disclosure Statement online?
A: Any authorized representative of your business with a user ID and password can complete your EDS online. One person, such as an assistant, can fill in the information and save it, and another person can review and electronically sign the Online EDS.

Q: What are the benefits of filing my Economic Disclosure statement electronically?
A: Filing electronically reduces the chance of filing an incomplete EDS and speeds up the processing of contract awards. A certificate of filing can be printed at the completion of the process and inserted into your bid package. The biggest benefit for those who frequently do business with the City is that after the first EDS, each EDS is much easier to fill out because non-contract specific information is pre-filled from the last submitted EDS.

Q: Will my information be secure?
A: Yes. When making your internet connection to our Web Server, you will connect through a Secure Socket Layer (SSL for short) to the “Online EDS” login page. All information you type will be protected using strong encryption. Within the login page, you will provide us with a user ID, password, and secret question for user authentication, only you will have knowledge of this unique identification information.
Q: I am filing electronically. How do I sign my EDS?

A: Once you have completed the EDS, you will be prompted to enter your password and answer to your secret question. Together, these will serve as your electronic signature. Although you will also print and physically sign an EDS certification of filing as a notice that your EDS was filed, your EDS is complete as a legal document with only the electronic filing.

Q: My address has changed. How can I update my information?

A: You must be an EDS Captain for your organization to update this. Log-in and click on “Vendor Admin, Site Administration.” Select the appropriate site and click edit.

Q: I have more questions. How can I contact the Department of Procurement Services?

A: Please contact the contract administrator or negotiator assigned to your solicitation or contract. You may call DPS at 312-744-4900 between 8:30 AM and 5:00 PM Central Time.

Q: Can I save a partially complete EDS?

A: Yes. Click “Save”. To avoid data loss, we recommend you save your work periodically while filling out your EDS.

Q: Do I have to re-type my information each time I submit an EDS?

A: No. The system will remember non-contract specific information from your last submitted EDS for one year. This information will be filled-in for you in your new EDS. You will have an opportunity to correct it if it has changed since your last filing. When you submit your new EDS, the information is saved and the one-year clock begins running anew.

Q: What are the system requirements to use the Online EDS?

A: The following are minimum requirements to use the Online EDS:

- A PDF viewer such as Adobe Reader is installed and your web browser is configured to display PDFs automatically. You may download and install Adobe Reader free at http://get.adobe.com/products/reader/

- Your web browser is set to permit running of JavaScript.

- Your web browser allows cookies to be set for this site. Please note that while we use cookies in the Online EDS, we do not use them to track personally identifiable information, so your privacy is maintained.

- Your monitor resolution is set to a minimum of 1024 x 768.

- While not required to submit an EDS, if you wish to view the training videos, you must have Adobe Flash Plug in version 9 or higher, speakers, and sound. Please note that very old computers may not be able to run Adobe Flash and will not be able to play the training videos. In that case, we encourage you to seek help using the Online EDS Manuals. You may download and install Adobe Flash Plug in free at http://get.adobe.com/flashplayer

The Online EDS has been tested on Internet Explorer 6.0 and 7.0 and Firefox 2.0 and 3.0 on Windows XP and Mac OS X. Although it should work on other browsers and operating systems, the City of Chicago cannot guarantee compatibility.
