Re: Emergency Purchase Order Authorization
   Concrete

Pursuant to Section 2-92-644 of the Municipal Purchasing Act, I am authorizing you to make an Emergency purchase from the Aztec Service Material Corporation. Based upon information received from members of your staff, I have determined that this procurement is necessary to meet bona fide operating emergencies.

You are hereby authorized to purchase Concrete in the amount of $250,000 as requested in your letter dated November 23, 2005. Any amount in excess of the $250,000 approved here will be subject to additional authorization and will be limited so as not to exceed the $250,000 limit established by statute.

RE: Request for Emergency Authorization of Purchase of Concrete  
REQ No.: 2V852

Dear Ms. Lumpkin:

The Department of Transportation (CDOT), Division of In-House Construction (Streets) requires an emergency purchase of concrete. These goods/services are necessary for the completion of various CDOT projects. Speedy Ready Mix, the vendor for concrete for the south area has been found in default. Speedy Ready Mix’s failure to deliver concrete has negatively impacted the production output of the Department of Transportation and has forced the department to incur significant additional expenses as a result. Accordingly, CDOT is requesting an emergency purchase order not to exceed $250,000.

There have been numerous occasions where CDOT has been forced to use Aztec Materials to provide concrete because this company meets CDOT specifications, delivery requirements, and can immediately service the CDOT crews. Currently no contract exists with this vendor to purchase this item. This request will be used until a new contract will be awarded.

If additional information is required, please contact Lou Langone at 312-744-5717. Your help in expediting our request at your earliest convenience will be greatly appreciated.

Sincerely,

Cheri Heramb  
Acting Commissioner  
Department of Transportation
