Based upon information received from members of your staff, I have determined that this procurement is necessary to meet bona fide operating emergencies.

You are hereby authorized to purchase 'Hydrants' in the amount of $247,000.00 as requested in your letter of October 11, 2005 for additional funding. Any amount in excess of the $247,000.00 approved here will be subject to additional authorization and will be limited so as not to exceed the $250,000 limit established by statute.

MEMORANDUM

Date: 10/11/05

To: Barbara Lumpkin
Chief Procurement Officer
Department of Procurement Services

From: Brian S. Murphy
Commissioner
Department of Water Management

Subject: Request for Emergency Authorization (Rx 23887)

Presently the Department of Water Management has made an award recommendation for a new contract for fire hydrants, however because of the urgency and the potential of imminent danger to property and lives due to a fire we are requesting an emergency purchase of fire hydrants until a new contract is awarded. At this time we have three hydrants available, which will be installed in less than a week. Accordingly, the Department of Water Management is requesting emergency authorization for this purchase in the amount of $247,000.00.

Attached please find three quotations. We are recommending East Jordan Iron Works, Inc. as they were the lowest bidder.

I certify that this emergency poses a clear and imminent danger, requiring immediate procurement services, supplies or equipment to prevent or mitigate the loss or impairment of life, health, property, or essential public services and would not have been avoided by due care and diligence.

Thank you for your assistance. If you have any questions, please call Molly Longanecker at 747-1684.
