DISCLOSURE OF RETAINED PARTIES

A. Definitions and Disclosure Requirements.
1. As used herein, the term “Contractor” means a person or entity who has any contract or lease with the City of Chicago.

2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the Contractor has retained or expects to retain with respect to the contract or lease. In particular, the Contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.

3. The Contractor is not required to disclose employees who are paid solely through the Contractor’s regular payroll.

4. “Lobbyist” means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part of whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

B. Certification
Contractor hereby certifies as follows:

1. This Disclosure relates to the following transaction:

**UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS**

For the proposed projects please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5

(Attach to the MOA)

1. Please describe the major features of the project:

   **Park Improvements at 47th Street and King Drive:** the scope of work includes the placement of soil, sod, a raised tree bed and planting eight (8) trees in the park at 47th and MLK Drive. Also included is the installation of planter irrigation system for the second phase of construction. The total cost of furnishing and installation, is estimated at $200,000. The deadline for this installation is November 27, 2003, the end date of the 2003 construction season.

2. Please explain why this project could not be bid using the City’s traditional bid process and the need to use the JOA procurement system:

   **This project is a time-sensitive construction and installation at a small scale.** As such, the urgency and efficiency needed to complete the project during the 2003 construction year can best be managed via the JOA process.

3. If this project is a one trade project, please provide additional explanation of why it would be in the City’s best interest to do the project under JOA:

   **This project involves the use of multiple trades for construction and installation.**

4. If it is anticipated that over 25% of the project will be non-pre-priced, please provide an explanation on why JOA should be used:

   N/a

5. If some elements of the proposed JOA project scope of work are covered by City Term Agreements, these elements should be removed from the JOA project scope of work. If it is not desirable to do so, please explain:

   **The use of the JOA process would assist in the management and implementation of this time-sensitive project. By utilizing the JOA process, efficient timing of construction and installation can be maintained for completion during the 2003 construction year.**
