UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

For all J.O.C. project requests, complete items 1 and 2 below. Then as appropriate, complete items 3, 4 and 5 accordingly. Attach to J.O.C. Memo of Authorization.

JOC #: JUP689.A
Project #: W3011
Project Name: ROOF REPLACEMENT/PARAPET REPAIRS WATER METER SHOP
Project Location: 3140 S. Sacramento Av.

1. Please describe the major features of this project:

To replace existing roof in order to prevent further water damage within the structure and provide a safe work environment for employees beneath.

2. Please explain why this project could not be bid using the City's traditional bid process and the need to use JOC procurement system:

Under JOC, these services will allow for effective scheduling during the short construction season while the new Roofing Term Agreement is pending advertisement and award.

3. If this project is a one trade project, please provide additional explanation of why it would be in the City's best interest to do the project under JOC.

This is a multi-trade project.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced Items, provide an explanation on why JOC should be used instead of a city-wide term agreement:

All items shall be found in the Unit Price Book.

5. If some elements of the proposed JOC scope of work are covered by City Term Agreements, list the elements that should be removed from the JOC project. Attach additional pages if needed.

No elements apply.
