UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

For all proposed projects please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5.
(Attach to the MOA)

1. Please describe the major features of the project:
The scope of work to be performed under this sub-order is to repair/replace existing architectural and decorative elements of Theater Sidewalk Medallions on Randolph Street from Wacker Drive to Michigan Avenue. Work will include removal and replacement of grout and caulk, repair broker granite, fabricate and install letters and stars (varying sizes) and other structures; removal and replacement of damaged decorative and architectural elements of Sidewalk Medallions.

2. Please explain why this project could not be bid using the City’s traditional bid process and the need to use the JOC procurement system:
The J.O.C. procurement system is advantageous due to the minimal scope of work for this project.

3. If this project is a one trade project, please provide additional explanation of why it would be in the City’s best interest to do the project under JOC:
Not Applicable

4. If it is anticipated that over 25% of the project will be non-priced, please provide an explanation on why JOC should be used:
Not Applicable

5. If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project scope of work. If it is not desirable to do so, please explain:
Not Applicable
