UTILIZING JOC FOR CITY CONSTRUCTION PROJECT

For all proposed JOC projects, please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

JOC #: JTP526
Project #: Q -4-005
Project Name: Englewood Health Center NFII - Phase II
Project Location: 641 E. 63rd Street

1. Please describe the major features of this project:
   Removal & replacement of deteriorated parking paving, to include the installation of new sewers, concrete curbs, asphalt pavement, fencing and landscaped planter areas. Reconfigure the parking area to accommodate increased ADA parking & facility accessibility.

2. Please explain why this project could not be bid using the City’s traditional bid process and the need to use JOC procurement method.
   The pavement repairs and drainage issues were expedited due to existing pavement conditions, safety concerns and the ability to complete the project before the winter season.

3. If this project is a one trade project, please provide additional explanation of why it would be in the City’s best interest to do the project under JOC.
   This is a multi trade contract.

4. If it is anticipated that over 25% of the project will consist of Non-Prepriced Items, provide an explanation on why JOC should be used instead of a city-wide term agreement:
   We do not anticipate any NPP items.

5. If some elements of the proposed JOC project scope of work are covered by City Term Agreements, list the elements that should be removed from the JOC project. Attach additional pages if needed.
   The city does not have term agreements in-place for any of the major elements of this project.
