DISCLOSURE OF RETAINED PARTIES

A. Definitions and Disclosure Requirements.
1. As used herein, the term "Contractor" means a person or entity who has any contract or lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the Contractor has retained or expects to retain with respect to the contract or lease. In particular, the Contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part of whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

B. Certification
Contractor hereby certifies as follows:

1. This Disclosure relates to the following transaction:

The Department of General Services is requesting the use of the JOC Procurement System for this project due to the following:

The original scope documents were developed similar to other City Hall projects in that the work was to be completed by a combination of City Forces, Term Agreements and the JOC program. However due to current budgetary issues and constraints the Department of General Services is unable to perform the intended work. In addition due to the nature of this project occurring within occupied spaces a considerable amount of after hours (overtime) work is required, at this time, again due to budgetary constraints, we are unable to use City Forces for this work.

The start of the project was also delayed due to budgetary issues and until monies could be identified and reprogrammed for this work. Currently the scope drawings, suitable for usage by JOC, are 100% complete. A considerable amount of time and dollars would be required to develop a complete set of “Construction Documents”. Therefore we are requesting the use of the JOC Program for this project.

Due to the unique nature of the activities within City Hall it may become necessary to interrupt the schedule of work or at least make it difficult to maintain a consistent schedule which would require the contractor to stop and start the work. JOC provides the greatest flexibility in
completing the work with the least disruption to the occupants at City Hall while at the same time minimizing any additional costs due to remobilization.
