JOC APPROVAL LETTER

UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

CFD E.C. 82
817 East 91st Street

For all proposed JOC projects, please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project:
   Upon removal of the existing deteriorated steel, our structural engineer was able to observe additional areas that needed corrective steel, this is for additional structural steel and for repair of portions of the deteriorated concrete floor slab.

2. Please explain why this project could not be bid using the City’s traditional bid process, and the need to use JOC procurement system:
   The floor slab and basement columns and beams have deteriorated so much that it is becoming a life and safety issue. The JOC procurement method affords us the flexibility and contractor control to complete this project in the most economical and expeditious manner.

3. If this project is a one trade project, please provide additional explanation of why it would not be in the City’s best interest to do the project under JOC.
   Multiple trade project.

4. If it is anticipated that over 25% of the project will consist of Non-Prepriced Items, please provide an explanation on why JOC should be used:
   No non-prepriced items anticipated.

5. If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project.
