F01b JOC MOA CDOT
UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

For all proposed projects please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5.

(Attach to the MOA)

1. Please describe the major features of the project:
   This additional work is for painting one full subway existing enclosure and touch up another with the original paint. Also included is the repair of broken sidewalk tree grates.

2. Please explain why this project could not be bid using the City’s traditional bid process and the need to use the JOC procurement system:
   The J.O.C. procurement system is advantageous due to the minimal scope of work for this project.

3. If this project is a one trade project, please provide additional explanation of why it would be in the City’s best interest to do the project under JOC:
   Not applicable.

4. If it is anticipated that over 25% of the project will be non-prepriced, please provide an explanation on why JOC should be used:
   Not applicable.

5. If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project scope of work. If it is not desirable to do so, please explain:
   Not applicable.
