DISCLOSURE OF RETAINED PARTIES

A. Definitions and Disclosure Requirements.

1. As used herein, the term "Contractor" means a person or entity who has any contract or lease with the City of Chicago.

2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the Contractor has retained or expects to retain with respect to the contract or lease. In particular, the Contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.

3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.

4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part of whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

B. Certification

Contractor hereby certifies as follows:

1. This Disclosure relates to the following transaction:

### UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

For all proposed projects please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5.

| **1.** | Please describe the major features of the project:  
This additional work added four new school locations and additional work to one existing school project was also needed. All of this extra work was done at the behest of the school and community leaders. The School Traffic Safety Project uses several traffic calming techniques to slow down the speed of vehicles and provides a safer and clearly defined passage to school. The project provides four major components bright yellow-green crosswalks, speed humps, pedestrian signs and speed indicators where needed. These four elements operating concurrently will create a unique identity that will let the motorist know that they are entering a school zone thus slow down the speed of traffic. |
| **2.** | Please explain why this project could not be bid using the City’s traditional bid process and the need to use the JOC procurement system:  
All items had to be constructed before the 2002-2003 end of the school year.  
If the traditional bid process was used, the completion date would not have been met. |
| **3.** | If this project is a one trade project, please provide additional explanation of why it would be in the City’s best interest to do the project under JOC:  
not applicable |
| **4.** | If it is anticipated that over 25% of the project will be non-prepriced, please provide an explanation on why JOC should be used:  
not applicable |
| **5.** | If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project scope of work. If it is not desirable to do so, please explain:  
Work was performed before term agreement was awarded. |
