DISCLOSURE OF RETAINED PARTIES

A. Definitions and Disclosure Requirements.
1. As used herein, the term "Contractor" means a person or entity who has any contract or lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the Contractor has retained or expects to retain with respect to the contract or lease. In particular, the Contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part of whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

B. Certification
Contractor hereby certifies as follows:

1. This Disclosure relates to the following transaction:

Specification #: F.H. Paschen T0-96819-02-01
Funding Source:

Dear Mr. Griggs:

We request that the above referenced project be contracted under the Job Order Contracting (JOC) Method. Attachment A describes the scope of work and the appropriateness for using JOC for this project.

If you concur with our recommendation, please sign below and return a copy for our files.

Sincerely,

Miguel d'Escoto
Commissioner

UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

For the proposed projects please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5

(Attach to the MOA)

1 Please describe the major features of the project:

This project consists of the construction of a new eastbound entrance ramp to the Chicago Skyway Toll Bridge System at 84th Street and Jeffery. Value engineering determined that City of Chicago construction forces could be utilized to perform the major elements of construction, in a timely and effective manner. The Bureau of Traffic requested improvements for the Anthony Avenue and Jeffery Boulevard intersection traffic signalization. Two other items of work that were not included in the original scope of work are signage and landscaping, which are required in order to complete the construction of a new entrance ramp to the eastbound Chicago Skyway Toll Bridge System at 84th and Jeffery by CDOT forces.

2 Please explain why this project could not be bid using the City’s traditional bid process and the need to use the JOC procurement system:

CDOT does not presently have the resources necessary to install traffic signal improvements. Also, the landscaping elements, which are per the approved Chicago Skyway landscaping guidelines, and signage term agreements do not have the items required for this work. Development of contract bid plans and specifications will require an additional four (4) months before a contractor could begin to supply the necessary materials and equipment.

3 If this project is a one trade project, please provide additional explanation of why it would be in the City’s best interest to do the project under JOC:

Does not apply.

4 If it is anticipated that over 25% of the project will be non-prepriced, please provide an explanation on why JOC should be used:

Does not apply.

5 If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project scope of work. If it is not desirable to do so, please explain:

Does not apply.
