Utilizing JOC For City Construction Projects**

Marine Dock
Randolph & Lake

Project No: JTP615.C

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

This work is required to provide a safety rail, fencing & hand rails for the exterior perimeter of the police Marine Safety Station. Fabricate & install 500 linear feet of IO handrail & fence.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

The construction completion schedule does not allow the necessary time to have this work placed in the traditional bid process.

3. If the project is a one trade project, please provide additional explanation of why it would not be in the city's best interest to do the project under JOC.

This is a multi-trade project. Workers include: ornamental iron workers, painters and laborers.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

No NPP items will be used.

5. If some elements of the proposed JOC Project scope of work are covered by city term agreements, these elements should be removed from the JOC Project.

The city does not have a term agreement in place to perform this work.
