JOC APPROVAL LETTER

UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

CFD E.C. 75
11958 S. State
JTP528A

For all proposed JOC projects, please complete items 1 and 2 below. As appropriate, complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project:
   Epoxy inject basement walls to prevent water from seeping into basement. Glass block existing basement windows and repair coal chute for additional basement storage.

2. Please explain why this project could not be bid using the City's traditional bid process, and the need to use JOC procurement system:
   Water is seeping into the basement causing a health and safety issue. The JOC procurement method affords us the flexibility and contractor control to complete this project in the most economical and expeditious manner.

3. If this project is a one trade project, please provide additional explanation of why it would not be in the City's best interest to do the project under JOC. Multiple trade project.

4. If it is anticipated that over 25% of the project will consist of Non-Prepriced Items, please provide an explanation on why JOC should be used:
   No non-prepriced items anticipated.

5. If some elements of the proposed JOC project scope of work are covered by City Term Agreements, these elements should be removed from the JOC project.
