UTILIZING JOC FOR CITY CONSTRUCTION PROJECTS

For all proposed projects please complete items 1 and 2 below. As appropriate, complete items 3 through 5. NOTE: The following documents must be attached to the MOA:
1.) A cost estimate 2.) This Attachment A.

1. Please describe the major feature of this project.
   This project is installing a new residential street lighting system in the 45th Ward on
   Sunnyside from Central to Lockwood. This is part of the Aldermanic Menu
   and Mayor’s Office Lighting Program. B.O.E. will supply davit poles and luminaires
   which City Lights will install. City Lights will supply helix foundations, piggyback
   fixtures, handholes, directional bore conduit, and supply all material and equipment
   needed.

2. Please explain why this project could not be bid using the city’s traditional process
   and the need to use the JOC procurement system.
   The Bureau of Electricity had planned to do this project with City Forces, but due to
   our work load, we can’t do it in a timely manner. The Bureau of Electricity can’t
   use the traditional bid process because of the time frame involved. The Bureau of
   Electricity established JOC to help us manage these situations when they occur.

3. If this project is one trade project please provide additional explanation of why it
   would be in the City’s best interest to do the project under JOC.
   Multiple trades involved.

4. If the proposed project is less than $200,000 the amount of non pre-priced work
   must be less than 25%. If the proposed project is valued at $200,000 or more the
   amount of non pre-priced work must not exceed 15%. Please explain if it is
   anticipated if these limits will be exceeded.
   N/A.

5. If some elements of the proposed JOC project scope of work are covered by City
   term agreements, these elements should be removed from the JOC projects scope of
   work. If it is not desirable to do so, please explain.
