Utilizing JOC For City Construction Projects

Project Number: 06-84-7-023.A  Department: Transportation
Project Manager: Peter Palaparthi  Telephone #: (312) 744-5040

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

   The original scope of this project involves fill the vaults and install new sidewalks throughout the project area (732 W to 825 W Randolph), which also includes specialized electrical work that is not within the Bureau of Electricity’s typical scope and a licensed fire sprinkler repair service, which is not within CDOT’s plumbers scope. The scope of work increased due to the additional work in the field, which was not anticipated at the beginning of the project. The new additional scope of work includes, furnish and install new ¾” type K copper pipe from the house side of existing plumbing lines located at the north side of the south wall. Also furnish and install pipe sleeve, link sleeve at pipe penetration, and furnish and install new water service into the building including all associated materials. Perform emergency leak repairs in 6” water service on 6” Victaulic piping, as requested by CDOT. Electrical work includes furnish and install 3½” conduits just outside the Edison vault into the building, furnish and install gang meter fittings, pull new cable into the building, and install conduit and wire from meter fittings to six locations.

2. Please explain why this project could not be bid using the city’s traditional bid process and the need to use JOC Procurement system.

   The proposed work is an emergency repair and it requires specialized personnel and equipment. This work cannot be done by City forces and not covered by any existing term agreement contracts. It would not be time or cost effective for us to perform the work through The City’s traditional bid process.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city’s best interest to do the project under JOC:

   Not applicable - Various trades involved

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

   N.A.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

   N.A.
**Disclosure of Retained Parties**

### Definitions and Disclosure Requirements

1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part of whose duties as an employee of another includes undertaking to influence any legislative or administrative action.
