Disclosure of Retained Parties

A. Definitions and Disclosure Requirements

1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor must disclose the name of each such person, his or her business address, the nature of the relationship, and the amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to influence any legislative or administrative action, or (b) any part or whose duties as an employee of another includes undertaking to influence any legislative or administrative action.

Utilizing JOC For City Construction Projects

Project Number: 06-84-8-022 Department: Transportation
Project Manager: Scott Waldinger Telephone #: (312) 744-5887

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

Paseo Boricua Medallions: the scope of work includes the installation of three 3.5'x 3.5' City-designed bronze medallions into colored concrete pads at various locations along Divison St. between California and Western Avenues. The total cost of construction is estimated at \$ 45,000. The deadline for this installation is September 4,2006.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

This project is a time-sensitive construction and installation at a small scale. Finally, this project calls for the installation of a non-prepriced item, bronze medallions, into non-prepriced concrete material. As such, the urgency and efficiency needed to complete the project during the 2006 construction year can best be managed via the JOC process

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

This project involves the use of multiple trades for construction and installation

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

These colored concrete material is unique and not standard within JOC unit pricing guidelines

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

The use of the JOC process would assist in the management and implementation of this time-sensitive project. By utilizing the JOC process, efficient timing of construction and installation can be maintained for completion during the 2006 construction year
