Disclosure of Retained Parties

A. Definitions and Disclosure Requirements
1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement.
   Providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons
   Whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor
   must disclose the name of each such person, his or her business address, the nature of the relationship, and the
   amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to
   influence any legislative or administrative action, or (b) any part of whose duties as an employee of another
   includes undertaking to influence any legislative or administrative action.

Attachment A
Utilizing JOC For City Construction Projects

Project No: 07-TES-003

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3,4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   The major feature of this project includes the removal of concrete and other debris stockpiled on the site.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.
   The DOE JOC Program was developed to remove Underground Storage Tanks throughout the City as well as the remediation of contaminated sites in support of the Brownfield Redevelopment Program. When the JOC program was developed, the estimated value of an average site remediation project was around $300,000. The Scope of Work and size of the project described above fits inside the initial design of the DOE JOC Program. Department of Environment is responsible for removing the stockpiled materials from the site prior to being issued a Notice of Violation for operating an unregulated landfill. As such, this is a time sensitive project. Since the Scope of Work and size fit inside the DOE JOC Program, we are requesting the project be accomplished through the JOC Procurement System.

3. If the project is a one trade project, please provide an explanation of why it would not be in the city's best interest to do the project using in house trades or existing term agreements.
   This project involves more than one trade.

4. If it is anticipated that over 25% of the project will consist of Non Pre-Priced items, please provide an explanation on why JOC should be used.
   It is anticipated that the amount of Non Pre-Priced work tasks will be less than 25%. Non pre-priced items include the removal of used tires.

5. If some elements of the proposed JOC Project scope of work are covered by city term agreements, these elements should be removed from the JOC Project.
   The Scope of Work for this project is not covered by a City Term Agreement.
