Payment on this order will be made upon receipt of an original vendor invoice form referencing this order. Submit the original invoice to the department referenced above. Mark all packages and papers with the purchase number. Any deliveries containing overshipments will be reflected unless otherwise authorized in this purchase. This purchase is subject to the City of Chicago General Conditions for Supplies, Work, or Professional Consulting Services; Special Conditions, Disclosure Ownership, Acceptance Page, as applicable, which are attached hereto or incorporated herein by reference.
Sub-Order Total: 63,870.84

Disclosure of Retained Parties

A. Definitions and Disclosure Requirements
1. As used herein, the term "Contractor" means a person or entity who has any contract lease with the City of Chicago.
2. Pursuant to Executive Order 97-1, every city contract and lease must be accompanied by a disclosure statement.
   Providing certain information and attorneys, lobbyists, accountants, consultants, subcontractors, and other persons
   Whom the contractor has retained or expects to retain with respect to the contract or lease. In particular, the contractor
   must disclose the name of each such person, his or her business address, the nature of the relationship, and the
   amount of fees paid or estimated to be paid.
3. The Contractor is not required to disclose employees who are paid solely through the Contractor's regular payroll.
4. "Lobbyist" means any person (a) who for compensation or on behalf of any person other than himself undertakes to
   influence any legislative or administration action, or (b) any part or whose duties as an employee of another
   includes undertaking to influence any legislative or administrative action.

B. Certification

Contractor hereby certifies as follows:

1. This Disclosure relates to the following transaction:
   
   Project name: OH-6126-1-002.C Electric Manhole Survey - 2nd Mod
   Specification, loan or other identifying number: 12327

3. EACH AND EVERY attorney, lobbyist, accountant, consultant, subcontractor, or other person retained or anticipated
   to be retained by the Contractor with respect to or in connection with the contract or lease is listed below
   (attach additional pages if necessary):

<table>
<thead>
<tr>
<th>Name</th>
<th>BUSINESS ADDRESS</th>

CHECK HERE IF NO SUCH PERSONS HAVE BEEN RETAINED OR ARE ANTICIPATED TO BE RETAINED

4. The Contractor Understands and agrees that the city may rely on the information provided herein and that providing
   any false incomplete or inaccurate information shall constitute default under the contract and may result in
   termination of the contract or lease.
5. The Contractor understands and agrees that in any case in which the Contractor is uncertain whether a disclosure is required under the Executive order, the Contractor must either ask the city whether disclosure is required or make the disclosure.

Under the Penalties of perjury, I certify that I am authorized to execute this Disclosure on behalf of the Contractor that the information disclosed herein is true and complete, and that no relevant information has been withheld.

Dear Ms. Lumpkin:

We request that the above referenced project be contracted under the Job Order Contracting (JOC) Method. Attachment A describes the scope of work and the appropriateness for using JOC for this project.

If you concur with our recommendation, please sign below and return a copy for our files.

Sincerely,

Attachment A

Utilizing JOC For City Construction Projects

JOC Project Number: OH-6126-1-002.C
Project Manager: Sarah McDougall
Work Package Number: OH.6126.200.55.090
Telephone Number: (773) 462-8582

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.

   Contractor is to pump low voltage manhole and then generically survey/investigate to identify two (2) empty conduits between manholes. Contractor is then to mandrell to verify empty non-collapsed connecting conduits within ductbank, and install pull cord in two (2) empty conduits. Contractor is to only work in the low voltage manholes and ductbank system.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

   The project is appropriate for the JOC Program. The project is required in order to continue with the design for the new OMP Fiber Optic Transmission System and the NAVAIDS. As part of the north airfield instrument landing system the FOTS loops must be routed through the airfield and back to the air traffic control tower. To accomplish this a portion of the FOTS system was designed to run through the manhole system along the east side of the terminal parking ramp. The OMP received the 90% ASR-9, RTR P & Q and FOTS Loop design package on December 11, 2006. The 90% package includes the FOTS Loop routing as originally designed, however the subsequent receipt, on January 11, 2007, of the Job Order Contract FOTS Survey Report confirmed the designed FOTS routing as unavailable due to lack of capacity and connectivity between manholes. In order to determine if an alternate route exists, in lieu of building new duct bank through the terminal parking ramp at significant expense to the project and considerable disruption to existing operations, additional manholes must be survey and mandreled. The 100% issued for Procurement package containing the FOTS loop design is due to the OMP on February 13, 2007. To avoid delaying this deliverable the additional survey must be complete no later than February 1, 2007.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

   The Scope of Work will be in accordance with the detailed specifications of the JOC Contract Documents.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

   Non-Applicable

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

   The City of Chicago does not hold an active Term Agreement Contract for this type of work.
