For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   Alderman Natarus requested that CDOT work in conjunction with Access Living to install a section of heated sidewalk in front of 115 W. Chicago Avenue. The installation of the heated sidewalk requires new curb and gutters, modification to the alleys, installation of four (4) ADA ramps, planters and landscaping. These items could not be performed by City Forces and are not covered by an existing term agreement.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.
   The proposed heated sidewalk installation requires the purchase of proprietary material and specialized personnel and equipment. It would not be time or cost effective for us to perform the work through The City's traditional bid process.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:
   Not applicable - various trades will participate

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.
   N.A.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
