For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   Scope of Work includes the install and removal of various pavement markings: Thermoplastic Markings and Painted Lines. Project 06-84-8-028 is for the citywide pavement marking work during September 2006 for maintaining pedestrian and vehicular traffic safety.

2. Please explain why this project could not be bid using the city’s traditional bid process and the need to use JOC Procurement system.
   In the absence of Term Agreement for Pavement Markings, we have been using JOC to accomplish the necessary Pavement Marking work. The City Wide Pavement Marking Term Agreement is currently in the negotiation process and will not be awarded for some time. In order to continue working through September 2006, we need an additional Sub Order for the Pavement Marking work. We are requesting to begin the process for obtaining that additional Sub Order.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city’s best interest to do the project under JOC:
   Yes, this is a single trade project, but the Term Agreement for the work has not yet been awarded.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.
   Not applicable, all the items required to accomplish the work are included in the CTC.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.
   The Term Agreement has not been awarded yet. Once it has been awarded, we will use it to accomplish all the Pavement Marking work.
