Utilizing JOC For City Construction Projects

Project Number: 07-84-8-048
Project Manager: Ken Martin
Department: CDOT / Division of Infrastructure
Telephone #: (312) 744-1863

For all Proposed JOC Projects, Please complete Items 1 and 2 below. As appropriate, Complete items 3, 4 and 5. Attach to MOA (JOC Approval Letter)

1. Please describe the major features of this project.
   Remove and replace damaged pre-cast concrete, repair ornamental clocks and repair damaged fence.

2. Please explain why this project could not be bid using the city's traditional bid process and the need to use JOC Procurement system.

   No existing City of Chicago contracts are in place to perform these services. CDOT is currently working on a "Street Maintenance" contract but does not have this contract in place now. Using a traditional bid would not be time-effective as these medians pose a safety hazard if they are not repaired immediately.

3. If the project is a one trade project, please provide additional explanation of why it would be in the city's best interest to do the project under JOC:

   More than one trade is involved.

4. If it is anticipated that over 25% of the project will consist of Non-prepriced items, please provide an explanation on why JOC should be used.

   Almost all items will be pulled from the book.

5. If some elements of the proposed JOC project scope of work are covered by city term agreements, explain why they are included in this JOC project instead of being procured through the term agreements.

   There is no term agreement that covers this scope of work.
